LOCAL AND MISCELLANEOUS.

Condensed Time Table Tionesta Station.

Table with columns for NORTH and SOUTH, listing train numbers and times.

—Presbyterian Sabbath School at 3 p. m.; M. E. Sabbath School at 10 a. m.

—The farmers have begun to turn up their oats ground.

—The boys are returning from their rafting trips to Pittsburgh.

—Sam. W. Calvin Esq., of Pittsburgh, stopped in town last night.

—The pleasant phiz of Prof. H. L. Miller of Lineville, Pa., lit up our sanctum on Monday.

—The fine weather the past few days has started the early gardener to spading up the turf.

—The notorious Jesse James has been killed again, according to late dispatches from the frontier.

—Len. Range, of Stewart's Run, is ahead on farming, we guess. He has already five acres of oats sown.

—Mr. P. H. Welch, editor of the spicy Evening Telegram, of Oil City, was doing Tionesta last Friday.

—Quite a number of Tidioute's young folks came down on a raft last Friday and took a look at the town.

—Lute Vought and Billy Kline-stiver, printers, counted the ties to Jamieson Station last Saturday, and April fooled 25 trout out of Jamieson Run.

—Several loads of iron rails have lately passed through town en route for Coon Creek, from which we infer that Collins' narrow gauge railroad is being extended.

—Mrs. Hayden has returned after a three weeks' visit with friends in Barnett, and Al. is happy 'cause he don't have to wash dishes and make his own bed any more.

—We notice that Tylersburg parties are again hauling shoo to this station for shipment, from which we infer that it pays better to haul them here than to ship by the little road.

—Mr. S. S. Casfield has lumber on the ground for a new dwelling house, which will be erected forthwith. It will be located on the old Ensign property, just below the old Holmes House lot.

—The auditors of Tionesta township present their report to the public in a clear and comprehensive manner this week. It is quite a lengthy report, and will doubtless be read with great interest by the taxpayers.

—Book agents and other people who enjoy racy reading and sensational facts, will no doubt be interested in J. W. Buel's latest work, "Metropolitan Life Unveiled," advertised in another column of this paper.

—Artist Carpenter continues to keep up with the times and do good work in the photograph business. He don't allow any of the city artists to get ahead of him with any of their new-fangled arrangements. Give him a call.

—Mr. Wm. Young has again resumed charge of Mr. Kelly's Oldtown farm, and moved his family thereon. What Mr. Young don't know about farming is scarcely worth mentioning, and we predict that he will make money both for himself and Mr. K.

—Postmaster McKay and his estimable wife have moved into their pleasant Vine St., house, which has been occupied for the past year by Mr. J. A. Hart; the latter gentleman will move into the Henage house as soon as Dr. Morrow vacates, the Dr. having rented the Fisher house and will occupy it in a few days.

—The editor of the Phillipsburg Journal writes the following and then breathes easier: "If people will eat and bathe regularly, avoid worry, passion and over-work, they needn't be afraid of the small-pox or any other disease. Look at editors! Who ever heard of an editor catching the small-pox? And yet 'death loves a shining mark.'"

—Next Sunday will be Easter Sunday, when it will be considered the proper thing for everybody to gorge themselves with hen fruit. Eggs will be eggs from now on, and after Sunday they'll take a tumble, so stand firm under.

—Rev. J. B. Thompson, of Shannondale, Clarion county, Pa., has accepted a call from the Reformed Church of Canaan, Ohio, to which place he has removed his family. Any correspondence addressed as above will reach him.

—An Easter Concert exercises entitled "The Broken Seal," by J. H. Vincent, D. D., will be performed by the members of the M. E. Sabbath School Sunday evening next, under the direction of Mr. J. H. Dingman, the Superintendent. A cordial invitation is extended to all.

—The M. E. Sabbath School elected the following officers last Thursday evening for the ensuing year: Supt., J. H. Dingman; Assistant Supt., Mrs. L. M. Cobb; Sec'y, Miss Clara Hunter; Treas., Mrs. Eli Holeman; Librarian, R. D. Hoskins; Assistant Librarian, C. M. Shawkey.

—Prothonotary Shawkey now occupies his new house, having vacated the Sheriff's house last week. Sheriff Clark moved into his new quarters on Monday, and will hereafter wrestle with any unruly prisoner that may be entrusted to his keeping. They will find the Captain a pleasant but unflinching landlord.

—A well lately struck on lot 646, Sheffield district, Cherry Grove twp., is supposed to be a big one, but all access to it is prohibited by the owners, who keep it guarded day and night and will allow no one to get within smelling distance of it. It has taken the name of "The Mystery," but the mystery will out sooner or later.

—Samuel Brandenberger, who is well known to most of our citizens was recently married to a young lady of his native place, in Switzerland, so we are told by a friend who shortly got a letter from him. Sammy was well liked by everybody when he lived here, and his many friends will join us in wishing him and his bride a long life of bliss and prosperity.

—Mr. C. J. Gunsel, who has been running Geo. Stephen's stave mill at Tylersburg, passed through town Monday en route for Mercer county, where Mr. S. has a stave mill in operation. Mr. Gunsel informs us that he has sawed something over 100,000 staves since February, and that they will be shipped at this station, the rates on the little road being too high.

—Mr. D. W. Smiley, who has for several years superintended the Oldtown property for Mr. Kelly, removed with his family to Jamestown, N. Y., his old home last week. During Mr. Smiley's residence among us he made a host of friends by his gentlemanly bearing and straightforward, square dealings with his neighbors, all of whom are sorry to see him go. The community loses a good citizen, and we wish him future success.

—Robert Huddleson met with an accident the other day which might have ended his career on earth; as it was it proved to be quite severe. He was wiping out his Winchester gun, and having neglected to remove the cartridge it exploded, the powder flying into his face and burning him very severely, and almost destroying the sight of his right eye. Bob. considers his escape from death sufficiently narrow to make him more cautious in the future.

—Last Saturday was "All Fool's Day," and as the weather was very mild, we guess nearly all the fools went trouting, at least we noticed a good many starting out with empty baskets, and if we ain't awfully fooled the most of them returned nearly as empty as they started. Ab. Grove declares up and down that he and Frank Hunter caught 121, but as Ab. is always joking it would take about 50 of them to convince us that he was not "giving us game" about his big catch.

—Messrs. Whittekin and Clark, surveyors, have completed the designs for the Odd Fellows cemetery, at this place. The Lodge will take action upon the same at an early date after which lots will be offered for sale. Now that this organization has done a good act by providing a good place for the dead, let the borough council follow up with an ordinance compelling side walks to be built to the ground.—Democrat. We second the motion.

—Dr. Wm. Tate, Dentist, has permanently located in Tionesta, and is prepared to do all kinds of work in his line. He has had 23 years successful experience in dentistry, and comes highly recommended as a skillful operator. He will be found for the present at the Rural House. His card will appear next week.

—Last Thursday an accident occurred on Bates Run, about two miles from here, which may yet cost the victim his right leg, if not his life. The unfortunate man is Robert Nellis. He was felling some trees, and when he had one about chopped off and was getting out of the way, the tree caught him as he was crossing a log, striking him just above the knee, crushing the leg from the knee to the hip. Dr. Morrow was summoned, and reports the wound a very serious one, but thinks the injured limb can be saved, and that Mr. Nellis will recover with good nursing. He has a large family depending on him for support, and his serious misfortune will cause him a great deal of pecuniary distress no doubt.

—The proposed route of the Tionesta & Allegheny Valley railroad is from Sheffield, on the Philadelphia & Erie road, thence along Tionesta creek to its mouth at Tionesta, thence down the Allegheny on the east bank to Oil City, a total distance of 58 miles. If built it will be more important than might appear at first sight, shortening the distance between the lower oil region and Philadelphia, as well as opening up a comparatively new country along the valley of the Tionesta, giving new life to vast lumber interests in Forest and Warren counties, and to the coal interests of Venango and adjoining counties.—Oil City Telegram. You are right, neighbor; and for the good of everybody we hope the road will be built without delay.

—The following persons were installed as officers of Tionesta Lodge, No. 369, I. O. O. F., at the regular meeting on Saturday evening last: N. G. Jesse D. Dawson; V. G., R. Z. Gillespie; P. S., G. W. Sawyer; A. S., S. C. Johnston; Treas., S. D. Irwin; Trustees, J. G. Dale, A. B. Kelly, Jas. H. Fones; R. S. N. G., P. M. Clark; L. S. N. G., Q. Jamieson; R. S. V. G., C. A. Randall; I. S. V. G., L. M. Vought; Warden, J. H. Fones; O. G., R. B. Crawford; I. G., R. L. Haslet; D. W. Clark was elected Representative to the Grand Lodge, which meets at Harrisburg in May next. This Lodge is in a very flourishing condition at present, and is rapidly increasing in membership, the increase for the quarter just ended being unusually large. We hope to see the Lodge put up a fine hall in the near future.

Death of Samuel C. Roupe.

Intelligence was received here yesterday morning of the death of Mr. S. C. Roupe, at his lumbering camp on Bobbs creek, near Buck mills on Monday last, 3d inst. Although having been in very poor health for some time past, the news of his death was a sad surprise to his many friends here, because on his last visit to town, which was only last week, Mr. Roupe was looking much better than usual, and expressed himself much better. The immediate cause of his death was pneumonia. Mr. Roupe was one of the best known men in this section, having lumbered on the Allegheny for many years, in fact the greater portion of his lifetime, of late years spending all his time on Tionesta creek. He was among the best pilots on the Allegheny and Ohio rivers, and we believe was at one time a successful steam boat pilot. He was a man of sobriety, industry and integrity, generous of heart, intelligent, and respectful to everybody. He was what we might call one of the old landmarks of the community, and his demise leaves a void in the ranks of the old inhabitants that will be keenly felt by the friends he has left behind. His age was about sixty-six years. The remains will be taken to Tidioute today for interment.

To the Public.

Owing to the high price of meats and all kinds of provisions we find it necessary to advance on the price of meats, which will be, on and after this date, 40 cents each. T. C. JACKSON, Central House. Wm. SMEARBAUGH, Lawrence House. April 5, '82. —For good fresh Goods cheap go to HASLET & SONS. Feb. 1, '82.

Fatal Accident.

An accident occurred near Whig Hill on Saturday last which caused the death of one of Forest county's most industrious and highly respected citizens, Mr. Jacob Berlin. On that day he went out on his farm, accompanied by one of his sons about 15 years of age, for the purpose of cutting down a tree. This he did, and when the tree fell a limb flew back, striking him on the crown of the head, cutting a gash several inches in length and fracturing the skull. He was conveyed to the house in a semi-conscious condition, and medical aid was summoned. The news was telephoned from Newtown to Hickory, thence by telegraph to this place for Dr. Morrow, who happened to be in the neighborhood of Newtown at the time, which fact was immediately dispatched back, and between two and three hours after the accident the doctor arrived at the house. After making an examination he pronounced the unfortunate man past recovery, and so it proved, for he expired about ten minutes after the arrival of the doctor, having lived about three hours after the accident. He made an effort to speak once or twice but it was impossible to understand him; this fact leads the doctor to think that he was not entirely unconscious.

Jacob Berlin was a brother of Ex-Commissioner Eli Berlin, and John Berlin of Whig Hill, and it is needless to say was a good citizen, and neighbor,—honest, industrious and gentlemanly, kind and generous. He leaves a wife and nine children, besides a large circle of friends, to mourn his sad and unexpected death, which has cast a gloom over the entire community. He was aged 45 years, and was in robust health. The funeral took place on Monday, the remains being followed to their last resting place by a large concourse of sympathizing friends.

Mr. Berlin was in town on Friday, only the day before the accident, and we shook hands with him, at the same time inquiring after his health, he replying that it was good. When we heard the painful news we could scarcely credit the story. Surely this sad affair demonstrates how awfully uncertain is life, and how forcibly does it remind us that "In the midst of life we are in death."

Meeting of the New Council.

The new fathers of Tionesta borough convened at the Court House, on Monday evening, pursuant to call of Burgess Morgan. The members present were O. W. Proper, Patrick Joyce, W. A. Grove and G. W. Robinson. At previous meeting, Esquire Brennan was re-elected Secretary of the Board. It was moved by Joyce that at all regular meetings hereafter all members absent, without a reasonable excuse, be fined \$1.00, the amount to go to the borough fund. Carried. This is a sensible and perfectly correct action, and we hope the rule will be rigidly enforced.

Motion that the work tax levied be six mills, and the cash tax four mills. Carried. This may seem like a pretty big levy, but if properly applied, is not a bit too much.

On motion it was agreed to pay the Street Commissioner \$2.00 per day; Laborers 15 cents per hour, and man and team 40 cents per hour.

H. O. Davis was elected Street Commissioner, and a motion carried that in case Mr. Davis refused to serve, then the Burgess and Street Committee to secure the services of some other competent person.

Committees were appointed by the Burgess as follows: On streets, O. W. Proper in south ward, and W. A. Grove in north ward. On sidewalks, P. Joyce. On finance, G. W. Robinson and T. B. Cobb.

Motion that the Committee on Streets be authorized to secure F. F. Whittekin to establish a grade for Elm St., from the upper corner of the cemetery in north ward to Knox's mill in south ward, the cost not to exceed 12. Carried. This is another sensible action, and one that should have been taken years ago.

On motion the Street Committee was authorized to consult or correspond with property owners on Race St., to ascertain whether they are willing to set back their fences and make the street of even width, and build sidewalks in front of their property; that is on Race St., from the Clarion Bank

property to the southwest corner of Gillespie lot.

Moved and carried that a solicitor for the borough, at a salary of \$10 per year, be appointed. M. W. Tate Esq., was re-elected.

Adjourned to regular meeting on the first Saturday in May.

On the whole it looks as though the present council means business, and that something will be done this year. We hope so.

Clarington Cullings.

While we are awaiting the arrival of the first train on the Clarion, Mahoning & Pittsburgh R. R. we will note you down of the doings of the vicinity.

Miles Pierce, who has been stocking for Thompson & Darr ever since their mill was put up at the mouth of Coleman, has taken a contract of manufacturing all the timber yet remaining on their tract—taking from the stump and delivering at Pittsburgh. We understand Mr. Pierce has no limited time in which to complete his contract, except that he is to deliver at least 2,000,000 yearly. He estimates that his contract will require about seven years in its fulfillment.

The boat scaffold at Coleman will be run by Sol. Fitzgerald. The number of boats built will depend upon the price of boats in market. Mr. Fitzgerald has moved out of the boarding-house, and now occupies the new house he has built at the farther end of the bridge, across Coleman Run. Mr. Pierce occupies the boarding-house. Mr. Steenburg sustains his reputation as a first-class sawyer by being retained by Mr. Pierce.

Miss Sadie Henry and Miss Emma Kerr are away attending school at Edinboro.

Ben Wing, who this many and many a day has been in the "western country," is back again at Clarington for a while.

W. J. Armstrong and wife will be with us this summer; Mr. Armstrong rather surprised us by assuming the obligations of matrimony so unexpectedly, that is, before we had had the pleasure of meeting with the lady who is to be congratulated upon her choice, but it being our good fortune to spend an evening with Mr. and Mrs. Armstrong at their home we are not greatly surprised at all, any more, and the grudge we had laid up against our friend for going off so sudden like, we forget. Mr. Armstrong opens a select school on Monday next, which ought to be well patronized if the worth of a good teacher is considered.

Rev. Spangler has been under the weather for some time; we are glad to report him better. We understand that L. Warner, of Redclyffe, has abandoned house-keeping for a while on account of his daughters' being absent from home this summer.

The rains of Sunday night last and Monday brought the Clarion up to a rafting stage and a considerable amount of lumber was run. The flood was of too short duration to be of the greatest service, and a large amount of lumber started, especially from the upper Clarion, did not get out. There is considerable timber to raft yet.

J. B. Pearsall has purchased the Tabor property, and will take steps to improve the same. What particular business Mr. Pearsall will engage in we do not know. He will do some building, however, immediately.

Two of our schools are open yet. James Brandon has removed from Clarington and now lives in a new house built upon Douglas Moore's farm.

Samuel Brandon carries the mail between Ridgway and Tylersburg. James Shields Jr., and his brother Charles and sister Tinnie, who have been attending school in Clarion and are now home, will return to school again in Clarion soon.

Mrs. Samuel Moore of Millstone, died on the 3d of last month.

Al. Timlin died of double pneumonia at Raught's Mills the 24th of last month. J.M.

April 3, '82.

Thanks.

To those friends who so kindly lent valuable assistance during the late severe illness of Mr. Samuel Clark, both he and Mrs. Clark desire to return their heartfelt thanks, and will ever hold them in grateful remembrance.
