—Preaching in the Presbyterian
Church next Sunday morning and
evening, by Rev. Rickling.

—Rev. Hicks will occupy the pulpit
of the M. E. Church next Sunday
evening.

—Presbyterian Sabbath School at
3 p. m.; M. E. Sabbath School at 10
a. m.

—Harvey Foreman has come home
to stay. Glad of it.

—Mr. J. H. Dotty, of Oil City, was
in town on Friday, and made us a
pleasant call.

—Miss Etta Sanner of Oil City, was
the guest of her cousin, Miss Ma
Sanner, during the past week.

—Wilbur and Park Grove are re-
suscitating among their Tionesta friends
at present. Their interests at Claron-
don are "showing up" nicely.

—Billy Smearbaugh, of the Law-
rence House, has bought a horse that
he says will make his mile in spite of
blazes, if he has a careful driver.

—Prit Agnew cut his foot quite
severely on Saturday last, while hew-
ing timber on the Hulings tract,
across the river. He will be off duty
for a few days in consequence.

—Many of the farmers of Dutch
Hill are losing their hogs rapidly;
the trouble is supposed to be "hog
cholera." Porkers live but a short
time when once attacked by the dis-
ease.

—Rev. Hickling, of the Presbyte-
rian Church of this place, went to
Jefferson county early last week where
he has since been engaged in minis-
terial labors. He will be absent a
week or ten days yet.

—The many young friends of Miss
Alicia Holeman gave her a pleasant
birthday surprise party at her home
last evening on the happy occasion of
her nineteenth birthday. A very
pleasant time was had in reported.

—Mr. D. W. Agnew has moved his
household goods to Union City, Pa.,
where he has purchased a livery stable.
Mr. Agnew and his estimable lady
will be missed by their many friends;
may success attend them.

—The Miller Extract Works at
Salmon Creek started up last week,
and are running day and night. They
will consume an average of 1000 cords
of bark per month, and will make
bustling times in that neck o' woods.

—Dr. F. E. Allison of Hickory,
and Mr. B. H. Rice of Newtown,
called at the REPUBLICAN sanctum
yesterday. They report their respective
localities as in a flourishing state, but
had no particular news to communi-
cate.

—Mr. A. W. Miller, of the Miller
Extract Co., had one of his arms
severely scalded at their Salmon
Creek works on Thursday last. He is
in Buffalo now receiving medical
attention. We hope this misfortune
will not result seriously.

—May & Grove's second well at
Clarendon has been completed, and is
good for ten barrels at least. They
have the rig for a third well up and
will start the drill shortly. We con-
gratulate the boys on their good for-
tune, and hope it may continue indef-
initely.

—Mr. I. L. Shimp recently pur-
chased the Dimond property, near the
river bridge, and now occupies the
same with his family. The house has
been refitted and put in comfortable
shape. Mr. Shimp is a welcome citi-
zen, and we hope he'll always remain
with us.

—Mrs. J. A. Proper, having been
in ill health for some time past has
gone to Erie to receive medical treat-
ment. Her friends will be sorry to
learn that reports from her are not as
favorable as could be wished, but will
hope that she may soon take a turn
for the better.

—The Commissioners are having a
barn built on the southeast corner of
the public square, for the use of the
Sheriff. It will be a substantial one,
judging from the solid foundation
which is being put up by Masons
Joyce and Smear.

—Holeman & Hopkins issue their
Spring Bulletin to-day in the shape of
a new and attractive "ad," to which
we invite attention. They ask the
people from far and near to call and
inspect their splendid stock and get
bargains, feeling satisfied that they are
able to please all in quality and
prices.

—Mr. Canfield has completed his
house on Front St., and moved into it.
He has a pleasant location. Mr.
Ritchey now occupies part of the Sloan
house as a residence, and Mr. and Mrs.
R. B. Crawford have got comfortably
quartered in their recently purchased
domicile, the house lately vacated by
Mr. Ritchey.

—Capt. M. E. McIlvoin, of Denver,
Col., is stopping in town this week,
and being an old newspaper man, and
still loving the smell of a printing
office, he of course landed in our
sanctum in his rambles through the
city. He is a versatile and compani-
onable gentleman whom it is a
pleasure to meet.

—Carpenter Carson is at work on
Mr. Robinson's Race St. house, and is
making a wonderful change in its
appearance and convenience. "Rudy"
Struken is doing the plastering, and
when completed it will be a pleasant
abiding place, and will be occupied
by Mr. Eagles, whose family is at
present away on a visit.

—Judge Cook of this county has
announced in the Brookville Republi-
can that he will contest for the Republi-
can nomination in that county for
Congress. We understand that the
Judge stands a good chance of carry-
ing off the honors in that county
against his competitors who are Hon.
A. C. White of Jefferson county, and
Gen. Harry White.

—Capt. P. Grace, principal owner
of the great "Mystery" on lot 646, was
in town yesterday and made us a
pleasant visit. Of course he "let us in
on the ground floor" concerning the
mysterious oil well, but as we promised
not to "give it away" our readers will
have to do without the facts (?). The
Captain don't seem to think it is as
much of a mystery as some people
would like to make it.

—The news from Mr. A. H. Par-
tridge, who recently went to James-
town, N. Y., for medical treatment,
are we are pleased to say, is not at all
encouraging. Mr. Partridge would be
greatly missed should he be taken off
at present,—in fact, we know of no
citizen whose loss would be more
keenly felt by our people, and we
sincerely hope with his many friends
that he may yet be restored to health.

—Miss Minnie Freeman, Principal
of our borough school, was taken quite
seriously ill on Wednesday last, since
which her school has been closed. At
this writing her condition is sufficiently
serious to cause her friends some uneas-
iness, but her physician thinks with
careful nursing there need be no cause
for alarm. We hope to report her
much improved by next week. Her
mother arrived from Maryland on
Saturday last, and is with her.

—A large amount of lumber was
brought out on the flood of last week,
and has nearly all "pulled out" for the
lower markets. There still remains a
good deal in the upper end of the
creek, but it is ready to come out on
the slightest suspicion of a freshet.
That which will float into market
this week will ease up on the money
market in this section wonderfully.
Good prices reign, we understand, and
our lumbermen are correspondingly
jubilant.

—The W. C. T. U. met at the resi-
dence of Mrs. W. J. Roberts yester-
day afternoon and elected the follow-
ing officers for the ensuing term:
President, Mrs. H. A. Adams; Vice
Presidents, Mrs. W. J. Roberts, Mrs.
A. B. Kelly, Mrs. G. S. Hunter, Mrs.
J. H. Derickson; Recording Secre-
tary, Mrs. T. B. Cobb; Corresponding
Secretary, Miss Clara E. Hunter;
Treasurer, Mrs. A. W. Conner. The
next meeting of the society will be
held at the residence of Mrs. G. S.
Hunter, on Tuesday, May 9, 1882.

Notice to Farmers.
Holeman & Hopkins are sole agents
for the Ward Chilled Malleable Iron
Beam Plow, the best in the market
to-day. Selling at Factory Prices.

—Mr. H. Heber, a gentleman from
Brookville, Pa., has arrived in town
and will shortly start a hardware
store here, his stock being on the way.
He has rented the vacant building
formerly occupied by M. Einstein,
which he is fitting up in good shape to
receive his stock. Mr. Heber comes
among us well recommended as a
strictly first-class, square business man,
and as such we can all welcome him.
His card will probably appear next
week.

—J. R. Landers, of Barnett town-
ship, this county, reports a singular
freak of nature that occurred at his
farm recently: Some time ago one of
his ewes gave birth to a fine healthy
lamb, and three weeks later another
was born to the same ewe, both being
perfectly formed and were doing well
at last accounts. The returns were
not all in when he told us this and it
may be that there's more to follow.
Joe agreed to report promptly should
there be any more arrivals.

—Mr. D. Z. Woods, the gentlemanly
General Agent of the Clarion County
Mutual Birthday Endowment Associa-
tion, is in town this week explaining
the workings of the same, and solici-
ting members. Those with whom he
has conversed on the subject seem
quite favorably impressed with its
workings, and we doubt not he will go
away with many new names added to
the list of members. It is a safe in-
vestment and will yield its members a
large interest on their money.

—The Derrick's Sheffield corres-
pondent gives our friend Whittekin
the following deserved puff in Mon-
day's paper: "An excursion train was
run on the Tionesta Valley narrow
gauge yesterday morning, taking the
officers of the company over the road
as far as Brookston, that being as far
as the regular trains are running. The
gentleman constituting the company
were, we understand, well pleased with
their road, taking all things into con-
sideration.

"Prof. F. F. Whittekin, C. E., For-
est county's boss surveyor, has lately
been appointed chief engineer of the
above road and made his first trip
over it on Wednesday. Mr. W. was
formerly connected with the engineer-
ing department of the Buffalo, Pitts-
burgh & Western railroad; with the
Tionesta railroad company for whom
he located a line from Sheffield down
Tionesta creek and the Allegheny
river to South Oil City, and was again
employed to make some surveys for
the Tionesta & Allegheny River rail-
road. During the latter part of 1881
Mr. Whittekin was in the employ of
the Denver & Rio Grande narrow
gauge, in the capacity of locating en-
gineer, and although but a young man
performed some feats of engineering
that older heads might well feel proud
of. The Tionesta Valley company are
fortunate in securing his services."

FOREST COUNTY AND ITS RECORDS.
Forest County was formed of parts
of Jefferson and Venango counties.
Until 1867, when the addition from
Venango county was made, little, if
any, notice was taken of the infant
county; since then she has built and
completely paid for a court house,
which, considering the size and popu-
lation of the county, compares favora-
bly with any in Pennsylvania; her
jail is a substantial structure, and it
may be stated, much to the credit of
the county, hardly ever has an occu-
pant. The lumber interest of the
county is carried on by men who un-
derstand their business, and in a
manner that makes the industry a
matter of material benefit to the citi-
zens. In this direction there are
immense tracts of timber within
Forest county's borders which will for
years yet occupy the attention of our
already prosperous lumbermen. Now,
a new industry and source of wealth
seems breaking in upon us: The de-
velopments in the upper townships
of our county indicate that ere one
year passes Forest county will be the
oil field of Pennsylvania. Land owners
of the county are all interested in
these matters; one drawback to the
interest of persons owning land in this
county is the fact that the records of
titles previous to its organization
remain in Jefferson and Venango
counties, which is a source of great
inconvenience, for the reason that no
statements of any title can be made
without a trip to Franklin or Brook-
ville. Some owners have had their
deeds recorded here lately, even when
they had been recorded previously in
Venango and Jefferson counties;
some getting certified copies
from these counties and have them
recorded in our county Recorder's
office. Now, this is not as it should
be; a petition is being circulated
through the county asking the court
to order the transfer of the records
pertaining to this county from Ve-
nango and Jefferson counties here in
books furnished by and at the proper
expense to the county. This is a move
in the right direction, and when done
our county will stand independent
from these counties in matter of
records, and of prosperity, too, as far
as that is concerned. Let the citizens

Oil News and Railroads.
The following bits of oil and rail-
road news we cull from the Derrick,
because it's of interest to our readers:
THE "646" MYSTERY.
One of the indirect owners of the
well told your reporter yesterday that
it was 1610 feet deep, less than two
feet in the sand and showing for a
large well. That the oil is a shade
darker than the color of the Claron-
don oil, and the sand is a nice white
pebble. This report is no more to be
relied upon than many others which
contradict it.

BLUE JAY.
This is the name given to the new
oil town for which the seed has been
planted on 646. A large board sign
bearing the name of Garfield has been
erected, and the ground has been
broken for several buildings, and
these are the only signs in the woods
at present of what may in time prove
a flourishing little oil town.

Messrs. Morck & Shultz proposes to
make a thorough test of their property
in the Blue Jay district this spring.
They will drill four wells at once. The
rig is up for one on the west end of
the Cooper tract, and the boiler has
been moved to it to-day. The other wells
are located on a line between lot 408
and the old Blue Jay wells. One rig
is on the Forest oil company's tract,
another on the Cook tract and the
third on the Stewart tract. These are
all important wells and will test a
large extent of territory.

A corps of surveyors are running a
line for the Warren & Jefferson rail-
road up Farnsworth run to Balltown,
and from there following Tionesta
creek to Blue Jay, and thence into
Clarion and Jefferson counties. A
survey was made for this route last
summer by way of Sheffield, but it is
believed that the new route by Ball-
town will be selected. The chief en-
gineer has rented rooms for himself
and family in Warren for the summer,
and intends pushing work on the new
line vigorously. This is a Vanderbilt
road, and the object is to make a
southern extension to the Jefferson
county coal fields for the Dunkirk &
Warren railroad.

THE REPUBLICAN COMMITTEE MEETING.
The Republican Committee of For-
est county, met, according to the call
of the Chairman, at Hon. E. L. Davis'
office on Wednesday of last week.
Owing to the very inclement weather
two of the townships were not repre-
sented—Green and Lower Harmony.
Chairman Brockway called the con-
vention to order at two o'clock, and
stated that the object was to elect de-
legates to the Republican State Con-
vention and name a day for holding
the Republican Primaries.

Nominations for Representative de-
legate were declared in order P. M.
Clark, acting as substitute for Upper
Harmony, presented the name of Hon.
J. B. Agnew, and L. Keister of Hick-
ory presented the name of Hon. N. P.
Wheeler. The balloting for these
gentlemen resulted in the choice of
Mr. Agnew. A motion that the dele-
gate be not instructed was carried.

On motion of C. A. Randall, acting
as substitute for Howe twp., the com-
mittee agreed to concur with the action
of Cameron county by instructing for
Hon. M. J. Brooks, of said county,
for Senatorial delegate.

Next in order was the naming of a
day for holding the primary elections.
After some discussion it was agreed
that Saturday, June 24th would be
the most suitable time, and a motion
to that effect was carried.

Moved that the Chairman be in-
structed to have the Act of Assembly
relating to primary elections printed,
and copies sent to each member of the
county committee, and that at least
one copy be posted in some conspicu-
ous place at the polls on day of pri-
maries. Carried.

This being all the business of im-
portance before the Committee, it
adjourned sine die.

Oil News and Railroads.

The following bits of oil and rail-
road news we cull from the Derrick,
because it's of interest to our readers:
THE "646" MYSTERY.

One of the indirect owners of the
well told your reporter yesterday that
it was 1610 feet deep, less than two
feet in the sand and showing for a
large well. That the oil is a shade
darker than the color of the Claron-
don oil, and the sand is a nice white
pebble. This report is no more to be
relied upon than many others which
contradict it.

BLUE JAY.
This is the name given to the new
oil town for which the seed has been
planted on 646. A large board sign
bearing the name of Garfield has been
erected, and the ground has been
broken for several buildings, and
these are the only signs in the woods
at present of what may in time prove
a flourishing little oil town.

Messrs. Morck & Shultz proposes to
make a thorough test of their property
in the Blue Jay district this spring.
They will drill four wells at once. The

After some discussion it was agreed
that Saturday, June 24th would be
the most suitable time, and a motion
to that effect was carried.

Moved that the Chairman be in-
structed to have the Act of Assembly
relating to primary elections printed,
and copies sent to each member of the
county committee, and that at least
one copy be posted in some conspicu-
ous place at the polls on day of pri-
maries. Carried.

This being all the business of im-
portance before the Committee, it
adjourned sine die.

of the county give this matter their
attention; let our little county of
Forest stand in the Commonwealth
with its own lumber interests, oil in-
terests, and above all, full and sub-
stantial records of all the lands within
its borders.

A \$20.00 Bible Reward.

The publishers of Ruthledge's
Monthly offer ten valuable rewards in
their Monthly for May, among which
is the following: We will give \$20.00
in gold to the person telling us which
is the shortest verse in the New Testa-
ment Scriptures (not the New Revis-
ion), by May 10th, 1882. Should two
or more correct answers be received
the reward will be divided. The
money will be forwarded to the winner
May 15th, 1882. Persons trying for
the reward must send 20 cents in silver
(no postage stamps taken) with their
answer, for which they will receive the
June Monthly, in which the name and
address of the winner of the reward
and the correct answer will be pub-
lished. This may be worth \$20.00 to
you; cut it out. Address, Ruthledge
Publishing Company, Easton, Penna.
