—The oil market opened yesterday at 96 1/2c, and closed at 91c. —Ole Bull, the great violinist died at his home in Norway last week.

—The borough schools will open one week from next Monday, Sept. 6th. —Wild plums are ripe and very abundant along the river and creek banks.

—Attention is called to the new card of W. C. Coburn, M. D., in to-day's issue. —Mr. and Mrs. H. H. May are visiting their daughter, Mrs. J. B. Leonard, in Chicago.

—Treasurer Lawrence disposed of the last tract of land on the sale list at yesterday's sale. Over 40 tracts were sold to the county. —Let every Republican see that not alone his own name but that of his Republican neighbor is placed on the registry list before September 1st.

—Dr. Towler, of Marienville, paid our town a visit on Friday last. The Doctor is a true Republican, and can polish off a campaign story with good effect. —Miss Anna Hulings, who has been teaching the Panther Rock school, came home last Thursday, having been taken quite sick with typhoid fever.

—The squirrel season opens next Wednesday, Sept. 1st, so rub up your old "fuzee" and be prepared to give them a warm reception. They are said to be getting plentier. —Persons desiring to become eminently successful as teachers, should attend the State Normal School. Opens Aug. 24. Address for information, J. A. Cooper, Edinboro, Pa.

—Mr. Peter Berry, of Fagundus, accompanied by his brother from Buffalo, a very pleasant gentleman, and Mr. J. L. Grandia, of Tidioute, paid Tionesta a short visit Monday. —Senator John G. Hall was in town last week, and paid us a very pleasant visit. The Senator is a wide-awake gentleman, and his friends in this county are always glad to see him.

—Mr. Carpenter is "making haste slowly" with his building across the way. But he is in no hurry, and is satisfied if he gets comfortable fixed in his new quarters before cold weather sets in. —Mr. Brennan has a large and commodious coal shed all complete, and has ordered several car loads of coal wherewith to fill it. Those in need should apply early and get the advantage of the present low prices.

—Derickson & Co.'s stove mill in this place is running at odd times, when there is stock to work up. Their mill at Hunter's station will start up this week, and will probably be kept running a month or two steady. —Chairman Cesson gives notice that a meeting of the Republican State Central Committee will be held at the rooms of the Garfield Club, in Bleakley Block, in Franklin, Pa., on Thursday, Sept. 9th, 1880, at 2 o'clock p. m.

—The road between this place and Newmansville is in a wretched condition. Of course there is too much heavy hauling on this road to keep it in good repair, but certainly it could be kept in vastly better condition than it now is, and it ought to be done. —Mr. and Mrs. J. Bonner, and daughter, and Mr. Geo. Corawell, of Stoneboro, have been rusticated in this county for a week or more past. They paid a visit to the blackberry woods while here, and returned home on Monday last. —The Lickingville camp-meeting was quite well attended by Tionesta folks on Sunday last. The meeting seemed to lack the spirit which usually characterized it, yet there were fully as many rigs on the ground as on former occasions. —Our glass ball busters had a practice shoot on Saturday when some very good scores were made. Ten and fifteen balls straight is getting to be a very common thing with most of the shooters. An invitation is extended to all at these shoots. —An immense stock of Men's and Boy's clothing, latest styles, received direct from the manufacturers and now offered for sale at unprecedented prices by Robinson & Bonner. All are cordially invited to call and examine. 1c.

UNCLAIMED LETTERS.—In Tionesta, Pa., Post Office, Wednesday, August 25, 1880: G. Altman, Adam Botzer, Warren Coxen care Geo. Stevens, Albert Kinney, John A. Marsh, A. C. Mull, J. B. McMayle, Miss May Richardson, E. S. Rudy, Abraham Grice.

—Argument court will be held Sept. 3d. The regular term will commence on the fourth Monday of September at which time considerable legal business will probably be transacted. The trial list embraces eighteen civil cases, the most of which will be disposed of. Besides these there are six criminal cases. —The new fence around the upper cemetery is being built. Mr. Bleakley, owner of property on the east side of the cemetery, has laid out a tier of lots which is being enclosed by the new fence. Should any of our citizens wish to secure a lot they can apply to S. D. Irwin Esq., who has charge of them. —In our Nebraska items last week we stated that Messrs. Arner & Hulings had the job of delivering a large bill of lumber on the cars at this station, which they were "skipping" out. It should have been Arner and Small. They have already a considerable amount landed at the landing on the opposite side of the river. —Boon Mead Esq., died at his residence in Warren, Pa., Thursday afternoon, Aug. 19, 1880, at the age of 64 years. His health had been impaired for about two years. Mr. Mead had hosts of friends and acquaintances in this county, who will be pained to learn of his death. —The new Greenback paper, The Commonwealth, made its debut on Friday last, and although not yet completed in outfit presents a very respectable appearance. Mr. J. D. James, the editor, is an able writer, and will doubtless give satisfaction to his party. Barring politics we wish it success. —The Eleventh Annual Reunion of the 83rd Regimental Association will be held at Erie, Pa., on Tuesday, September 14, 1880. Business meeting at 11 o'clock a. m., in Grand Army Hall. Banquet at Massasauga Point at 3 o'clock p. m., given by the citizens of Erie. All comrades who intend going should inform F. H. Couse, Secretary, Erie, Pa. —Baldwin's Official Railway Guide for August is at hand with its handsome pages crammed full of valuable railroad statistics, authentic tables, etc., as usual. As a pleasant and valuable traveling companion the Guide has few equals and no superiors among the many publications of its kind. Only ten cents a copy, but is worth ten times that amount. —Hon. J. W. Kable, who was counted out of a re-nomination by M. L. Lockwood and his allies at the recent Democratic convention of Clarion county, is out as an independent candidate. He was urged to take this course by nearly 200 voters, and will doubtless carry a large vote at the general election and be the means of defeating the ringsters who defrauded him out of the nomination.

—Tionesta is infested with skunks, and there is hardly a night but that the report of musketry is heard and some offensive feline is called to its long home. It is said they have their breeding ground in town somewhere, and it must be so for they seem to increase nightly, and unless something is soon done they will have the run of the town; at least during the night. —Mr. M. Ulrich stopped in town a few hours last Thursday. Mike has opened new bottling works in Oil City, and is now bottling the famous Jos. Schiltz Milwaukee Beer, which is pronounced by the best judges to be the purest beer brewed. He is working up a large trade in this section, and is receiving on an average two car loads a day. Mr. Ulrich has the exclusive agency, and parties wishing this favorite article will address him at Oil City, Pa. —If some of our citizens would do the square thing they will emulate the example of those living in the vicinity of Haslet's corners. A street lamp has been erected there which is a thing of beauty and will doubtless be a joy for several years to come. The lamp was made by our boss tinner, Ed. Heibel, and is arranged to burn gasoline, which throws out a very brilliant light. Three or four more of the same kind distributed along Elm street at proper distances would "take like hot cakes."

—The following is a correct statement of the game laws, which gunners should paste in their hats for ready reference in the field:—Woodcock, July 4 to January 1; plover, July 15 to January 1; rail bird, September 1 to December 1; read bird, September 1 to December 1; squirrel, September 1 to January 1; wild fowl, September 1 to May 15; ruffed grouse, October 1 to January 1; pinnated grouse, October 1 to January 1; quail, October 15 to January 1; deer, October 1 to December 15.

—Messrs. Wicker & Blake, of Boston, Mass., are still shipping large quantities of hard lumber from this county. Mr. Blake, the gentleman who stopped here several weeks recently, writes us a friendly letter in which he says that he has since leaving here received several car loads of cherry lumber from Canada, but that it by no means compares with the Forest county lumber in quality. He thinks our lumber is among the finest in the world, and says it finds ready sale in his section. The firm pays the highest prices for hard lumber, as they make it a speciality, and it would doubtless be to the interest of our manufacturers to consult with them. Their address is 19 Central Street.

Stoneham Oil Field.

News from the Stoneham, Warren county district is of more or less interest to land owners of this county, because it is supposed that the tendency of operations is through that district to Forest county from the Bradford region. A gentleman who has just returned from there and has been careful in his observations, furnishes the following facts regarding the Stoneham district: On the White property there are two wells which together produce about nine barrels. Jesse Johnson, at a point between Opossum and Dutchman Runs has a well which flows about 12 barrels daily. Joseph Magee has two wells near the same place; Benedict has one. The production of these are not given. They are situated about one-fourth of a mile from Stoneham station. Clemens & Kerberger have a well down 560 feet, which is pumping 10 barrels; they will sink it deeper as soon as they can get the oil somewhat exhausted. David Beatty and Tolles have each two wells which are producing from 8 to 10 barrels each; these are on Opossum Run. There is a producing well on the Grossenburg farm, midway between Clarendon and Stoneham. The Eagen well, near Clarendon, struck on July 5th, is still producing 12 barrels. Bell & Hopewell, near the Eagen, torpedoes their well on Friday last and it has since been flowing through the casing. Hague's well, near Tiona, is producing three barrels. The wells in this district all flow, except the Clemens & Kerberger. Land is selling at from \$100 to \$200 per acre; leases at one-quarter to one-eighth royalty, and in some instances a bonus must be given to get a lease. The district covers an area of over four miles in width running North and South.

—The September Monthly Magazine is a charming gem of a family serial, and one that can be read with pleasure and profit. It is full of stories, poetry, and engravings that suit the season of the year. There is no other magazine published in this country that has such attractive contents as Ballou's; and taken in connection with its price it should be in every family in the country.
