

REPUBLICAN COUNTY TICKET.

For Prothonotary, &c., JUSTIS SHAWKEY.

For Sheriff, Capt. C. W. CLARK.

For Commissioners, H. W. LEDEBUR, J. S. HENDERSON.

For Auditors, G. W. WARDEN, J. A. SCOTT.

OUR COUNTY TICKET.

More than a week has elapsed since the Republican Primaries of this county took place and the ticket of the party placed in the field. During that time we have conversed with many Republicans from different parts of the county and we have yet to hear one word of complaint or dissatisfaction with the ticket nominated. They all say it will be supported cheerfully, and are firm in the belief that it will be elected without the loss of a man. A few comments may not be out of place in this connection:

FOR PROTHONOTARY &c., We have Justis Shawkey, the present efficient incumbent. It seemed almost a foregone conclusion from the start that he would be re-nominated, and the unanimity with which he was supported fully attests his popularity as a man and official, showing that the people are well pleased with the manner in which he has performed his duties. The Prothonotary's office under his administration has been conducted in a superior manner, the books and records being in a better shape now than they ever were before, as all who have had business there will readily agree. We have heard it stated frequently, that lawyers and business men living out of the county who have done business here, and who are competent to judge, have said that few offices in the State were better kept than the Prothonotary's office of Forest county. Our citizens justly feel proud over this and will attest the same by a handsome majority for Mr. Shawkey in the November election.

FOR SHERIFF, We have one of the best and strongest men that could be found in the county, Capt. C. W. Clark, of Tionesta township. No man can truthfully say aught against Capt. Clark as a man and citizen. He has always been a true Republican, never flinching from his duty to the party, and performing yeoman service in many a spirited campaign. This he has done through principle—because he loved the principles of the party—never with the expectation that his reward would come in the shape of an office. While he has been a war horse in the Republican party, he has never made himself obnoxious or incurred the ill-will of his political opponents; on the contrary they admire him for his straightforward, manly course. As a citizen and neighbor he stands high in the estimation of those in his community. He is well qualified for the position, being a man of excellent judgment, and discretion; stern, yet very kind at heart, and never stubborn. A better man could not be found in the county—an assertion in which all his acquaintances will bear us out. Capt. Clark has a brilliant war record, of which we may speak in the future. He is worthy of the support of every Republican in the county, and we have every confidence he will receive it, and be our next Sheriff.

FOR COMMISSIONERS, The lucky numbers were drawn by Henry W. Ledebur of Green, and James S. Henderson of Hickory township. Mr. Ledebur's re-nomination for the office which he has so creditably filled was bestowed almost unanimously. He is one of the three who have watched over and taken care of the interests of Forest county for the past three years, and we believe it is the general verdict that during those years the affairs of the county have been attended to in a highly satisfactory manner to the people. The county is in a splendid condition at present, and to the judgment and foresight of Mr. Ledebur belongs a good share of the credit. To place the reins of the county government in the hands of three new men would be a very unwise step as all level-headed men will admit, and for this reason, and the fact that it has been tried and not found wanting, we believe the taxpayers, irre-

spective of party can vote for Mr. Ledebur with a clear conscience and a feeling of safety. We know the Republicans will. Mr. Henderson, our other candidate, has been a resident of the county for years. He is highly respected as a citizen and neighbor by all who know him; strictly honest in all his dealings, and a moral, upright man. He owns a fine farm, situated near the village of East Hickory, which he keeps under an excellent state of cultivation, and on which he has erected substantial buildings. It is possible that he has a little laid away for a rainy day. All this is the result of years of honest toil, economy and the display of good judgment. Mr. Henderson has shown that he is capable of managing his own business successfully and can therefore be entrusted with the affairs of the county; in fact, is just the kind of a man we want for County Commissioner. A man who looks after his own business carefully will look after the business of others if it is entrusted to his care. In Ledebur and Henderson the Republicans have an excellent team, and they will stand by them and elect them.

FOR AUDITORS, We have two excellent men. Mr. Geo. W. Warden has occupied the position of book-keeper for Wheeler & Dusenbury, at their East Hickory mills for the past five years. He is a splendid accountant, a perfect gentleman, and is liked by everybody who becomes acquainted with him. His peculiar fitness for the position will not be overlooked by those who know him, regardless of party. Mr. James A. Scott, of Jenks, is pretty well known to the citizens of our county, having been Court Crier of this county up to last February, when he was summarily ousted—not because he was unfitted, but because he was a Republican. That was his only crime. As showing his fitness for the position to which his friends expect to elevate him, we have it from good authority that as clerk to the auditors of his township he has kept the books and accounts in a superior manner. With Messrs. Warden and Scott as Auditors the people can rest assured that the accounts of the county will be carefully looked after.

We have now gone through with the entire list. If we have made a single erroneous statement we want some one to call our attention to the fact and we shall make proper amends. We have no fear, however, of being successfully contradicted. The ticket is a splendid one and everybody knows it. Let us elect it without the loss of a man.

THE NATIONAL CAPITOL.

Special to the REPUBLICAN. WASHINGTON, D. C., June 25, '81. Secretaris Windom and Hunt and Postmaster General James, with several members of their respective families, left the city yesterday for Long Branch, where the President and his family are quartered. Attorney General MacVeigh, who is in Philadelphia, will go down from there to Long Branch. They go to consult with the President, but on no special business. Secretary Windom said before leaving. Secretary Kirkwood and Secretary Blaine are the only members of the Cabinet in the city. Secretary Blaine will leave the latter part of next week, with his family for Maine. Secretary Lincoln is now at Long Branch.

The organization of the next House is so close that already the leaders of both parties are looking over the ground and calculating chances for success next winter. There has been some talk of a Democratic culmination with the Greenbackers by which the organization could be taken from the small Republican majority. The leading Democrats deny this. But even if it should be done, the Democrats would have to count on every man of their number to put it through. One who is counted as voting with the Democrats will not do so. He is Representative Emory Speer, of Georgia. Mr. Speer is put down as an independent Democrat, and the Democrats have, and do suppose that in matters of organization he will vote with them. Let it be known, however, that Mr. Speer will vote with the Republicans, and has informed the President so.

Assistant Secretary Upton has gone to Europe. Before he left he left his resignation in the hands of Secretary Windom, to be acted upon as might be desired by the President and Secretary. Washington monument is now 200 feet high. It will be finished, weather permitting, in the summer of 1884, and its height will be 350 feet.

The refunding of \$11,000,000 of Pennsylvania indebtedness at a four per cent. interest-bearing bond will be a test of the Commonwealth's credit which we have no doubt whatever will be successfully accomplished. And what a triumph this will be for the Republican party. It is the party of liberal wages for workmen, and of low down interest for money invested where it pays no taxes and runs no risks. Such a political organization, breeding the statesmanship which it does, is well fitted to control the Government.—Harrisburg Telegraph.

ENGLAND wants the American government to suppress Irish-American newspapers, and send their editors to jail. Was this the way in which England treated French, German, Hungarian and Italian refugees, when they fled before the storm they had severely aroused in their respective countries? Then the British government deemed it a righteous work to give an asylum to the revolutionists of the world, because revolution on the continent of Europe was profitable to English trade. America desires no such profit from the irruptions in Ireland, nor is she anxious to see revolutions in that part of the British dominions, but at the same time our Government will not put a bar on any man who denounces tyranny anywhere, and criticise authority for its wrongs.

Extraordinary Opportunity for the Relief of the Afflicted.

Dr. Hartman, the well-known Oculist, Aurist and Orthopedic Surgeon, will visit and stop at the Central House, Tionesta, Pa., for 4 days from the morning of July 20, to the evening of July 23, '81. He will have with him a complete outfit of Surgical appliances and apparatus, &c., and will be fully prepared to treat all cases of Paralysis, Deformities of the head, body and limbs. Diseased Joints, Clubbed Feet, Diseased Eyes, Cataract, Piles, Fistula, Stammering, Chronic Diseases, &c. No cases will be undertaken without a fair hope of relief. In consequence of the great expense of such a trip he will not make another; therefore, all who wish to avail themselves of his great skill and experience without visiting his Pittsburgh Office, must do so at this time. For Illustrated Journal call at your Post Office.

Peterson's Magazine for July is on our table, ahead of all others, as usual. We have so often spoken of this lady's book, as the cheapest and best, that all we can do now is to reiterate that opinion. The present number is peculiarly rich in embellishments. The steel plate "The First Train," is one of those charming illustrations, never seen except in Peterson. The colored steel fashion plate is a gem, as "beautiful as a dream," as a lady at our elbow says. A new volume begins with the July number, but back numbers, to January inclusive, can always be supplied, if wished. Specimens are sent gratis, if written for, to persons wishing to get up clubs. Address, Chas. J. Peterson, 806 Chestnut Street, Philadelphia.

The July number of Ballou's Monthly Magazine, is issued, and contains some nice engravings on the art of painting on china and other kinds of ware, interesting for all amateurs to read and study with attention if they wish to succeed in their profession. There is also a nice engraving showing the source of the mighty river Ganges, and some other illustrated articles. There are many stories, a beautiful poem with an engraving to match its pensive humor, and a thrilling long story, called "Poisoned for Love," which will interest all classes. Now is the time to subscribe for this popular and cheap magazine. Published by Thomas & Talbot, 23 Hawley Street, Boston, Mass., at only \$1.50 per annum.
