The Forest Republican.

WEDNESDAY MORNING, MAR. 1, 1882.

ANNOUNCEMENTS.

Terms:—Congress $20; State Senator, $15; Assembly $10. These terms are *strictly cash in advance—and no deviation.*

CONGRESS.

ED. REPUBLICAN:—

Please announce the name of Hon. A. Cook, of Forest County, as a candidate for Congress in the 25th District, subject to the usages of the Republican party. MANY FRIENDS.

THE President has nominated Ex-Senator Conkling for the seat on the Supreme Bench, made vacant by the retirement of Hunt. The name was sent to the Senate, and although that body has not acted on the matter yet, it is certain that he will be confirmed. Whether Mr. Conkling will accept or not is a question not yet settled. If he intends to retire from politics altogether he will doubtless accept.

THE great speech of that gifted orator and statesman, James G. Blaine, at the Garfield memorial services on Monday was the grandest effort of his life. As the *Derrick* says "it is a noble, heartfelt tribute to the worth and mightiness of James A. Garfield. Through it all, runs a monotone of grief, a wail for a lost friend. There are tears in every sentence and sobs in every line. The pathetic eloquence of sorrow touches us keenly as we read and our hearts go out in sympathy toward the orater who pictures so well our own unextinguished mourning, gives words to our own unexpressed emotion." We are sorry that on account of its length we are unable to publish the speech.

MORMONDOM is shaken from centre to circumference by the passage of the Edmund's bill by the Senate. The gentiles of the territory are taking prompt action in endorsing the bill and calling for its prompt enforcement. The women of Utah, outside of the Mormon organization, held a mass meeting in Salt Lake City yesterday and adopted a preamble and resolutions which are well worth reading. They have the ring of the true metal and Congress should respond at once to their needs. If, as they assert, the Edmunds' bill has no clause enforcing itself, let the lower house supply it at once and make it as sharp as possible. Judging by the preaching, or rather ribaldry, at the tabernacle in Salt Lake City, Sunday, the Mormons are in rebellion against the authority of the United States and openly defy the government. Their talk was belligerent and defiant. It was said by the speakers: "That they were extending into other territories, and no power on earth or in hell could stop them. The United States might take away their votes and be damned. They would be damned anyhow." Undoubtedly a portion of such talk is instigated by desperation, but it is plain enough that they will not leave Utah or conform to the laws of the United States without a sharp and bloody struggle. The government should take no half-way measures, but prepare for the contest, by securing enough troops to compel submission without a prolonged bush-wacker fight. As these pestiferous fellows desire to try issue without the power of the Union, let them be ground between the upper and neither millstones of the government as fine as powder, if need be. Let the cry be, 'out damned spot!"—*Derrick.*
