

FOR SUPREME JUDGE, HENRY GREEN, of Northampton County. FOR AUDITOR GENERAL, JOHN A. LEMON, of Blair County.

Announcements. Our terms for announcements will be: Column \$20; President Judge, \$20; Associate Judge, \$10; Announcement when the cash does not accompany the name. This rule will not be broken in favor of anyone.

ASSEMBLY. We are authorized to announce E. L. DAVIS, Esq., of Tionesta borough, as a candidate for Assembly, subject to Republican usages. We are authorized to announce GILBERT JAMIESON, of Tionesta Township, as a candidate for the nomination of Assembly, subject to Republican usages.

ASSOCIATE JUDGE. We are authorized to announce ANZA PURDY, of Green Township, as a candidate for the nomination of Associate Judge, subject to Republican usages.

PAGUNDAS, FOREST CO., PA., April 3, 1880. To The Republicans and Citizens of Forest Co.: GENTLEMEN:—As it was generally known throughout the County, that my name would soon be announced as a candidate for the Legislature, I deem it prudent to make known the facts to my many friends.

As I am a young man, and have ample time to press my claim on the party, I withdraw my name in preference of a gentleman well advanced in years, of high social standing as a citizen for many past years. He is an honor to society, and well worthy of your earnest support. This gentleman is Mr. Gilbert Jamieson, of Tionesta township.

Thanking my Republican friends and others, for their earnest desire in my behalf, I am Very respectfully yours, PETER BERRY.

The public debt was decreased \$14,719,396 during the month of March. Put that in your pipe and smoke it.

"UNCLE SAMUEL" has gathered in the Beaver county delegates to the Democratic State Convention, in connection with those from Allegheny and Lawrence counties. Mr. Wallace will have to call a halt pretty soon if he expects to save Pennsylvania Democracy from the "error of its ways."

An election was held in San Francisco last week: The citizens ticket and the labor ticket struggled for the mastery. The sand-lotters were defeated and the citizen's ticket representing the decent part of the people, was elected by over 6,000 majority. The "sober second thought" comes even in that wicked city.

THE Tidiot News puts it thusly: "The Greenbackers met in Harrisburg last week and nominated a Col. E. A. L. Roberts for Auditor General. The Greenbackers are opposed to monopolies and monopolists, and of course this Roberts, with a goodly section of the alphabet prefixed his name, can't be the party who has an interest in torpedoes and tried to get an interest in every piece of casing put into a well. There must be a mistake somewhere."

THERE has been an impression that Tilden's income-tax suit has been nursed along by the Government authorities to keep it alive as a weapon in this year's Presidential campaign should Mr. Tilden be a candidate. Now, however, it has been postponed until November—until after the Presidential election—on the application of Mr. Tilden's counsel. This settles it. All who before have doubted must now be convinced that there is something in the suit, and that Mr. Tilden is afraid to come to trial while he is a candidate.—Buffalo Express.

OWING to the advance in the price of news paper the New York World has advanced its price from three to four cents. This is a result of a monopoly, and the cost of it materially falls on the consumer. At the present cost of paper, which congress refuses to reduce by placing wood-pulp and the chemicals used in its manufacture on the free list, it is quite impossible for journals which depend upon their

circulation to pay expenses at the old rates. Either these articles must be admitted free, or the people who publish and buy newspapers must be unjustly taxed for the benefit of foreign manufacturers and a small special interest in this country.—Derwick.

We are in receipt of a new paper called Chase's Enquirer, edited by Solon Chase, of Chase's Mills, Maine. The motto is: "Good Easy Reading." Chase is opposed to any "fusion" with the Democrats. The road to success, he says is not fusion, with either of the old parties, but union in the Greenback ranks. But up to this time there has been quite as much discord among the Greenbackers as between them and the old parties. It is curious, but a fact that all their platforms differ, and none of them have been able to outlast a single campaign. The Greenbackers do not seem to know just what they want, nor can they agree as to how they shall get it when they do find out. When they get things just right and then place their knowledge before the people, if it is good, wholesome statesmanship, they may expect to increase their numbers, but not till then. But notwithstanding the position of Solon Chase, of Maine, we do not believe the Greenbackers of Warren County will act upon his advice.—Warren Ledger.

Our Washington Letter. Special to the REPUBLICAN. WASHINGTON, D. C., Apr. 1, '80. A good deal of comment is passed upon Secretary Sherman's visit to Ohio, and his speech in his own behalf as a candidate for President. While this is a new method of pushing a boom, possibly it is not objectionable. What the enemies of Mr. Sherman do use against him most effectually is the abuse they allege against him with reference to the Government patronage. It is said about town to-day that he has ordered a raid on Blaine's friends in the Departments because the Blaine movement in Ohio is getting to be so troublesome.

General Grant's friends are disturbed about the Washburn candidacy, and so they may with justice be. Nobody here who knows the Washburn family believes for a moment that Washburn is laboring for anybody but himself, although he pretends to be for Grant first last and all the time. General Grant's friends have lately discovered suspicious circumstances in Illinois and Missouri which seem to indicate that Washburn is trying to pick up some delegates where Grant would be likely to get them. Letters of warning against such movements have been written to the Grant managers in the West, and to General Grant himself, who has heretofore trusted Washburn implicitly.

Senator Burnside, from the Committee on Military affairs, reported to the Senate a bill to amend the revised statutes so as to provide that the fact of a man having received a pension for wounds or disability sustained in the United States service shall not preclude him from admission to the National Soldiers homes, but all inmates shall surrender their pensions to the institution while receiving the benefits thereof. This is contrary to the decision of the Supreme Court that inmates of the homes are entitled to receive their pensions.

Speaking of Soldiers Homes reminds me that the Democrats are threatening to pass a bill to change the entire management and put it in the hands of Democrats. They even left Ben Butler out of this arrangement. But it is possible that this little scheme will not work, for some Democrats are getting nervous at being obliged to endorse repeated blunders of their hasty caucuses. Senator Blaine made another Democrat sick of assailing him in a personal way. Thurman undertook to criticize the Maine Senator on the Geneva Award Bill, and got so worsted that he had an attack of vertigo and had to leave the chamber. Blaine is too much for the Bourbons.

Joseph Kusan, Township Poet, writes, "I was persuaded to try Thomas' Electric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit." A. M. Hamilton, Warkworth, writes, "For weeks I was troubled with a swollen ankle, which annoyed me very much.
