In view of the fact that many blunders were made four years ago in the selection of the candidates for Presidential Electors, which gave the Dem- day. ocracy numerous pretexts for assailing the elegibility of Republican Electors, it would not be a bad idea for the national committee to designate a subcommittee whose business it shall be to see that every man on the Electoral tickets is duly qualified.

Ex-GOVERNOR CURTIN is already in the field as a candidate for the Democratic nomination for Congress in the Clearfield district, where he was beaten two years ago by Seth H. Yocum. No politician ever suffered a greater humiliation than Gov. Curtin did in that campaign. The district is Democratic by a majority bordering on five thousand. He was the regular Democratic nominee, yet in the face of this overwhelming party majority he was beaten. He then commenced a contest which cost the public treasury nearly \$50,000, and in the end failed to secure the seat. Perhaps the Democracy of the Clearfield district will be willing to take some more risks with Governor Curtin, but we will not believe it until the convention has so decreed.

Our Washington Letter.

Special to the REPUBLICAN. WASHINGTON, D. C., May 27, '80. The Democrats seem determined to do all in their power to place the Federal election machinery under the control of their party. Towards the ination. It is feared he comes too this end they have passed, in the Senate, this session the Morgan bill to govern the electoral count, and the Bayard Marshall bill which provides that the power of appointing election marshals shall be taken from the Executive branch of the Government, where it constitutionally belongs, and given to the Judiculary, and further that the marshalls shall be appointed from both political parties. They passed this measure for the alleged purpose of preventing the employment of partizan officials. But by posing a third term, when they haven't this latter provision, it will be plainly had a first term in a quarter of a seen that the real object is to gain as much control over the election machinery as possible and for purpose well understood by all. The Democrats are now endeavoring to pass a law doing away with all the present election supervisors, and appointing new ones subject to confirmation by the Senate. This bill, it will readily be seen has for its object to get rid of the officers now holding the positions, who are outirely familiar with their duties, on the eve of a Presidential election. If by these devices the Democrats hope to gain favor with the people,

It is now certain that an adjournment of Congress cannot be had until the 10th of June. The appropriation bills are not through yet, nor can they be got through in time for adjournment as originally proposed on the 31st. The House is at work on the Sundry civil bill, and will probably finish it in time to take up the Post Office Appropriation bill on Friday. It is more than can be told, what caused Congressmen to idle away the cool invigorating months of December, February, March and April, just the season for hard Congressional labor. and then work night and day during THE Republican convention of the hot months of May, June, and

What they say of it! A few facts for the people. -There are few preparations of medicines which have withstood the immedicines which have withstood the impartial judgment of the people for any great length of time. One of these is Dr. Thomas' Electric Oil. Read the following and be convinced:—"I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Electric Oil, and since then have had no attack of it. I would recommend it to all." A Maybee Merchant, Warkworth, writes, "I have sold some hundreds of bottles of Electric Oil, and it is pronounced by the public 'one of the best medicines they public 'one of the best medicines they have ever used;' it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence." Joseph Rusan, Township Percy, writes, "I was persuaded to try Thomas' Electric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curring lameness. It is a great public benefit, A. M. Hamilton, Warkworth, writes, "For weeks I was troubled with a swelled ankle, which approved me very much." which annoyed me very much. Mr. Maybee of this place induced me to try Electric Oil, and before one bottle was used I was cured. It is a most remarkable medicine. Sold by all medicine dealers.
