WEDNESDAY MOBNING, DEC. 24.1879.

WE understand that Dr. Mc-Knight, of Brookville will be a candidate for the Republican nomination for State Senator in the district composed of Indiana and Jefferson counties, at the next election. We are not personally acquainted with the Doctor, but from the excellent recommendations he receives from those who know him we should judge that the Republicans of that district would honor themselves by honoring him, He has always been one of the truest of true Republicans, and in past years has done noble work for the party; having, we understand, given way to others when his chances for election were almost certain, just to preserve harmony and good feeling in the ranks. Cases of this kind are rare indeed and should meet with reciprocal favors from the party. Dr. Mc-Knight has done some excellent work for the Republican party in Barnett flowers from the ladies. township, this county, and we are sure his many friends in that section would delight to see him nomiuated in his district, and a Republican nomination to election.

THE Democrats and Fusionists have stolen Maine. The elections there were largely Republican, and were so conceded by all parties, but the Democratic Governor and Council have succeeded in counting out some 8 ReGen. Grant's arrival and receptions-The great parade-&c., &c.

On Capitol Hill two pieces of artillery had been placed which announced his arrival, and from time to time boomed forth a welcome. He was met at the depot by the moyor and a committee of citizens who conducted him to the Executive Mansion, where he first viewed the parade, and afterwards gave a reception. In the evening there was a pyrotechnic display, after which the guest visited the fair being held by the Grand Army of the Republic, where he was presented with an address, and Mrs. Grant was the recipient of a haudsome horse shoe of
