LOCAL AND MISCELLANEOUS.

M. E. Sunday School at 10 o'clock a. m., and Presbyterian Sunday School at 3 o'clock p. m.

Hon. J. B. Agnew is in town this week attending court.

Daniel Black had several sheep killed by dogs last Saturday.

Mr. W. A. Groaves of Warren spent a day or two in town this week.

Mr. Frank Reek of Strattenville, Pa., spent Sunday in town visiting friends.

Our sports propose having a match hunt one week from next Saturday, game or no game.

The pheasant season opens next Wednesday, Oct. 1st. From all accounts they are scarce in this section.

The Greenback meeting last night was quite largely attended. Lack of time prevents any comments this morning.

The buckwheat crop is nearly all harvested, and the fresh buckwheat cake and pork will make their debut at the breakfast table soon.

The acorns are so plenty that our farmers are losing hundreds of dollars by not having hogs to eat them up, and they complain bitterly.

Mr. Sloan, whose hand was so badly mangled at Knox's well recently, is getting along quite well, and his pains are not so great as at first thought they would be.

Republican voters of Forest county, don't fail to pay your State and county taxes before October 4th or you will lose your vote; and that is something we don't want you to do, if the court knows herself.

Don't forget the Republican Mass Meeting at the Court House this evening, which will be addressed by Hon. J. H. Osmer, Member of Congress, of Franklin. Come out, everybody, it will do you good.

A dispatch from Toronto, Canada, reports Hanlan sick and says it is hardly probable that he will row with Courtney at Chautauqua on the 8th ult. This will be a great disappointment to many who had contemplated going to the race.

At a meeting of the Democratic County Committee on Monday evening our old friend Uncle John Peterson was elected Chairman for the ensuing year. Our Democratic friends are to be congratulated on securing a gentleman so amply qualified to fill the chair.

It has not been our custom to make mention of such matters heretofore, but as the friends of Dr. Blaine may think he is overdoing the thing by wanting to "set 'em up" to every man he meets, we deem it our duty to state that it's a boy, and he is doing mighty fine.

Victoria Woodhull is announced as a candidate for the Presidency in 1880. It is probable the Free Thinkers will take her up, and a Woodhull "boom" will doubtless be the next thing in order. How would Bob Ingersoll answer for the second place on the ticket.

Who says ours is not a fruit-growing county. Last week one day, Mr. Lawrence, who purchased the fruit in the garden of the old Dawson property, near the Fisher house, gathered from one tree forty-two bushels of apples. That, we think, is hard to beat anywhere.

Mr. Chas. Hill informs us that drilling has been commenced on his farm by the Millerston Company, Mr. G. M. Kepler Supt., and is progressing finely. He says they will probably have to go from 350 to 400 feet before they strike the lubricator, which will take them about three weeks.

Our boys went to the Bean Farm last Saturday to play the Plumer club a friendly game of base ball, but when they got there they found they were obliged to play the Shamburg-Petroleum Centre-Plumer-and-surrounding-country nine, which made a decidedly one-sided game. After playing eight innings the game stood 54 to 8 in favor of the s. p. e. p. a. s. c. nine.

On our second page will be found a synopsis of all the laws of general importance passed by our State Legislature last winter. The abstract has been carefully prepared by M. W. Tate Esq., and will give our readers a chance to inform themselves in regard to many Acts which may be of importance to them. It's a good thing to cut out for future reference.

We are very sorry to record a very severe and almost fatal accident which befell our young friend Jimmy Davis, son of E. L. Davis Esq., last Sunday afternoon. In company with his brother, Charlie, and Sammy Clark, he was strolling along the river road, between Chas. Hinton's house and Tubb's Run, when they came across a small chestnut tree, loaded with fine large nuts, which so tempted the boys that they concluded to have some, and accordingly climbed the tree and were picking them off. The limb on which Jimmy was standing gave away, letting him fall to the ground, a distance of twenty-five feet, striking on the back of his head and shoulders, on the hard road-bed. Fortunately, at this moment Mr. W. A. Hilands was passing under the tree, who picked the boy up in an insensible condition and carried him down to Mr. Hinton's house. As luck would have it Dr. Blaine and Mr. D. W. Clark, who had been visiting one of the Doctor's patients, happened along, and brought the boy down to his home, where his injuries were dressed. It was found that his skull was fractured at the base, from the effects of which large quantities of blood oozed out of his left ear. He laid until yesterday morning in a semi-unconscious state, when he took a turn for the better, and, although yet very weak and suffering from pain, will recover. He will, however, be permanently deaf in the left ear, so the doctor says. He sustained other bruises about the shoulders and back, but none very serious in their nature. May he speedily recover.

Last Thursday afternoon, Moses, a little six year old son of Mr. Park Copeland, who lives on Allbaugh Hill, Hickory township, met with a very severe and painful accident. His father was hauling stones from a field and the boy was with him; when the wagon was loaded the team started suddenly, and in some way the boy fell and the heavily loaded wagon passed over him. It is estimated that the weight on the wagon was about 2500 pounds. Dr. Blaine was summoned, who on arriving, found the right arm midway between the shoulder and elbow badly fractured, the bone being crushed the full width of the tire on the wheel. The right thigh, about the center of the bone was also fractured in the same manner. The bones were carefully set and the little patient rendered as comfortable as possible. The Doctor was up to see him yesterday and reports him getting along very nicely.

We understand that a survey is being made from the Clarion oil field to Kane for the laying of a pipe line and erecting of a telegraph line. The line, which seems to be a pretty sure thing, will pass through this county, on about the same route surveyed for the extension of the Emlenton & Shippenville road. Mr. Jas. W. Ward, who lives near Black's Corners, in this county, thinks it quite likely that a pump-station will be erected on his farm, it being a central point, and he having offered the company several advantages which will doubtless be an inducement to them.

The programme of the Annual convention of the Shenango Valley Musical Association to be held at Greenville, Pa., with an invitation to attend has been sent us. The programme embraces the names of several musical stars, among them Prof. H. R. Palmer of New York, Director; Mrs. J. C. Hull, of Meadville, as Soprano Soloist, and Prof. Weber, Pianist. We should like to attend did time and finances permit.

The many old friends of Messrs. Benjamin and Selden T. May, of Norristown, Pa., are rejoiced to meet them on our streets once more. It has been some time since they paid Tionesta a visit, it being the latter gentleman's second visit since his departure, several years ago. Both gentlemen are looking well, and we believe are in the enjoyment of fair health. May they live to pay our town many a visit in the future.

General Grant landed in San Francisco last Saturday, and such a welcome as he received has never before been tendered an American citizen. That champion of the Greenback cause, Dennis Kearney, proposed to burn and hang the General in effigy; whereupon Dennis was informed that should he undertake such a thing, he himself would hang or burn, but not in effigy by a doddurnsight.

The lecture delivered in the Presbyterian Church, Monday evening, by Hon. S. C. T. Dodd of Franklin, entitled "A Summer Across the Sea" was, notwithstanding the small attendance, a success. The pictures of European life and scenery as drawn by Mr. Dodd, were beautiful, poetical, grand. Interspersed with wit and humor, with a degree of pathos appropriated to the subject, delivered in a calm, unpretending, though interesting manner, the lecture was not only a theme of interest but also a source of much instruction. The proceeds, amounting to fourteen dollars and twenty-five cents, are for the benefit of the church.

We are unable to give any Court news to speak of up to the time of going to press. The grand jury we believe found true bills in all the criminal cases, and at this writing the jury is out on the case of Commonwealth vs. Wm. Weston and Rob't Sanford for burglary. Com. vs. Wm. Guiton, larceny, on trial. Road Com'rs vs. Auditors Report of Jenks Twp; verdict for defendant. P. S.—Weston and Sanford, found guilty.

The Dutch Hill and Whig Hill ballists played the second game of the series on Saturday last, the former winning the game by a score of 80 to 22. The boys are all tough and can stand a good deal of running.

The Nursery for October is at hand, and far ahead of any previous number, both as to the reading matter and illustrations, which are unusually interesting and superb. For a magazine for children and the youngest readers, the Nursery has no equal in this country. It is published by John L. Shorey, 36 Bromfield St., Boston, Mass., at \$1.50 per year.

Ballou's Monthly Magazine for October is at hand. There is no magazine published in this country that can compare with Ballou's for originality, freshness, and cheapness. The engravings are fresh and appropriate, the stories of a higher order of merit, and the poetry the best that can be obtained. The magazine has a hundred pages each month, and all of this can be obtained for only \$1.50 per annum prepaid, and at club rates even cheaper. It is a family publication, and should be in every household in the Union. Thomas & Talbot, Publishers, 23 Hawley St., Boston.

Peterson's Magazine for October comes to us ahead of all others. In addition to a beautiful steel engraving, "The Golden Age," a picture in the very highest style of art, it has a double-size pattern, printed in colors, for a Tidy and Java canvass, and one of the superb colored steel fashion plates, with five figures, which it is alone in giving. But Peterson's is not only a magazine of art and fashion, it is one of literature also, and no lady's book approaches it in its powerful stories and novlets. Now is the time to begin to get up clubs for 1880. Specimens sent gratis, if written for, to those wishing to get up clubs. Address Chas. J. Peterson, 306 Chestnut St., Philadelphia, Pa.

After giving three doses of your Sweet Worm Powder to my child one year old, he experienced immediate relief, the cause of illness being removed. E. K. Thompson's Sweet Worm Powder is sold by druggists at 25 cents a bottle. For sale by Bovard. 24 2t.

Remember!—The only perfect proprietary medicine as a "Blood Searcher" is that bearing the name of "Dr. Lindsey," and which may be had from druggists. For sale by Bovard. 24 2t.

Many ladies misinterpret their sufferings. Try a box of "Sellers' Liver Pills," sold by all druggists. For sale by Bovard. 26 2t.

Neiltown Gleanings.

We have not a great deal to communicate and yet we fain would see our name in print.

Our town still sustains its reputation of quietness; our farmers are all busy harvesting buckwheat and cutting corn. The severe frosts of last week injured buckwheat and corn greatly; Mr. Bowman thinks the injury done his corn can not be estimated at less than \$150.

School has not begun yet; we believe that no one has been employed yet as teacher.

Dr. Jenkins is laid up at present with injuries received a few days since. The Dr. is running the wells at the Gorman settlement, and while working at one of them, he attempted to throw off one of the bells with his foot; unfortunately his foot was caught by the belt and the Dr. carried over the wheel and thrown upon a sill striking upon his head and shoulder.

During the summer our hearts have been made glad and our streets enlivened by the presence of friends and relatives of our good people. May they be spared to come again.

Our neighbors at Esquandas were treated to a Magic Lantern Panorama 'Show the other evening; we understand 'twas quite good.

The schools of Harmony Twp., have been each supplied with a large map of the State.

The school house at Stewart's Run is undergoing repairs: a new roof, a new floor, a new coat of plastering, and new desks. Wm. Siggis is doing the work. The desks are to be "patent furniture." The school house at Berrytown is also to be supplied with patent furniture.

Our near neighbor, Allegheny Twp., Venango Co., has adopted a new series of text books for its schools, and is now introducing in the schools that are open.

The Brethren at Pineville receive Gospel Truths from the mouth of a new minister.

Mr. Frank Griffin has started a vocal singing class at Catawagus.

We must not omit to mention that efforts are afoot to secure the services of Rev. McLaughlin of Pleasantville, in our church once in two weeks. May the effort be a successful one.

BY THE WAY.

That Cheap Encyclopedia.

Volume one of the new "Library of Universal Knowledge" is issued September 20th. It contains 736 pages of small but clear and beautiful type, handsomely printed on good paper, and is neatly and strongly bound in cloth, half morocco and half Russia, at 50 cents, and 75 cents, and \$1.00 per volume. The succeeding volumes will appear about two each month, till the 20 volumes completing the work are issued. Specimen volumes are sent to any part of the United States (10 cents extra for postage) with privilege of return after ten days examination. Special terms are offered to early subscribers and to clubs, of which full particulars are sent free on request by the publishers, the American Book Exchange, 55 Beekman street, N. Y.

That a complete Encyclopedia, first class in character, and containing more matter than any heretofore published in this country at any price, should be made and sold for the trifling sum of \$10.00, seems so extraordinary, that many who wish it may be true, are very naturally incredulous. The same house publish a large list of standard works, all at similarly low prices, and the presence of some of them already in the hands of hundreds of thousands of lovers of good books in all parts of the land, is naturally rapidly transforming the incredulous into patrons and enthusiastic friends of the enterprise. No mystery is made about the cause of the low prices—they are, the reduced cost of manufacture to about one-half what it was a few years ago, the method of sale, direct to the purchaser, saving him the large commission commonly paid to agents and dealers, and a very large sale. It is worth the cost of a postal card to see their catalogue.

THE ALPINE SILVER Mining Company, OF COLORADO.

Capital, \$2,000,000 200,000 Shares,

PAR VALUE, \$10 PER SHARE.

UNASSESIBLE.

Daniel J. Splane, Pres. J. L. Thompson, Sec

The property of this Company consists of twelve mines and mining locations, located in Lake County, Colorado, in the vicinity of Leadville, upon all of which extensive work has been done, in all cases exhibiting true fissure veins, good pay streak, and well defined lodes.

Three of the leading mines are well opened up and have at the lowest computation over ten thousand tons of ore in sight by May 1st, the Railroad now under construction will be within a short distance of this property.

The Company proposes to sell a portion of its stock at \$1.00 per share for the purpose of more completely developing its mines, and for the erection of works for the treatment of its ores.

Application for the stock may be made to the office of the Company, 67 Broadway, New York.

N. B.—The Mining Record, of New York, the highest mining authority in this country, says Feb. 1st, 1879. The principal owners in this company are hard working men, who by their own labor have uncovered large bodies of ore which they now wish to extract and send to market. Our readers will do well to make a venture with these worthy men, this money will probably be returned to them twenty fold. The business management has been placed in the care of Mr. J. L. Thompson, an officer of high standing in one of the largest and best banks in the city. A Prospectus giving full particulars sent free, on application to the Secretary, 23m.
