LOCAL AND MISCELLANEOUS.

—Rev. A. O. Stone will preach in the M. E. Church next Sunday evening.

M. E. Sunday School at 10 o'clock a. m., and Presbyterian Sunday School at 2 o'clock p. m.

—Oil 892c. —The County Commissioners are in session this week.

—Dr. Shamburg spent a few hours in town on Monday.

—See our Deep Sea Mackerel for a fine fish. WM. SMERBAUGH & Co. It.

—After this week we will have more room to devote to general reading matter.

—Hon. J. B. Agnew arrived in town on Monday morning, looking unusually well.

—Mr. Eli Holeman is fixing up his residence preparatory to moving. He will fit in a week or ten days.

—Our lumbermen are ready for another flood. In fact they're just a little bit anxious. Lumber is lumber now in Pittsburgh.

—W. H. Dallet, Esq., of West Chester, Pa., quite largely interested in Forest county territory, spent yesterday in town.

—We understand Dr. Fowler's well near Marienville is down 1000 feet and dry, but that won't discourage the plucky Doctor, we know.

—The weather changed fifteen times in a York minute last Saturday. It varied all the way from the bright warm sunshine to a full fledged Minnesota "blizzard."

—The "Reminiscence" published in last week's issue should have been signed "C. B." It is a true picture of what happened a young tourist from this place.

—Mr. H. McNany, of President, Pa., was in town one day last week, and slapping down the ready "John Davis," said, "send me the REPUBLICAN." Thanks.

—Hast laid in thy supply of hen fruit for next Sunday? If not, then thou better hast had, for Easter approacheth when no man can procure an egg for love or money.

—Mr. Joseph Grove has purchased the residence of Mr. S. J. Wolcott, and will occupy the same after April first. What house the latter gentleman will occupy we have not learned.

—Mr. Dingman is off to Harrisburg on a "wild goose chase;" that is, he has gone there to attend the Greenback State Convention as delegate from this county. No use, gents; it's all "love's labor lost."

—Trout fishing will begin, lawfully, on the first of April. "Bassing" will not be lawful until June 1st. Suckers may be caught at any time in this section. The latter variety are easily captured—at the bar rooms.

—John Muenzenberger is "setting em up" to the boys again. It's another Democrat. John thinks if the rest of the democrats would do as well as he the party would soon be on good footing again in this county.

—Quite a number of oil men are seeking leases throughout Forest county, and from present appearances there will be a big boom in Forest county oil territory this summer.—Philadelphia Times.

—The Derrick "speeder" sped its first spud up this way last Sunday morning, bringing glad tidings of great joy to our citizens in the shape of the Sunday Derrick. Few newspapers show more enterprise than the Derrick.

—Samuel McConkey, a young man aged about 26 years, was accidentally shot and killed by Will Jackson, at Tidoute yesterday morning. The two had gone out on one of the hills to shoot pigeons flying over, when Jackson's gun was accidentally discharged, taking effect in McConkey's neck and head with above resulted.

—The family are prominent citizens of Tidoute, and the sad affair has cast a gloom over the entire community.

—Mrs. A. W. Conner, who has been stopping with her sister in Laramie City, Wyoming, for the past eight or ten months returned on Thursday last, looking exceedingly well, and apparently much benefitted by her visit.

—We are reliably informed that three wells will be put down on the Balltown property, during the coming season. Work will begin as soon as the weather becomes settled. Our readers will be kept posted regarding the operations of the company.

—Mr. Butler Rice passed through town yesterday morning, having just returned from a weeks visit to friends and relatives near Olean, N. Y., his former home. Mr. R. is bookkeeper for Wheeler, Dusenbury & Co., at Newtown, and a pleasant gentleman to meet.

—The Nursery for April is before us with its usual brightness and smiling countenance. This number contains many stories and illustrations that will prove of more than ordinary interest to the little folks. Subscribe for it. John L. Shorey, Publisher, 36 Bromfield St., Boston. Price \$1.50 a year.

—Mr. John A. Stewart, of Cherrytree, Venango Co., who has been traveling through the county considerably of late, wishes us to state that one of the squarest men he found on his travels was Hon. A. Cook, of Cooksburg. He thinks the Judge's heart is very large, and in proportion to his massive frame.

—The Derrick says that Mr. Wilson, Gen. Supt. of the P. T. & B. R'y., has purchased a lot of timber land in this county, and will proceed to have the timber thereon converted into lumber and ties. We are not aware where this tract is situated, but are glad to learn that Mr. Wilson's business is extending into Forest county.

—Mr. P. E. Carr, for several years foreman of the section at Hunter's Station, 3 miles below town, has moved to Meadville, where he has secured a similar situation on the A. & G. W. R'y. The community loses an industrious and highly respected family in their departure, and we wish them all abundant happiness and prosperity.

—Attention is directed to the new "ad." of Wm. Smearbaugh & Co., in this issue. This firm has opened a very neat and tasty grocery store in the Accomb building, where they will be pleased to meet all who have need of anything in their line. They propose to keep only the very choicest of goods and sell them at a small profit. Call around and take a look at the new store. All kinds of country produce will be taken, and the highest prices allowed.

—The pigeons—we're bound to keep track of them, if possible—are now roosting on Bob's Creek and Minister, above Balltown, on Tionesta creek. They are said to be very plenty, but hard to procure. There is no place for shooters or trappers to get lodging in that section, consequently the birds are enjoying somewhat of a rest, although it will be but a short time, as hunters are steadily flocking in, and putting up wherever night overtakes them. The unfavorable weather is keeping the birds from nesting.

—The FOREST REPUBLICAN was twelve years old last week, and to-day enters upon its thirteenth year with brighter prospects for the future than ever before. The circulation of the paper is steadily increasing and the very best of names are being added from week to week. We don't propose to make any rash promises of what we are going to accomplish in the future, but shall use our best endeavors, as in the past, to make it a readable paper, and worthy a place in every household in the county. It has never been our style to go begging for subscribers or other patronage, yet we respectfully ask all who deem the paper worth taking, and who have the dollar and a half to spare, to subscribe, promising not to bore the life out of them for the pay after they have done so. The coming campaign promises to be one of the most eventful in the history of our Nation, and doubtless it will be. As soon as the ball is fairly opened the REPUBLICAN will join in the struggle with might and main, and devote all its powers to honestly achieve victory for the party. In doing this we have a right to ask and expect the help of all our Republican friends, and with this help and encouragement we will have no fear of the results.

—At an election of officers for the M. E. Sunday School, held yesterday afternoon the following was the result: Supt., J. H. Dingman; Assis't Supt., Geo. Henderson; Treas., H. A. Adams; Sec'y, Miss Clara E. Hunter; Librarians, C. M. Shawkey and H. L. Beaver.

—Sheriff Randall tapped Zip Guiton on the shoulder on Monday, and asked him to accompany him to the county boarding house. It appears the warrant on which he was arrested, is one of several months standing, the charge having been preferred by Mrs. Jam, for threats and abusive language. "Zip" was unable on so short notice to procure bail, and was obliged to go to the bastille. He will probably obtain bail in a few days. P. S.—He has been released from further custody upon giving bail for his good behavior for one year, which settles that scrape.

—The Sheriff of Warren county, with a posse of six or eight men made a scatterment among the pigeon shooters on Minister creek, in the vicinity of Balltown, on Monday last. It seems the pigeons, on account of being shot at so much, kept moving their roosting place until they finally got over the line into Warren county, whereupon the bombardment ceased as above stated. For the benefit of those who may not understand the law on this subject fully, we copy below Section 15, of the game laws, which gives all that relates to the capturing of pigeons. Nearly every one with whom we have conversed on the subject seems to think the law is an outrage, and ought to be repealed, excepting that portion which relates to shooting in the roost or nesting grounds. Following is the section referred to: "No person shall kill, catch or discharge any fire-arms at any wild pigeon while on its nesting ground, or break up or in any manner disturb such nesting ground or the birds therein, or discharge any fire arms within one-fourth of a mile of such nesting place of any wild pigeon or pigeons within their roostings, under a penalty of twenty dollars: Provided, That no person except citizens of this commonwealth shall trap or catch wild pigeons with nets in any of the counties of this commonwealth, unless he shall have first taken out a license from the county treasurer, of the county in which said pigeons are found, for which license he shall pay the sum of fifty dollars for the use of said county, under penalty of one hundred dollars; And provided further, That no person shall at any time or place within this state kill or take any wild pigeon with any net, trap or snare, nor set any such net, trap or snare for the purpose of taking or killing any of said pigeons during the nesting season, nor shall any person sell or expose for sale any of the said pigeons after the same shall have been so taken or killed, under a penalty of ten dollars for each bird so taken."

Stewarts Run Ripples.

We are sorry to say our school closed on the 12th inst. In the departure of Miss Karr we lose one of the best teachers in the county, and we can't help feel partial to the district that may secure her services for the summer term. We have a fine day to-day, and are beginning to think the wild geese are not such fools after all. Sabbath school every Sabbath, with W. Y. Siggins as permanent superintendent, he being the only man in the district that can pray. Preaching every two weeks. Winter wheat is looking very fine in this section. A great deal of sod has been broken this winter, and there will be a large amount of oats sown early. Hay is quite scarce, Mr. Demun being the only one who has any for sale. Mr. Jno. Thompson can show the boss sheep, whilst Demun has the best blooded two-year-old beifer on the Run. John A. Dawson and youngest son have been quite sick, but are out again. We congratulate D. H. Demun on his good luck in procuring John Wilson's celebrated stock farm at Neiltown, and wish him success in return for his late misfortune. He leaves us April 1st. We are sorry to learn of the contemplated departure of Johnny Thompson and Billy Clark for the West. They expect to go by water as far as Louisville—on a raft—and from thence to Kansas. If they find soil and climate to their liking they will return for their spouses. HAWK EYE.

Star Twinklings.

Lots of wind on the hill now. Our lumbermen are looking with both eyes shut for the next flood. The school closed here last Tuesday. J. H. Zuendel and L. Behrens are preparing to put up new barns on their farms the coming summer. Who says Dutch Hill isn't improving. There will be a tobacco store opened up here shortly; Mr. L. Behrens, proprietor. It will be handy for "chawers."

This place boasts a poet, R. C. Heath by name. OLD BOY.

Educational.

The educational association met as per last adjournment at Whig Hill, Pa., Mar. 20. Owing to the distance many of the members did not arrive until near noon. Called to order by President at 1:30 p. m. Minutes of previous meeting read and approved. Unfinished business speedily disposed of. Several bills being brought up were "laid on the table." The programme was then taken up and disposed of very creditably to all who were billed for any of the subjects. A rather humorous address was delivered by Mr. R. Z. Gillespie, subject "What I saw on Salmon Creek." All lovers of nature, and those seeking information of that part of the county should have been in attendance. E. E. Zuendel's "Spelling Bee" proved a spirited though good natured discussion which was highly beneficial to all hearing or partaking in said discussion. Whittekin's "Analogy of Language" showed the similarity of several languages viz: German, Latin, Greek, and a very little Algonquin.

R. Z. Gillespie gave solid reasons why every teacher should read an educational journal, after which it was resolved that each member should subscribe for some standard educational journal. The day session was a success. Much interest is taken in these meetings by the members and our number is constantly increasing. The evening session was well attended, the house being comfortably filled and the very best of order prevailed. President Whittekin read a paper addressed to the Patrons and Directors of our schools which by order of the association will, if the REPUBLICAN will give us space be published next week.

The lady members had charge of the evening session and made it a decided success. Our lady teachers are a success in institute work as they are in the school room. Our next meeting will be at Cooksburg, May 7, 1880.

The following is the report of Huddleson School for the 5th, and last month of the term, ending Mar. 20, '80: Whole No. in attendance during month, males 19, females 17; Average attendance during month, males 16, females 13; per cent. of attendance during month, males 86, females 90; total, 83. The following named pupils were present every day: Charlie, Jacob, Carrie and Mary Kor, Charlie Harger, Francis and Champe Houser, Edward and Jennie Hiles, Rachel and Leah Allio, Alice Keefer, James Mealy and John Mong. Mary and Jacob Korb, Rachel and Leah Allio were present every day during the term. The names of those who have excelled in spelling are Edward Hiles, Champe Houser, John Mong and Francis Houser. No. of visits 18. EMMA W. SHRYVER, Teacher.
