We are authorized to announce GILBERT JAMIESON, of Tionesta Township, as a candidate for the nomination of Assembly, subject to Republican usages. ASSOCIATE JUDGE. We are authorized to announce AMZA PURDY, of Green Township, as a candidate for the nomination of Associate Judge, subject to Republican usages.

AND now we shall have a season of Hendrick B. Wright again.

THE Greenback State Convention actually succeeded in getting a Greenbacker on the ticket.

TRUE to their party instincts, the Democratic politicians of California are attempting to create sympathy for the convicted Hoodlum leaders.

THE foundation of English liberty was laid in blood on the plains of Runnymede.

"The foundation of American liberty was laid in blood from Bunker Hill to Yorktown."—Vindictor, Gbk.

AND the foundation of the Greenback Party is laid in the California House of Correction. Booh! hoo! ooo!!!—Meadville Republican.

The Greenback Convention.

The Pennsylvania Greenback Convention has done its work, and done it in genuine Greenback fashion. Col. Wright was launched upon the Presidential waters and it only remains for the national convention, to be held at Chicago, to ratify the choice of Pennsylvania and our venerable representative will be fairly on his voyage to the highest position in the gift of the people. The Luzerne and Lackawanna delegates in the State convention did not succeed in everything they set out to accomplish. They desired the nomination of Hon. John Handley for Judge of Supreme Court, but as the Judge has never been identified with the Greenback party, he had to give way to F. W. Dewees, Esq., of Schuylkill county, who is the alpha and omega of Pennsylvania Greenbackism. In the estimation of the convention it was more important that the candidate should be a reliable Greenbacker than that he should be fitted for the position of Supreme Court Judge. Mr. Dewees is a clever gentleman in some respects, but even the Greenback party makes itself ridiculous when it nominates a briefless third-rate lawyer for so high a position.

We regret to be compelled to say that the endorsement of Col. Wright by the State convention will not assure him the nomination in the national convention of his party. In the latter body he will find General B. F. Butler, Salmon Chase, Rev. Dr. De La Matyr, Gen. J. B. Weaver and others contesting honors with him; but we nevertheless hope our venerable fellow-citizen will succeed.

The platform adopted at Harrisburg is a political curiosity, as all Greenback platforms are, and does not materially differ with others that have preceded it. The speeches made in the convention are fully in accord with the resolutions adopted, and all indicate that the only hope for the republic lies in the success of the Greenback party in the immediate future. The only true patriots, the only pure men, the only worthy and unselfish citizens, the only true and wise statesmen this country to-day contains, are embraced within the narrow limits of the Greenback party. The millions who adhere to the Republican and Democratic parties are all bloated bondholders, corporation tyrants, and greedy office-seekers, who have no nobler or higher ambition than to enrich themselves by public plunder or by robbing the poor horse-

handed sons of toil. This is a bad condition of affairs, and yet the indications are that this wretched country will have to suffer on for a few years longer, while the pure, true, good and patriotic men multiply!—Wilkesbarre Record.

STATE CAPITALISMS.

HARRISBURG, Pa., March 27, '80. On Wednesday last we found that the supposed defunct organization of seekers after notoriety denominated the National Greenback Labor Party was not dead; that is, not very dead, but that the shock of last fall had merely stunned it, and it had just recovered enough from its stupor to make its annual appearance. The performance lasted fourteen hours, during which time the two old parties received their share of black-guarding, after which they went through the farce of nominating candidates for Supreme Judge and Auditor General. They also selected delegates for their national convention, and named the old demagogue, Hendrick B. Wright, as their choice for President. Why this organization is preserved, except it is to give the preservers notoriety, I cannot conceive, as they cannot command a vote large enough to elect a single candidate for a minor office let alone a State one, and therefore they are not able to make money, as they formerly did, by putting up a candidate and then selling him out. Every man in the convention seemed to think that the salvation of the party depended on his making a few remarks, and every one insisted on his right to speak and offer a series of resolutions. One of the delegates, after shouting "Mr. Speaker," until I thought he would injure his bronchial tubes became so disgusted that he left the building. As the hotel keepers reap some benefit from them, and they don't do anybody harm, I presume they will be allowed to make fools of themselves annually as long as they are able to pay their bills and don't do anything worse than yell themselves hoarse, which they can do here in the "House" without disturbing the town. The Board of Pardons meets Saturday evening, to hear the plea of the parties convicted of Bribery, and though there will be protests against their pardon, I hear there will be a delegation of prominent business men from Pittsburgh and Philadelphia, who will plead in their behalf. Though conscientiously against recommending executive clemency I think the board will be induced to report their case favorably as the culprits command considerable influence. WARREN.

To the Patrons and Directors of the Schools of Forest Co., Pa.

The following was read by F. F. Whittekin, President of the Teachers' Association of Forest County, at a meeting held at Whig Hill, Pa., Mar. 20th, and is published by request of the association.

Friends:—The term of school in Forest county is fast drawing to a close, and the school year of 1879 will soon be remembered with those who have gone before. It leaves us, as teachers, with many regrets that more has not been accomplished in elevating the schools of our county.

We, as teachers, have labored hard to promote the educational welfare of Forest county, but we have not had the success so much desired by us. In the schoolroom, we have, we believe, measurably succeeded; but there are many things which ought to be done but lies beyond our power to do.

So long as patrons will withhold their presence from the school room, so long will we be without their aid; and, unassisted by the community in which we are teaching, our schools will ever be ranked among the third and fourth rate schools. Many of our patrons and our directors also do not even have so much as a thought of visiting their respective schools, and unless the teacher takes to visiting he will never see any of his patrons or directors, unless, perhaps, at church or upon the highway, and thus cast their influence if anything against our schools instead of in their favor, and the teacher receives no aid whatever from his surroundings.

Directors, too, think they can not spare the time to help the teacher awaken public sentiment in favor of our system of education, but leave all to the teacher, who, if not actually

ground to death, has plenty to do in the school room, and after school hours ought to rest. When directors endeavor educational reform the patrons oppose it. When directors wish to supply the schools of their district with needed apparatus, such as dictionaries, maps, globes, manual frames &c., &c., patrons say "we have taxes enough to pay. We didn't have it when we went to school and our children don't need it either." Comment is unnecessary.

When a teacher, who is entirely worthy of a higher salary than, say, twenty or twenty five dollars per month, the amount paid, indiscriminately to all grades of teachers, good, had or indifferent, in a majority of our townships, from which 8 or 10 dollars per month is paid for board, the patrons, and in many cases the directors, say, "we can get plenty of teachers to teach for the salary we pay," and the efficient teacher, who rightly and justly insists on having a reasonable salary, is turned from their door. If the directors are in favor of paying a living salary, the patrons oppose it, and in a certain sub-school district went so far as to petition the board to reduce the salary from a scarcely living salary to eighteen dollars per month from which the teacher was obliged to pay his board. He did not, however, pay his board but left the township in disgust; and, an eminent teacher of fifteen years, from an adjoining county was employed, who made a complete fizzle of the term, and in the spring the patrons said, "Our schools are getting poorer every year." This is an example of the result of patrons opposing the engaging of experienced teachers.

There are plenty of teachers, who will teach for fifteen or twenty dollars per month, and patrons will insist, in many cases, that these ought to be employed because they are cheap. The directors, being only the patrons' servants, say the people will not consent to pay the taxes and allow us to pay you twenty five or so dollars per month. This crowds experience and talent out of our schools and leaves to the lot of Forest county that of initiating boys and girls from other counties who after teaching a term or two leave us and even ridicule Forest county, which gave them a start. Others, who came to this county with good, honest intentions of making Forest their future field of labor, are soon displaced by the above class, and our best teachers are constantly being driven out. Forest county has talent enough to fill her schools with competent teachers who would take pride in advancing the cause of education, without importing inferior talent from other counties.

Directors, Patrons, Friends of education, these are grave subjects and ought to engage your attention, and be remedied before the opening of the school year of 1880. Will you persist that twenty or twenty five dollars per month is enough for teachers in Forest county, while really inferior teachers receive from forty to fifty dollars per month in other counties? Do you want your children taught by an inefficient teacher who resides in some other county when you have better teachers with whom you are acquainted, and who reside in your own county? Do you want your teachers to leave you and have your children grow up the victims of wrong teaching, when there are those who would gladly labor, and who reside with you permanently, and take pride and delight in your county's schools?

Patrons, will you say to your home teachers, "we will make it worth your while to stay with us, or go some where else; we would sooner have a stranger who is not as good a teacher as you are."

Directors, we respectfully ask you to raise our salaries. Many of us have labored for six, eight, ten or more years in the schools of this county, and with all due economy we are not a penny better off to-day than when we began.

Salaries are raising in other departments. Will you raise our salaries or decrease them? Will you make it an object for your experienced teachers to remain with you, or will you get foreigners, so to speak, to conduct your schools? Patrons, Directors, help us, aid us, and we promise you faithful, ardent, labor in return. Can we do more? Will you do what you can?
