—The sleighing isn't as good as it
used to be.

—The "Old Maids" were entertained
by Mrs. Partridge on Monday evening
last.

—Hon. J. B. Agnew arrived in town
Saturday, and will remain a week or
ten days.

—Mr. and Mrs. J. H. Derickson and
Mrs. J. H. Dingman, are visiting in
Bradford.

—Mr. and Mrs. S. D. Irwin are
visiting friends and relatives in
Franklin.

—The young folks are talking up a
calico dance, to take place the latter
part of next week.

—Each year demonstrates that the
law prohibiting the sale of liquor on
election day is a good one.

—Miss Lillian Benedict, of Plas-
antville, is visiting her cousin Miss
Maude Davis at present.

—The election yesterday was the
quietest, without exception, that we
have ever witnessed in town.

—Dentist Steadman left yesterday
for a week's visit to his home at South
Stockton, Chautauque Co., N. Y.

—The Prothonotary's office presents
a decidedly improved appearance since
the new bar has been placed therein.

—Mr. J. H. Doty, of South Oil
City, stopped in town a few hours last
Saturday, on his way home from
Bradford.

—Judge Coon was over from Clar-
ington a few days during the week to
see his wife, who is staying in town
during the winter.

—T. C. Jackson has put a new
marble wash stand in the Central. Go
in there with clean hands after this,
if you want to wash.

—One of the teams on the Shawkey
job on Salmon Creek hauled the boss
load of logs this season last week—
three logs measuring 3,256 feet. Who
can beat it?

—Mr. A. H. Siggins, who is in the
law office of Dodd & Lee, also, one of
the "Owls" of Franklin, spent a few
days at home at West Hickory, dur-
ing the past week.

—Hagan now stands champion
oarsman of the World. In his race
with Laycock of England, on Monday
he was an easy winner. The stakes
were £1,000 and the championship.

—The Free Methodist brethren are
conducting a series of revival meetings
at Gulton school house which are at-
tended with grand success. The meet-
ings are in charge of Mr. D. B. Tobey.

—Now that Kepler has made so
much fuss about the side walks we
would suggest that the borough coun-
cil hire him to shovel snow off the
walks on sloppy days. He would look
well in that role.

—Mr. L. Agnew came over from
Oil Creek Lake yesterday to see his
daughter, May, who is down with an
attack of diphtheria. She is better
this morning, and although yet quite
sick may be considered out of danger.

—Another free bid to Titusville was
given by Andrews on Tuesday last.
The crowd which went from hero was
considerably less than on the last oc-
casion. About the time all have been
there and found that there is nothing
to be made Mr. Andrews can dispense
with his excursion.

—Goods cheap at

—Prof. S. G. Smith went to Titusville
on Monday last to teach a vocal class
which has already been gotten up for
him. Titusville has some excellent ma-
terial, and under the directorship of
Prof. Smith, the class cannot help suc-
ceed. A concert will be given at the
close of the term.

—Dr. Blaine informs us that Calvin
Arner, whose leg he amputated last
Wednesday, three inches above the
knee, is getting along finely, and
should he have no back-set will soon
be out of danger. This information
will be received with much pleasure
by his many friends.

—Some little children at President
watching the ice go out of the river
last week, discovered a large fish in
the ice. They succeeded in killing it
and found it to be a salmon and
weighed 27 pounds. This looks like a
big fish story, but it is vouched for by
too good authority for us to doubt.

—Valentine day was allowed to pass
comparatively unobserved in this place,
and we heard of no one being seriously
injured by the anonymous epistles so
common on this day generally. The
principal reason no doubt was that the
valentines were not to be had in town.
The little children seem to be the only
anxious ones at the post office.

—By an accident on the North Pa.
railroad near Allentown, last Thurs-
day, Rev. McFetridge, of Germantown,
Pa., was fatally injured. Rev. Mc-
Fetridge was formerly pastor of the
Presbyterian Church at Oil City, from
whence he moved to Germantown, and
this is doubtless the same gentleman.
He was favorably known to many of
our citizens, to whom this will be sad
news.

—Messrs. Allen, Brace & Co., of
Beaver Valley, have lately been get-
ting out some timber which lays over
anything we have heard of so far.
They have taken out three sticks which
measure respectively 105, 110 and 117
feet in length; are 32 inches at the
butt and 16 inches at the top. The
timber will be shipped to Buffalo,
where it will be used for ship masts.
These sticks will bring \$500 each when
in market. What can't Forest county
produce in the shape of lumber?

—County Surveyor Whittekin, with
his corps commenced the survey of a
railroad up Tionesta Creek on Thurs-
day morning last. They proceeded as
far as Nebraska, and then went to
Sheffield and will come down the
creek from there. This begins to look
like business, and while surveying a
road is not building it, we are assured
upon good authority that the road will
be put through before fall. Mr. Whitte-
kin has promised to furnish us data
and keep our readers posted on the
matter. Wouldn't it sound funny to
hear people inquiring when the train
would start for Nebraska or Newtown?
Yet stranger things than this have
happened.

—The steady rain during the fore
part of last week caused a swelling of
all the streams in this section of Alle-
gheny from head to foot. Great Jan-
ger was apprehended by the people
generally on account of the unusual
thickness and solidity of the ice, but it
passed out easily and without any
damage to property in this section that
we have heard of. The Tionesta creek
is clear from Nebraska to the mouth,
it having also gone out without serious
damage, except to Mr. Dittbridge, who
lost four pieces of his boom, incur-
ring a loss of about \$400. Above Ne-
braska the ice is broken and gorged,
but it is thought the lumber, timber,
&c., along the creek is safe.

—We wish to call attention of our
lumbermen, teamsters, farmers and all
others that Tionesta has now a perma-
nent and competent harness maker,
and there is now no need of sending
away for anything in that line. Mr.
L. Fulton has opened a shop here and
does the best of work at as low prices
as can be had anywhere. He is an
industrious gentleman, experienced
workman, and comes with the inten-
tion of staying, and hopes by a strict
attention to business and customers to
merit the patronage of our citizens,
and we trust such will be generously
accorded to him. This section has
long felt the need of such a tradesman
and now that he is permanently lo-
cated we hope he may receive liberal
patronage. Give him a call.

—We think our Anchor Brand of
Flour the best in the County for the
price. Try it.
2. ROBINSON & BONNER.

U. S. SENATOR.

The dead-lock at Harrisburg has at
last been broken, but only to be locked
up again as tight as ever. On Wed-
nesday Oliver and Grow were both
withdrawn, whereupon the Grow peo-
ple assembled in caucus and placed in
nomination Thomas M. Bayne, Con-
gressman from Allegheny County, and
the Oliver men nominated General
James A. Beaver. On Thursday the
first ballot was taken in joint conven-
tion which resulted as follows: Beaver
63, Bayne 62, Wallace, Democrat, 86,
with quite a number of scattering votes.
The balloting has continued in about
the same way every day since, and
from present appearances will not
change much during the remainder of
the week. The prevailing sentiment
seems to be that General Beaver will
finally be elected, but it will be ob-
served that the longer the balloting
continues the fewer will be his chances.
His election would doubtless give gen-
eral satisfaction to the Republicans
throughout the State, and if elected,
will, we believe, make a brilliant Sen-
ator. Whatever the situation may be
at present we still have hopes of Lieut-
Governor Stone's election.

Spring Elections.

Yesterday was unusually quiet for
election day, and unless standing close
to the window of the polling place one
would hardly know that such an event
was taking place. Two tickets were
put in the field in this borough—one
by the citizens and one by the Green-
backers. The citizens elected their
entire ticket, with the exception of
one Councilman, Mr. John A. Hart
having been elected on the Greenback
ticket. Following are the names of
those elected:

Burgess, S. J. Wolcott; Council,
north ward, T. B. Cobb, T. J. Van
Giesen, Jno. A. Hart, south ward, Eli
Holeman, G. W. Robinson, S. H. Has-
let; High Constable, John Muenzen-
berger; Constable, James Walters;
School Directors, A. B. Kelly, G. W.
Robinson; Assessor, D. W. Clark,
Judge of Election, H. O. Davis, In-
spectors of Election, Chas. Raisig,
Samuel Campbell; Auditor, P. M.
Clark; Overseers of the Poor, J. M.
Kepler, W. A. Grove.

Capture of a Burglar.

The following account of the capture
of a burglar near Marienville, this
county, we take from the Kane Blade:
"Frederick Stalb is the name of the
unfortunate young man who was ar-
rested in Forest county on Sunday last
and brought to Kane, and taken from
here by rail to Ebensburg, Cambria
county, to be tried on a charge of bur-
glary. The deed was committed in
November last, when five men entered
a house, knocked the old man down,
tied and gagged his wife, and then
robbed the house of \$200 in cash, and
took their departure. Subsequently
two of the men were captured, tried,
convicted, and sentenced to eight and
one-half years each in the western
penitentiary. Information was re-
ceived by Sheriff Griffith, of Cambria
county, that Stalb was hiding in For-
est county, and he immediately for-
warded a warrant for his arrest to his
son, John T. Griffith, of this place,
deputizing him to serve the same.
Having information to the probable
whereabouts of his man, and armed
with authority of law and accompa-
nied by James Keating and Albert
Ellithorp, he on Saturday left for the
wilder of Forest county. On Sunday
they came up with their man about
five miles from Marienville, at the
house of one Wm. Nugent, who, upon
hearing their approach, or evidently
having been apprised of the same,
fled from the house to the barn, and
concealed himself in a mow of hay;
but a vigorous probing of the hay with
a pitchfork made the gentleman under-
neath cry a halt, when he surrendered
as gracefully as possible under the
very trying circumstances. He was
armed with a good revolver, which was
promptly transferred to the possession
of his captors. He was brought to
Kane Sunday night, and on Monday
Mr. Griffith accompanied him as far
as Lock Haven, where he was met by
Cambria county officers, who escorted
him the balance of the journey. The
evidence appears to be strong against
him, and it is probable that he will
soon join his comrades in the western
penitentiary."

—Codfish as large as a barn door at
Robinson & Bonner's. The nicest ever
brought to this market. 21.

—Some of the star boards at the
"Morphy Block," on Bobb's Creek,
think the account of the fire recently
published in the Democrat was entirely
over-done, and that the damage sus-
tained by the "Palace," was nothing
in comparison to the severe affliction
which befel Ed. Gillespie, who, while
tearing down through the brush, tum-
bling over trees, logs, timber, etc., had
the misfortune to burst his throat-
latch, which so injured his speech that
he could scarcely be heard three miles
away. The party, who communicates
these happenings will please endeavor
to get things somewhere in the neigh-
borhood of correctness hereafter, and
offer a favor on the public in general
and the ladies and gentlemen of the
Murphy Mansion in particular.

Hickory Inklings.

EAST HICKORY, PA., Feb. 12, '81.

Log and timber skidders have the
whims badly.

Jas. Hunter is making the hemlock
splitters fly, ominously, in his clear-
ance job for T. D. Collins.

Allen, Brace & Co., being about
through with timber hauling have dis-
posed of a number of their teams.

William Wilhem, of Frogtown, had
his leg bruised rather severely while
loading a stick of timber. With the
 requisite care he will be on his pins in
a few days.

The schools of this township are, as
far as we can ascertain, in as flourish-
ing a condition and doing as efficient
work as the present status of affairs
will admit.

We are sorry to see so many young
girls and boys just merging into wom-
anhood and manhood who should and
could as well as not be in school every
day—performing a duty they owe to
themselves and posterity—whiling
away their best days sitting dreamily
around the kitchen fires, or listlessly
meandering here and there in search
of—they know not what. Are there
not preventatives, and should they not
be utilized?

Daniel Brecht sustained a very
severe accident some time since. While
walking leisurely along Broadway, in
the busy, bustling village of Frog
town, (this township) his pedal appen-
dages refused to perform their natural
and accustomed functions, and thought
to disport themselves with flying,
thereby landing their possessor cross-
wise a stump at about the centre of
gravity, completely sundering two ribs
from the spine, one of which protruded
through the flesh. Surgeon Brooks of
Youngville, reduced the fracture, and
the patient is getting along admirably.

We notice by comparing our school
buildings and appurtenances with
those of our neighbors that we are at
least a decade behind the light house
in regard to these matters. Should,
ought and need this be so? It is a
melancholy truth that there is not a
school house in this township that is
furnished with a sufficiency of that
most indispensable article, blackboard,
to say nothing of charts, wall-maps,
dictionaries, etc., all of which should
be, and are in all well regulated and
disciplined school districts. Directors,
and patrons, would it not be politic,
money-saving and to the best interests
of your children—the rising generation
—to give this subject your undivided
attention at your spring meeting.

FAGUNDUS, PA., Feb. 14, '81.

John McCarty is spending the win-
ter at home.

Next Sociable at Mr. Wm. Hawk's
Friday evening of this week.

It is expected that Miss Stratton
will make a protracted effort in the
M. E. Church during the present
week.

The measles and diphtheria are cre-
ating considerable consternation in
different parts of the community. The
youngest child of Dennis Downey, a
boy aged about two years, was called
away by the latter disease on last
Friday morning. The remains were
buried at Tidioute on the following
day.

That last Sociable held at Mr. Chas.
Griffin's was too good to pass without
mention. The same coterie usually
found at these meetings was present on
this occasion. The first selection of
the evening was, "Passing the Saucy
Krant," by Mr. Peter Berry. We
desire especially to commend Mr.
Berry for the ease and grace with
which he rendered it. The effect was

much heightened by frequent recur-
sive articles which Peter carried in his
arms. The games of the evening
were distinguished for the passionate
ardor with which some of the players
entered into them. We noticed one
or two parties in particular who be-
came so wrapt in the excitement of
the game as to apparently forget that
the eyes of the multitude were upon
them. The height of the evening's
enjoyment was finally reached when
that good natured hostess, Mrs. Griff-
in, announced that the taffy had
reached the right consistency for pull-
ing. The taffy was pulled with a
right good will, after which the com-
pany repaired to their respective
homes, well pleased with an evening
pleasantly spent. JIM.

Sad Accident—Lively Surgical Op-
eration.

A Barnett township correspondent
sends us the following item of interest:

Mr. G. W. Crispin, of Armstrong
County, while engaged in hauling
lumber at Millstone, Elk Co., got his
leg completely smashed on the 4th of
Feb. Dr. C. C. Baker, of Sigtel, Jeff-
erson Co., assisted by Dr's. Balmer, W.
A. Baker and W. Matson, amputated
the limb close below the knee. Dr.
C. C. Baker performed the operation in
one-half minute, (30 seconds.) The
assistance secured the arteries, and
dressed the wound in a very skillful
manner, and in an unsurpassably short
time. The patient is doing well at
this date, Feb. 8th, 1881.
