LOCAL AND MISCELLANEOUS.

—The oil market opened yesterday at 97 1/2, and closed at 98 1/2.

—The indications are favorable for an abundant chestnut crop.

—Tylersburg and Marienville are now blessed with telegraph offices.

—Remember the second grand excursion to Niagara on the 29th inst.

—The Free Methodist church will be dedicated next Saturday morning.

—Park Grove is down from Bradford. He is looking fine and will take in camp-meeting.

—Mr. G. King, of West Hickory, paid us a short but substantial call yesterday afternoon.

—Corn is a trifle and "roastin' ears" will soon furnish a yard of belly-ache to the square inch.

—Wm. Blum is ornamenting his domicile with a coat of fresh paint. Artist Doult is flourishing the "bristles."

—Mr. Chas. Matchett is here on a visit to his cousin, Charlie Bonner. Mr. M. is studying medicine in Philadelphia.

—Mrs. W. A. Huddart, of Cincinnati, with her two children and mother, Mrs. Ann Stow, are on a visit to Dr. Blaine's family.

—Mr. A. Weise, was up from Allegheny City a few days during the week looking after his laud interests in this county.

—Several of our citizens have had slight attacks of cholera morbus within the past week. People should beware of green truck.

—Judge Proper has invested in a new reaper, which is said to work handsomely. It's the only one in the county, we believe.

—Rev. and Mrs. O. B. Clark visited their son, D. W., last week. Both are in the enjoyment of their usual health and spirits.

—Every teacher, every director, and every student should write for circulars of the State Normal School. Address, J. A. Cooper, Edinboro, Pa.

—Z. T. Shriver, Geo. Albaugh, and Samuel Campbell have been appointed special police during camp-meeting. A word to rowdies is sufficient.

—Mr. and Mrs. W. A. Greaves, of Warren, and Mr. and Mrs. L. R. Freeman of Franklin, are visiting at the residence of E. L. Davis, Esq.

—There will be no preaching in the Presbyterian Church next Sabbath, and the congregation will have an opportunity to attend camp-meeting.

—Mr. D. W. Agnew has rented the Setley house and commenced house-keeping again. He was fortunate in securing such a comfortable location.

—Jamieson & Copeland have moved their mill from the mouth of Tubbs run, up the stream to Ebert run, a little over a mile, in order to be convenient to timber.

—Squirrels are reported plenty in adjoining counties. They have not made their appearance to any great extent in this vicinity, but will probably be around when the season opens.

—The Congressional Conference of the Democratic and Greenback parties of this district are in session in Clarion at this writing. It yet remains to be seen which party will "suck the hind teat."

—Imported blackberries are out but none have touched this market yet. However, we always wait for the home crop to come in. It is said they will be abundant where the fires failed to reach them.

—At the adjourned Treasurer's sale yesterday about ten pieces of land were disposed of. Another sale will take place August 24th, at 2 o'clock p. m. About 60 tracts are yet on the list to dispose of.

—Mr. Oll. H. Limbert, of Akron, Ohio, a former class-mate of Alex. Dale's, is paying him a visit at present. He has his sporting weapons with him and will put them to good use while here.

—Steel Violin Strings, full set of four strings, best in the market, sent to any address free on receipt of fifty cents. Address Henry Ewald, Jeweler and dealer in musical merchandise, Tidoute, Pa.

—Rev. Elliot arrived in town Monday afternoon and remained overnight, being on his way home from Oil City, where he preached Sunday. He was looking unusually well, and reports his family all in good health.

—Quite a number of our citizens have headed the warning of the borough dads and built new walks. The notices were not sent out for fun, and if those who have received them would save costs they had better "toe the mark."

—Teaming continues brisk; the hauling consists mainly of staves, hard lumber and pipe. Mr. Leech, the manager of the pipe business at this place thinks the line will be completed so that a test can be made by the first or middle of August.

—Nothing of general importance was done at the adjourned court Monday, save the issuing of papers of naturalization to some gentleman of Fagundas, whose name escapes us. Judge Wetmore did not attend. Adjourned to Friday Sept. 3d.

—Vandergrift hose company of Oil City, had an excursion to Brokenstraw Island, Irvineton, yesterday. The train consisted of five well-filled coaches, and a good time was doubtless had. The band discoursed some very fine music at this depot.

—Billy Blum's dog passed in his checks last Saturday morning. It happened at the muzzle of Mr. Dingman's shot gun. "Jack" had allowed his appetite for fancy poultry to get the upper hand of him; hence Mr. D.'s introduction of the "shot gun policy."

—Harry English, the Elk County desperado, who killed Constable Warren and dangerously wounded another while attempting to arrest him last spring, was captured in Michigan a short time ago, according to our Elk county exchanges. He is on his way to that county where he will be tried.

—A timothy stock measuring over six feet, from Conrad Burhenn's farm on Dutch Hill, was left with us. This doesn't look as though hay was a short crop this season. The above stalk was taken without special regard to its length, and the entire crop would average about the same.

—Miss Zou Garlick, who has been visiting with Miss May Kelly for a few weeks past, departed on Monday with her brother, Mr. Harry Garlick, who spent Sunday at Mr. May's. Miss Garlick formed many new acquaintances during her short stay, whose best wishes and kind friendship she bears with her.

—We understand there is a small patch of Canada thistles on Swift Island, just above the cemetery. The patch is a small one at present, but should be exterminated so the trash does not spread. The seed must have floated down the Conawango from the Chautauqua county, where these thistles in places abound.

—A fresh and full supply of Oranges, Lemons, Fresh Peaches, Eating Apples, Pine Apples, Cocoanuts and Water Melons, and in canned goods Corn, Tomatoes, Strawberries, Raspberries, Cherries, Catsup, Chow Chow, Gloucester Sauce; also fresh Figs, Peanuts, Dried Beef, Cheese, &c., &c., at Wm. Smearbaugh & Co. 2t.

—The Excursion Club, a party of about fifteen of the representative men of Pittsburgh, are at present encamped on Salmon creek, in this county, taking in the beauties of nature, trout, &c. Their camp equipage consists of over a wagon load of tents, stoves, dishes, etc. They are a jolly set, and will undoubtedly have a glorious time.

—John Muentzenberger, our active Street Commissioner, is doing some good work on the Borough Streets. Persons vary in opinions more with regard to public work on streets than any thing else. One citizen says, "Every voter and tax-payer in the town has at least two opinions, so the only thing a commissioner can do is to go ahead as he thinks best, and he will come out just right every time."

—Judge Kerr was here Monday to attend the adjourned court. The Judge, who was a candidate for re-election at the recent Republican primaries, accepts the situation gracefully, and says faithful Barnett can be counted on with her usual Republican majority in November. Judge Kerr has made a faithful and efficient officer, and if we always have such we will have no cause for complaint.

—Now that the farmers of our county are clearing up so much—extending their broad acres of arable land—erecting buildings, which are a credit to the county, in the line of substantial homes and capacious barns—why has not the time come to start a Forest County Agricultural Society? When we consider the large number of intelligent and scientific farmers we are astonished that this has not been done before. We suggest that at September court a movement toward the formation of an Agricultural Society be made. Our county is certainly improving.

—Baldwin's Official Railway Guide for July is probably the best number yet issued. It contains several more pages of matter than any previous number, and shows many other marks of improvement. The Guide has become one of the necessities to the traveler, and we are glad to know that it is a paying institution to its untiring publisher. Mr. Baldwin, as General Passenger Agent of the P. T. & B. R'y, possesses advantages for intelligently issuing a work of this kind, which he does with great care and ability. Ask for the Guide when traveling on the cars.

—Papa Baldwin, the veteran Gunsmith, still holds forth in his old stand in Tidoute, and we are pleased to state that his trade is on the increase. An old sportsman himself he knows exactly what is needed in that line, and keeps nothing but the best of everything and sells cheap. He can be found at his bench every day in the year, (Sundays excepted) from early morn till bed time, and is prepared to make anything from a cambric needle to a double-barrel breech-loading shotgun. There is one thing Papa don't want his customers to forget, and that is, if there is flacking snow his place will be shut up from the 1st to the 15th of December.

—Mr. J. G. Pearce, of Saltsburg, Indiana county, paid us a pleasant call on Monday. Mr. Pearce says that his county will give her accustomed majority for Gen. White this fall, notwithstanding the contemplated fusion of the Democrats and Greenbackers. He says twenty-five of the most prominent Democrats of his town have told him that as between Mosgrove, the mongrel candidate, and Gen. White they would unhesitatingly support the General, as by so doing they know what they are getting. The feeling is the same all over this county, even to some of the more consistent Greenbackers. They want no such Tomfoolery or boy's play.

—The camp-meeting commences this evening. The grounds have been put in good condition, and the seats, tents, &c., have all been nicely arranged, and nearly all the tent-holders are on the ground and occupy their tents. Next Sunday will probably see the largest crowd in town. We understand a special train will bring visitors from Oil City and other points along the road, and doubtless there will be several thousand people on the grounds on that day. A special police force has been appointed by the town council, and good order will doubtless be had. The meeting last year was characterized by the best of order and we have every reason to believe that this meeting will be also.

—A wide awake exchange gets at the matter in good shape, when it says: "A custom that formerly obtained in this 'neck o' woods,' but which has recently been sadly neglected, was to hand the printer a dollar with each marriage notice. Such an excellent custom as this ought not to be allowed to fall into disuse. If there is ever a time in all man's life when he should be liberal, it is when he marries a wife. His first act should be to remember the printer, who sends forth to the world the glad tidings of his new-found happiness. If a man neglects to properly reward the printer, he ought not to be surprised if trouble overtakes him in his married life. Every maiden should attach two conditions to her marriage promise: First that the marriage notice should be paid for, and second that the county paper should be the first thing got and paid for toward house-keeping."

Another Excursion to Niagara.

Just before closing our forms we received a telegram from Gen'l Passenger Baldwin that the Pittsburgh, Titusville & Buffalo R'y will give another excursion to Niagara Falls on Thursday the 29th of July. The fare (which by the way, was very reasonable indeed) and all other arrangements will be the same as the last one, with the additional guarantee that the excursionists will be brought home much earlier. Those who missed the other excursion should by no means fail to go on this one, as those who attended before will bear us out in the assertion that it was a grand success and worth double the outlay. If you go don't fail to take a lunch with you, as the ride is a long one and you are sure to get hungry before you get there. Put your lunch up in such a way that after it is devoured you will have nothing to lug around or take care of. At the Spencer House an elegant meal can be had for 50 cents, which is as cheap as can be gotten anywhere. We shall endeavor to give full particulars next week, but in the meantime all who love a day of recreation and sight-seeing should make arrangements to go on this excursion. Our word for it you will never rue the time and money spent. Remember the date, Thursday, July 29th.

Mosgrove Got It.

The Conference at Clarion yesterday nominated James Mosgrove, of Kittanning for Congress in this, 25th, district. The two parties, Democratic and Greenback, fused and effected the nomination on the "first round." Thus the "tail wags the pup." More anon.

Goes him a Ten.

TRUNKVILLE, July 20, '80. I noticed in your issue that Mr. Swalley said he could beat any man in Harmony township swinging the scythe. Please tell him in your paper that I will bet him \$10 that I can mow more grass in ten hours than he can, and oblige J. C. PERRY.

Peterson's Magazine for August is out, and is calculated to make glad the hearts of its many readers. The principal steel engraving is the handsomest we've seen for a long time. The colored fashion plates are fully up to the standard, and the design for "Border for lunch or tea table" is "just too cute for anything." Peterson costs but \$2.00 a year, and every lady should have it. Address Chas. J. Peterson, 306 Chestnut St., Philadelphia.

The leading illustrated article in the August number of Ballou's Monthly Magazine is "The Water Mill," a poem that is published by the request of hundreds of people who want to preserve it in some substantial form. This poem has had a wonderful popularity all over the country, and our readers will rejoice to see it in an illustrated form. The next article, handsomely illustrated, is the visit of a yachtman to the coast of Cornwall, England, in an American yacht; and then there is a learned article on Madras, India, with a fine view of the city; and then follows a nice summer story, called "Sic Him," by John A. Peters, a favorite writer. Published by Thomas & Talbot, 23 Hawley Street, Boston, Mass. at \$1.50 per annum, postpaid, and for sale at all the news depots in the country.

Ice Cream at the Forest House, on Tuesday and Saturday evenings, and every day and evening during Camp Meeting.

—Mr. J. W. Ball, of Brookville, is now traveling through this section picking up junk of all kinds, such as iron, copper, brass, rope, rags, &c., for which he is paying the highest prices. Look out for his big red wagon when he comes around. 2t.

Dr. Whittier, of Pittsburgh, Pa. It is well known, for many years, that the head of the profession in his specialty, all chronic and blood diseases, nervous prostration and all distressing consequences. See his card in another column. Read his works and judge for yourself.
