Since the time for legal registration has passed the next important thing for voters to attend to is the paying of their taxes. This is the most important duty devolving upon a voter, as a neglect to pay a State or County tax at least thirty days before election, debars a man from voting, whether he has lived and been registered in the district all his life.

The Republican State Central Committee meeting at Franklin last week was a success in every particular, delegates from all parts of the State being present.

Some time last winter a gentleman from Hickory township met with an accident by which one of his horses lost his life along the road a short distance above Tubbs Run.

The Republicans have elected three Congressmen out of the five, and have a good majority in the Legislature, thus securing the United States Senator.

Home Teachers.

The above subject suggested itself to me by hearing several young bloods in conversation at a public house near the boundary of our (Forest) county, speaking of our teachers and stating how they could "run out" a couple of our home (resident) teachers, and the thought occurred to me that an article on the subject might not be inappropriate at this season.

There are ten school districts in our county, and, I believe, forty-nine schools. We have about the same number of resident teachers any of whom are entirely able to take charge of almost any school in the county; and are fully acquainted with the wants and requirements of the same.

Many teachers from Venango, Clarion, Warren and other counties regard Forest county as an asylum for poor and "run out" teachers to get a foot hold in and to make some kind of a reputation. Some think, when about to make a beginning, Forest county will do for a term or two, until I have a little experience then Forest county can go to the dogs.

By such shysters many of our old, competent and experienced teachers are given a "back seat," while they flaunt about at our Institute, say nothing, think less, then go home and make sport of the Forestonians who strive to benefit and be benefitted while there.

Quite a number of this class will strive, I understand, to get a foot hold in Forest's schools the coming winter.

Will our directors, who have the welfare of the schools at heart, who love home institutions, and take pride in home affairs, employ this class? For the sake of our schools and our home teachers, we hope not.

Directors, the time has come, not is coming, for Forest county to stride pace by pace side by side with the bordering counties in educational affairs.

Our home teachers, in the past few years, have given their time and attention to the schools, and the result is our schools are from fifty to one hundred per cent better than five years ago.

A few teachers come into the county and make it their future field of labor. These ought to be encouraged and regarded as home teachers. But, alas, I know of but barely four of this class at the present day of probably twenty five or thirty who came in since I have had the honor of being elected among the Forest county teachers.

Well, Directors, you have the employment of teachers in your hands; it is not for me to say, whom you shall employ, but ever regarding the home teachers with the kindest of feelings I cannot help but, on this as on many other occasions say a word for them if it will assist them in the least or lead others to regard them with more favor.

Directors, Teachers, Patrons and Friends of Education, I beg to remain, Very respectfully yours, F. F. WHITTIER.

You will save money by waiting until Court Week to buy your Clothing, Hats, Boots, Shoes, Dry Goods, &c., for the Fall, of Holeman & Hopkins, at their room next door to Central House. Come one, come all, and see our prices. CHAS. GARDNER.

New Meat Market in Tionesta. The undersigned having opened a new market in Tionesta will hereafter supply the people with fresh meats of all kinds at very low prices. Give us a trial. PLATNER & WALTERS.

Scattering Notes.

Mr. Lord received quite painful injuries last Friday while at work on T. D. Collins mill at Nebraska.

Quite a frost on the hills on Saturday morning. But little damage done, however.

Why do the Democrats exhibit so much anxiety about the sacredness of the Constitution? Perhaps Wade Hampton can answer.

Why not get up a Garfield and Arthur Club in Tionesta? *

Neilltown Notes.

Winter was airing his linen Thursday and Friday nights. Friday and Saturday mornings the grass, fences, roofs, &c., were white.

Corn is being cut; some fields are good and some are not. Potatoes are not a good crop with us.

Tom Macbesney mourns the loss of his "dog," and offers a handsome reward to any person who will tell him who poisoned his "pup;" he had just got that dog trained to be of some service on a hunt, but now he must either borrow a dog or tree his own squirrels.

Major Woodcock continues to contribute to the value of real estate in our village; he is getting that piece of his land behind the old Academy building fixed up in good style.

Wm. McCaslin went around R. O. Carson's new picket fence the other day with his bucket and brush a couple of times, and now by the color you wouldn't know it to be the same fence.

Windguard's stave mill is being moved from McCartha Run to Allender Run; the mill will be enlarged and improved by the addition of a large saw, and timber that can not be worked into staves will be cut up into lumber of various kinds.

Friday the 10th was observed by a part of our teachers. Miss Myers, teacher of the Gorman school made a flying visit to her home near Lickingville the last of the week.

Miss Lu Neill who has been visiting friends in Bradford has returned home. Fred Bachrus has been having a serious time with a sore face resulting from a decayed tooth.

From Gorman Hill we gather the following: Lyman Hotchkiss Esq., returned from Chicago where he attended the reunion of the Knights Templars.

Mr. F. Hopkins is at home at present; he is quite unwell, suffering from an attack of the Bradford fever.

Mrs. Mendenhall and daughter are down from Bradford on a visit.

Mr. McAllester thinks of changing his place of abode from Gorman Hill to Neilltown; he will move in about a month. Squire Hotchkiss has provided himself with a new shot gun. There are only two notches on the barrel yet; one for a squirrel and the other for a pigeon.

The School Board of Harmony will meet on Saturday, Sept. 18, in the afternoon at Neilltown. Arrangements have been made, and
