LOCAL AND MISCELLANEOUS.

Condensed Time Table Tionesta Station. Table with columns for North and South directions and train times.

—Rev. Hill will occupy the pulpit of the M. E. Church next Sunday evening.

—Presbyterian Sabbath School at 3 p.m.; M. E. Sabbath School at 10 a.m., F. M. Sabbath School at 11 a.m.

Vacation's now ended, boys, romping is done, So like to the school room and study like fun;

—Have you bid farewell to the last rose of summer?

—The indications are that it will thaw to-morrow.

—Get Registered; to-day is the last day. Don't fail.

—Prof. Hillard is making a tour of the county, holding teachers' examinations.

—Oysters and squirrels are now in season. Neither have touched this market yet.

—Col. L. F. Watson of Wrenn, and L. R. Freeman Esq., of Franklin, were on our streets last week.

—Mr. Dithridge's horse committed suicide by hanging one night last week. The animal was tied to a tree and got tangled.

—Our sports are going to have a match hunt "for the suppers" next Saturday. A good time is anticipated by those who will take part.

—The sacred concert for which the M. E. Sunday school has been practicing for some time, will take place next Sunday evening, at 7:30. All are invited.

—Look out for the new counterfeit silver dollar, which is said to be a clever imitation of the original, in size, weight and appearance. The date upon it is 1878.

—Remember the excursion to Niagara Falls to-morrow morning. A great game of base ball will be played at Buffalo between the Buffalo and Chicago clubs.

—Forest county will soon have another railroad running through her territory. The Kane extension of the narrow gauge is completed to Tylersburg, and trains will be running as far as Marienville before many weeks elapse.

—Ferdinand Dietz, one of the first and best known citizens of Fryburg, Clarion county, fell dead while entering his pew in the Catholic Church of that place a week ago last Sunday morning. He had not been feeling well for some time.

—Holeman & Hopkins are moving into their new block. It is not entirely finished, but their business demands more room. Of course when they get fixed up in grand style they will tell the people so in a flaming, double-column "ad."

—The Franklin Sportman's Club wants to purchase two live foxes. Any person having the desired animals, or who can give information that will enable the Club to procure them, will confer a favor by addressing Charles Bowman, Franklin, Pa.

—Editor Taylor of the Derrick was up last week and delivered some work done at the Derrick Bookbindery. For general excellence and cheapness we don't think the work can be surpassed anywhere. Give them a trial when you have anything in this line.

—Wm. Smith, Henry Smith, John Nash and Edward Dugan, escaped from the Elk county jail last Thursday evening. They were held—or rather, they were trying to hold them—on a charge of burglary. No clue as to their whereabouts has been obtained.

—Last Thursday night Mr. McKay, our postmaster, was seized with severe internal hemorrhage and vomiting, since which time he has been in a very critical condition. He has been a sufferer for so many years that his constitution is badly broken down and his physician, Dr. Morrow, considers him in a very critical condition indeed. The many anxious inquiries about his condition shows the high esteem in which the worthy old gentleman is held by our people.

—We are glad to welcome our old friend Solomon Byers back to Forest county, he having brought his family and household goods from Stoneham last week, and moved to his old homestead in Tionesta township. He made it a point to get back in time to regain his residence, and will put in a good, straight Republican ticket this fall.

—Geo. Dankle, who drives Mr. Landers' team, jumped out of bed Monday night, to drive some cows out of his garden. He didn't stop to put on his boots, and now he hobbles around on crutches, which means that he stepped on a piece of glass and cut his foot badly. Moral: Never undertake to drive cows out of your garden in the night.

—Well, well! What next? A report comes to us from good authority that a gold mine has been discovered in Forest county. The location is somewhere on the headwaters of Salmon Creek, and several pieces of ore have been found containing gold, silver and lead—the gold predominating. We are without particulars, but are promised a report for next week.

—Mrs. J. R. Chadwick, who has been sick for some days past was taken suddenly worse on Friday morning last, and for a time her life was almost despaired of. Dr. Morrow was called and administered speedy relief and she is now much better. Mrs. E. L. Davis, who has been quite ill for some time, was taken worse Monday, and although somewhat better now, she is still very sick.

—In another column we publish full particulars of the excursion to Niagara Falls to-morrow, and hope to see a good turn out from this section. The arrangements are most complete, and as the season is getting late this will be the last opportunity to see the Falls for a merely nominal sum. Those who wish to remain over night can do so as the tickets will be good to return next day. Read the particulars.

—In accordance with the Proclamation of Gov. Hoyt, a goodly number of our citizens assembled at the Presbyterian Church yesterday at 11 a.m., and spent an hour in earnest prayer and supplication to God for restoration to health of our dear President. The meeting was conducted by Revs. Hickling and Browne, and the petitions that went up to the Throne of Grace were earnest, appropriate and impressive.

—The most welcome and refreshing rain shower this section has experienced for years, descended upon us last Thursday afternoon. Sweltering humanity was panting for it and it came none too soon; but it has about dried up again, and at this writing, with mercury at 100 in the shade, we would gladly welcome another baptism. It was not as general as it should have been to relieve other sections of the country.

—The lawn fete in the Public Square last Saturday evening, under the auspices of the Woman's Temperance Union, was rather a novelty for Tionesta, and was quite well patronized considering the short notice given. The grounds were tastefully arranged and lighted, and looked very handsome; the refreshments were very good, as was also the music. The receipts of the evening were \$48.00, of which about \$30.00 was net gain to the society.

—The borough schools opened Monday morning with a good attendance for the first day. With Miss Minnie Freeman in charge of the advanced department; Miss Sue Evans as teacher of the intermediate, and Miss Aggie Kerr of the primary department, all teachers of large experience, we have nothing but the best prospects for the future of our schools. It only remains for the parents and pupils to do all in their power to aid in the good work, and the ensuing term cannot be other than highly prosperous and beneficial.

—I was reduced to the verge of the grave with Leucorrhoea Uterine Catarrh and Amenorrhoea. Peruna cured me. Mrs. A. W. Jackson, Pittsburgh, Pa.

—I had Chronic Catarrh for years. Peruna cured it. I. Strasburger, Pittsburgh, Pa.

—Grapes by the basket or pound. Wm Smearbaugh & Co. 2t.

—Goods cheap at Aug. 11, '80. HASLET & SONS.

Fatal Accident.

The lumber woods furnish another fatal accident. This time the sad case comes from Salmon Creek, fifteen miles from this place, and the unfortunate victim was James Ryan. He was assisting John Noble, Martin Orno and Wm. Felton, to turn a heavy stick of square timber for Nelson Cole, last Wednesday afternoon about 5 o'clock, and while the men were lifting on a cant-hook to which a rope had been attached, the hook slipped and the handle, which was about 15 feet long, struck Ryan on the head about three inches above the right eye, inflicting what was at first supposed to be a slight wound, as he sat down and talked in a joking manner about the occurrence. In a short time, however, he became sick and vomited some. The men took him to the shanty, a short distance away, when he laid down and soon fell asleep. After the men had eaten supper one of them went to the injured man to wake him up and have him eat some toast which had been prepared for him; after repeated efforts it was found impossible to awake him, whereupon Mr. Cole immediately started for the doctor. He arrived here in the night and summoned Dr. Coburn, but before the Dr. arrived the young man was dead, he having never returned to consciousness. The doctor says the blow caused concussion of the brain. The young man's remains were placed in a neat coffin and brought to Tionesta on Thursday, and were forwarded to Napoleon, Ontario, where his parents reside, his brother accompanying them. James Ryan was aged 24 years, unmarried, and came to this country about three months ago. He was an industrious young man, and well liked by his companions.

Oil News.

Oil news is rather scarce this week. Things about

BALLTOWN

are comparatively quiet. Nothing has been done there since our last report worthy of special note. Grandin & Berry Bros. new well has not commenced drilling yet, but expects to some time this week. Nothing has been done at May & Kelly's well since it was cleaned out and filled up with oil.

J. C. CORNWELL'S WILDCAT

at Root & Watson's mill (we have heretofore reported this well at Bear Creek, but it is five miles from that place) has a fishing job on hand. They lost a bit in the hole on Wednesday, and until some fishing tools can be procured the bit must remain where it is. Mr. Keeler, the contractor, expects to have it out in a day or two. The well is down 1,750 feet, and a strong vein of gas has been struck. It is Mr. Cornwell's intention to go for the Bradford sand, and will not stop drilling until it is reached, or he is satisfied that it is not to be found. It is thought this sand will be found at 2,200 feet, if not sooner, and it may be necessary to go 2,700.

TRUNKEVILLE.

Grove & Wolcott struck the sand in their well opposite Trunkeville on Monday evening, and she is dry. At least that is what one of the owners tells us to be a fact. It is down between 700 and 800 feet. When our informant left they had not got through the sand yet, and it was impossible to give the depth of the sand; it is, however, considered a good quality. A pretty fair vein of gas was struck. This will doubtless end operations in that territory for a while.

Star Notes.

The "Pea-Thrashers" of Whig Hill were down and gave us a call one evening last week. Mr. W. B. Heath was the unfortunate individual who felt their vengeance. The way they did it was to call upon him and demand space wherein to dance; he complied with their wishes. Messrs. Gillespie and Shunk furnished the music, and "all went merry as a marriage bell."

Our enterprising neighbor, Lewis Behrens, is sawing shingles at an alarming rate. He contemplates building a hall on his premises to accommodate the people. That is just what is needed, as we have no place where we can hold our Democratic ratifications and Greenback caucuses. We are well aware if we do not keep at work the Republicans will have an overwhelming majority over us this fall. We do not wish this to be the last wag of the hammer with us, as

the time is fast approaching when some of us will be candidates for Jury Commissioner or Coroner, then we will have to stand united in order to accomplish what we have undertaken, and have a complete victory. After the defeat of Gen. Hancock we had hard work to keep our party together. Many of our citizens wished to join the Republican party. They said they believed that the principles of the Republicans were far ahead of ours. Whether their principles are or are not, it is not for us to decide. We have them all paroled and are going to have one of the warmest campaigns our community has ever heard of.

Our schools are not large this summer, but the pupils who are enrolled attend regularly, which gives our teachers great encouragement, as we are aware that by continual study success is obtained. Water continually dropping upon a stone will eventually wear it away; so it is by continuous study; the hard sentences in Grammar are mastered and the problems in arithmetic solved. The parents are awakening to the knowledge that in order to have their children obtain an education they must not keep them at home half the time, but send them to school regularly.

All of our farmers are sowing their wheat, and cutting corn and buckwheat; owing to the dry weather buckwheat and corn will not be a very good yield, still we will have all we need ourselves.

Mr. P. Lovel is improving his farm in the way of clearing. Mr. L. will soon be No. 2 to no one in having a well-regulated farm.

Adam Zuendel is clearing on the "back side," as he expresses it. Mr. Zuendel is the best farmer of the hill.

A September Holiday.

The last of the series of popular, personally conducted electric light excursions to Niagara Falls, under the joint management of the Dunkirk, Allegheny Valley & Pittsburgh and Buffalo, Pittsburgh & Western R. R., will take place Thursday, Sept. 8, 1881, returning the same day. Over seven hours at the Falls. Tickets will be good to return the following day on train leaving Niagara Falls 11:30 A. M. Time-table and rates of fare for the round trip:

Table with columns: Leave, A. M., Fare. Lists destinations like Tionesta, Hickory, Trunkeville, etc.

A special train of through coaches will be run from Tionesta to Niagara Falls and return. Arrive at Niagara Falls at 1:45 p. m., and leaving at 9:00 p. m. Tickets admitting to points of interest can be purchased on the train for \$1.25 each, or less than one-half the regular rate. Carriage tickets, entitling the holder to a first-class carriage, for a tour of the Falls, will be sold on the train at \$1.00 each. Reduced rates at International Hotel and Spencer House for this excursion. The Niagara Falls excursions of this company are noted for the completeness of their arrangements, and excellent management, and offer to the public an opportunity to see the Falls at the least possible expense. A baggage car will be attached to the train with an attendant to look after the lunch baskets, parcels, &c. Seats in first-class coaches for all who go.

Tickets will be for sale at company's offices three days before excursion takes place, and on train on day of excursion.

MARRIED.

HAYDEN—HEATH.—At the residence of Judge W. R. Coon, in Barnett township, Aug. 31, 1881, by Rev. J. E. Hill, Mr. Albert Hayden, Associate Editor of the National Democrat, and Miss Clara C. Heath, both of Tionesta, Pa.

The above happy event took place, as we intimated it would last week, in the presence of a few of the most intimate friends of the high contracting parties, and was a most pleasant affair. It gives us great pleasure to congratulate our brother of the quill upon the selection of one who will prove a helpmate indeed, and a comfort through life. May the cares and vicissitudes of life rest easy upon the happy pair; may peace, happiness and prosperity smile upon them, and may their whole life be a continuous honeymoon. Them's our sentiments.

CORNWELL—THURSTON.—In the First Presbyterian Church of Bowling Green, Ohio, on Thursday, Sept. 1, 1881, by Rev. Dr. Bacon, of Toledo, assisted by Rev. Dr. Higgins, Mr. Wm. B. Cornwell, of Stoneboro, Pa., and Miss Dora Thurston, of Bowling Green, O.

We understand our young friend William secured one of the fairest daughters of the Buckeye State, and this being the case they are both to be congratulated, as a finer young gentleman than Will Cornwell cannot be found anywhere. They have our best wishes for a long, prosperous and happy future.

PROCLAMATION.

WHEREAS, The Hon. W. D. Brown, President Judge of the Court of Common Pleas and Quarter Sessions in and for the county of Forest, has issued his precept for holding a Court of Common Pleas Quarter Sessions, &c., at Tionesta, for the County of Forest, to commence on the Fourth Monday of Sept. being the 25th day of Sept. 1881. Notice is therefore given to the Coroner, Justices of the Peace and Constables of said county, that they be then and there in their proper persons at ten o'clock, A. M., of said day, with their records, inquisitions examinations and other remembrances, to do those things which to their offices appertain to be done, and to those who are bound in recognizance to prosecute against the prisoners that are or shall be in the jail of Forest County, that they be then and there present to prosecute against them as shall be just. Given under my hand and seal this 30th day of August, A. D. 1881. C. A. RANDALL, Sheriff.
