### THE PRESIDENT.

The news from Long Branch is still encouraging. The President seems to be gaining strength slowly. He was threatened with a relapse on Sunday, but the evil symptoms passed away without much disturbance, and he has since been much better. The members of the Cabinet have left Long Branch, which shows that they feel safe. Following is the latest dispatch :

LONG BRANCH, Sept. 13, 6 p. m .-Official-At the examination of the President at 12 m. to-day his temperature was 98 8-10, pulse 100, respiration 20. At the evening dressing, at 5:30 p. m., his temperature was 98 4-10. pulse 100, respiration 20. The President was placed in a semi-recumbent position upon an invalid chair at 11 wounds are making the usual favorable progress and his general condition is reassuering.

### THE REPUBLICAN STATE CON-VENTION.

The Republican State Convention met at Harrisburg on Thursday last for the purpose of nominating a candidate for State Treasurer. The Convention was called to order by Chairseat General White made a stirring speech which was listened to attentively. After the General had completed his well chosen remarks the convention proceeded to nominate a man for State Treasurer. Two names only were presented-General Silus M. Bailey of Fayette county, and Senator Wm. T. Davies of Bradford county. A ballot was taken and resulted as follows, rather one-sided: Bailey 157, Davies 84. The nomination was made unanimous. A short but sensible and pointed platform was adopted, and the Convention adjourned sine die.

From the Pittsburgh Commercial-Gazette's comments on the result of the convention we take the following:

The work of the State Convention was so easy and natural that it was nothing of the destruction of crops, accomplished without any friction of buildings, timber, live stock, &c. The an injurious character. It was em. following will give some idea of the phatically a one-sided affair, but not terrible suffering and devastations on the side from which the noise came. | caused by these fires: The friends of General Silas M. Baily, of Fayette county, secured the organization by a vote of about two to one, and his nomination for State Treasurer was consequently a foregone conelusion. Senator Davies would have made an acceptable candidate, but there were good reasons for preferring numerous antagonisms in his legislathe persistent efforts made in certain thousands of people are destitute and quarters to misrepresent public senti- helpless. hearty accord with the administration of President Garfield, and while uniting in the prayers of all good people for his speedy recovery, pledges contipued fealty and most active support in prompt and courageous correction of all government abases. As Republicans, we are in favor of any proper, well considered reform, either in Government, nation, state, municipality or county, and we court suggestions to any or all of these ends, and only ask that in their advocacy well established safeguards shall not be hastily supplemented by experiments. The administration of President Garfield has set the right example in this direction, and while firmly adhering to the principles and better practices of the great party which called it into excistence, it yet insists upon faithfulness and honesty in every branch of the public service. The bullet of the assassin should not interrupt this work. It should be pursued while its author lives, and beyond his life, if through misfortune it should be taken away.

Resolved, That the Republican party has ever been progressive and reformatory, and while realizing nothng in government is wholly right, we desire to be always brave to seek every avenue of approach to the right, to the end that all our people may enjoy ever the increasing blessings of

good government. Resolved, That to the President James A. Garfield, this tender and this pure and brave man now become all people, we tender for ourselves and our constituents assurances of deep and heartfelt sympathy, and keenly appreciating the value of such life to his country, we express the prayerful hope that he may soon be restored to the discharge of the important duties for which he is remarkably qualified, and from which by a peculiarly infaa. m., and remained one-half hour mous crime and undeserved assault without fatigue or discomfert. AN APPEAL FOR AID.

The following appeal has been issued by a committee of citizens at Port Huron, hended by Senator Conger, Mayor E. C. Carlton and others: To the people of the United States :

"A most appalling disaster has fallen upon a large portion of the counties of General Baily. He is a new man, and Huron and Sanilac, with some adjoinall that can be said against him is ing territory, or that part of the that he mustered with the Grant col- country recently covered with forests umn at Chicago-not a very serious and now occupied by nearly 50,000 charge to make against a soldier who people, largely recent settlers and had fought all through the rebellion either poor or in moderate circumstanand had a high admiration for the ces. We therefore appeal to you to send money, clothing, bedding, provisions or any other supplies that will help maintain the sufferers and enable them to provide shelter for themselves and begin work again on their farms. Contributions may be sent to the mayor, E. C. Carlton, chairman of the relief committee, appointed by the citizens of Port Huron, who have sent agents through the burned districts to ascertain the wants of the sufferers and distribute supplies."

A point is now reached where it may be reasonably hoped we shall bear of no fresh disasters to the afflicted people or burned district. Rains have fallen probably sufficient to quench drilling by this time, as the boiler was the fires, but not enough to sonk the ground to revive drooping vegetation. The lowest estimates make two hundred and fifteen families burned out in the towns of Mariette, Flynn, Argyle, Evergreens, Moore, Lamotte and Elmer, Sanilae county, and thirty two persons known to be dead. Men who traveled through the burnt district yesterday report the fires mostly out and thing more about it before they plug loving, this struggling and suffering, the inhabitants sitting about the ashes of their burnt houses. Many are beloved of this people and admired of burned and otherwise injured. They are disconlolate and almost bereft of their senses. Provisions, clothing, bedding and other necessaries are being constantly forwarded, and men are traveling through the burnt district distributing them, and taking the names of those who are in need. Many persons are still missing in burned districts and the exact loss cannot be known for some days. Sixty-five burials are already reported in six towns, and it is said that twentycommitted to a course of economical seven dead have been found in the and honest administration. We demand the use of all necessary means Hope. Trains are now running regularly to Sand Beach and Marlette. The older settled towns have suffered over all the multifarious interests no loss to speak of, but it falls on the poorer class of people that are just starting in newer townships. A good deal of suffering is also reported from the back part of Tuscola county, adman Cessna, and General Harry White favor of our own industries, and there- joining Sanilac, where as near as can be ascertained some scores of families are completely burned out and it is feared there is some loss of life, though Causes set down for trial in the Court of Common Pleas of Forest County at Sepis believed to be small. The work of relief must now be energetically and systematically prosecuted. In many instances these poor people must be carried through winter and supplied with every necessary of life.

## A Great Reduction.

We call the attention of our readers to the advertisment of Chas. A. Wood & Co., No. 17 N. Tenth Street, Philadelphhia, Pa., who manufacture the Philadelphia Singer Sewing Machine, which they offer for twenty dollars. They warrant it to be an exact duplicate, and as good in every respect as those manufactured by the old Singer Company, which they sell for fifty dollars on installments, or forty dollars cash. The fact that Charles A. Wood & Co., offer to send their machine to be examined HARNESS, COLLARS, BRIDLES, before being paid for, ought to be full guarantee that they are all they claim.

Dr. Towler was in town this week and informs us that the rig for the new well at Marienville was about completed, and that drilling would commence in a few day.
