—Institute convenes next Monday.

—Our jail hasn't had a tenant for
months and months. Nothing could
speak better for the morals our county.

—A hint to correspondents: Dot
your i's and cross your t's, and mind
your p's and q's; don't get off on silly
boob, but write the simple news.

—The deer season closes to-day.
The law allows no days of grace, and
any one caught with fresh venison
in his or her possession is liable to
fine after this date.

—Mrs. Samuel Einstein and
daughter, Florence, departed for their
new abode in Sheffield, on Thursday
last. Their many lady friends of
TioneSta will wish them a pleasant
future.

—The several committees and all
others interested in the getting up of
the Christmas Tree, are requested to
meet at the Presbyterian Church this
(Wednesday) evening at 7 o'clock,
quick.

—Attention is directed to the holi-
day advertisement of Wm. Smear-
baugh & Co., in to-days paper. Call
and examine their stock when you
are looking around for a suitable
"Christmas gift."

—Mr. Lawrence expects to leave
the hotel shortly after January first,
and contemplates giving a grand
farewell ball before doing so. It will
take place on New Years Eve, and
will be one of the best ever given at
that Hall.

—The many friends of Mr. and
Mrs. Geo. S. Allen will be very sorry
to learn of the death of their infant
child—a little boy aged about two
months,—which occurred early yester-
day morning. It is needless to say
the bereaved parents have the sympathy
of all our citizens.

—Homer Towner bought himself a
new Kennedy magazine rifle recently
and started for the shanty of Lyme
Cook, Nelt Cole and Jim Stroup, in
the big woods, for the purpose of
having one of his old fashioned hunts.

—The Teachers' Institute next week
promises to be the best attended of
any ever held in this county. Prof.
Brockway has secured the services of
some of the best talent to be had for
the occasion. Teachers and prospec-
tive teachers should make it a
point to be on hand promptly, and
take an active part in the proceed-
ings.

—Mr. Chas. A. Derickson, father of
our townsman, Mr. J. H. Derickson,
died at his home in Meadville on Sun-
day last. Mr. Derickson's complaint
was one of several years' standing, and
his sufferings have been very great
most of the time. He was one of the
leading and most highly esteemed citi-
zens of Meadville, and has always
borne a high reputation for honesty
and square dealing with his fellow
men. Besides his many relatives, he
leaves a large circle of fast friends to
mourn his loss. His son, of this place,
was with him during the last two
weeks of his illness.

—Mr. O. W. Proper wishes us to
say to whom it may concern that a
dark red steer, a year old last spring,
came to the farm on Dutch Hill some
time in the spring. They have been
feeding it for some time, but don't pro-
pose to do so much longer. The owner
can have his property without charge,
except paying for this notice, by com-
ing forward and proving the same,
forthwith.

—Henry Ewald, the enterprising
jeweler of Tidoute, informs us that he
has just opened the finest lot of Holi-
day Goods ever brought to that place,
consisting of solid gold rings, chains,
watches of all kinds, plated and solid
silver tea sets, napkin rings &c., which
he has marked down to starvation
prices. That is the place to go to get
your holiday presents cheap. 2t.

—Prof. Peck, the well-known sing-
ing teacher, was here last week and
arranged to start a class in this place
in a few days. A committee has been
appointed to solicit members, and
gave a number have already signified
their intention to join. The Professor
is well known here, and we believe,
gave general satisfaction heretofore.
As a musical instructor he has few
superiors.

—Yesterday's report in the Derrick
says the Blue Jay well was tubed on
Monday and started off at the rate of
five barrels per day. This is all the
news we have from the well at present.
A five barrel flowing well is sufficient
to demonstrate the existence of oil in
paying quantities, and even if the well
should not increase, it will doubtless
be the means of inspiring the owners
to active developments.

—We are glad to notice that Ed.
Heibel, our energetic tinner and hard-
ware dealer, is working up a flourish-
ing business. The zeal and enter-
prise which he puts forth, and the fair
and honorable manner of his dealings,
coupled with the excellence of his
work, cannot help making his business
a success, and we hope our citizens
who have need of anything in his line
will always patronize him. They will
find him "square as a die."

—Mrs. Jas. Stanley, of Tylersburg,
died suddenly on Sunday last, Dec.
12th. She was taken sick on Thursday
previous, and so violently was she
attacked that she never rallied. Mrs.
Stanley was an exemplary and highly
esteemed christian woman, and her
sudden and unexpected taking off is
deeply mourned by the community in
which she lived. She was a sister of
Mrs. H. O. Davis of this place, and
was aged 49 years and 8 months. The
funeral took place yesterday.

—Should any of our citizens, espe-
cially the ladies, visit Oil City during
or before the holidays they should not
fail to visit the elegant dry goods es-
tablishment of G. W. Milford, by far
the largest and grandest in the oil
regions. Mr. Milford has just re-
turned from the Eastern cities where
he has selected the finest stock of
ladies' dress patterns, consisting of
brocade silks, black satin de Lyon,
plain and brocade satinetts, silk satins
in copper, reds, old gold and all the
latest and most pleasing shades and
colors. Fine point lace ranging in
prices to suit customers of large and
small means. Silk handkerchiefs in
endless variety, and the handsomest
ever brought to this country. In fact
everything the heart could wish in
wearing apparel will be found in vast
abundance at this mammoth establish-
ment. It is impossible to give any-
thing like a correct idea of what a
magnificent place he keeps, in a news-
paper article, and a personal visit is
necessary in order to form a right
conclusion. Besides being a pleasant
and courteous gentleman himself, Mr.
Milford keeps an obliging and urbane
corps of clerks to look after the wants
of customers, and none ever go away
displeased with their visit or purchases.

—Vol. XIV. of Chambers' Encyclo-
pedia, the reprint of the last (1879)
Edinburgh and London Edition, has
been issued by the American Book
Exchange, New York, and the XVth
volume, which completes the reprint
of the original work, is about ready
for delivery. Vol. XIV. includes ar-
ticles from "Syphilis" to "Vico," and
Vol. XV. will furnish up the Alpha-
bet. This is by far the cheapest com-
plete Encyclopedia ever published, is
printed in clear nonpareil type from
new plates, is strongly bound, and
meets the popular demand for such a
work. The publishers offer the 15
volumes in cloth binding for \$7.50,
and are publishing other standard
works at equally low figures.

Fagundus Fun.

FAGUNDUS, PA., Dec. 13, '80.
Now the rabbits suffer.
Many of the inhabitants are afflicted
with colds.

Singing School in Church next Sat-
urday evening.
Mrs. Charley Griffin has been suffer-
ing severely with neuralgia.

Mr. Alvin Salisbury's baby is very
ill. Doubts of its recovery are enter-
tained.

The readings were very slimly at-
tended Saturday evening. Several
selections were well rendered.

There is fun "till you can't rest" at
the "dimes." The next will be held
at Pastor Hicks' on Friday evening
next. Be sure you don't miss it.

The usual services will be held in
the church next Sabbath morning. A
missionary prayer meeting conducted
by Mr. Royal Scott will be held in the
evening.

The Fleming Hill school, under the
efficient management of Miss Ella
Mays, has suspended operations for a
few days, while the house is undergo-
ing repairs.

We are reliably informed that the
party at Guile's was a complete fizzle.
The company danced to the squeaking
notes of a much dilapidated fiddle
manipulated by a respectable but
descript negro minstrel.

The Dime at Mr. Wm. Hawks, was
a success, socially and financially.
That excellent hostess, Mrs. Hawks,
did all in her power to make the occa-
sion enjoyable. Among many good
selections, the song, "We'll have to
Mortgage the Farm," rendered by
Misses Jude and Leaths Scott and
Geo. Scott, deserves special mention.

Tylersburg Dots.

TYLERSBURG, PA., Dec. 9, '80.
The mill men are all busy hauling
lumber; times are good, and sleighing
fair.

Wm. Bowman's stove mill is run-
ning full time, turning out a good
article and lots of them.

A protracted meeting is going on
here at present, and the efforts of Rev.
R. M. Felt, the Pastor, are attended
with good success.

J. J. Green is selling lots of goods,
and at low prices. John is a good
business man. Our old friend Davey
Bowman, is second to none in selling
goods.

Wm. Marshall's little child is very
sick at present. The general health
of our town is good. Reason: We
have but one doctor in our midst, and
he is honest.

Please send Mr. Solomon Firster,
whom you mentioned last week as
being a good Republican, up to
Clarion county. We can stand a few
more Republicans. Forest county
needs a few good Democrats to use
as a balance wheel. I am arranging
to send a few good Democrats into
Forest county to buy up oil lands.

TEACHERS INSTITUTE.

The Teachers of Forest County will
hold their Fourteenth Annual Session
in the Court House, TioneSta, Pa.,
commencing Monday, December 20th,
at 2 o'clock p. m., and closing Friday
24th.

Prof. Geo. R. Dixon, of Ridgway,
Pa., is not only the ablest County
Saperintendent in the State, but is an
Institute Instructor and Lecturer of
the highest order.

Prof. S. D. Owen, of Pittsburgh,
Pa., will give his views of general les-
sons; what subjects should be taught
by the teacher under this head, how
taught, and to what extent.

M. W. Tate, Esq., who is well known
among us, will attend our Institute.
Mr. Tate always does us good, and
though he may be with us but part
of the session, yet his voice will be
heard.

It is with pleasure that we announce
Prof. Smith of Armstrong county, Pa.
He is well known in Clarion and
Armstrong counties as an excellent
Teacher and Leader in music as well
as a vocalist of rare culture.

time in no less than seven places,
during the past season, and every time
to a large and enthusiastic audience.
Competent judges who have heard
Ingersol, Bruce and Geo. McDonald
on this subject, give Moffat's lecture
the preference.

I have heard Prof. Moffat, and con-
sider him among the best platform
speakers I have ever heard.—Extract
from a letter from S. H. Prather, Supt.
of Venango Co.

Prof. Moffat lectured on the "Post
Burns" at Ridgway, Pa., and it was
one of the best lectures I ever heard.
He is a fluent speaker, an original
thinker, a success as a platform orator.—
Extract from a letter from Geo. R.
Dixon, Supt. of Elk Co.

Prof. Moffat charmed and enlight-
ened an audience here by his disserta-
tion on poetry, by his careful and
original exhibitions of the genius, char-
acter and teachings of Burns, and
delighted us all with his recitations
from the poet.—Extract from a letter
from Ex Governor Curtin, Bellefonte,
Pa.

make this Institute a grand one.

DIED.

NOSSKER.—At Nettown, Forest Co.,
Pa., Tuesday morning, Nov. 30, 1880,
at 5 o'clock, Catherine Nossker, wife of
John Nossker, in the 59th year of her
age.

For a number of years past Mrs.
Nossker had not enjoyed good health
during the winter season. A short time
preceding her death, she with her hus-
band had been on a visit to friends of
theirs; when they returned she was
suffering from a bad cold contracted
while traveling, but she was not what
might be termed sick. Shortly after-
ward she contracted the measles.
Typhoid pneumonia set in also, and
after a short illness of about five days
her sickness terminated in death.

The funeral services were conducted
by Rev. White, and her body laid to
rest in the Nettown church yard,
at two o'clock, on Thursday afternoon.
Mr. Nossker and family have the full
and heartfelt sympathy of the people
of the neighborhood, in their great
affliction.
