Oil 75c.
How about Decoration prepara-
tion?
Spring has come, but where's the
organ grinder?

John-boats for fishing purposes
are in demand.
The new F. M. Church edifice is
looming up rapidly.

Mr. S. J. Wolcott is putting down
an oil well near Tidouto.
Hon. J. B. Agnew is in town, and
will remain until after court week.

Henry Grubbs has moved into
the house formerly occupied by Dr.
Blaine.
Who will furnish us with the first
big snake story? No ordinary lie will
be accepted.

Quite a number of our citizens
have indulged in new top buggies,
within the past week.
Mr. A. B. Kelly goes to Reading
next Monday as Representative of Tione-
sta Lodge to the Grand Lodge of
I. O. O. F., of this State.

Wilber Groce came home from
Bradford last Monday. He says their
wells escaped the fire, but it gave them
a close call.

A new time table on the Pitts-
burgh, Titusville & Buffalo, and Alle-
gheny Valley railroads will go into
effect next Sunday.

Sheriff Randall is adorning the
Rural House premises with a substan-
tial new side walk. He don't believe
in waiting to be told by this borough
foad.

At the recent Democratic State
Convention Dr. J. E. Blaine was
chosen a member of the Democratic
State Central Committee for Forest
county.

The little shower of rain on Mon-
day evening was just what was needed
to quench the fires in the woods. A
little more would help vegetation ma-
terially, though.

Mr. E. Heibel, of Warren, has
started a tipshop in the Kepler store
building, where he will be found ready
to do all kinds of work pertaining to
his line.

We bet a new hat with Ab. Grove
on election and won it. No price was
stipulated and he bought us a fifteen-
cent "chip." Remember this when
you bet with Ab.

A cow was killed, instantly, by
the 2:07 train down yesterday after-
noon, just above the mile post oppo-
site the island above town. We did
not learn who the "critter" belonged
to.

Ben. May and Will Hulings re-
turned from their trip down the river
yesterday. Ben. says henlock is very
slow sale, but that pine boards bring
fair prices, and first-class timber sells
readily at good figures.

Mr. B. D. McClure, of Brooks-
ton, this county, was in town a few
hours yesterday. He reports times
lively in that part of the county, this
being the bark-peeling season, giving
employment to a large force of men.

A N. Y. Sun reporter and one of
Frank Leslie's artists have been so-
journing in the pigeon woods of Howe
and Jenks townships, this county, for
a few days past. They will probably
give that section a touching up when
they get back to their posts.

Henry Shoemaker, Atchison,
Kan., sends us a specimen of what is
known in that section as a "Kansas
harvest hand." It is a regular Western
grasshopper, about four times the
size of our common stock, and is of a
dark brown color. We don't wonder
much at a heard of these laying a
wheat field flat in a short time.

Dr. A. Fisher, Dentist, will be at
the Central House, Tionesta, during
court week. Those in need of work in
his line should call early.

There was an abundance of
preaching in this place last Sunday,
services being held in all three
churches, and all were well attended.
As one gentleman remarked, it is
either a "fast or a famine" in relig-
ious matters in this place. Next Sun-
day there will be no preaching in any
of the churches, we believe.

Chas. Gardner will be at the Cen-
tral House, Tionesta, during Court
Week, to show you Clothing, Dry
Goods, Boots, Shoes, Hats, Notions,
&c., from Holeman & Hopkins' Mam-
moth Store, Pleasantville, Pa. 2t.

The foliage is fast appearing and
cutting off our view on all sides. The
hills are donning their coat of green,
and before another week, if the
weather remains warm, the woods will
have assumed nearly all their custom-
ary summer garb, and Tionesta will
again be the loveliest spot in the
valley of the Allegheny.

Mr. Geo. Stephens and daughter,
of Petroleum Centre, passed through
town on their way home from Tylers-
burg, on Thursday afternoon last,
where he is largely engaged in the
stave business. We understand
Mr. S. contemplates moving to Tione-
sta and making this his home. He
would be a valuable addition to the
stability of our town, and would meet
with a hearty welcome.

The stave mill, several cords of
bolts, and a barn, situated on the old
Fort Pitt property, at the head of
Lamentation creek, burned down one
day last week. The property be-
longed to McClintock Bros., of Dem-
seytown, Venango Co. The loss will
probably be between \$1,500 and
\$2,000. We did not learn the origin
of the fire, or amount of insurance, if
any.

The best way to make money is
to save it by buying your Clothing,
Dry Goods, Groceries, Feed and Pro-
visions of Holeman & Hopkins, who
have the largest, best and cheapest
stock of goods in this part of the
State. See goods and samples at Cen-
tral House, during Court Week. 2t.

Some of the boys who hang
around the depot when the trains come
in are preparing to furnish us with a
first-class item some of these days.
The custom of jumping on and off
moving trains, is rapidly growing in
favor with them, and unless a stop is
put to it some find mother or dotting
father will some day see his pet
brought in minus an arm, leg, or per-
haps head. It should be stopped im-
mediately.

Last Thursday afternoon as the
2:46 train up was passing Henry's
Bend, the passengers witnessed a con-
flagration on the opposite side of the
river, at the lower end of the flats.
The roof of a building was completely
enveloped in flames, and past all
hopes of recovery. The house was
apparently occupied, but the occupants
were evidently "not at home," or at
least weren't visible. An old man,
two children and three dogs were run-
ning down the beach, but were doubt-
less late to rescue anything. We
did not learn who lived there.

Mr. Dunn, of the Crookston
(Minn.) Chronicle, sums up the state
of weather and things in that section
as follows: "Saturday it started in;
Sunday it was warm, and Monday
nobody had fires except for cooking,
and May has started in in good shape.
The grass is springing, and the wheat
is sprouting; the birds are warbling
and the prairie chickens are booming.
The demand for beer is active, and the
ice which was put up last winter is
coming into play. At this season of
the year there is no place like home,
and no place for a home like Minne-
sota."

Mr. L. Keister, of East Hickory,
while in Pittsburgh last week, was
robbed of ninety dollars. It happened
in this way: He had a job of running
lumber for Mr. S. S. Holbrook, with
whom he was settling. They were in a
room adjoining the billiard room of
one of the hotels, and Mr. H. had
counted out the money to Mr. Keister
on a table, and while the two gentle-
men were talking the thief stepped in
from the billiard room, snatched the
pile of money from the table and ran
out, making good his escape. It was
quite a severe loss to Mr. K., but Mr.
Holbrook insisted on standing half of
it, and thus the burden was not so
severe. For real, downright, cheeky
boldness this theft takes the chromo.

An exchange truthfully remarks:
"Purchasers of all kinds of goods
should pay attention to the advertis-
ing columns of the local press, not only
to see where they can purchase the
particular article in demand, but to
ascertain who are the liberal dealers,
ready and willing to share the profits
with patrons. The free advertiser is
uniformly the liberal dealer, and it is
a rare case that the opposite rule does
not prove good; that the man who
shuts himself up and waits for his pa-
trons to come to him is the one who
demands the last penny. Take note
of the men who advertise."

Auditors of boroughs and town-
ships too often neglect the publication
of their accounts. The law requires
that it should be done and affixes pen-
alties for neglect of such duty. Cases
have come before the courts in several
counties of the State, and the auditors
have been fined. The law is very
clear on the subject, and as soon as
the auditors have settled their ac-
counts they are in duty bound to pub-
lish them as the law directs. When
the borough or township has no in-
debtedness, neglect to publish incurs
a fine of \$20; and if the borough or
township is in debt, the neglect incurs
a fine of \$1,000.—Harrisburg Tele-
graph.

The upper oil country was again
met with a terrible scorching. The
region around Raw City, in the Brad-
ford oil field was burned over and
over two hundred rigs burned; also
the greater portion of the town. The
fire was caused by the carelessness of
a driller setting fire to a brush-heap,
which communicated with the woods,
where it was soon beyond control. It
spread rapidly, coming in contact with
oil tanks, rigs, etc., until miles of ter-
ritory were burned over. The loss is
inestimable. Hardly had this fire
died out until another broke out in
Rixford, and destroyed the entire city,
rendering over 500 families homeless,
and burning several large oil tanks.
Upward of a hundred thousand bar-
rels of oil are said to have burned.

Court convenes next Monday,
and judging from the number of cases
on the trial list, and what we can
learn from the officials a full week
will be put in. There are ten or a
dozen criminal suits to be disposed
of, besides a large amount of miscella-
neous business. The usual number
of jurors, witnesses, lawyers, clients,
&c., will be in attendance and the in-
dications are the hotels will reap a
harvest. A great many of our patrons
will be in town, no doubt, and we
hope they will pay us a visit. The
May term of court is about the liveli-
est of the year, as the weather is gen-
erally pleasant, candidates are plenty,
and nearly every one has a good-na-
tured look about him, and is ready to
shake hands, take a glass of beer, or
roll in the shade and talk politics.

Parties who are likely to be in
town during court week, should not
fail to look over our advertising col-
umns and see who are represented
there. The man who is liberal in
advertising is invariably liberal with
his customers, and will generally be
found the best to deal with. We
would call especial attention to the
advertisements of Geo. W. Dithridge,
S. H. Haslet & Sons., and Wm.
Smearbaugh & Co. Mr. Dithridge is
an old merchant in this place, and
everybody likes to deal with him,
knowing that he is always ready to
share his profits with his customers.
You can find almost any article asked
for at his establishment; Messrs. Has-
let & Sons., keep a fine assortment of
groceries, boots, shoes, and all kinds
of farming implements, which can be
bought at the very lowest prices.
Smearbaugh & Co., make a specialty
of choice groceries, teas, coffees, etc.,
and sell them at prices which defy
competition. Give all these establish-
ments a call, and see if we have not
told the truth.

Forest fires have been raging in
this county for the past few days doing
a great amount of damage to farmers
in burning fences and other property.
Jamieson & Copeland had between
forty and fifty cords of bolts burned
on John's Run, about four miles from
here. Many of the farmers on Dutch
Hill and other places have been
obliged to drop everything else and
fight fire in order to save their prop-
erty from destruction. These fires are
frequently the result of carelessness,
while burning out clearings, but more
frequently they are the work of malic-
ious persons, who have no property
to be destroyed, or want to vent their
spleen on some of their neighbors, or

do it through sheer devilment. There
is a law for the punishment of these
incendiaries, and if it were strictly
enforced, and lessons made of a few
of the perpetrators no doubt forest fires
would be less frequent. Until the citi-
zens take this matter in hand with a
determination to prosecute all offend-
ers they will have to put up with and
fight fire every time there comes a few
days' drouth.

Greenback Primaries.

Last Saturday afternoon the green-
backers of this county held their pri-
mary elections. In this place the day
was unusually quiet, and one would
not have suspected that an election
was going on, so little stir was there.
We give below the result in each elec-
tion district, by which it will be seen
that the vote was very light, there
being only 138 polled in the county.
This may be accounted for by the fact
that several did not attend the
polls. No doubt this must have been
the case. We know of no other cause
to assign, unless it is that some are wak-
ing up to the true status of affairs in
this county; that is, that a few individu-
als are keeping up the organization for
their own personal ends, hoping there-
by to slip into office. The voters are be-
ginning to see how the old thing is
working. Following is the result:

Rapid Sawing.

As we have at
different times seen accounts of big
days' work, sawing staves, cutting logs,
&c., we will now tell you what was
accomplished at our mill in sawing
lumber. We took the logs out of the
pond and sawed and piled one hun-
dred and thirty-eight thousand eight
hundred (138,800) feet of boards in
six days of eleven hours per day. The
logs were not sorted, but taken as they
came from the tree, large and small.
This is the largest amount ever sawed
in one week by the same number of
men. There is any number of mills
that can cut more lumber than this,
but what we claim is that it cannot be
beaten by eight men for that length of
time. Try it, some of you rapid saw-
yers, for one week and let us hear
from you. Yours &c.,
ROOF & WATSON.

To arrive to-day a choice lot gro-
ceries including French and Turkey
prunes, choice Georgia peeled peaches,
also fresh strawberries. Wm. Smear-
