The Republican victory in Pennsylpania is complete. General Baily's slurality will be from 5,000 to 7,000 This may not seem very large, but when it is taken into consideration what he had to contend with it is

YORK REPUBLICAN.

The latest indications are that the Republicans have carried the State. and have elected a majority in the Legislature, which is fully as well in not better than they expected to do. They had big odds against them.

THANKSGIVING.

President's Proclamation.

following proclamation was issued from the department of State to-day: By the President of the United States of America-A Proclamation:

It has long been the pious custom f our people, with the closing of the car, to look back upon the blessings brought to them in changing the course of the seasons, and to return og Source from whom they flow; and although at this period, when the fallng leaf admonishes us that the time of our sacred duty is at hand, our nation still lies in the shadow of a great bereavement and the mourning -crowful expression toward the God before ware we but lately bowed in grief and supplication, yet the countless benefits which have showered upon us during the past twelve months call for our fervent gratitude and make it fitting that we should rejoice with thankfulness that the Lord in His infinite mercy has most people Peace without and prosperity within have been vouchsafed to us. No pestilence has visited our shores. which our fathers left us in their wisdom are still our increasing beritage, and if in parts of our vast domain some affliction has visited our brethren in their forest homes, yet even in this calamity has been tempered and ous compassion for the sufferers which has been called forth throughout our that the voice of the nation should go up to God in devout homage.

Wherefore I, Chester A. Arthur, President of the United States, do recommend that all the people observe Thursday, the 24th day of November instant, as the day of national thanksgiving and prayer by ceasing, so far ne may be, from their secular labors, worship, there to join in ascribing honor and praise to Almighty God, whose goodness has been so manifest n our history, and in our lives, and the G. RESULT IN FOREST COUNTY

WASHINGTON, November 7.-The The result of Tuesday's elections in Forest County was grand! Magnificent! The matchless ticket put up by the Republicans swept the board from top to bottom, just as we said as i would. The Republicans have reason to jubilate and feel exceeding joyful over so magnificent and complete solemn thanksgiving to the All-Give a victory, after the almost superhuman efforts put forth by the Greenbackers to defeat them. The noble band of Republicans in every portion of the county did nobly indeed, and which has filled our hearts, still finds they have their reward in a most complete and sweeping victory. They can rost well after such a poble effort. We might display our paper with innumerable cuts and illustrations and go on at a terrible rate over the result, but what's the use? The election signally favored our country and our table giving the official returns is sufficient. That's as good a picture as the Republicans of Forest County The abundant privileges of freedom want to look at, and they will take more satisfaction in scanning that than all we could say or do. The Re publicans got all the law allowed them, and left what little there was in a manner sanctified by the gener- over to be devided by the Democrats and Greenbackers; the latter secured land. For all these things it is meet the persimmon-one commissioner, one auditor and one jury commissioner. One of the most satisfactory features of the election is the magnificent triumph of Mr. Ledebur, and his complete viudication by his party, after the terrible effort made by the Comand meeting in their several places of monwealth to defeat him with the flimsy and sneaking \$25 dodge. It was "anything to beat Ledebur" with Our Borough Schools.

Report of the Tionesta Borough schools for the month ending Nov. 8. SMEARBAUGH

Since presenting our last report two Literary Societies have been organized in connection with the school. Both are under the control and supervision of the respective teachers, but are conducted entirely by the pupils. We hope that these efforts will be encouraged, not only by the parents, but by all interested in the progress and culture of the young in our community.
