LOCAL AND MISCELLANEOUS.

—Rev. Elliot will occupy the pulpit of the Presbyterian Church next Sunday, morning and evening. M. E. Sunday School at 10 o'clock a. m., and Presbyterian Sunday School at 3 o'clock p. m.

—Some of our sports are talking of getting up a rifle team.

—We have reports of "shocking" affairs going on in the cornfields throughout the country.

—Remember Holeman & Hopkins will be here next week with a handsome line of goods.

—Some of our citizens are laying in a stock of butter nuts. They are very plenty along the river.

—Mr. C. A. Dericksou, of Meadville, father of our townsman, J. H., spent last Sunday in town.

—The leaves of our forests are beginning to turn up their toes, and soon our hills will present a beautiful appearance.

—Cutting bee trees is now in order, and the small boy who teases the "old man" to let him "go along" sustains a good deal of bellyache.

—The C. O. D.'s of this place will cross willows with the Plumer base ballists at the Bean Farm next Saturday afternoon, according to arrangements recently perfected.

—Chestnuts are ripening and the burs will soon be bursting. We shall endeavor to keep our readers posted in regard to accidents resulting from Sunday excursions after these nuts.

—Miss May Kelly departed for Cincinnati on Monday last, where she will attend school. She expects to be absent about a year. Her many friends will wish her a pleasant and profitable time.

—The wife of Mr. David Mooney, who lives in Kingsley township near Russell's Mill, died of dropsy on Monday last. She was a highly respected lady, and leaves many friends to mourn her loss.

—The Grove boys have returned to the Bradford district, where they have their rig up and are ready to commence drilling their fourth well. They have had good success in the northern field, and we're glad of it.

—Mr. A. H. Siggins returned to Allegheny College, Meadville, on Monday, after two months of pleasant recreation among his numerous friends and relatives in this section. His brother, J. B., leaves for the same place to-day.

—Gen. Grant sailed from Yokohama, on the third of September, and will land in San Francisco about the 21st. He will be enthusiastically received; but however enthusiastic may be his reception in this country, it cannot be more so than he has met with all over the Eastern Continent.

—Spearing in the river has again reached high tide, and a good many suckers and some very nice hard fish, especially salmon, are brought in. "Dad" Hulings and Zip Guiton got a string of 23 as fine salmon as we have seen for several years, one day last week.

—Messrs. Dericksou & Co., having bought the white oak timber on a large tract of land on Ross Run, are about ready to commence the manufacture of staves. They have put their machinery in the old saw mill building formerly used by the Reck Brothers in the manufacture of lumber.

—Last Thursday afternoon as Mr. P. M. Clark was returning from the ball ground on the island, he arrived at the rafts at the mouth of the creek just in time to rescue little Harold Sharp from drowning. He had been playing about the water and accidentally fallen in.

—A discussion of the financial affairs of the nation between Hon. N. P. Wheeler, Republican, and Mr. Samuel Mervin Greenbacker, came off at East Hickory last Friday evening. We did not learn which came off victorious, but understand from various sources that another such a discussion would just about ruin the G. B. cause in the Banner township.

—Mr. J. C. Jones and family, who have resided here for the past seven or eight months, depart for Camden, Alabama, to-day, where they expect to take up their abode for the future. We are sorry to lose Mr. Jones as a citizen of our town, but if he must go, we wish him success and prosperity in his new field.

Serious Accident.

Last Saturday morning Mr. S. C. Sloan met with a most severe and painful accident at Knoxes mill. He had been tail-sawing on the mill for several months, and at the time of the accident the board saw was not running, so he turned in and was helping Mr. Geo. Klump edge some boards that had just been sawed. George had put a board on the "carriage" and ran it through, taking one edge off, and Mr. S. being at the other end, turned the board, which was only about six inches wide, and was running it back. As he came near the saw, the board, upon which his hand was resting, began to vibrate, and before the unfortunate man was aware of it his right hand struck the saw, and was instantly mangled to pieces. He came up to the office of Dr. Blaine who dressed the wound. The thumb was taken off close to the hand; the first, or index finger was amputated between the first and second joints; the second finger was torn completely out of its socket, and was afterward picked up near the saw in the mill; the third finger was taken off at the second joint, the little finger being the only one which was unhurt or saved. Those who saw the hand before it was dressed say it was horrible, it being torn rather than sawed or cut, and the mangled flesh and bones presented a most sickening sight. The Doctor dressed the wound and rendered the sufferer as comfortable as possible under the circumstances, and although yet in great pain he is getting along as well as could be expected.

Mr. Sloan can rest assured that he has the sympathy of the entire community, and that our citizens will lend him any assistance he may ask.

—Ex-Congressman, Chapin Hall, well known to our older class of citizens, died at Jamestown, N. Y., last Friday night.

—Report of Jamieson School for month ending Sept. 9th, 1879: Average class standing: James Mack 96, Kate Jamieson 93, Maggie Mack 87, Mary Mack 86, Mary Huges 85, Willie, Kate and Maggie Mack were neither tardy nor absent during term. KATE E. COBB, Teacher.

—The Erie annual conference of the M. E. Church will meet in Mercer on Tuesday, September 23rd. Rev. Stone preached his farewell sermon last Sunday evening; yet he may be re-appointed to this charge for the ensuing year. Should he go for good he will take with him the love and good wishes of his congregation in this place.

—Mr. H. A. Adams has the honor of bringing in the first black squirrel of the season. He slipped out last Saturday afternoon, and after considerable straining of eyes succeeded in capturing barely one. The boys are all ripe for a hunt, as soon as game gets plenty enough to insure all at least a count of one. May the happy time soon dawn upon us.

—Court convenes in this place next Monday, and a busy week it is expected to be. Seventy-two jurors, besides more than the usual number of witnesses, clients, attorneys &c., will make quite a stir in town. Elsewhere we publish a synopsis of the criminal calendar, from which it will be seen that several important cases will be tried. We hope to see as many of our friends and patrons as can make it convenient to call.

—One day last week some of the Tionesta base ball club wrote a letter to the Oil City club asking them to come up and play a friendly game. Yesterday they received an answer from the South Oil City boys stating that if our boys would pay their railroad fare and their meals while here, amounting to about \$20, they would come up. To compromise the matter, we understand our boys sent them a check for \$10 and requested them not to come.

—Charlie Congdon recently returned from a trip to his former home near Niagara Falls. He brought with him several crates of peaches from the orchard of Mr. Geo. Boeber which are the finest ever yet brought to this place. We know 'cause we had a chance to try them. Why can't we raise such fruit in this country when it can be raised so much farther north of us? We hope our farmers and fruit-growers will give a little more attention to the subject, and in a few years we can export instead of import these delicacies.

—Persons going from home to school, seek the best advantages at the lowest rates. Persons wishing to become teachers, find these at the Normal School. For circulars address J. A. Cooper, Edinboro, Pa.

—The long talked of rowing match between Courtney and Hanley has finally been completely arranged, and will take place on Chautauqua Lake on the 8th of next October. The contestants will arrive there in a short time and go into active training for the race. No doubt this affair will draw a larger crowd than has ever before assembled at that place, judging from reports from all over the country, and it will doubtless be the greatest boat race ever witnessed on this continent. Quite a number from this place are talking of going.

—Messrs. Tate & Van Giesen are now in full communion with the Prothonotary's office at the Court House, having made the connection by telephone. The line works so perfectly that one can readily distinguish voices with which he is familiar, and when at the Prothonotary's office you can hear quite plainly the ticking of the large clock in Mr. Tate's office. It saves many a trip between the two offices. Since this line has been found to work so well others of our citizens are talking of connecting their places of business with their homes by this ingenious invention.

—Mr. Charles M. Cott, of Columbus, Ohio, arrived in town last Friday. His wife, formerly Miss Advela Roberts, and two children have been visiting here for several weeks, whom he has come to see. Mr. C. is the principal owner of one of the largest job printing establishments in the State of Ohio, and turns out as handsome work as can be found anywhere. His samples, a few of which he has with him, are extremely neat and well executed. He is the patentee of a blotter tablet for letter-heads etc., which lays over anything we have ever seen for convenience. Mr. Cott's establishment did the printing of the History of Venango county, which is now being delivered to subscribers in that county. This job cost the compiler over sixteen hundred dollars.

—A council of the Mutual Protection Association has recently been organized in Tionesta, by Deputy Noble Senior S. J. Fisher. The objects of the institution are: mutual friendship and protection, and an insurance of \$2000, in case of death, for each of its members, whether male or female. The M. P. A., in its workings is very much like the A. O. U. W., and K. of H., combining many good qualities found in both, and some very important features not found in either. This society has passed safely through its first three or four years of infancy and is now in its fifth year firmly established beyond a question. It numbers among its 4000 members many persons of high standing and reputation. Sylvan Council will meet in Odd-Fellows Hall every Friday evening at 7:30. The following is a list of the officers for the present term: W. Counselor, J. E. Blaine, M. D. W. Senior, A. B. Kelly. W. Junior, Mrs. A. E. Fones. W. Assistant, Mrs. C. M. Heath. W. Scribe, G. W. Dithridge. W. Fin. Scribe, G. W. Bovard. W. K. of P. Mrs. G. W. Bovard. W. Proctor, Mrs. E. J. Paup. W. Guard, C. A. Randall.

Thanks. We desire to return our sincere and heartfelt thanks to those citizens and friends who so kindly lent us their assistance and sympathy during the illness and burial of our child. J. C. JONES. MARY J. JONES.

Lecture. Hon. S. C. T. Dodd, of Franklin, Pa., will lecture at the Presbyterian Church on Monday evening, Sept. 22d, at 8 o'clock, for the benefit of the Presbyterian Church of Tionesta. Subject: "A Summer Across the Sea." Mr. Dodd is an interesting, able and instructive lecturer, whom all will hear with pleasure and delight. This lecture has been highly spoken of by the people and the press in other sections of this country where it has been delivered.

Dentistry. Dr. S. J. Fisher, of Warren, Pa., will be at Tionesta during next court week. "And don't you forget it."

Criminal Calendar, Sept. Sessions.

At the coming Sept. Sessions the cases to be tried we learn are as follows:

Commonwealth vs. Wm. Weston, alias Wesley, and Robt Sanford, on a charge of burglary, alleged to have been committed on the 26th of June last, by breaking open the Railroad Depot at Hickory Station, and abstracting therefrom a trunk consigned to Kate Lucas; 5 boxes of herring and cheese consigned to Wheeler & Co.

Same vs. Same, on a charge of larceny of milk, butter &c., on information of Rufus M. Brown and others. Offence said to have occurred on or about June 21, 1879. It will be remembered by many of our readers that these were the parties who came down the river to this point in a boat with a canvas cover, and were so difficult to arrest, of whom we have had occasion heretofore to speak.

Same vs. Jacob Berlin on a charge of larceny of a silver watch, of the value of \$25, the property of Oliver W. Proper. This property is said to have been stolen in May last. Berlin is out on bail.

Same vs. William Guyton on a charge of larceny of a silver watch alleged to be the property of John Crellin, of the value of \$25.

Same vs. Wm. Felton, charge, assault and battery on Seibert Burhen. This case has been settled before the Justice.

Same vs. Wm. Felton, same charge, on oath of Bernard Bush.

Same vs. Ross Fitzgerald for Surety of the Peace and threats. This case was heretofore withdrawn; the defendant not being a man of sound mind and consequently not amenable to law in a case of this character, who was released, it will be remembered, from prison on his own bond, which is the end of this case.

The above is a synopsis of the business in the Sessions, and of the disposal of one case. We obtain this statement from the officers, and refrain from commenting on the guilt or innocence of defendants, as that is the office of a jury.

MARRIED.

IRWIN—LEECH.—At Washington, D. C., on Thursday, Sept. 11, 1879, at the residence of the bride's mother, by Rev. Joseph R. Wheeler, assisted by Rev. Dr. Ames, H. May Irwin, of Franklin, Pa., to Miss Mary Louise, daughter of the late H. P. Leech, Esq., formerly of Dubuque, Iowa. No cards. So goes the world. When H. M. was making his pleasant visit here, two weeks ago, we did not think he was going to leave the single state so soon. Yet so it is; he has left the ranks of the Bachelors and has taken unto himself a wife and can hereafter sing:

"Oh! the eleventh of September, We long shall remember," &c. So Hymens Recruiting Sergeant enlisted him at last, and enrolled his name in the army of married men. With half an eye, when he was here, we could see, (on the principle "that coming events cast their shadows

before") that some happy event was going to happen, but did not think his heart was beating a matrimonial tattoo, yet now it is evident that he thought with the poet:

"'Tis madness sure, you must agree, To lodge alone at thirty-three; For writings penned by Heaven have shown, That man can ne'er be blest alone."

We cannot here forbear incidentally remarking that the day was auspicious;—that the sun shone brightly on the 11th of September,—a favorable omen, which prognosticates a happy married life; thereby making good the saying, as it is written, "Happy is the bride whom the sun shines on." Although not weather-wise we are of the opinion that if the 11th of Sept., this year, had happened to have fell on the 10th (although the respected anniversary of Perry's Victory on Lake Erie) it would not have been as auspicious in all points of view as the day, for although there were no "shad flies" hovering in the air, there was some rain and "a mackerel sky."

Not to be prolix in writing of this happy event; not venturing to give advice, for that is the province of the Parson, we close with our congratulations to the happy pair, who journey through life together. May their honeymoon beam effulgent all through that journey. May December be as June to them, and their Autumn compare with Spring.

DIED.

JONES.—In Tionesta, Sept. 11, 1879, of cholera infantum, Harry, son of Mr. J. C. Jones, aged one year and ten days.

The funeral took place on Friday last. The child had been ailing for a week or so, but not more than ten or twelve hours before its death was it considered in any danger. The parents have the sympathy of our citizens in their sad affliction.
