To this gentleman, as Chairman of the Republican County Committee, we feel that the thanks of the party are due in a good measure for the splendid victory won at the late election in Forest county- Although the campaign on our side was conducted in a quiet unostentations way, Mr. Brockway, labored with unceasing fidelity, and left nothing undone that would conduce to the success of our ticket. We feel that we reflect but the sentiment of the party when we say that Mr. Brockway did splendidly in his responsible position, and is entitled to a vote of thanks from his party for the smooth and harmonious manner in which the campaign was conducted.

Letter From Dakota.

Two little children from Tionesta, Katio and Tommie Sullivan, aged respectively five and nine years, were brought to Oil City Monday, and sent via the New York, Penusylvania & Ohio railroad to their father, in Dakota. There the father emigrated some years ago, intending, as soun as settled in the new home, to send for the wife and little ones; but two years ago the mother died suddenly, and it was deemed the children were too small to be sent that far, so they were cared for by relatives. But now they have been sent for by their father, for whom an elder daughter is keeping house, and go to brighten the home in the northwest .- Derrick.

In connection with the above we would state that Miss Martha Sullivan, whom many of our citizens will remember made her home for some time with Mr. Lawrence's, went to join her father some three weeks ago. Upon her arrival there she writes us the following very nice little letter which we publish, almost verbatim, as much to encourage our little friends in writing letters as for the news it contains:

Governor Hoyt's Proclamation.

In accordance with the Thanksgiving Proclamation of President Arthur, Governor Hoyt has issued the follow-During the season of drouth and

partial failure of the harvests, which in a less bountiful land would have brought famine and distress, and in a time of public trials and tribulations which under less happy institutious, might have led to dissension and strife, the people of the United States, and particularly in Pennsylvania, have been preserved in health, in estate and in peace. Now therefore I, Henry M. Hayt, Governor of the Commonwealth of Pennsylvania, do ordain and set apart Thursday November 24th, A. D., 1881, being the same day appointed by the President of the United States for the observance of those religious services recognizing the benificience and care of the Father of us all, and those household customs strengthening the bond of families and common brotherhood in which the time-honored traditions of the Commonwealth have embodied the thanksgiving and prayers of a grateful people.

HELD Yourself by making money when a golden chance is offered, thereby always keeping poverty from the door. Those who always take advantage of the good chances for making money that are othered, generally become wealthy, while those who do not improve such chances remain in poverty. We want many men, Women, boys and girls to work for us right in their own localities. The business will pay more than tentimes ordinary wages. We furnish an expensive outhit and all that you need, of those religious services recognizing grateful people.

Given under my hand and the great seal of the State at Harrisburg, this tenth day of November, in the year of our Lord one thousand eight hundred and eighty-one, and of the Commonwealth one hundred and sixth.
