TILDEN and Porter have been suggested for a ticket. It would combine Democratic innocence and Democratic patriotism. Knock in the heads of the barrels and turn them loose.

OVER one hundred thousand dollars has been expended by the present Congress in investigation and seat contests. That's the way the Democratic majority in Congress economize.

THE Republican candidate for Auditor-General is a Lemon the Democrats will find it impossible to squeeze next fall. No matter what sort of high Jenks may be attempted, they will be Green in November.

So far as we can judge by the full reports, the St. Louis Anti-Third Term Convention was in one sense the most remarkable gathering ever held in America. There never was a political convention from which so many eminent men staid away.

NOTHING could more clearly illustrate the success of the Republican administration than the steady reduction of the national debt. The fact will have an important bearing in the determination of the people to continue administration with the scope of the same political policy.

McCLURE of the Philadelphia Times, is almost inconsolable in his grief over the final downfall of his friend Curtin, whose bad cause he espoused with great vigor. He abuses all those who voted against the ex-Governor's right to a seat, not forgetting the Confederate Brigadiers.

AMONG the delegates to the National Democratic Convention from this State are Hon. William McMullin and Hon. Sam Josephs. This furnishes additional assurance that reform will receive such an impetus at Cincinnati as has not been witnessed for many a day. Pennsylvania Democracy is putting its best foot forward!

THE Producers Torpedo company that did a considerable business for several years throughout the lower oil country, guaranteeing to protect its patrons from prosecution by Roberts, has sold out to Roberts, transferring the books showing every well torpedoed, date, size of torpedo, etc. Roberts is now engaged in collecting about three times the price of the original torpedo from the victims. Somebody needs shooting.—Clarion Democrat. Roberts is the Greenback candidate for Auditor General of this State.

In 1878 there were a good many Greenbackers in North Carolina, some thousands of them in fact, and in one Congressional district, by uniting with the Republicans, they elected their candidate. This year they are not so numerous and at their State Convention recently there were only four of them present, and one of these was a postmaster, whom we strongly suspect is a Republican at heart.

THE Senate of New York has passed a resolution proposing a constitutional amendment granting to women the right of suffrage. This result is somewhat unexpected, since the subject has not been agitated much of late, and no special effort was made to secure the passage of the resolution. The women of New York must not base extravagant hopes on this action, since much yet remains to be done before they can vote on an equality with men. The lower branch of the Legislature has not yet acted on the matter, and if its action were favorable it would only complete the initial step in the series necessary to amend the organic law. But the woman suffrage leaven is working.—Pitts. Com. Gazette.

THE contest of Hon. A. G. Curtin for the seat of Mr. Yocum in Congress, from the 20th district of this State, which has been the subject of much discussion, was concluded Tuesday 11th, by the House, Mr. Curtin failing to be sustained by the vote of that body, the result of the ballot being 75 for and 115 against. It is said that the ex-Governor had expended \$25,000 in the prosecution of his case, and this result cannot be otherwise than very humiliating. First, defeated in a district giving the party that placed him in nomination 5,000 majority; and second, to be snubbed by party associates in a contest for the seat occupied by his successful opponent.—Brookville Republican.

STATE CAPITAL JOTTINGS.

HARRISBURG, PA., May 15, '80. On Tuesday last the Great Council of the I. O. Red Men arrived here and were welcomed to the city by his Excellency, the Governor, and his Honor, the Mayor, in the House of Representatives, where they have since been holding their councils. On Tuesday evening the Governor and Mayor went through the ceremony of being scalped, and are now members in good standing. On Friday last all business was gotten through with, the final council held and the order adjourned to meet again next year. A large fine body of men attended the conclave and everything passed off pleasantly, reflecting great credit on the order in general, and particularly on those members having it in charge.

Senator Cameron has failed to heal the breach in the Philad'a Delegation, which seems to widen. Senator Elliot, a delegate from Philad'a, and a pronounced anti-Grant man is seriously ill, and will be unable to go to Chicago to attend the convention. His alternate Mr. Pollock, is for Cameron and Grant, which is balm for the Grant men, who are praying that Elliot may not recover for a time at least. This one man won't do any good, however, as the Delegation is too strong for Blaine to be affected by one vote.

Our warm summer-like weather changed suddenly on Thursday, since which time it has been decidedly cool, which proves, in the language of "Puck," that "one Duster does not make a summer."

WARREN.

Our Washington Letter. Special to the REPUBLICAN. WASHINGTON, D. C., May 13, '80. The Curtin-Yocum contested seat case has been settled by leaving the Greenbacker, Yocum, undisturbed. This is the only thing the Greenback party has accomplished this session. Curtin has had a hard experience since he left the Republican party, and now he has been rejected by the very Democrats who got him to run for Congress.

The House will meet after the 15th of this month, one hour earlier than usual. From this it will be seen that Congress is really in earnest in its endeavors to adjourn by the first of June. The Appropriation Committee of the House expects to get through with the legislative, executive and judicial appropriation bill to-day. If this should prove a correct conclusion the sundry civil appropriation bill will be reported to-morrow, and it is hoped to have it passed by the end of

the week. This will leave but two bills for the House to pass, the River and Harbor and the General deficiency appropriation bill. An effort is to be made next Monday to pass the River and Harbor bill under a suspension of the rules. If all these calculations should eventuate there will be but one bill to be disposed of by the House after this week, the general deficiency bill. From the above it will be seen that Congress can adjourn easily by the 1st of June. If, however, there is a tariff discussion and an effort to pass the funding bill the session may last until the middle of August.

Democratic management, or rather mismanagement, is shown up by their neglect to appropriate money to light the public buildings. The Post Office Department has no gas nor water, and in a few days the public buildings all over the country will be in a like predicament, causing serious embarrassment to the public business.

Senator Hill finished yesterday, his speech supporting the Kellogg resolutions. It was a ferocious effort, which is all that can be said in its favor. He simply reiterated the old falsehoods so often disproved by the Republicans. In fact, his speech throughout showed that intense personal hate toward Kellogg animated him rather than the justice of his case. His speech was intended to convert the doubtful Democratic Senators, but in this it failed utterly. It is even said that Hampton of South Carolina, will reply to Hill in a defense of Kellogg.

Superintendent of the Census Walker is pushing his preparations rapidly towards completion. He has a night force at work.

The Sherman men are happy over Grant-anti-Grant contest. They think Sherman will get the benefit of the "split."

What they say of it! A few facts for the people.—There are few preparations of medicine which have withstood the impartial judgment of the people for any great length of time. One of these is Dr. Thomas' Electric Oil. Read the following and be convinced.—"I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Electric Oil, and since then have had no attack of it. I would recommend it to all." A. M. Hamilton, Warkworth, writes, "I have sold some hundreds of bottles of Electric Oil, and it is pronounced by the public some of the best medicines they have ever used." It has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence." Joseph Knapp, Township Perry, writes, "I was persuaded to try Thomas' Electric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for rheumatism, lameness, etc. It is a great public benefit." A. M. Hamilton, Warkworth, writes, "For weeks I was troubled with a swollen ankle, which annoyed me very much. Mr. Maybree of this place induced me to try Electric Oil, and before one bottle was used I was cured. It is a remarkable medicine. Sold by all medicine dealers. Price, 25c, and 50c, and \$1.00.
