THE Republican State Convention meets at Harrisburg to-day. Two to one on Beaver; open from now till November.

CHALKERS might lecture. "The Mississippi Plan of Overcoming Republican Majorities" would be a good subject for him.

ONLY eight farmers have been elected to the Legislature of Maine, but that is surely enough in a country that raises but little except pine trees, granite and beans.

THE Democratic papers all print in extenso the "ringing call" of the dissatisfied Independents. In the Independents lie the only hope of the Democracy. Hence the gratuitous "advertising."

NEGOTIATIONS are about to be renewed for the making of a commercial treaty between this nation and France. This nation is rather treaty in its habits, but uniformly insists on being treated well, also.

SINCE Brooklyn butchers have been prevented from selling goat meat for lamb, they have taken to "blowing up" their mutton to make it look plump. The exhalations from a butcher's lungs are said to be an adulteration within the meaning of the law and arrests follow accordingly.

THE new Chinese bill which passed Congress has received the signature of the President and is now a law. About the only real difference is the shortening of the time of suspension of Chinese immigration; it is ten years now; in the first bill it was twenty. How the old thing will work remains to be seen.

THE argument on the bill of exceptions in the Guiteau case was begun Monday, in the court in banc, before the supreme judges of the District of Columbia, by Mr. Reed. His points so far, are, that the court which tried Guiteau had no jurisdiction in the case, and that the day fixed for the hanging was not in accord with the law of the District. He had not concluded his argument when the court took a recess until to-day. The decision of the supreme court will be anxiously looked for, as there is a latent fear that Guiteau will slip through the meshes of the legal net into an insane asylum or escape his just punishment through some legal quibble. This fear is general among the American people who anxiously await the day when the hangman's cord shall make an earthly end to the great scoundrel.—Derrick.

THE Franklin Press says: Our neighbor, the Venango Spectator, sent a malediction after the adjourning Legislature of Ohio, on the ground that their Congressional district apportionment did not give the Democrats a due proportion of Districts. It says the Republicans take 15 and give the Democrats 9 districts; whereas, "if the theory on which our government is based prevailed, the Republicans in Ohio would have 11 and the Democrats 10." This gives the Crawford Journal an opportunity to retort: "Yes, and if the same theory prevailed the Republicans of Kentucky would have four members to six Democrats; but the new apportionment, according to the New York World (good Democratic authority), gives the Democrats every member. The Democrats rolled 147,999 votes for Hancock, and the Republicans 104,550 for Garfield. Let the Spectator and the other Democratic organs which see this great moral in the Ohio Republican eye cast the beam out of the Kentucky orb."

HON. PERRY BELMONT, Democrat, who represents the first district of New York in Congress, and whose claim to distinction is based on the fact that he is rich, made an egregious little ass of himself the other day in attempting to pulverize Ex-Secretary Blaine before the Shipherd investigating committee. A little manikin, puffed up with enormous conceit, attempting a job which Ben Hill, Ben Butler and Proctor Knott had signally failed in, was about as ridiculous a spectacle as would be that of a ratterier pouncing on Barnum's Jumbo.—Franklin Press.

DURING the war when a gold dollar was worth two dollars and fifty cents in greenbacks, the patriotic "Jefferson" party made the North roar with their bellowing for gold for the soldiers. Now, when the country is prosperous, when money is rolling into the Treasury without any citizen sensibly realizing the source from whence it comes, when the great Democratic debt is being rapidly diminished, again the Democratic Jefferson—last-century—early-English party shriek that the people are "staggering" and the "burdens" in the language of the immortal "J. N.," must be lifted. Poor Democracy, the crazy old thing's condition is truthfully illustrated by the story of the Irishman who was asked upon his first landing to what party he belonged, replying, "I'm forinst the Government." The Democracy of to-day and of the last quarter of a century are and have been "forinst the Government."—Harrisburg Telegraph.

MR. WILLIAM H. VANDERBILT and a couple of his sons were safely shipped in good order on Saturday from New York for Europe. The health of the elder Vanderbilt is said to be such as to render imperative the necessity for abstaining from the transaction of business, and he takes this means of following the counsels of his medical advisers. He will per force abstain from business during the passage of seven or eight days, but these sea voyages are wonderfully rejuvenating and recuperating in some instances. Mr. Vanderbilt has made the experiment before under similar advice, and on his arrival at the other end of the cable-seemed to be as ready for business as ever. These visits to Europe by Mr. Vanderbilt for the past year or two have been taken with singular uniformity after an extended trip of Mr. Jay Gould to the west. There are many who think there is more than an accidental connection in these circumstances.—Pittsburgh Telegraph.

GLADSTONE, finding coercion an unpopular act, not only in Ireland but in England as well, and not in consonance with his own feelings, struck a bold blow for the restoration of peace and the stability of his government, by removing Mr. Forster and Earl Cowper and substituting for them, Earl Spencer and Lord Frederick Cavendish, well-known liberal noblemen whose feelings were for the largest possible concessions to Ireland, consonant with the unity of the kingdom. Earl Spencer and Lord Cavendish arrived in Dublin Saturday and met with an ovation on their way to the castle. They were engaged with business until about six o'clock, when they separated and repaired to their several hotels. After dinner Lord Frederick and Under Secretary Burke sauntered out for a walk in Phoenix Park, when they were both murdered, being stabbed to death in the most horrible manner. No clue to their assassins. Thus in one dark moment has all the conciliation of the Gladstone ministry been rendered naught. Days of wise, careful council and statesmanship are negatory by the action of foul murderers. It may have been done for the purpose of preventing the results sure to flow from the execution of Gladstone's peace policy inaugurated by the release of Parnell, Dillon and Davitt, the latter being given his freedom on the same day as that on which the foul deed was done. The feeling excited in England is intense and bitter resentment takes the place of hope and kindly good will. The dastardly act can but be disastrous to Ireland in every point of view, as it will create a spirit of retaliation to her rulers which will fill every jail in her land, set back her progress for years and perhaps sound the tocsin of rebellion, rapine and murder all over her broad land. It is to be hoped that calm councils will prevail in England and that the people of Ireland will not be held responsible for the villainous act of supreme rascals. Such are the intricate phases of English ministerial action, and so delicate the hold of power, so complicated the interests involved, that the failure of the peace

policy of Gladstone, thus early in the day of its inception, may and probably will, be the means of his resignation and the formation of new ministry which will carry out a vigorous policy in accord with the indignation of the English people.—Derrick, 8th.

PERU-MA. This is a new remedy, originally compounded and introduced to the medical profession and the public at large by S. B. HARTMAN, M. D., of 307 Penn. Ave., Pittsburgh, Pa., who has prescribed it for over 40,000 patients, and in every case with the most gratifying success. It is a purely vegetable preparation, and is entirely free from any of those deleterious ingredients which are contained in all the other remedies, and is the only medicine needed in almost every disease to which flesh is subjected. It is a powerful and being the only exception, in this PERU-MA should not be used. In Consumption and Diseases of the Female Organs and Bloating MANALIN should be given with it. PERU-MA is composed of purely vegetable ingredients, each one, according to medical authorities, a great remedy in itself.
