F. P. DEWEES has withdrawn from the Greenback ticket as candidate for Supreme Judge, which leaves the party without a State ticket except that of Auditor General, which is represented by Col. Roberts of Titusville. Hon. S. R. Mason, Gen. Wm. Blakely, Gen. R. B. McComb, Hon. F. P. Dewees, are pretty heavy guns to lose in one State.

Read it and reflect upon it, and cast your votes accordingly,

GEN. R. B. He gives his reasons Kirk has been endorsed by the Demofor the course he has taken in a crats. It will now be in order for the lengthy letter to Rev. C. H. Close, of Democrat to indulge in a little "crow" Beaver county. There are few men as the fine imposed for prematurely of wider reputation in this State than shooting off its mouth.

Gen. McComb, and we should be glad to publish his letter in full were we able to crowd it into our columns. After passing the Republican and Democratic parties in review, and showing why he deems it wise to act with the Republicans, he concludes with the following paragraph:

With the candidates I have nothing to do. The one elected will obey the commands of his party. We want peace, and measures that will build commerce. Intelligence, wealth and prosperity will follow. The party that abolished slavery, that has given us what we have of protection, that created the greenback currency and furnished the members of the Supreme Court that pronounced it constitutional, that maintains equal rights and impartial justice is the party into whose hands the destinies of this great Nation may be confided. At least I would rather trust it than the party that has heretofore antagonized all these great measures.

Still the Heathen Rageth.

About two months ago the editor of the Democrat of this place, prompted by malice and personal hatred, commenced a tirade of abuse against our candidate for Assembly, E. L. Davis, Esq., and has kept it up week after week ever since. He claims to be doing this all for the good of the people and not through any personal feeling. This may look all right on paper, but no man with half an eye and a thimbleful of brains can help seeing that this is a much bigger lie, if possible, than the rest of his talk. Kepler has boasted openly and above board that he would defeat Davis and elect Orion Siggins if it vile course shows that he is as desperate as his threats imply, and that he is ready to resort to the vilest means issue he tries a new dodge, saying that Dale and Davis were now trying to that the other might throw in his favor. some facts concerning the Solid South, and "how they do it." I used to think, before I came South, that the reports which we read in the papers were exaggerated, but I have concluded that there is more truth than poetry about them. Harpers Weekly all of these positions I have participated read in the papers were exaggerated, but I have concluded that there is more truth hits the nail square on the head every time. This county has always gone about 3,500 up our industries and promote our Republican to 1,200 Democratic; this and Republican to I,200 Democratic: this and one other county have been the only two in the State that have been able heretofore to get fair elections. This fall the Democratic this and are of easy access, and if, in any way inimical to the public welfare, can be readily shown. I may say also, here that in the proposed discussions I shall advocate on the financial question the old crats began early to hold public meetings and "Barbecues" and to organize clubs, and endeavored by every means in their power to get the blacks to join them, which they with very few exceptions refused to do ; but the Democrats still claimed that they would carry the county, and they did carry it. I will tell you how they did it : In some precincts where the Republican leaders anticipated fraud they told the blacks not to go to the place of voting at all, and they did not go, but the Inspectors took the Registeration list and voted the whole list Democratic themselves. Another precinct turned up a larger Democratic majority than the census of 1880 shows it to have of inhabitants over 21 years of age, including male and female. At another precinct at the opening of the polls three men rode up and informed the inspectors that they were going to hold that election themselves; two of the regular inspectors backed off, but the other one told them that he had the Sheriff's notice in his pocket appointing him inspector at that place, and that he intended to act; so they compromised with him and all went well until noon, when the two self-appointed Inspectors took the ballot box and went to another place and proceeded to run the thing to suit themselves. That precinct went Democratic solid. There is here at the county seat a military company which, shortly before the election, was furnished with arms by the State. I myself saw fifteen or twenty cost him a thousand dollars, and his of these fellows with their arms, cartridge box and bayonet in their belts gallop off to a precinct some fifteen miles distant, upon hearing a mere rumor that there was trouble there; they had no orders to accomplish his purpose. In his last from the Sheriff or any one else. That precinct went solid. This county went Democratic by a larger majority than they have votes. The blacks were much exfind out which was the strongest so eited, and but for the exertions of their leading men there might have been trouble. On the day that the returns were counted there was a large crowd in town that we will pass it by with nothing of all classes, and by taking notice one further than this: A gentleman after | could plainly distinguish the shape of the reading the article said to Kepler that pistol or knife, or both, under their coathe as well as everybody was convinced in some instances the weapon itself could be seen-and as they began to go home I saw several bring from their hiding place Kepler replied, "Why I know it isu't; their Double Barrel Shot Guns. > One word to my old friends in Forest County, with whom I have spent so many pleasant winters up the creek : Don't waste your votes; I can see other and more important issues since I came South. If I were there this fall, knowing what I now know to be the truth, I should vote straighi Bepublican; but here such a vote will only swell the Democratic majority; my vote, as well as thousands of others, will be lost, or worse, counted out, and you must endeavor to make up for them up

Indiana, PA., September 3, 1880. James Mosgrove, Dear Sir: It has become customary in many parts of the country for opposing candidates for Con-gress to travel together over the district and address the people alternately from the same platform at the same meeting. This is usually instructive and entertaining to the public. I take pleasure in proposing that you and I meet the people of this district at the same meeting and address them alternately from the same platform on the practical questions of the pending campaign. I suggest that these meetings be held in country towns and principal places of the different counties in this district. If you prefer, I will travel with you all over the district. I observe you have already been addressing meetings and so have I, hence my proposition to address the same meeting. have not heard any of your addresses, but remember you were a candidate against me in 1878. I observe you ran upon the following platform or pledge:

PARKER, PA., Monday, Aug. 5, 1878. [Pledge.] I, James Mosgrove, do pledge my sacred honor to support the platform of the National party-adopted at Toledo, Febrnary 22, 1878, and the principles set forth in the platform of the National Greenback Labor party of Pennsylvania, adopted at Philrdelphia, May 9, 1878, and I further pledge myself as willing to use every hon-orable means to elect the State ticket and to insure the success of the National Green-back Labor party in the Presidential con-

I have thought the proposed discussions can be conducted with that propriety and courtesy becoming antiques. courtesy becoming gentlemen candidates for high and respectable stations.
