-We acknowledge the receipt of a complimentary ticket to the Fair to be given by the Venango County Agricultural Society in Franklin, Sept. 21, 22, and 23. This society is composed of Venango's best citizens, who are putting forth every effort to make the coming Fair the best ever held in Northwestern Pennsylvania. Many new features will be introduced this year, among them an educational exhibit in which all the schools in the county will take part; the Bench Show of Dogs under the auspices of the Franklin Sportsman's Club, will be a novel feature, and one that is bound to attract many who would not otherwise attend. Some of the first citizens of Franklin have this department in charge and are bound to make a success of it regardless of expense. Altogether the Fair promises to be grand in every respect, and will well repay a visit to Franklin to see.

-Mrs. Charles Diley, Pittsburg, soys, she had Chronic Catarrh badly. Peruna cured her perfectly.

Horrible if True.

Monday's Derrick contains the forlowing account of a most distressing affair at President. It is strange we had not heard of the frightful occurrence before: "A lady who has been visiting at President, informs us concerning one of the most terrible accidents that ever came to our knowledge. There resides near President a widow who had three children. A few days since she was preparing dinner and had the youngest child with her in the house. The other two children were sent by her to hunt some eggs. They were both young and going out of the house saw a hollew log in the yard. One of them put in her little hand to see if there were any oggs, but quickly pulled it out saying a chicken had bitten her. The other inserted her hand and jerked it out with a scream. A rattlesnake had bitten them both. The scream of the second child brought out the mother and lifting a kettle of boiling potatoes from the stove, so they would not burn, she started out. She had just got outside the door when she was recalled to the house by the agonizing cries of the baby, who had crawled across the floor and upset the boiling water over bimself. She was almost disheartened and did not know what to do. Help soon arrived and everything that could be done was done for the three little sufferers, but nothing did any good. They all rapidly grew worse and within a day all three died and were buried in the same grave. The name we did not learn, but we are assured that the above are the facts."

Oil News.

We have been able to learn little or nothing of the doings in oil in Forest county during the past week. Mr. Peter Berry passed through town Monday, en route for Balltown, but as he had not been there for ten days previous he could give us no news as to what was doing there.

TRUNKEYVILLE.

The Grove & Wolcott well opposite Trunkeyville, was down 300 feet on Saturday last, at which depth it was cased. The well is expected to be in on Friday of this week, and the operators are confident of getting a good strike. We hope so.

BLUE JAY.

In the Blue Jay field everything seems to be quiet at present; the wells that are drilling are going down without much fuss. It is likely we shall hear something definite next week. We learn that the Fox, Hill & Reed well was tornedoed, but the operators had not succeeded in getting it cleaned out when we got the report.

Dr. Towler's well, which has been progressing so quietly that we had alshot was to great, as the hole became clogged, and at last accounts Several quarts of oil were taken out strong. They expected to have the hole cleared yesterday, but we have not heard what the result was. This well is located on the headwaters of Salmon Creek, about a quarter of a mile from the village of Marienville.
