CHAIRMAN JOHN CESSNA has issued the following: A meeting of the Republican State Central Committee will be held at the Lochiel Hotel, in Harrisburg, Pa., on Thursday, the 14th day of April, 1881, at 2 o'clock p. m., for the purpose of fixing the time and place for the meeting of the Republican State Convention of 1881, and transacting such other business as may be presented for the consideration of the Committee.

Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That the commissioners of the several counties of this Commonwealth shall perform the duty of selecting persons to serve as jurors in the courts of their respective counties according to the manner prescribed by law in the case of jury commissioners.

SECTION 3. This act shall not go into effect until the expiration of the terms of office of the several jury commissioners now in office; Provided, That this act shall not apply to cities of first class.

THE STATE CAPITOL.

HARRISBURG, PA., Mar. 25, '81. We have had a lively time since I wrote last, expelling the Pittsburgh Commercial Gazette reporter from the floor of the House, which of course has made him famous, and the Speaker, who caused the resolution to be offered, ridiculous; and in trying to affect the repeal of the Recorder Bill, which Philadelphia citizens are anxious to have done, although a portion of their Representatives are fighting its repeal very bitterly, but there is no doubt of its final repeal, as the bills have been on first reading at a special session last Thursday afternoon, and next Tuesday afternoon is fixed for the second reading of the same, and the 5th of April for third reading, each of said days being special sessions, and not interfering with the regular order of business.

We are holding one session on Monday evening, two sessions on Tuesday, (one special) two on Wednesday, two on Thursday, making five houses each day, and one on Friday of two hours. Also, one special one next Friday to take up the Constitutional Amendment Act,—Bill No. 101—to prevent the manufacture and sale of intoxicating liquors, &c. Now, take into consideration the Committee work, and you will discover that we have all we can do.

We had a five hour debate last Wednesday on the Free Pipe Bill, in which the oil delegation carried off the cake, although the ablest Philadelphia members, among whom were Keess and Faunce, fought the bill savagely. We prevented the bill being killed by amendments, and passed it on second reading by a majority of 9. Lockwood, of Clarion county, had the bill in charge, but was ably supported by Myers, Mapes, Wolf and Davis. This was a victory the oil delegation felt proud over. The Anti-Discrimination bill was postponed until Wednesday of next week on account of Mapes, whose bill it is, being too hoarse to talk. Davis managed on Friday, by a strategic movement, to

get his Railroad Fence Bill placed upon the Callendar for first reading; victory No. 2. You must remember it had been killed twice in Committee, and of course was dead until placed on the Callendar by a majority of the House elected.

A nice little job was badly defeated Friday; i. e., the bill to release Insurance Companies from taxation, and to compromise at a reduced rate for taxes now already due, some \$200,000. The killing of the bill saves the State about \$170,000, which in my opinion was a pretty good day's work. Its demise is largely due to an able speech of Representative Colburn, of Somerset Co., who is Chairman of the Ways and Means Committee.

You have no doubt seen before this that the Attorney General has taken upon himself the unasked responsibility of deciding that the Legislature may go home at the end of the one hundred days, or work without pay from that time on, declaring that portion of the Act of 1874 which says that the members shall be paid \$10 per each day, not to exceed fifty, after the hundred days are past, unconstitutional, in a long opinion. This may or may not be a correct decision, as the best lawyers of the House and Senate say that the Att'y General is wrong in his construction of the Act, and impertinent in claiming the right to decide a question which is purely the province of the Supreme Court, and it only. Various reasons are given for this extraordinary proceeding. The general surmise among the greater number of members is, that the Legislature does not suit the anti-reformers, and the decision is to scare them away, for fear of the passage of the Free Pipe bill, Anti-Discrimination bill, the Constitutional Amendments, Repeal of the Recorders bill, and some other reform legislation which would be surely passed if the session should last 150 days. This is the opinion of Representative Davis from your County, who says that, although he can ill afford it, yet he is one of a majority that will stay all summer to help pass these bills, and all other important reformatory measures, if he never gets a farthing for it, and don't you forget it! Philadelphia newspapers to the contrary notwithstanding, this is the ablest, purest, most temperate Legislative body that has met in Harrisburg for years.

THE NATIONAL CAPITOL.

SPECIAL TO THE REPUBLICAN. WASHINGTON, D. C., Mar. 24, '81.

Though a week ago there was good prospect of an extra session of Congress, the tide seems to have changed, and now runs strongly against one. It seems that the most serious objection in the mind of the President is that the Republican majorities in both House and Senate are so small that it is feared nothing could be accomplished, and that after dragging along into the dog-days, Congress would adjourn without having accomplished the object for which it was called together. If a session should be called and failed to accomplish what was intended, matters would be complicated and made worse. On the whole I think from the latest arguments presented the President will grasp the lesser horn of the dilemma and not call an extra session.

The President sent a number of important nominations to the Senate yesterday, among them that of Wm. H. Robertson (who led the bolt against Grant in the New York Republican State Convention last year) to be Collector of Customs for the port of New York; Wm. Walter Phelps, of New Jersey, to be Minister to Austria; Edwin A. Merritt, of New York, Consul General at London; General Lew Wallace, of Indiana, Charge d' Affairs to Paraguay and Uruguay; Wm. E. Chandler, of New Hampshire, to be Solicitor General; Sam'l F. Phillips, of North Carolina, to be Judge of the Court of Claims, and Thos. M. Nicol, of Wisconsin, to be Commissioner of Indian Affairs.

The nominations are generally satisfactory, with the exception of General Robertson, and it is feared his nomination will stir up the Coukling men and secure a desperate opposition in the Senate.

General Grant has resigned the Presidency of the New York World's Fair Commission. It is feared the project will fall through from lack of funds.

It is understood that the nomination

of Stanley Mathews to be Associate Justice to the Supreme Court will be considered in the Judiciary Committee to-day and reported favorably.

The avalanche of applications at the Interior Department continues, with no prospect of abatement. It is stated by the officials there that for every man that can obtain a place, there must be from fifteen to one hundred and fifty disappointed. Secretary Kirkwood good-naturedly assures applicants that they are standing in their own light, inasmuch as his time is entirely occupied in seeing and hearing people who want office, and he is therefore unable to find a leisure moment in which to appoint a single one of them if he desired to do so.

Mr. John Longstreth, son of Gen. Longstreth, was at the State Department yesterday. He will sail from New York in a day or two for Constantinople. He has been appointed Marshall of the United States Court there.

Co. Supt. of Forest County.

STATEMENT OF S. L. GROAT.

I have been afflicted with Rheumatism for the past twenty five years; I have been so bad for the last three years that I have been obliged to use crutches all this time. I have tried every Rheumatic Remedy I could hear of, and have paid out in cash over eight thousand dollars, and I can solemnly say that I have never taken a medicine that has given me as much relief as Wilson's Lightning Remedy. And I consider it the best remedy for Inflammatory or Acute Rheumatism that exists, and will give relief quicker than any other known remedy. My son was afflicted with the disease, and after taking the first dose he experienced a relief, and was perfectly cured of the disease after taking eight doses. Titusville, Pa., July 15th, 1880.

MAINE NEWS.—Hop Bitters, which are advertised in our columns, are a sure cure for ague, biliousness and kidney complaints. Those who use them say they cannot be to highly recommended. Those afflicted should give them a fair trial, and will become thereby enthusiastic in their praise of their curative qualities.—Portland Argus.

SHREWDNESS AND ABILITY.—Hop Bitters so freely advertised in all the papers, secular and religious, are having a large sale, and are supplanting all other medicines. There is no denying the virtues of the Hop plant, and the proprietors of these Bitters have shown great shrewdness and ability in compounding a Bitters, whose virtues are so palpable to every one's observation.—Examiner and Chronicle.
