—Mr. W. A. Huddart, of Cincinnati, has been visiting his Tionesta friends for a few days. His wife and children, who have been visiting here for several weeks, will accompany him home; also Mrs. Ann Stow.
—Dr. Blaine is moving his office into one of the rooms of the north side of the Central House, and so is Dentist Standman. This change is made to give room to Lawyer Ritchey, who is making arrangements to locate in Tionesta.
Charley Bonner's horse took a short turn on him while pleasure riding one evening last week, upsetting the buggy and spilling its occupants. Fortunately no serious damage resulted, and four or five dollars will make good all breakage of the vehicle.
—The Republicans and all others interested are requested to meet at the Heath School house, on Dutch Hill, for the purpose of organizing a Garfield and Arthur club, on Saturday evening next, Sept. 4. Our Republican friends in that section should all turn out; and have a rousing meeting.
—Now shoulder your fowling piece and pop the frisky squirrel. One man saw eleven in about two hours 'tother day, and numerous others have been seen, some of which, we venture to say have lost their scalps. Our sportsmen are talking of having a match hunt a week from next Saturday, and it doubtless will be a success as game of all kinds is unusually plenty.
—The Democracy enthused numerously on Tuesday last, and listened with bated breath to Gen. Pearson, the great American flopper, and Hon. W. A. Wallace. While it would be folly to intimate that the meeting was not a success in point of number, we must say that but little enthusiasm was manifested, and of this little Demback-Greenoat-Mossack received the smallest portion.—*Clarion Republican.*
—We have received the Premium List of the Venango County Agricultural Society, for the first Fair to be held at Franklin, Pa., Wednesday, Thursday, and Friday, Sept. 22, 23, 24, 1880. The officers and managers of the society are made up of Venango's best and wealthiest citizens, and will spare no pains or money to make this Fair a complete success. No doubt quite a number of our citizens will attend.
—Mr. Wm. W. Dimord, of Downs, Kansas, is here on a visit to his many Forest county friends. Will be looking very natural and don't seem to be any older than when he left Tionesta nine years ago. He still has an affection for this place, but is, too much attached to his Kansas home to ever leave that State. Mr. D. expects to remain two or three weeks, and will attend the reunion of his old regiment, the 83d, at Erie on the 14th.
—The editor and proprietor of this paper is not a candidate.—*Democrat.* Well we should hope not. He has been a candidate twice within the past six months and got badly "shot down" both times—once when running for delegate to the Democratic State Convention and again when seeking the office of Chairman of the Democratic County Committee—and it's high time he was announcing that he is not a candidate.
—Elsewhere in this issue will be found a letter from Alabama, which we hope every voter who gets this paper will read carefully. The gentleman who wrote the letter is well known to a great many of our citizens as a responsible and truthful man; one whose word is just as good as the gold with every man who knows him. He left this place about a year ago a staunch Greenbacker; a Greenbacker from principle. To-day he would vote the straight Republican ticket if back to this county. He indicates his reasons in the letter for not signing his name, but we don't think there is a voter in the county who will doubt its genuineness; if there is let him call around and we will show him the original. We believe his friends will be able to surmise who the author is when we state that he worked at Buck Mills for some time, after which he lived in Tionesta, and from here he moved to Alabama. Don't fail to read the letter; it will do you good.

—W. E. Dunn, of the Crookston (Minn.) *Chronicle*, has a very mild way of speaking of wind storms in that locality. Evidently he don't want to frighten people. In his last issue he says: "Tuesday evening last a gentle zephyr moved leisurely across the prairie, until it encountered a slight obstruction in the shape of Norris' windmill. The zephyr went on, however, carrying with it pieces of the sails of the windmill as mementoes of the meeting. Pieces of that windmill may now be picked up almost anywhere in this Congressional District."
—Mr. W. P. Wagner, President of the Fagundus Rifle Club, extends an invitation to the shooters of this county to participate in a Rifle Shoot at Fagundus, Pa., on next Saturday, Sept. 4. The following regulations will govern the shoot: Distance 200 yards; four positions: Dead rest; square off; hand; position standing with artificial rest, and position standing without artificial rest. Entrance fee 25 cents; purse to be made in three prizes. The club have a good shooting house and batteries, and use the Creedmoor target. Those who are anxious for a little recreation in this line should not fail to be on hand as a splendid time will doubtless be had.
Excursion to Chautauque.
General Passenger Agent, W. S. Baldwin telegraphs us that an excursion will be given over the P. T. & B. R. Y. to Long Point, Chautauque Lake, on Saturday next, Sept. 4th. The fare for the round trip from Tidioute, Trunkeyville, Hickory, Tionesta and Hunter has been placed at the paltry sum of \$1.75, which is certainly dirt cheap. A basket picnic will take place at the Point, which all can enjoy who wish to take their basket. The amusements will consist of music, dancing, fishing, bathing, sailing, and all who would have a day of recreation and pleasure will not fail to attend. The train will pass here about six o'clock a. m., and return the same day. Bills will be distributed giving full information. It is superfluous to say that the managers will do all in their power to make it pleasant for the party.
Scattering Notes.
A gentleman who has occasion to travel over parts of our county frequently hands us the following list of interesting items picked up on his travels. We only wish that the practice of taking observations of little incidents and happenings throughout the county, by those who are frequently "on the go," would become more fashionable. It is a wonderful help to the printer and makes his paper vastly more readable:
Any one looking for a good fresh cow, had better see Wm. Huddleson of Hickory township. He has one for sale.
C. F. Gillespie has built, at his own expense, the best piece of road in these parts, just east of his residence. Good roads increase the value of land. "Go thou," &c.
Capt Clark, of Hunters Run, is bound to have the finest drive leading out of Tionesta. At the present rate it won't take long to accomplish it.
Oliver Byerly has taken the job of sawing the remaining lumber on the Collins tract, on Beaver. Mr. Collins is looking for a good man to do the "stocking" for him.
Chas. A. Hill is now running Geo. Siggins' blacksmith shop at East Hickory. Charley is one of the few who know how to shoe a horse. Go and see. He has studied horse feet.
Whig Hill has the finest school ground in the county. There are plenty of fine shade trees, nicely trimmed. It has a good fence around it, and is kept nicely mown. Such work speaks well for the Hill. Director Whitehill is keeping it in shape.
"Can any Democrat in the county tell why he is a Democrat? Does anybody know the distinctive principles of the Democratic party? What are the great moral questions they are working for? How many voters know why they vote as they do? Now think!"

ALABAMA.
SUNNY SOUTH, Aug. 23, 1880.
ED. REPUBLICAN:—
Dear Sir:—I wish to place before the readers of your paper some facts concerning the Solid South, and "how they do it." I used to think, before I came South, that the reports which we read in the papers were exaggerated, but I have concluded that there is more truth than poetry about them. *Harpers Weekly* hits the nail square on the head every time. This county has always gone about 3,500 Republican to 1,200 Democratic; this and one other county have been the only two in the State that have been able heretofore to get fair elections. This fall the Democrats began early to hold public meetings and "Barbecues" and to organize clubs, and endeavored by every means in their power to get the blacks to join them, which they with very few exceptions refused to do; but the Democrats still claimed that they would carry the county, and they did carry it. I will tell you how they did it: In some precincts where the Republican leaders anticipated fraud they told the blacks not to go to the place of voting at all, and they did not go, but the Inspectors took the Registration list and voted the whole list Democratic themselves. Another precinct turned up a larger Democratic majority than the census of 1880 shows it to have of inhabitants over 21 years of age, including male and female. At another precinct at the opening of the polls three men rode up and informed the inspectors that they were going to hold that election themselves; two of the regular inspectors backed off, but the other one told them that he had the Sheriff's notice in his pocket appointing him inspector at that place, and that he intended to act; so they compromised with him and all went well until noon, when the two self-appointed inspectors took the ballot box and went to another place and proceeded to run the thing to suit themselves. That precinct went Democratic solid. There is here at the county seat a military company which, shortly before the election, was furnished with arms by the State. I myself saw fifteen or twenty of these fellows with their arms, cartridge-box and bayonet in their belts gallop off to a precinct some fifteen miles distant, upon hearing a mere rumor that there was trouble there; they had no orders from the Sheriff or any one else. That precinct went solid. This county went Democratic by a larger majority than they have votes. The blacks were much excited, and but for the exertions of their leading men there might have been trouble. On the day that the returns were counted there was a large crowd in town of all classes, and by taking notice one could plainly distinguish the shape of the pistol or knife, or both, under their coat—in some instances the weapon itself could be seen—and as they began to go home I saw several bring from their hiding place their Double Barrel Shot Gun. Now understand that this was not done by the irresponsible classes, but by the so-called Chivalry of the South; church members and deacons of the church. A darkey, in talking the election over with a friend said: "I see a mighty big notion to write dat ar up and send it Norf to do papers," and after a moments reflection he added, "but I would not put my name to it, kaus I knows what would be done."
One word to my old friends in Forest County, with whom I have spent so many pleasant winters up the creek: Don't waste your votes; I can see other and more important issues since I came South. If I were there this fall, knowing what I now know to be the truth, I should vote straight Republican; but here such a vote will only swell the Democratic majority; my vote, as well as thousands of others, will be lost, or worse, counted out, and you must endeavor to make up for them up North.
