LOCAL AND MISCELLANEOUS.

—Rev. A. O. Stone will preach in the M. E. Church next Sunday evening.

—M. E. Sunday School at 10 o'clock a. m., and Presbyterian Sunday School at 3 o'clock p. m.

—The hotels did a rushing business last Sunday.

—Mr. David Hays and family of Cambridgeboro, Pa., are in town on a visit.

—Mr. A. Corl, of Tidioute has put in full time at camp meeting the past week.

—Pretty girls have been numerous in town since the camp meeting commenced.

—Since the adjournment of Congress the country is enjoying low tide in politics.

—Mr. and Mrs. H. S. Bates, and children, of Titusville, are visiting at Mr. May's family.

—Mr. E. S. Pease, of Allegheny College, has been rusticiating in Tionesta for a week or two past.

—Some of the late style of ladies hats look very much as though having been struck by a western cyclone.

—Miss Maggie Cogan, of the Indiana State Normal School, is spending her vacation in Tionesta at present.

—The Misses McVean of St. Marys, Pa., cousins of Miss Kate Cobb, are paying her a pleasant visit.

—Mr. Gus. Rhodes of Dutch Hill, will please except our thanks for a basket of fine lucious cherries of his own raising.

—Yellow fever has again broken out in Memphis, Tenn., and it is thought will rage to a greater extent if possible than last year.

—A ladies breastpin was found last evening, on the river bank, and left at this office, where the owner can have it by calling and describing the same.

—Mr. and Mrs. A. Gnzlon, with their little girls, of Elkhart, Ind., have been spending the past two weeks with their friends in Tionesta. All are enjoying good health.

—Messrs. Will Cornwell, and Will McIntire, of Stoneboro, spent a few days in town during the week, taking in the camp meeting, and a few days trout fishing on Salmon creek.

—Mr. Wm. McKim, Mr. Chas. Rouse, Misses McKim and Brown, all of Oil City, spent Sunday in town, attending camp meeting. They were the guests of Mr. Tate's family while here.

—Miss Ella Porter, of Titusville, who has been the guest of Miss May Kelly during the week, returned home yesterday, and will join a picnic party from that place to Oil Creek lake to-day.

—The County Commissioners have wisely concluded to re-roof the Court House with tin. The old roof has become very leaky, and the rain which comes through is fast destroying the plaster on the ceilings.

—Mr. Carpenter has again located at his old stand, along side of our office, after a year's absence. He brings with him an assistant and is prepared to do work in the photographic line as fast as it may come in.

—Mr. Jas. Gillilan has been awarded the contract of building a new paling fence around the public grounds, which will be a credit and ornament to the place. The material is on the ground and the work will be commenced forthwith.

—The Ross Run Sunday School extends a vote of thanks to the Presbyterian Sunday School of Tionesta Borough, for the donation of a handsome Sunday school library of 70 volumes. Also extends an invitation to their first picnic.

—Henry Ewald, the boss jeweler and repairer of Tidioute, will guarantee his work in every instance. He is selling his large stock of jewelry at cost, and any one in need of anything in his line should not fail to call on him.

—The Titusville Herald, speaking of T. H. Wilson Esq., the new Superintendent of the P. T. & B. R. R., has this to say, and from all other portions we here like testimonials of his increasing popularity: "The Superintendent has already made the acquaintance of a large number of our business men, and impresses them with his geniality, obliging disposition and through comprehension of the duties of his important position."

—Prof. Weber and his accomplished wife are paying their friends and relatives in this section a visit this week. The Professor is looking well, and his fingers have lost none of their cunning on account of his marriage when he sits down to the piano or violin.

—Miss Lucy Roberts, who has been visiting with her sister, Mrs. C. M. Cott, at Columbus, Ohio, for some time, returned home last week, and was warmly received by her many friends. Mrs. Cott and child accompany her. All are looking remarkably well.

—Hon. John A. Smull, author of Smull's Legislative Hand Book, and for many years Resident Clerk of the House of Representatives, died very suddenly at the Girard House, Philadelphia, last Thursday morning, 10th, inst. The deceased was about fifty years of age and unmarried. He has always been a great favorite with the officers and members of the legislature, and will be sadly missed by them.

—Last week one day Detective Hall, of the P. T. & B. R. R., arrived in town with one Chas. Stamford, the supposed accomplice of the man Westen, now in jail on a charge of burglarizing the station at Hickory. He captured him in a saloon in Titusville, where he had been participating in a row. He had a hearing before Squire Brennan, who committed him to jail in default of bail, and he will have his trial in September.

—The storm which passed over this section last Friday did considerable damage in some of the neighboring towns, and through the country. Oil City, suffered the most, while Franklin and Titusville were touched up somewhat. In this place the storm was not severe, but on Dutch Hill, we are informed, it destroyed some fruit trees, blew down fences, and twisted large forest trees off and carried them through the air with terrific velocity; and altogether the storm partook very largely of the nature of some of the recent cyclones in the west.

—A party from Tidioute to the number of about 20 came down on the little stear boat of that place, last Sunday to take in the camp meeting, and were left. The water fell so rapidly in the afternoon that all efforts to get back up with the boat were fruitless, and the parties were obliged to take the 3:34 train Monday morning. The boat still remains in the eddy at this place, and is likely to stay all summer. It was left in charge of Captain E. L. Davis, who promises our citizens some moonlight excursions as soon as he gets the "hang," of the machine.

—It was announced at the camp meeting yesterday that the baptism of a number of persons, by immersion, would take place at the river bridge, at 7 o'clock in the evening. This being something new to the most of our citizens, there was a general scramble to get there and witness the services. Long before the hour arrived people began to gather in that vicinity, and by the time all were ready for the ceremony the bridge, the river bank, and all the available boats were thronged with eager spectators. The ceremony was performed by Rev. Hawkins, of Pleasantville, who led each candidate out in turn, there being fifteen in all, while the congregation kept up the singing during the exercises, which lasted about an hour.

—A nicely laid scheme to break jail was as nicely balked by Mr. Shawkey, who still lives in the Sheriff's house, and has charge of the prisoners, on Sunday of last week. The wife of the man Westen, who was lodged in jail a few weeks ago on charge of burglarizing the station at Hickory, and robbing people's spring houses along the river, was stopping at Mr. Wolcott's, and the family missing their carrying knife, suspected the woman of taking it. Mr. Shawkey was apprised of this fact, and he immediately instituted a search of the prisoner's cell, and the knife, a file, two saws and a common case-knife were found stowed away in the bed-clothing of the cell. With all these implements it would have been an easy matter for the prisoner to have made his escape by cutting or sawing off one of the bars, had he been left alone a short time. He was placed in a more secure cell, and a close watch is being kept over him. The woman, we understand, fled on the night previous to the discovery of these facts, and it is well for her that she did, as she would probably now be languishing where butcher-knives and hand-saws would not tempt her.

"FOUND."

There appears in the last issue of the "Forest National", an advertisement of "lost property," so called, concerning which I have a few words to say. What the real facts of the case are, are well known to a great many of your readers, but that to Tionesta belongs the unmerited and undeserved reputation of possessing the champion mean man, may not be so well understood; and no doubt your readers will agree with me when I say that the 75ct. editor of the "National" will fill the bill. Now, this faint resemblance of a man, wearing the garb of physician,—but who is in reality only the "garbage" of the Republican party,—who took up the pen for a living, instead of taking up his residence in one, and who was only prevented from doing so by the strenuous remonstrances of decent hogs; who has sunk so far below the normal condition of decency and decent people, that in order to obtain a glimpse of them he would be compelled to avail himself of the services of Lord Rosse's famous telescope, set at an upward angle of 75 degrees; and whose political influence with his party as an editor (for he has none as a man) amounts to about as much as that which the heat generated by the explosion of a friction match would have upon the vegetation of the planet Neptune; this man, so aptly qualified for the task, both by nature and residence, has seen fit to spread before the public the "advertisement" referred to, as a specimen of his "posterior" researches, and endeavors to besmirch those who would be ignorant of his whereabouts were it not for the nauseous stench arising therefrom. Now, "fertilizing material" is dear at \$1.00 per wagon load, but for one who, to obtain his own, has been obliged to pay 75 cts for eight lines of the article furnished by Coburn, and containing a full supply of the "editor" to the line, is, unless the editor had been thrown in, the worst piece of extravagance ever indulged in by

P. M. CLARK.

A Bad Scoop-up.

The C. O. D.'s of Tionesta went to Tylersburg on Saturday the 5th, inst., to play the return game of base ball with the ballists of that place, and were badly scooped-up. The day was a pleasant one, and on arriving there a little before noon our boys were soon seated and partaking of an excellent dinner at the old Culver House, kept by Dr. McCormick. The game was called about half-past one o'clock with Tionesta at the bats; Tylersburg having won the toss and choosing the field. It was evident from the beginning that our boys were doomed to defeat, and this fact being uppermost in their minds they played very loose and with no apparent animation; while the Tylersburg boys were full of life, and determined to win the game. In justice to the Tionesta boys we must say that they were not in a fit condition to play ball, the most of them not having had a particle of sleep the night before, having attended the dance at the Lawrence House. However, be this as it may, they would probably have been beaten "alle samee," but perhaps not quite so badly. They were well received by the Tylersburg boys, for which they feel gratified and return many thanks. We append the score, which is as follows:

Table with columns for TIONESTA, O. R., and TYLERSBURG, O. R. Rows include Hallings, Hasket, J. T. Dale, Wenk, A. H. Dale, Ingerson, Pease, Adams, Noble, Innings, Tionesta, and Tylersburg.

—The Fourth passed off quietly in this place, there being no amusements during the day except the glass ball shoot, and considerable beer "taken in." The dance at the Lawrence House in the evening was a pleasant affair, but financially was not much of a success, the crowd being rather small; however, socially it was all that could be expected, and all who attended had an enjoyable time. The fire works were very nice, and highly enjoyed by all the citizens. The day was ushered in by shooting the cannon and blowing the stove mill whistle at midnight, very much to the annoyance of those who were trying to catch a little sleep. Altogether the day was

one of quiet and order, there being no drunkenness or rowdyism noticeable on the streets. This being rather an "off year" it wasn't expected that there would be much going on, but wait till 1880, when Tionesta will no doubt celebrate in grand old-fashioned style.

UNCLAIMED LETTERS.—In Tionesta, Pa., Post Office, Wednesday, July 16, 1879:

—Report of the Old Town school for the month ending July 1st, 1879. Number of scholars enrolled 28; Percentage of attendance 81. The following are the names of those who were present every day during the month: Annie Wilson, Lizzie Flowers, Dora Glassner, Clara and Lottie Young, Ralph Smiley, and George Salsgiver. Clara Young received the largest number of Merit tickets for perfect lessons and good conduct.

MARY L. CLARK, Teacher.

—Some of the Tidioute base ballists came down last Tuesday to play a friendly game with the Tionesta club, but as the ground is located some distance below town, and the boys did not get their dinners in time to commence before half-past twelve, and owing to the fact that some of them were obliged to return on the three o'clock train, the game was not finished—only six innings being played. It is hard to tell which would have come out ahead had nine innings been played, as the clubs seemed to be well matched. When they quit the game stood 10 to 20, in favor of Tidioute; at the end of the 5th inning it stood 13 to 14 in favor of Tionesta. Our boys will go to Tidioute on Friday next, and as they will have plenty of time to play nine innings, it will no doubt be an interesting game.

—The camp meeting which commenced here on Wednesday last, has drawn a great many people to our town, and the meetings have been well attended each day and evening. Nineteen large family tents were erected, and all have been occupied, besides many who have been in attendance have been stopping with their friends in town. On Sunday it is estimated that two thousand people were on the ground, the most of whom were visitors. The meetings throughout have been characterized by the best of good order and quiet; and it has been the comment of many strangers that they never attended a camp meeting where everything passed off so smoothly; which is an honor and credit to our town. The meeting comes to a close to-night, and we believe the Free Methodist brethren are very much elated at their success in gaining new converts, and bringing many to the altar. We have not learned whether or not they will hold the meeting here next year, but judging from the success they have had, the handsome grove so peculiarly adapted for the business, and the general good order which has attended their efforts, we are inclined to believe they will.

—The glass ball shoot on the Fourth was taken in with a relish by our sportsmen. The Pleasantville boys were on hand with their trap and several hundred balls bright and early, and the shooting commenced about 10 o'clock and did not stop, except while the shooters were at dinner, until every ball was "busted." Some very good shooting was made, not only by the Pleasantvillians, but by our local shootists, considering the practice they have had; some of them had never shot at a ball before, and were considerably surprised and elated to hear the referee say "break ball" after their gun was discharged. Had the scores been kept in regular order we should like to have published some of them, but as not much care was taken in this particular, we are unable to do so. Mr. Sawrey of Pleasantville, was the boss "smasher," and carried off the greatest number of

prizes. Mr. Greeley Benedict was next on the list of good shooters, and Mr. Reamer was not far behind him. Mr. O. S. Benedict is a good shot, but seemed to be a little "off" on this occasion; he seemed to be surer on a difficult shot than on an easy one. All the balls were shot off before the party was ready to quit, which was a matter of much regret. No accident occurred nor disputes arose to mar the sport, and all expressed themselves highly pleased with the fun. The shoot has had the effect to awaken considerable interest among our local sports in this very rational pastime, and we expect before long to see a bran new revolving trap in town, and shooting team organized, so that visiting shootists will not have such easy victories hereafter.
