REPUBLICAN COUNTY TICKET.

FOR ASSOCIATE JUDGE. LEWIS ARNER. FOR DISTRICT ATTORNEY, S. D. IRWIN, ESQ. FOR COUNTY SURVEYOR, JACOB COOK, FOR CORONER JOHN HUNTER.

Democratic Announcements.

ASSOCIATE JUDGE. We are authorized to announce WM. TOBEY, of Kingsley Township, as a can-didate for the nemination for Associate

Republican State Convention.

Judge, subject to Democratic usages,

M. S. Quay, Chairman of the State Republican Committee, has issued the call for the State Convention as follows:

"The Republicans of Pennsylvania, and all others in favor of honest currency and the faithful discharge of National obligations, and opposed to communism and the restoration to power in the National Government of the influences which procured the rebellion of 1861, are requested to send delegates, apportioned accordingly to their representation in the Legislature, to a convention to meet at Harrisburg, at 12 m., on the 23d day of July next, to nominate a candiate for State Treasurer, and transact such other business as may be brought before M. S. QUAY.

Democratic Primaries.

The Democratic Primaries will be held at the same places of last year, on Saturday August 2, 1879. The rules governing last primaries are still in force. Return Judges will meet at the Court House in Tionesta, on August 5, 1879, at 2 p. m.

J. E. BLAINE, Signed.] Chairman Dem. Co. Com.

THE Mobile Register, after viewing the situation in all its aspects, comes to the conclusion that "the Greenback party is simply a conspiracy to help the radicals." The Democrats generally appear to be exceedingly anxious to join the conspiracy.

HON. B. GRATZ BROWN, of Missouri, who will be remembered as the gentleman who in 1872 dangled at the coattail of Horace Greeley, has written a letter to inform the country that he is still alive, and also that he remains as lively a Democrat as ever.

THE New Orleans Times says the time has come for the Southern wing of the Democratic party to take the position that belongs to it. It says, let the Southern Democracy determine as to their choice for President, hand the name into the next National Convention of the party and say to the Northern delegates, "this is our man and we are going to have him." That's what the "boys" would call "business on the first floor."

Non-Partisan Reception.

Another movement has been started for giving a grand reception to General Grant on his arrival at San Franis at once proper, honorable to those water highway. General Grant. Whatever may be a hopeful candidate for President by ceed to San Francisco to receive the friendship of all our leading men, ing, Clicking, etc.

Such a reception would be an | Cameron and Hoar, and Representainjury to General Grant in the event tives Frye, Garfield, Burrows and of his being nominated next year. All the honors that have been showered upon General Grent, in all parts of the world, were in recognition of his achievements in the past, and not in the anticipation of anything in the future. Whatever reception may be extended to him on his return to this country, should be in the same spirit. This is evidently the view taken by the old Union soldiers of California .- Wilkes Barre Times.

Our Washington Letter.

Special to the REPUBLICAN.

Washington, D. C., July 10, '79. The evils of democratic legislation are already appearing. It was anticipated that trouble would be experienced in the execution of the laws from the embarrassments thrown in Published by Thomas & Talbot, 23 the way of U. S. Marshals in the last bill passed by the Confederate Congress. A special agent of the Post Office Department a few days since secured the arrest in New Mexico of a mail robber. The Judge granted the necessary order for removal to Texas for trial, but the Marshal had no money to pay the expense. The special agent then telegraphed to the marshal of Texas, but It brought no money. Resolved that it should not be said that the mails were open to plunder, with no power on the part of the Government to punish depredations, the agent started for Texas with his prisoner defraying the expense of the prisoner's subsistence out of his own pocket, guarding him personally the whole distance of the 800 miles. The Republican remarks that Congress should by all means pass a law prohibiting postal agents-from acting as posse comitatus. No doubt this Texas mail robber at least thinks so. This case is but an example of many which go to convince the people that the democratic party has bad its day in Congress and must give way to men who will not legislate in the interest of the law breakers. The whiskey thieves and the mail robbers of the South are the only classes benefitted by the extra session.

The new postal law is giving the post office officials some trouble in its interpretation, as most democratic legislation does. The law as originated by men who are interested in postal reforms, and had they been allowed to perfect it, would have been well. By orders redeemed for 1878 .. But under democratic manipulation it turned out to be a Chineese puzzle. As nearly as it can be interpreted, it will relieve much really third class mail matter of onerous taxes, and will improve the revenues probably by turning much matter of that character into the mails which formerly went by express.

Secretary Sherman will leave here next Monday of Maine, where he intends to deliver several speeches, including one at Portland on the 23rd Howe Twp. Auditors' Report. inst. He may, also, before his return Southward, address the Boston Board of Trade. Senator Blaine will reciprocate by going to Ohio after the Maine election. Blaine and Sherman will prove to be a formidable team against the democratic greenback mobs that clamor for spoils in those two States.

Regardless of the spiteful attacks of the blackmailers, the President has signed the Commission of the Mississ ippi River Improvement Commission. Capt. Eads was the especial target of cisco, whenever that shall occur. This malicious assaults, but it is well known movement has been inaugurated by that had the law allowed the President veteran soldiers of San Francisco, and would have gladly made him Chair, in their invitation to Posts of the man of the Commission. His plans Grand Army of the Republic and for improvement have the approval other societies, civic and military, of all in authority, democrats and stress is laid on the statement that the republicans, and he is a man who has design is to make the reception non- few equals as an engineer or in execupartisan in its character, and that all tive ability. DE Soro.

-Ballou's Monthly Magazine for August, promptly made its appearance on the day of publication, and is just as good and just as interesting as the most devoted lover of literature could desire. There are some remarkable things in this number, and among then we find a splendid illustrated article on artesian wells, a thrilling sea-story, an adventure that is well worth reading, some remarkably good poetry, several domestic tales, choice engravings on many subjects, and other things too numerous to mention. Hawley Street, Boston, at \$1.50 a year, postpaids and for sale at all the periodical depots in the country for 15 cents a copy.

-For two years or more I could find nothing that would cure me of a smothering feeling in my chest. The doctors said I was too far gone with dyspepsia and torpidity of the liver, and medicine could do me no good. I was very much distressed with a weak brck; pain most of the time; could hardly walk. A lady advised me to use the Barosma, Backache, Liver and Kidney Cure, and before two bottles were used I was nearly cured, and have not been troubled with the same complaint for more than two years. It is the best medicine I ever saw.
