The Forest Republican.

J. E. WENK, - - - - - EDITOR.

WEDNESDAY MORNING, DEC. 22, 1880.

SECRETARY THOMPSON'S resignation as Secretary of the Navy in President Hayes' Cabinet, took effect on Monday, and he will immediately enter upon his duties as President of the Nicaragua Canal Company at a salary of $25,000 a year.

VICE PRESIDENT WHEELER on Friday last received the electoral votes of Rhode Island, Ohio, Indiana, Kansas and California, in each instance by messenger. He has now received either by mail or messenger the votes of all the States except Oregon. The votes will be counted in February.

THE Chicago *Times* speaks of the business activity there as something wholly phenomenal, and so it is, if the following can be relied upon: "During the past two weeks there has come upon our merchants a regular deluge of orders. Every country merchant has suddenly made the discovery that he is unprepared to meet the demands of a regular old-fashioned winter season, and the haste with which he is seeking to make amends has resulted in an overthrow of orders. A very remarkable business 'boom,' quite out of the regular season, has during the past month fallen to the lot of our merchants, and the activity now displaying is almost equal—in some lines it far exceeds—the recognized 'busy season' of the year."

FITZ JOHN.

The Senate has finished the Fitz John Porter case by the passage of the following:

"That the President is hereby authorized within eighteen months after the passage of this act, in his discretion, by and with the advice and consent of the Senate, to appoint to the army Fitz John Porter, who was dismissed by sentence of court martial January 19, 1863: provided, however, such appointment shall give no higher rank than Colonel on the retired list: and provided, further, that said Porter shall receive no pay and compensation or allowances for the time intervening between his dismissal and such appointment."

This was passed by the votes of thirty-six Democrats, twenty Republicans and Davis, of Illinois voting against it;—not a Republican in its favor, not a Democrat against it. This infamous action by which it is made possible that such a miscreant as Porter may again disgrace the United States uniform, is thus exclusively the property of the Democratic party. The bill will have no effect, more than to show the animus of those who passed it. It is hardly probable that Hayes will take hasty action in the matter, and if not, the inauguration of Garfield will end the matter.—*Meadville Republican.*

Railroad up Tionesta Creek.

ED. REPUBLICAN:—

In a recent issue of the *National Democrat* I notice an article on the feasibility of a Railroad up Tionesta Creek and giving the average grade at 11 feet per mile. This is not right. In 1867 it was my fortune to belong to an Engineer Corps that made a preliminary survey and estimates for a Railroad from Tionesta to Sheffield, via the Valley of the Tionesta. Starting at a point just below the mouth of the creek and ending at the P. & E. R. R., at Sheffield, we find that the total grade is 284 feet, and the distance 39 38-100 miles. This would make an average grade of 7 3-10 feet per mile. Starting at the mouth of the creek we followed the East branch to a point near the foot of Stows bend, one mile above town; then we crossed to the west side and kept that side to a point near Henry's Mill, in Warren Co., when we recrossed to the east side, and again had to cross the East Branch near the forks.

Our estimated cost of building the road in round numbers was $1,100,000, but this estimate was based on iron at $80 per ton, laborers at $2.00 per day, mechanics, carpenters, etc., at $3.00 to $3.50 per day. The same can be now had at a saving of nearly or quite 40 per cent.

We estimated the business of the road at 135,000 tons of freight the first year, and 25,000 passengers. This now would no doubt be largely increased, especially, the freight, for at that time lumbermen did not believe much in shipping lumber by rail; and there has also been brought into market a great quantity of hard timber, which at that time was not included.

That a Railroad would pay up Tionesta Creek there is not the least doubt in my mind. The immense forest there is yet in Forest County, and the large quantity of hemlock bark that would be at once made accessable, would, I think, surprise the most sanguine, and make the road pay from the start.

THE NATIONAL CAPITAL.

Special to the REPUBLICAN.

WASHINGTON, D. C., Dec. 16, '80.

The President has nominated William B. Woods, Associate Justice of the Supreme Court, vice Strong, resigned. Other vacancies will occur shortly.

There were only ten Senators in their seats when prayer was offered at the opening yesterday. In fact, the Vice President caused the reading of the journal to be delayed until a quorum arrived.

The President yesterday signed the first bill passed at the present session of Congress, that has reached the White House. It was to authorize the Secretary of the Interior to dispose of a part of the Fort Dodge military reservation to actual settlers under the provisions of the homestead laws.

The Educational Bill is up for consideration in the Senate. It provides for the application of a portion of the proceeds of the public lands to public education, and provide for the more complete endowment and support of National Colleges, for the advancement of scientific and industrial education. Mr. Brown, the new Senator from Georgia, delivered a splendid address before the Senate yesterday in support of the bill. It is the best exhibition of oratory heard this session, and will give Senator Brown a place among the ablest speakers of the Senate. A vote is expected upon the bill this afternoon.

The sudden and quiet passage of the Fitz John Porter bill by the Senate on Tuesday will doubtless be a surprise to those who remember the heated debate upon this matter at the last session. Then the Democrats were afraid to pass it, because of the influence it might have upon the approaching election. But now they are defeated, but have the power to enact questionable measures, they do not hesitate to do it. The bill however, is not so objectionable as the one previously urged. It provides, that with the advice and consent of the Senate, the President can, at his discretion, within eighteen months after the passage of the act, and not afterward, appoint Porter to the rank of Colonel in the Army, but he is not to receive pay for any of the time he was out of the service. The bill has as yet to pass the House, where the opposition will probably be strong enough to prevent the passage.
