LOCAL AND MISCELLANEOUS.

—Rev. Hinkling will occupy the pulpit of the Presbyterian Church next Sunday morning.

—Free Methodist preaching in the Universalist Church next Sunday evening.

M. E. Sunday School at 10 o'clock a. m., and Presbyterian Sunday School at 3 o'clock p. m.

—Hoi! for Niagara to-morrow morning!

—The oil market is booming. Closed yesterday at \$1.18.

—Jamieson & Copeland will start up their Tubbs Run stove mill this week.

—Republicans, turn out next Saturday afternoon and vote for your choice of candidates.

LOST.—A small brass door key. The finder will be suitably rewarded by leaving it at this office.

—Mr. J. S. Bowser, cousin of Mr. Robinson, and a very agreeable gentleman, stopped in town last night.

—Are you going with the excursion to Niagara Falls to-morrow? It will be the last of the season from this vicinity.

—The Elk County Gazette is reliably informed that Hon. John G. Hall will not be a candidate for President Judge this fall.

—Squire Brennan is among the temporary widowers of our town now, his family having gone on a visit to Panther Rock.

—Mr. Jacob Hoovler, of Sandy Lake, Pa., accompanied by his daughter, is here on a visit to his son, Mr. J. C. Hoovler.

—Mr. J. M. Ahlstrand and wife, of Millage, Erie county, were here this week to see Geo. Hunter, who is a brother of Mrs. A.

—Don't neglect your duty next Saturday, Republicans, by staying away from the polls, but come out and give the man of your choice a vote.

—Mr. J. Creary, of the firm of Horton, Creary & Co., Sheffield, Pa., was in town yesterday looking after the interests of the company in this county.

—Christian Corb, who lives in the Huddleson settlement, Tionesta township, will raise a new barn on Friday next, and desires all who can to come and "give him a lift."

—Up to the hour of going to press this morning nothing definite can be learned as to who the Democratic National Convention at Cincinnati will set up for the Republicans to knock over.

—Hon. J. B. Agnew and family arrived in town Saturday evening. Mrs. Agnew and Mack will spend a few weeks visiting friends at Oil Creek Lake. They are looking unusually well.

—Mr. A. P. Anderson, who keeps the boarding house at the Brookston Tannery, was in town Saturday. His vote will swell the Republican party just one when he gets his naturalization papers.

—Charlie Bonner left on Monday for a trip South, Tennessee, we believe, being his objective point. He goes by the way of Cincinnati, and will probably take in the National Democratic circus for a day or two.

—The indications now are that the Odd Fellows of this place will have a parade on the Fourth of July, to close with a basket picnic, in which all the citizens are invited to take part. Saturday, the 3d, will be celebrated. Full particulars next week.

—Rev. Stone announced last Sunday evening that the last quarterly meeting of the year would take place at the M. E. Church two weeks from next Saturday and Sunday. Presiding Elder Peate will be present and conduct the services.

—The young citizens of Tionesta have hit on the correct thing at last. By a little agitation a number assembled at Dr. Blaine's office, Monday evening, and organized the "Terpsichorean Club of Tionesta," electing Dr. Blaine, President; P. M. Clark, Vice President; Al. Hayden, Sec'y; and Chas. Bonner, Treasurer, with the usual number of directors, managers, etc. The object of the club is the encouragement of social dancing and general enjoyment. A platform will be built, and arrangements made for having a social gathering about once in two weeks during the summer and while away the evening in the Terpsichorean whirl. The move is a good one and will receive the encouragement of all who believe in the innocent amusement of keeping time with the sweet strains of the violin and cornet, and breaking the monotony of dull despair. The first hop of the season will take place in about two weeks; in the meantime all interested are requested to meet at Dr. Blaine's office to-night to complete arrangements.

—Last Saturday Messrs. Bernard of Philadelphia, Sanders of Bradford, and Clark of Warren, boarded the afternoon train at this place for their respective homes, having just returned from a piscatorial excursion on the headwaters of Tionesta creek. They started at Sheffield and floated down, taking in all the good trout streams along the creek. Their luck was very good and they report having had one of the pleasantest trips of their lives. For a few day's real solid enjoyment and recreation there is nothing equal to a trip of this kind.

—During Mr. Einstein's absence in Europe his store is left in charge of his brother, Samuel, and from the neat and tasty manner in which it is kept and its apparently flourishing condition generally, we believe Morris would do well to take a trip every summer.

—Hon. Chas. Pelham, of Alabama, was appointed to fill the office of Associate Justice of the Supreme Court of New Mexico, about which there has been so much speculation and talk in this section. The Senate confirmed the appointment and that settles the matter effectually.

—Hanlan, the champion sculler has been badly beaten at last. In the race at Providence last week Ross, of New Brunswick, took first prize; Riley, of N. Y., second, and Ten Eyck of N. Y., third. Hanlan seemed to stand no show whatever, and claimed to have been taken with a severe stitch in the side.

—The strawberry and ice cream festival at the Lawrence Hall last evening for the benefit of the Presbyterian Sunday School was a complete success. The attendance was large, and everybody was well pleased. The cream, cake, berries, flowers, lemonade, were all first class. The school netted \$38.45.

—The coming Free Methodist Campmeeting promises to be largely attended. The Railroad company will sell tickets at reduced rates during the meeting, and no doubt there will be excursion trains from neighboring towns. The meeting will begin on Wednesday, July 21st, and continue one week.

—In accordance with a law passed some years ago, the County Commissioners are required to have enrolled every person subject to military duty in their respective counties. It is made the duty of Assessors to make this enrollment, and we understand that the Adjutant General of the State is about requiring the law to be fully enforced.

—The June number of Baldwin's Official Railway Guide has made its appearance, heavily laden with facts, figures and fancies for the traveler, who cannot well afford to be without it. Ask for it on the trains, or send to the publisher W. S. Baldwin, 15 Exchange St., Buffalo, enclosing \$1.00 for a year's subscription.

—Mr. R. B. Patterson, of Franklin, and Capt. J. E. Hillier and F. C. Van Dusen, of Mercer county, arrived in town on Wednesday last and Thursday morning hied themselves to the cool retreats of Salmon creek to take in the beauties of nature, trout and "punkies." They reported fair luck and lots of fun, and returned Friday evening very much refreshed by their "picnic."

—Supt. Wilson and C. B. Evans, of the P. T. & B. R'y, passed up the Road Friday afternoon. In answer to a question regarding the road up Tionesta creek, Mr. Wilson said that nothing definite could be ascertained as yet. He said if the proposed merger of this and the Buffalo & Southwestern R'y should be consummated the chances of a road up Tionesta creek would be very much enhanced.

—Mr. R. B. Swalley and Prof. Williams, of Fagundas, paid us a pleasant visit last Saturday. Mr. Williams is teaching the public school at that place, and has made application for the first department of our borough schools. They left with us the following important items: A week ago Saturday, lightning struck the M. E. Church at that place, so severely demolishing the steeple as to necessitate the building of a new one. —The happiest man in town now is P. C. Blocher, because it's a bouncing big fat boy, and arrived on Tuesday of last week.

The Niagara Falls Excursion.

To-morrow (Thursday) morning at 7:00 o'clock the special train will leave this place with the Excursion party to Niagara Falls. The full particulars of this grand affair have been published in this paper for the past three weeks, so that it is unnecessary to reiterate the many attractions which are promised to those who join the party; suffice to say, that all will be highly pleased with the trip, and will never regret the small outlay. A good many have signified their intention of going, and doubtless there will be a large crowd from this vicinity. No one who over intends visiting Niagara Falls should miss this opportunity, as they will probably never have a chance to make the tour so cheaply in the future. The indications are that the coming Fourth will be very dry in this section, and as everybody expects to take a holiday about this time of year this excursion will afford them an excellent opportunity to do so. It will be worth a dozen Fourths. Remember that a baggage car will be attached to the train to transport lunch baskets free of charge, and we would advise all to provide themselves with lunches, as by so doing time, trouble and some expense will be saved. Let all who contemplate going be on hand in good season, and have a day of profitable sight-seeing and enjoyment.

—We wish to make a last request of the Republicans of Forest county to turn out to the Primary Elections next Saturday and take part in the nominations. No Republican who cares one iota about the welfare of his party will stay away from the polls. You may think there is little use to bother about the nominations—that any of the men announced will suit you—but that is not all; we want a good vote out. It gives strength and encouragement to the party. There is no use disguising the fact that we have to work if we would win in the fall, and we must have the hearty support and co-operation of every Republican in the county. A good vote at the primaries will do more to insure our victory at the general election than the electioneering of a score of political workers. We have every reason to believe that the result, whatever it may be, will be entirely satisfactory to all parties concerned. The candidates have been making no very great efforts, but have been working quietly and squarely, and have carefully guarded against anything calculated to create ill feeling between themselves or their friends. All are ready to accept the situation. We wish also to caution election officers to observe strictly the Rules governing the primaries, and see that their every action is in accordance with those rules. Turn out, then, and let us have a good election.

—D. W. Clark, Census Enumerator for Tionesta Township and Borough, has filed in the Prothonotary's office a list of all the persons in his district, with color, sex and age. This is all the information that is made public until officially published by the Government. In looking over the list we find there are 520 persons in the Township, and 467 in the Borough. In 1870 there were 365 in the borough, showing an increase of 30 per cent. At that time Green township was part of Tionesta township, so we cannot tell what the increase has been in the township. Mr. Clark will be at the Court House on the 25th and 26th inst., for the purpose of correcting any mistakes that may have occurred in his report, and all interested can govern themselves accordingly.

—Mr. Geo. E. Blake, of the firm of Wicker & Blake, wholesale lumber dealers, Boston, has been in town several days buying cherry lumber. He has now ready for shipment between 70 and 80 thousand feet of fine cherry lumber as can be found in the Union. This lumber is manufactured and hauled to this place on wagons. It is said there are thousands of acres of cherry and ash timber where this comes from, some of the trees measuring three and four feet in diameter. Shipe & Mensch have a mill in operation, in Jenks township, and another one is about ready to start up. The cherry brings from \$50 to \$70 per thousand readily.

—John Brookston and Henry Aronson, of Brookston, this county, couldn't "hitch" for some reason or other, so they concluded to "knock it out." John is from Sweden, while Henry is a descendant of the tribe of Israel. John knocked the Israelite out of time, whereupon "Is." had him arrested and brought before Squire Brennan, of this place. The Squire could not find from the evidence that "Is." was very severely injured, notwithstanding he claimed to be badly hurt "all over"—yet agreed that John had struck him but one blow in the short ribs—therefore he imposed upon him (John) the costs of prosecution and discharged him with the admonition not to send in the "easy-greazers" quite so lively in the future. This verdict did not suit the prosecutor a cent's worth, and he said if that's all it cost he might take a hand at the business himself some day.

—The school board met on Wednesday evening last, and decided upon having eight months school for the ensuing year, the term to begin first Monday in September. The reduction in the valuation made it necessary to levy eight mills taxes on the dollar, instead of six as last year, the total valuation being 33,000 dollars less this year. This will make the taxes of each property-holder the same, or very nearly so. Several very important improvements will be necessary about the school buildings before winter sets in, and with judicious management the amount of taxes raised will be sufficient to defray all expenses. Nothing is so conducive to the growth and prosperity of a town as first-class schools, and no one should growl for having to pay taxes for this purpose. All intending to make application for schools should remember that the teachers will be selected on the second Monday of July, being the 12th day of the month.

Neilltown Ripplings.

The first and most absorbing topic of interest with us at present here is the festival to-morrow evening, to be held in "The Hall," proceeds for the benefit of the Presbyterian Sabbath School. Before this finds its way into the columns of your paper 'twill be a thing of the past, but as we expect a good time, and as there is nothing to hinder so far as we can see, you may consider that we have had a good time. Rev. McLaughlin preaches for us regularly once every two weeks. Our S. S. is in a flourishing condition.

The storm of Sunday week ago was quite severe in our vicinity. Some fruit trees were destroyed and a number of derricks were blown down. Nicholls & Holeman have since rebuilt the one blown down on their lease.

The old store house that stood just on the other side of Major Woodcock's hotel was torn down and taken away during last winter, and now the Major is putting a neat substantial picket fence about that part of his lot, and also has built a good strong sidewalk the extent of the same, which is a convenience and comfort, and now that it has been built is found to be a necessity. And while we linger around this part of the premises with our quill we are reminded that in the back part of his lot the Major has some fine

strawberries; just as nice large ones as are raised anywhere.

R. O. Carson is enclosing the lot on which his house stands with a nice picket fence; this is quite an item in the improvement of that part of our village.

A neat board fence on the lower side of the road, now runs from Mr. Coffin's barn to the top of the hill out toward Tionesta. More of this kind of improvement in this part of our town would be a good thing.

The hay crop will be very light in this section this season. Wheat is good; rye also, we believe, and oats and corn promise well. We will have some fruit too.

We do not hear that any public demonstration will be made here in celebration of the coming Fourth, but we'll not forget the day when it comes; one inconvenience about it is that it comes on Sunday, and our teachers can't get a "holiday" out of it.

Our friend and merchant J. B. Machesney still holds forth and prospers in his store on the corner where he disburses groceries and goods of all kinds at the very lowest prices. He is also our postmaster and a very genial one too. We have two mails daily, one from Pleasantville in the morning and one from Tidoute in the evening. BY THE WAY. June 21, '80.

Grain-Cradles, Hand-Rakes, Scythes and Snathes, Shovel-Plows, Cultivators, and London Blue for killing potato bugs, at Robinson & Bonner. 3t.
