LOCAL AND MISCELLANEOUS.

—Rev. Hickling occupies the pulpit of the Presbyterian Church next Sunday morning and evening.

—Rev. A. O. Stone will preach in the M. E. Church next Sunday evening.

M. E. Sunday School at 10 o'clock a. m., and Presbyterian Sunday School at 3 o'clock p. m.

—Oil 94 3-8a.

—The rise in the river has spoiled the spearing for a time.

—R. Z. Gillespie's school at Newtown will commence on the 8th inst.

—You can catch bass now with impunity; a hook and line are much better, however.

—The Fourth of July will be here in four weeks from next Sunday. Will Tionesta celebrate?

—The Treasurer will commence the sale of lands for taxes one week from next Monday, June 14th.

—Mr. L. J. Leech, of Edenburg, one of the gentlemen connected with the pipe line is stopping in town.

—Dr. Thayer did not appear in the circus yesterday, much to the disappointment of many who wanted to see the great showman.

—The customary rural rent, leading his girl by one hand and the usual hunk of "gunger-bread" in the other attended the circus yesterday.

—Bark peeling is a rushing business in some of the forests in this county. A goodly number of men are thus employed and it makes things lively.

—Prof. Peck's Tidoute vocal class will give a concert in that place next Friday evening. Some of the singers of this place propose taking part in the entertainment.

—Grain looks well generally in the rural districts. Hay will be a short crop, but corn and potatoes may be a good crop and yield plentifully, so we are informed.

—Mr. C. A. McClintock, of Franklin, is making Tionesta his temporary headquarters. He is the gentleman who owned the stove mill recently burned on Lemantation.

—The several shooting clubs of Titusville will have a grand pigeon shoot on Friday and Saturday of this week. Some of our shotists are talking of going over to look on.

—A few of the young folks enjoyed a very pleasant hop at the Lawrence House last Friday evening. It was gotten up by the Italian musicians who have been here for several days.

—"Dad" Hulings returned from Kane on Monday, where he has been "pigeoning it" for several weeks. He reports the pigeons and neiters still abundant in that section, and expects to go back shortly.

—Mr. G. M. Kepler, Supt. for the Millerstown Oil Co., has purchased for the company several tracts of land and will soon begin the erection of a mill at the mouth of Salmon creek for manufacturing lumber.

—There are slight whisperings of an excursion from this section to Niagara Falls soon. This place would likely turn out a goodly number.

P. S.—Just before going to press we received a telegram from Gen. Pass. Agent Baldwin that a grand excursion under the management of the P. T. & B. R'y, will take place June 24. We will give full particulars next week.

—Jim Hulings arrived in town Monday, having come all the way from Atchison, Kansas, in a 'prairie schooner,' in company with Julius Hulings and family of Elk City. They made remarkably good time, having been but a little over five weeks on the road. Jim is looking very well, but doesn't speak in as glowing terms of the West as some others who have been there.

—Fred., youngest son of C. F. Gillespie of Whig Hill has been very low with diphtheria, but is now considered out of danger. That vicinity has had several seizures of this loathsome disease, and it is hoped it will not spread this time.

—John Muenzenberger, Boro. St. Commissioner, wishes to inform all tax-payers in the South Ward that he will commence work on Monday next, June 7. All having taxes to work out and wish to do so will be on hand promptly.

—The late rains raised the creek considerably, and on Monday a bracket was cut at Coon creek and eighteen or twenty rafts were brought out. It is hardly probable that the river will be high enough this time to run any of the lumber to market.

—The census enumerator is now at large and may be expected to call on you any moment, with a volume of seemingly impertinent interrogatories, but they must be answered. A heavy fine may be imposed upon all who refuse to give the required information.

—That big Forest county snake story in the Derrick last Thursday was all a mistake. It was fools that "Uncle Ben" killed, and he slew them all but one, and he wrote the story for the Derrick. It's too bad he escaped, as he was doubtless the finest specimen in the lot.

—Some of the finest cherry lumber we have ever seen is now being hauled to this station from Shippe & Mensch's mill near Marienville, this county. It is said there are thousands of acres of this beautiful timber in that part of the county. This lumber is worth from \$50 to \$65 per thousand in market.

—Dr. A. P. Heichhold, of Brookville, was loading a shot gun to shoot a neighbor's pigeons that were deprecatating in his garden, and requested a boy to put on the cap while he was loading. The gun was discharged, the load passing through the doctor's right hand, mauling it in such manner as likely to disable it permanently.

—There is a strong talk of a new railroad up Tionesta creek, to be built and controlled by the P. T. & B. R'y. There is as yet very little to be learned regarding the project, but those who know say it is next to an assured thing. The President, board of directors and executive committee of the P. T. & B. passed up the road one day last week, and it is rumored that the above project was part of their business.

—The Republican National Convention which meets at Chicago to-day will probably be the largest and most spirited ever held in the Union. It is impossible to tell at this writing who will carry off the cake, but from the present out-look it seems that Grant will draw the lucky number. All sorts of rumors are afloat about bolting the unit rule, but what the threats will amount to remains to be seen. In the meantime all good Republicans will support the nominee.

—Chairman Davis to-day publishes a call for the Republican primary elections on the 26th inst., in accordance with a resolution of the county committee, and the rules governing the primaries. As will be seen there is a Coroner and County Surveyor to elect this fall, there having been a mistake in the election of the Surveyor last fall, the present incumbent's term not having expired; and by reason of the Coroner elect last fall neglecting to take out his commission there is a vacancy in that office. Who wants to be Coroner or Surveyor? Don't all speak at once.

—Notwithstanding the very inclement weather yesterday, Thayer's Circus in this place was fairly attended. From what we can learn the performances gave quite general satisfaction, the riding, tumbling etc., being very good. The Electric Light was considerable of a curiosity, the large pavilion being lighted by it in the evening. One of the most pleasing features of the circus was the gentlemanly demeanor of all those connected with it. Mr. De Forest Davis, the Treasurer, is the only one we met personally, and we found him a perfect gentleman in every sense.

—It gives us pleasure to direct attention to the new "ad." of Mr. Ed. Heibel, in this issue; first, because he is a square and pleasant gentleman to deal with, and second, because his branch of business is one that Tionesta

has long felt the need of. Mr. H. is a mechanic of many years' experience, and there is nothing in the tinning or hardware line which he does not fully understand. We hope our citizens will patronize him liberally, and thus encourage and assist him to build up an extensive business in our town. Farmers and citizens having junk, rags &c., to dispose of will receive the highest market prices by bringing them to Mr. Heibel's.

The Democratic Primaries.

The Democratic primary elections took place on Saturday last according to program and the convention of return judges was held yesterday afternoon. As will be seen by the figures below Mr. Siggins had an easy walk-over for Assembly, the only office for which there was any great contention, and Maj. Woodcock and his friends were badly left. The number of votes polled was much larger than was expected by the most sanguine Democrats, and the mystery to them is where the votes came from. In Hickory township, where they polled but 14 votes at the general election last fall they have 37; in Howe township the united vote of the three parties was but 28 last year, and they now scoop in 42. Harmony township last year showed up 32 Democratic votes, and this year 70. It was about so all over the county. It is hardly worth while to comment on the matter. The figures show that there is a screw loose somewhere, and that the thing is not as straight as it might be. That a great many were allowed to vote who are not Democrats cannot be denied, and we have it from reliable men of all parties that Greenbackers who had voted at the recent Greenback Primaries were hauled to the polls and voted. Either there has been a great change of sentiment since last fall, or some of the over-zealous friends resorted to this expedient in order to secure the nomination of the candidate of their choice; doubtless it was a good deal of both. However, it is none of our funeral, and if the Democrats want to go into the campaign with such a record we know of no reason why they should not be allowed to do so. The result of this election shows one very significant fact, and that is that a great many of the Democratic Greenbackers are returning to their old love, just as we always contended they would do when they found there was nothing to be gained by joining the Greenbackers.

The following is the vote for Assembly by townships:

Barnett—Siggins 7; Woodcock 3.
Upper Green—Siggins 10; Woodcock 0. Lower Green—Siggins 8; Woodcock 14.
Upper Howe—Siggins 30; Woodcock 0; Lower, Siggins 12; Woodcock 0.
Upper Harmony—Siggins 23; Woodcock 16; Lower, Siggins 1; Woodcock 30.
Hickory—Siggins 36; Woodcock 1.
Jenks—Siggins 20; Woodcock 3.
Kingsley—Siggins 11; Woodcock 2.
Tionesta Twp—Siggins 16; Woodcock 4.
Tionesta Boro—Siggins 18; Woodcock 5.
Siggins - - - - - 192
Woodcock - - - - - 78
Siggins' majority - - - 114

For Associate Judge, S. F. Rohrer had 141 votes, and Archie Black 98. T. P. Flyner was nominated for County Treasurer.

John Peterson received the instructions for Congress, and S. T. Neill of Titusville for President Judge.

Conferees were appointed as follows: Judicial, J. M. Kepler, Jno. Woodcock and S. H. Haslet; Congressional, Dr. Jenkins, Wm. Schields and A. J. Siggins.

Dutch Hill.

STAR, PA., May 29, 1880.

Notwithstanding our prolonged silence we are still able to kick, when it is necessary. Mr. Peter Lovel is taking out timber for a new barn, which will make three new ones within a scope of two miles.

We now have an English Sabbath School here, with Mr. Geo. Osgood as Superintendent. The elegant bibles, for which George has the agency of the county, sell better than any other book, which speaks well for the people. Our new minister, Rev. J. A. Yount, besides being a good preacher, is, like Peter of old, a very fair fisherman.

In company with two or three others, he took quite a nice lot of the fluky tribe out of Tionesta creek yesterday. Crops are picking up wonderfully since the rain, and we are living in hopes of a good yield of all kinds of produce. My letter is short this time but will try and do better next time. A. B. C.
