LOCAL AND MISCELLANEOUS.

Condensed Time Table Tionesta Station.

Table with columns for NORTH and SOUTH directions, listing train numbers and times.

—M. E. Sabbath School at 10 a. m., F. M. Sabbath School at 11 a. m., Presbyterian Sabbath School at 3 p. m.

—Rev. Hill will occupy the pulpit of the M. E. Church next Sunday evening at 8 o'clock.

—Our jail still hungers for an occupant.

—Will Wolcott came down from Bradford, Monday.

—Hon. E. L. Davis returned home from Harrisburg last evening.

—The itinerant musician from Italy has thus far given Tionesta the go-by.

—Republicans, don't forget the Primaries next Saturday afternoon. Turn out for the good of the party.

—Mr. J. L. Diven, of the firm of Diven & Co., Job Printers, Oil City, paid us a pleasant call yesterday.

—For Cultivators, Shovel-Plows and Road Scrapers go to Robinson & Bonner's.

—A new switch is being put in by the B. P. & W., at this station, the better to facilitate shipping, which is rapidly increasing.

—Tionesta will celebrate the Fourth of July—just about as she did Decoration Day—judging from present indications.

—Let every good Republican go to the Primaries next Saturday afternoon, and let him make an effort to get out a big vote.

—Last week was a good one for "Arabing" lumber, but some of the boys think it don't pay to catch lumber for 6 cents a thousand.

—The Salmon Creek Lumber Co., want to hire fifty men at good wages to peel bark. Those wishing a job should apply at once, as the season is drawing to a close.

—Mr. Jas. A. Scott, of Marienville, is to-day announced as a candidate for Auditor, subject to Republican assent, in place of Mr. Hooveler, whose withdrawal was noted last week.

—Williams & Co., have resumed the hauling of cherry and ash lumber to this station from their Marienville mill, and some beautiful lumber is brought in. Jack McCray is bossing the job.

—On account of the bridges being carried away by the recent freshet on Piney creek the Clarion mail does not go by the way of Nebraska, and our neighbors are obliged to get their mail for the time being at this place.

—A severe hail storm passed over parts of Green and Kingsley townships on Monday, doing considerable damage to crops. One man positively averred that hail fell as large as goose eggs at Newmansville, Clarion county.

—James G. Carson, Jas. Swales and Geo. Albaugh, of this place are announced for Sheriff on the Greenback ticket, and R. B. Swalley, of Fagnodus, for Auditor. Ernest Vockroth is out for Commissioner on the Democratic side.

—The many friends of Mr. M. Silk, formerly conductor on the B. P. & W. R'y. will be pleased to learn that he has engaged in the hotel business in Warren, having taken possession of the Ludlow House. His friends will take pleasure in patronizing him when they go that way.

—The following from an exchange is worth trying: Take half a teaspoonful of black pepper in powder, one teaspoonful of brown sugar, and one teaspoonful of cream. Mix them well together and place them in a room on a plate where flies are troublesome and they will very soon disappear.

—Mr. John Shreve, of Belvidere, Ill., arrived in town yesterday. Mr. Shreve was one of the early settlers of this place, having owned the Shreve farm across the creek. He is looking unusually well, and is meeting with a warm reception by his many old-time friends who still reside here.

—Baldwin's Official Railway Guide for June is "on deck" with its usual freshness and abundance of information so welcome and indispensable to the traveling public. Its accuracy in railroad statistics, time tables, etc., coupled with its many pages of sparkling reading matter, make the Guide a bono companion to the traveler.

—Mr. Geo. M. Kepler, Supt. of the Salmon Creek Lumber Co., had a severe attack of cholera morbus on Sunday last. He is able to be out again now.

—The initial number of the Clarion County National, published at Edenburg, Pa., by F. W. West & Son, has reached us. It shows up very creditably on the start. Mr. W. is an experienced newspaper man, and fully competent to give the citizens a good paper. We wish him success in all but politics.

—The eclipse of the moon on Saturday night took place according to program, and was witnessed by a good many of our people who were able to sit up till 12 o'clock. By-the-way, come to think of it the REPUBLICAN was the first and about the only paper in this section to call the people's attention to this interesting phenomenon.

—Our County Commissioners publish a notice calling in \$5,000 of Forest county bonds on July 1st. In looking over the numbers advertised we fail to find any corresponding with our bonds, (?) but perhaps they were called in some time ago, being somewhat busy the while back we haven't been able to give the matter much attention.

—Mr. H. H. May returned last Friday from a trip to the East, and says while passing along the Susquehanna river he saw fifteen miles long and one mile wide of logs going adrift, the booms having been broken on account of the high water. He said he thought he had seen a great many logs in his time but this beat everything for saw-logs that he ever saw.

—Mr. W. W. Kellett, of Boston, has been stopping in town for some time. He is here in the interest of some of the tannerymen of Boston, and it is rumored that a factory for the manufacture of extracts, and possibly a full fledged tannery, will be erected in this vicinity before long. It seems almost too good to believe, but we patiently await the results.

—The Tionesta borough School Board held a meeting on Monday evening last. It was decided to have three schools and eight months schooling. The salaries were fixed as follows: First room \$45; second and third rooms \$30 each. A 10-mill school tax was levied for 1881. The question which now agitates the public is where they propose to hold the third school. Certainly not in the old "rack" they occupied last winter.

—Miss Blanche M. Burton, who is well known in Warren, and who has been a teacher in the Union School for four years, is to be married this (Thursday) evening, at the residence of her father, Rev. S. S. Burton, at Cattaraugus, N. Y., to Mr. Herman C. Hawkins, of Portland, Oregon. Several of her friends from Warren were present at the ceremony. Her many friends here will unite with us in wishing the happy couple a long and prosperous life.—Warren Mail.

—"Every dog has his day," and "Old Jack," who laid the most of the time at the head of our stairs, now "sleeps the sleep that knows no waking," having dropped from the river bridge with a stone tied to his neck. He was a noble brute in his day, and now may be rest in peace in the happy hunting grounds. Dr. Coburn's little cocker spaniel also expired suddenly at the end of Tom Van Giesse's "Winchester," she having helped herself to eight or ten of Tom's spring chickens. The Doctor is of the opinion that it was adoggonedmeantriek.

—The flood of last week—the severest we have had in many years—did great damage all over this section of the State. The creek and river overflowed their banks in many places, and a great many logs and boards were lost. Among the sufferers along the creek were Wheeler & Dusenbury, Dale & Lawrence, D. S. Knox, and Dithridge & Landers, all of whom lost from 500 to 1000 logs each. Miles & Sheesley lost considerable lumber, and others suffered more or less. The corn crop on flat ground was badly damaged, and in many cases entirely ruined. The damage done to roads, bridges &c., in this county will amount to thousands of dollars, nearly every road in the county having suffered more or less. Millions of feet of boards and timber lying at Pittsburgh were carried away by the flood. The oldest inhabitant cannot call to memory another such a rain storm in the month of June.

—Last Thursday, Bruce, four-year-old son of D. W. Clark, fell from the board-walk near the house and broke his right thigh bone, about midway between the knee and hip. Dr. Blaine reduced the fracture and soon had the little fellow feeling quite comfortable; he is improving rapidly. Little Effie, has been on the eve of death since last week, and it would seem that unless she soon takes a turn for the better she cannot survive much longer. Her endurance has been wonderful thus far. Truly Mr. Clark and family are having their portion of affliction. May they soon obtain relief.

Cooksburg Chat.

Cooksburg has a scull. Boat building is brisk on Thom's Run scaffold. The creek scaffold will be fixed up and put into business soon. Joe Morgan presides as chief builder. Three pairs have been turned already. Two more pairs will be built during the coming summer.

Boss Cook is the proudest man at Cooksburg—twins—both girls. The Ridgway and Tylersburg mail carrier is grieved at the Cooksburg cigars.

Judge Cook will build two or three tenant houses during the summer; they will be built on the eastern side of Thom's Run. The Judge's saw mill on Thom's Run will be run during the summer, as also will the Blackberry Mill on Maple Creek. About 2,000,000 feet of boards will be cut this summer. In addition to this a large amount of boat stuff, also. Sloughton—we forget his first name—is head-sawyer on the Maple Creek mill. It is the intention of Mr. Cook to put in considerable square timber during the coming winter; it will be taken out the latter part of the summer.

Squire John still retains his position as miller at the Cooksburg flouring mills. If good grain is furnished him he can produce as good flour as can be made elsewhere. During the past year Judge Cook purchased, and manufactured into flour at his own mill, not less than 1000 bushels of wheat.

Cooksburg is emerging, slowly yet surely, from the shadows of the forest into the smiling sunshine of agriculture. Fifteen acres of new ground has been made to pass under the yoke of the husbandman, ten of which bears a crop of wheat the present season; of oats the Judge has in 30 acres; of corn about 20, and in grass about 60. He is making a successful effort to bring up to better production the old farm which lies along the creek; it has been "limed" with lime from the Fryburg lime works; this lime costs \$4 per ton; one ton is sufficient for four acres.

Judge Cook has been absent in Pittsburgh through the spring, returning home only a short time since; although able to be around seeing after his business affairs, yet he is not fully recovered from his severe illness in the spring. He will return to Pittsburgh again in a short time. Samuel Calvin and wife have been up from the city on a visit. Mr. Calvin is practicing his profession as a lawyer in the Smoky City.

QUILLS.

No More Games of Chance to be Played for Drinks.

The following is a full text of an important bill which has passed both branches of the legislature and has been signed by Governor Hoyt: Section 1—That if the proprietor, keeper, lessee or manager of any saloon, hotel, tavern, inn, billiard room or other place of resort or entertainment shall keep, maintain or permit to be played upon his premises, or in connection therewith, or having passage or communication to or with the same, the game or amusement of pool with balls or any other game of chance the result or price of forfeiture of payment in any form of such game or amusement shall be by drinks, of vinous, spiritous, malt or brewed liquors or any mixture thereof, he or she shall be guilty of a misdemeanor, and upon conviction thereof shall be sentenced for the first offence to pay a fine of one hundred dollars and undergo an imprisonment of not less than ninety days, and for the second offence to pay a fine of five hundred dollars and to undergo an imprisonment of not less than one year; and any license granted for the keeping of such saloon, hotel, tavern, inn, billiard room or other place of resort or amusement shall, upon such second conviction, be declared null and void by the court in which the said second offense shall be tried. Approved June 1, 1881.

Blue Jay.

There will be nothing of importance in this locality for eight or ten days, or until Green Bros. finish Darling No. 2. The well of most importance, however, is that of the P. & E. company, south-west of the Blue Jay wells, which will probably reach the sand in fifteen or twenty days. This will be a very fair test for considerable territory in the northern part of Forest county. —Derriek.

Mr. Ed. Reed, of Foxburg, was in town yesterday. He states that operations on the above wells, besides the one being drilled by Cunnely & Co., on the Wood tract, and one by himself on the Fox & Hill tract, are being pushed as rapidly as possible, and that they will be down between the 25th and 30th of this month. These are all important test wells and are being closely watched by interested parties.

Facts From Fagnodus.

Mrs. Royal Scott is lying very low. Mr. Daniel Cannon's family are undergoing the ordeal of measles.

Do you see that tired, thirsty look—individual going from house to house. He is a candidate. They are thick as hops.

Mr. E. L. Jones, of Trunkeyville, is painting his house. The appearance of his property is wonderfully improved.

Miss Coza Fisk, one of Berrytown's most industrious and untiring students, has taken charge of the Trunkeyville school.

We understand that Mr. O. W. Beatty contemplates putting down a test well on his farm, to the depth of twenty-five or thirty hundred feet.

Dr. Moore, of Cleveland, formerly of Fagnodus, is visiting friends here. He visited the Sabbath School on Sunday and made a very interesting and instructive address. While residing here the Doctor was a zealous worker in the Sunday School.

The school board met recently and organized. The friends of education in the township expected much from the new board, and were disappointed. Instead of going forward the board took a backward step and shortened the school term. It is argued that this course was necessary owing to the condition of the finances. If this be true it is due to the short-sighted policy of the board of the previous year. J.M.

Talmage Rejects the Revision.

New York, June 5.—The Rev. Robert Collyer admires the revised Bible. Dr. Talmage declares it will multiply infidelity and pronounce the revision a literary botch. It will never be adopted in this country if a fearless criticism of the people speaks out its mind. I reject this revision because it is a mechanical failure; because its verses and headings have been abandoned. Here is a paragraph a column and a half long, in the middle of which are buried the blessed words "Jesus wept," instead of standing out in solitude with all their grandeur, pathos, tenderness and omnipotent meaning. I regret the new version because of its amazing triviality. You remember Christ's sermon, where He speaks of putting now wine into old bottles. The new version substitutes the word skins, as if they could not explain bottles as well as skins. [Laughter.] "Show me a penny," said Christ. The revisers say "show me a dinarius." [Laughter.] The old translation was too much for the delicacy of our American part of the New Testament Company, where it says: "For he was naked." The American committee chose that it should read: "Had on his undergarment only." [Laughter.] He deplored the circulation of statements that there are forty errors in King James' version of the sermon on the mount and 15,000 errors in the New Testament. He believed the revision would make more infidels than the thirty-eight revisers could reclaim in the nine hundred and sixty-nine years of Methuselah and half a dozen other biblical patriarchs combined. "Hands off the Word of God. Remember the fate of Uzziah," Dr. Talmage shouted. He said "if the revision should be received there would soon be a Baptist revision, a Methodist revision and so on until possibly," he said, "I shall issue a revision."
