## Democratic Announcements

ASSOCIATE JUDGE.

We are authorized to announce WM. TOBEY, of Kingsley Township, as a candidate for the nomination for Associate Judge, subject to Democratic usages,

#### Democratic Primaries.

The Democratic Primaries will be held at the same places of last year, on Saturday August 2, 1879. The origin, progress, methods and complerules governing last primaries are still in force. Return Judges will meet at the Court House in Tionesta, on August 5, 1879, at 2 p. m.

Signed.] J. E. BLAINE, Chairman Dem. Co. Com.

THE Republican State Convention meets at Harrisburg to-day at noon.

THE Democratic State Convention met at Harrisburg last Wednesday, and without much struggle or remorse of conscience, apparently, nominated Daniel O. Barr of Pittsburg for State Treasurer. When politics reach high tide in the fall, this Barr, which is of sand, will be so effectually washed away that the Republican back will glide triumphantly over into the haven of victory.

FOURTEEN years ago the interest on the national debt amounted to \$4.29 per annum for every man, woman and child in the country. To-day it amounts to only \$1.69. That is what Republican administration has done. And if the Republican party is retained in power the reduction will continue from year to year, until the national debt will no longer be regarded as a burden.

against the old parties, after which they adjourned, thinking, no doubt, they had accomplished something wonderful.

OUR contemporary of the south ward fails to note the result of the National Greenback primary election. -National. That's so. We did overhow can we be expected to mention everything of such trivial or minor importance. Besides, we endeavor to give our readers the news as fresh as possible, and as this matter had people of the county to hear that Mr. Reck had received the nomination for Associate Judge,-they all knew he would, long before the primaries came off; but it was rather surprising to see decent, to say the least, had they divided the vote a trifle more evenly.

#### Our Washington Letter. Special to the REPUBLICAN.

Washington, D. C., July 17, '79. lisher, 306 Chestout St., Philadelphia. When the extra- session adjourned the afflicted democracy promised them-

saved the tax payers of the nation cine I ever saw. many millions of dollars annually. Secretary Sherman has gone North to deliver his financial speech in Portland, and you may look for other facts in that which will be "nuts to crack" for the poor democracy. I have heard a rumor that the Secretary will remain | Pa. North until the meeting at Saratoga of the annual convention of the American Bankers Association, on the 6th. 7th, and 8th of August, and give them the benefit of his counsel. That Couvention, by the way, is expected to be composed of representations from all banking and trust institutions in the country, and its discussions will take a wide range. Among the topics to be discussed will be the refunding of the public debt by which the annual burden of taxation for the payment of interest has been reduced from \$150,-977,697 in August 1865 to about \$84,-000,000 at present. This relief to the people from the burdens of taxation, it is claimed, has been mainly effected through the agency of the banks. A review (non-political of course) of the tion of the work will be given to the Convention. A similar review of the work of Resumption will also be given with statistical and practical addresses. Personal reminiscences of banking and bankers will form one of the interesting features of the three days session. Lacking other ammunition the dem-

ocrats have been circulating falsehoods relative to "assessments" of clerks inthe Department for political work. The clerks are fully alive to the political issues of the day, and interpret the proceedings of the Democrats in Congress in connection with the emplayes of the two houses as a notice that if the Democrats are successful they will be thrown out of the places for which they have qualified themselves by years of experience, in order that the retainers of Democratic Congressmen may be provided for, and this fact alone inspires them to respond liberally. One agent, only, a one armed soldier, himself a discharged employe of the Senate is soliciting subscriptions.

The Democrats make great promises relative to favoring Union soldiers officially. But they are poor performers. Whenever they can strike down a crippled soldier they do it. The latest sample is that of S. S. Wilson, THE greenbackers of this State met of N. Y., who was an employe in the at Altoona on Tuesday of last week, Senate.
