

OUR NEW U. S. SENATOR.

Following is a brief sketch of the new U. S. Senator from Pennsylvania: Hon. John I. Mitchell is a member of the present Congress. He resides in Wellsboro, Tioga county. He was born in Tioga county, July 28, 1838. He spent his boyhood upon his father's farm. He received a common school education and private instructions, and passed some time at the University of Lewisburg, Pa., in 1857 to 1859, but did not graduate. He taught school for a while, and when the war broke out he entered the service, serving first as Lieutenant and afterward as Captain of the 136th Regiment, under Col. Thomas M. Bayne, and made a record worthy of a soldier.

He was admitted to the bar of his native county in 1864 and has since been one of its leading members, being interested in most of the important cases. He was elected District Attorney of the county in 1868, serving three years. He edited the Tioga County Agitator during the year 1870. He was a member of the State House of Representatives five years, from 1872 to 1876, inclusive, served as Chairman of the Judiciary General and Ways and Means Committee. His abilities made him the leader of the House whilst he served in that body.

When he was elected District Attorney he succeeded Mr. Niles, and when he was elected to the Legislature he also succeeded that gentleman, who is now among his most ardent supporters and warmest personal and political friends. During his career in the Legislature he was prominently named for the Speakership, but modestly gave way for others.

In 1876, when he was still in the Legislature, and without any solicitation on his part, he was elected to Congress from his district—the sixteenth. He had been put up by the citizens, irrespective of party, and was elected without opposition. In 1878 he was unanimously renominated, and re-elected, the vote being 11,133 for him against 5,849 for Smith a Democrat, and 9,954 votes for Davis a Greenbacker. In 1880 he wrote a letter, copied all over the State, saying he was to poor to stand the expense of a third term, and his declination was reluctantly accepted—so that his membership in the lower house ceases on March 3d. He will now, all unsolicited by himself, be elevated to a higher seat, and will doubtless sustain as a Senator the record he has made in other positions.

Personally, he is said to be a man of very high character, and one whose social relations are of the happiest nature.

THE NATIONAL CAPITAL.

Special to the REPUBLICAN. WASHINGTON, D. C., Feb. 26, '81. The question which now agitates political circles is, what shall be done toward refunding? There is developing so much opposition to the present bill from the National Banks, and outside the Democratic party, that ancient enemy of the public credit, there seems so small an amount of sentiment in its favor, that it is thought by many that even in the event of its becoming a law the President would veto it. In the consideration of this bill the Democrats have shown plainly to the people of the country how unfit they are to be trusted with the control and direction of the policy which is to make or mar us, how totally lacking the ability needed to introduce, mature, and execute wise measures of financial legislation.

The threat of the National Banks to withdraw their circulations if forced to accept the new bonds as sole security therefor is one which wiser men, and men of more extended financial experience and knowledge than the Democratic party seems possessed of, would not have regarded in vain. So far, about \$5,000,000 worth of National Bank securities have been withdrawn to retire circulation, and there is no telling to what extent contraction of the currency may be carried despite the exertions of Secretary Sherman, if the present funding bill becomes a law.

The work upon the appropriation bills, considering the few days that remain of the session, does not progress

in a manner at all satisfactory. The House Committee, on appropriations is still engaged in consideration of the General Deficiency bill, it being the last one. Senator Booth submitted to the Senate a report from the Conference Committee on the Pension bill, which as concurred in, and the bill only awaits the same action from the House and the President's signature to become a law. The Post Office bill was yesterday referred to a Conference Committee. The River and Harbor bill is in the hands of the Senate Committee on Commerce, and over 130 amendments have been offered to it. This bill is very sick and may die at the close of the session, though many of its items are meritorious and to a certain extent necessary. The Fortification bill passed the Senate yesterday. In the House, Senate amendments to the Legislative bill were referred to the Committee on Appropriations. The Sundry Civil bill is still under consideration in the House. It can readily be seen that from the amount of necessary work to be done, Congress will have its hands full the few remaining days of the session.

Senator Matt. Carpenter, of Wisconsin, died in this city this morning. The city is overflowing with strangers at the present time, and more are arriving each day.

Unclaimed Letters.

In Tionesta, Pa., P. O., March 1, 1881: Enos Blosser, Miss Tilla Carr, Robert A. Fryer, T. L. Ponell, Niles P. Peterson. If not called for within 30 days will be sent to the Dead Letter Office.

J. M. McKAY, P. M.

We have received from Saalfeld's Music Store, 839 Broadway, New York, something in the way of a "Ten-Cent Library of Music," that fairly takes our breath away. It is a publication that this enterprising house has decided to issue every month, (Subscription price \$1.00 a year, single numbers, 10 cts. each.) which is gotten up in the same style and shape as any other music, no matter how high priced, and yet containing sixteen pages of the most popular music for 10 cts. It is certainly astonishing. The first number which has just come to hand contains Waldtenfel's immensely popular "Tres Jolie Waltzes," the beautiful little ballad, "In the Gloaming," and two other pieces. Other numbers contain the popular Raccuet Waltz, Miss Thursday's Twickenhaat Ferry, Boccaccio March, Lady Dah, whilst the last number issued is said to contain a complete Potpourri of "The Pirates of Penzance," which ordinarily retails for \$1.00 alone whilst in this case it contains two other pieces besides. Catalogues mailed on receipt of a three cent stamp by the publishers.

CRAWFORD COUNTY, PA., CITY OF TITUSVILLE.

Personally appeared before me Mary Murry, who, being sworn according to law, deposes and says: That she resides at the corner of Franklin and Water streets in said city. That she was suffering with excruciating pain from the Inflammatory Rheumatism for the space of seven days, that she was screaming from the pain and got no rest during all that time. That she received relief within twenty minutes after taking the first dose of Wilson's Lightning Remedy for Rheumatism, and went to sleep. And that she has had a permanent cure within ten days, and that she was up and about within five days. MARY MURRY.

Sworn and subscribed to before me this 15th day of April, A. D. 1880. J. D. B. CLARK, Justice of the Peace.

TWO ORGANS.—Regulate first the stomach, second the liver; especially the first, so as to perform their functions perfectly and you will remove at least nineteen twentieths of all the ills that mankind is heir to, in this or any other climate. Hop Bitters, only thing that will give perfectly healthy natural action to these two organs.—Maine Farmer. 2t.

MRS. PARTINGTON SAYS.—Don't take any of the quack nostrums, as they are regimental to the human system; but put your trust in Hop Bitters, which will cure dilapidation, coxive habits and all comic diseases. They saved Isaac from a severe extract of tripod fever? They are the ne plus ultra of medicines.—Boston Globe. 2t.

For Sale or Rent, The Klinefelter house, situated near G. W. Bovard's residence, and at present occupied by Thos. Hassey. Terms reasonable and very easy. Inquire at this office.

If, after a fair test, you are not cured of gravel, nervous debility, or any disease of the kidneys by using Prof. Guilmett's French Kidney Pad, then the druggist from whom you bought will refund the money paid.

It stands everywhere without an equal for the cure of gravel non-retention, liver and kidney complaint, nervous irritation. Barosma brings quiet sleep, and is not an Opium. Prepared by E. K. Thompson, Titusville, 1.

Counterfeiters are ever on the alert to find fresh fields to work, but they never imitate a worthless article. Prof. Guilmett's French Kidney Pad was brought out about ten years ago, and since then a host of chaps without skill or conscience have sought to imitate it by many worthless affairs, but a discriminating public will hold "fast to that which is good," and the Guilmette Pad more than hold its own. It cures all kidney diseases and succeeds where medicine often fails.

It should be kept always in the house, because it is a certain and safe remedy for Croup, Asthma, Bronchitis and Sore Throat. BEARS FOR THE MILL! FOO CHOO'S BALSAM OF SHARK'S OIL

Positively restores the hearing, and is the only absolute cure for deafness known. This oil is extracted from a peculiar species of White Shark, caught in the Yellow Sea, known as Carletonodon Rendel. Every Chinese fisherman knows it. Its virtues as a restorative of hearing were discovered by a Luckchin Priest about the year 1410. Its cures were so numerous and many so seemingly miraculous, that the remedy was officially proclaimed over the entire Empire. Its use became so universal that for over 300 years in Deafness has existed among the Chinese people. Sent, charges prepaid, to any address at \$1 per bottle. Only imported by HAYLOCK & Co., 7 Bay St., New York. Sole agents for America. Its virtues are unquestionable and its curative character absolute, as the writer can personally testify, both from experience and observation. Among the many readers of the Review in one part and another of the country, it is probable that numbers are afflicted with deafness, and I think it may be said: "Write at once to Haylock & Co., 7 Bay St., New York, enclosing \$1, and you will receive by return a remedy that will enable you to hear like anybody else, and whose curative effects will be permanent. You will never regret doing so."—Editor of the New York Mercantile Review, Sep. 25, 1880. dec29ly
