THE movement in favor of Lieut. Governor Charles W. Stone for United States Senator, is sprending like a prairie fire. Every man in this section of the State recognizes in him the qualities that constitute and make powerful the true statesman. If our legislators care aught for the interests of our people they will see to it that Chas. W. Stone is the successor to Senator Wallace. Then the oil producers would feel that they had at least one powerful champion in Congress.-Bradford News.

MR. GARFIELD, the President-elect, in response to an address from the Ohio Presidential Electors, who waited upon him in a body recently, called attention to a very significant factthat, in the entire history of the Republic, not a man who had been chosen by the people as an Elector has ever failed to fulfill the trust reposed in him, to vote for the candidate designated as the man of their choice This is all the more significant, because no actual pledge is ever demanded of an Elector ; it is simply an obligation of honor.

HABRY WHITE proposes to do what he can for his District before leaving Congress. Last Monday he introduced a bill into the House appropriating \$61,000 to continue improvements on the Allegheny river from Psttsburgh to French Creek ; \$40.000 for work above French creek to Olean, N. Y., and \$18,000 for Red Bank from Brookville to Allegheny river .-- Tid. ioute News.

This doesn't look much as though Gen. White was securing appropriations for political purposes, and ought to be sufficient to stop the contemptable frothings of his defamers on that score. 100

THE PRESIDENT'S MESSAGE.

The last Annual Message of President Hayes, which we give in supplemental form this week, is an extended and interesting document, and presents a flattering statement of the condition and pospects of the country. The Message urges upon Congress the duty of seeing "that every case of violation of the letter or spirit of the fifteenth amendment of the constitution is thoroughly investigated, and that no benefit from such violation shall accrue to any person or party." The President urges the taking of measures for the suppression of polygamy. He would have Congress provide for the government of Utah by a Governor and Judge appointed by the President and confirmed by the Senate, and would make all persons practicing or upholding polygamy ineligible to vote, sit on juries, or hold office in the Territory. He recommends the prosecution of Civil Service reform, including competitive examinations and "a complete divorce between Congress and the Executive in the matter of appointments." He heartily approves the new Indian policy which contemplates the dissolution of tribunal relations, the allotment of land to the Indians in severalty and their admission to all the rights of citizenship. The condition of the national finances is eminently satisfactory. Among the recommendations in this connection is one, that the silver coinage law be changed to make the silver dollar equal as bullion to the gold dollar. The right of the United States to maintain supervision over any interoceanic canal across the Isthmus of Panama is reasserted.

(Grow's leading competitor) find- ber of visits, 3.

ing it impossible to win will take up either Lieut-Gov. Stone, or Col. Mooreall the opposition to Grow and also election and Grow's defeat sure.

Next in interest to the above fight Benjamin L. Hewitt, of Blair county, apparently has a walk-over, no competitor of any assured strength having as yet appeared. One of the warmest fights for position is that for the Resident Clerkship, the contestants for which are Ex-Representative J. B. Agnew of your town, Mayor Patterson and Edward Allen of Harrisburg. Patterson is the present Mayor of this

city. Allen is a confectioner and was Reading Clerk of the House last session. The former incumbert of the office was John A. Smull, the compiler of Smull's Handbook, who was found dead in bed at the Girard House, in Philadelphia, about a year and a half ago. Wm. Cooper succeeded him and served several months when he was relieved by Ex-Speaker Long, who appointed Wm. P. Smull. Agnew to speak of him at any length. He is well and favorably known throughout the office acceptably. From the backand West being solid for him.

We are likely to have a lively time Talbot, 23 Hawley Street, Boston, here this winter, after the House gets in session, which will be on the first Tuesday in January.
