LOCAL AND MISCELLANEOUS.

Condensed Time Table Tionesta Station.

NORTH. SOUTH. Train 15..... 7:24 am Train 10..... 1:33 pm

—No preaching in the Presbyterian church next Sunday.

—Free Methodist Quarterly meeting will be held at Newmansville, commencing on Friday next, and lasting over Sunday.

—Rev. Barton of President, will preach at Whih Hill Sunday morning next, at 10:30; Nebraska at 4 p. m., and at Tionesta in the evening at 8 o'clock.

—Presbyterian Sabbath School at 3 p. m.; M. E. Sabbath School at 10 a. m.

—Coroner Church of East Hickory, called at our sanctum yesterday.

—Mr. J. S. Elliott, of Parker, is here looking up his Forest county oil lands.

—Dan. Jackson and Arthur Kelly are attending Clark's Commercial College at Titusville.

—Miss Anna Sawyer was quite seriously ill for a few days past, but is now rapidly recovering.

—Dry goods, Notions, and Wall Papers; newest and best styles at Wm. Smearbaugh & Co. 3t.

—M. A. McDonald, Esq., of Denver, Colorado, was a pleasant caller at the REPUBLICAN office yesterday afternoon.

—Rev. J. Barnhart of New Wilmington, Lawrence county, formerly pastor of the F. M. church, preached in that church last evening.

—Dr. W. L. Chrisman, of Eldred, McKean county, is in town this week. The Dr. is interested somewhat in Forest county lands and is here looking after the same.

—Mr. J. P. Sheriff, of New Bedford, Pa., called during our absence on Friday last. Sorry we were not at home as we always enjoy a visit from our old friends and patrons.

—Next Tuesday will be Decoration Day, but as yet we hear of no effort on the part of our patriotic citizens to celebrate the event as it should be, which is not as it should be.

—The rains of the forepart of the week have made good floods in the creek and river, but as all the lumber has been marketed there is no particular rejoicing over the matter.

—Mr. Carpenter, our boss photographer, has got himself squared around for the summer season, and is prepared to do all kinds of work in his line on the shortest notice. Give him a call.

—Miss Bell Shoup took leave of her young friends yesterday, embarking for Allegheny City, where she will spend the summer with relatives. Her many friends will wish her a pleasant sojourn.

—The "Oriental Casket" for May is issued and a handsome and entertaining number it is, containing as it does many large pages of the choicest literary selections. Published by L. Lum Smith, Philadelphia, Pa.

—Wm. Richards has a lot of "Simplicity" Bicycles which he wishes to dispose of at very low prices. He will take in exchange country produce. Any of our citizens wanting anything of the kind could not do better than call on Mr. Richards.

—Geo. Haslet is building a trout pond on the spring run of Mr. Emert, on Dutch Hill. The site is one of the best in this section, having many natural advantages that will lessen the cost of construction very materially. There is little doubt but that Mr. H. will make a success of his undertaking.

—Our thanks are due Mr. Fred. Hyde, the active and wide-awake reporter for the Jamestown Daily Journal, for many courtesies shown us while in that bustling city, on Friday last. Through him we had the pleasure of a stroll through their handsomely fitted printing establishment, and met the talented and good-looking city editor, Mr. Post.

—Mr. H. C. Whittakin, brother of our County Surveyor, is at work with a gang of men, establishing a grade for Elm St., in pursuance of a resolution by the Town Council. This is one of the most sensible moves our borough dads have made for some time, and should have been done years ago.

—Opposition is the life of trade. Another harness maker came to town last Friday evening, but it will be some time before he will engage in business. We believe Mr. Fulton is rather pleased with the new-comer and will accept him as a partner when he is ready to branch out. Weight eight pounds and doing well.

—Mr. G. M. Kepler is steadily increasing the industries of Salmon Creek. He recently consummated a bargain with a gentleman who will in a short time put in machinery at that place for the manufacture of fork handles and shingles. The industry will give employment to a dozen or fifteen more men at Salmon.

—Our Brookston correspondent writes as follows under date of May 22: "Mr. and Mrs. Anthony Deet lost their second child, Johnnie, on Thursday, May 18th, aged about three years, diphtheria being the disease. Mrs. Deet is lying very sick at her sister's, Mrs. Ambrose Carey, at Donaldson's, to where she was removed before the last child died. I learn this morning that she is somewhat better, and hope with their many friends that the improvement may continue."

—The Oil City Blizzard is a new paper which made its bow to the public on Monday evening. F. W. Bowen formerly of the Derrick is the editor, and his associates are McKnight & Gates, also old attaches of the Derrick. It is a Blizzard sure, and with such talent at the head can scarcely be anything but a success. If it don't succeed it will not be on account of brains. Our best wishes, gentleman; and may your Blizzard become as powerful for good as the ones we read about in the far west are for bad.

—The borough schools have closed for the season. Miss Freeman, the principal, was obliged to give up her school, on account of ill health, about a month before the term had expired. She gave very general satisfaction, and proved herself a successful teacher, and her talent and refinement won for her a host of new friends who will ever hold her in high esteem. Miss Sue Evans, who had charge of the intermediate department, was loved and esteemed by her scholars and became very popular with the parents and patrons. Her school was a success, as is attested by the rapid and thorough progress made by her scholars. She bears with her the best wishes of many acquaintances made during her abode in Tionesta. Miss Aggie Kerr has given splendid satisfaction in the primary department. Her band of little folks was very much attached to her, and seemed to take pleasure in obeying her. She was the right one in the right place, and can doubtless have the school again if she wants it. Altogether the past term of school was a success if we are to judge from the progress made by the scholars. True, there is always a certain class of growlers in any community, and the less attention paid to that class by the citizens generally, the more will the schools prosper.

—The Court Proceedings are rather devoid of interest to the public this time. As we stated last week the case of Com. vs. Geo. Mealy, on charge of arson, was disposed of and the defendant acquitted.

The boy Harger, who was found guilty of larceny at last term was given a light sentence. The court seemed disposed to deal leniently with the boy for the reason that he was an outcast; had never had the advantages of proper training, and was hardly responsible for his misdeeds. He was sentenced to pay a fine of \$1, costs of prosecution and two months in county jail.

Case of Com. for use of Kohu vs. David Mintz et. al. Non suited.

The case of Freeman vs. Corawell was tried, but, as in the former trial, the jury disagreed, which will necessitate another trial.

All the other cases were continued. Hotel license was granted to Wm. Smearbaugh, Tionesta, and to John Woodcock, Neilltown.

An argument court was appointed for June 19th.

The 646 Mystery.

The well on lot 646, Warren county, which so long figured as a mystery, is a mystery no longer. It was opened last week to the public. After drilling a short distance into the sand it commenced flowing at a terrible rate. The second day it put over 1000 barrels in the tanks, and it has kept up to that figure every day since with very slight variation. The excitement in Warren is at white heat and the bottom has dropped entirely out of the oil market. There is no telling as yet where the new strike will end. There are several wells going down near this one which will give some more light on the subject, and probably demonstrate whether a new and great field has been found. In the meantime operators and speculators are flocking around the place like bees around a hive. Look out for the next strike in Forest county.

An Interesting Case.

There was at the last term of court a case concerning peddlers which is interesting, viz: Suit of Com. ex rel A. Coha vs. Morris and David Mintz. The defendants had been arrested in Hickory township, and brought before Justice Allison, who fined them \$50 for peddling without license. Defendants appealed, and on the hearing Neill & Irwin, defendants attorneys, contended, on a decision of Justice Gibson in 1825, that justices had no jurisdiction in receiving a penalty or fine for peddling without license; also that the act alluded to foreign goods, not domestic goods, and that domestic goods they were allowed to peddle; and that under the decisions domestic goods included all goods that were not imported from a foreign country; that goods manufactured in the State of New York, for instance, were domestic goods. These questions, however, were not adjudicated, as plaintiff took a non suit.

Council Proceedings.

Council met at the Prothy's office. Present, Geo. Morgan, Burgess, Patrick Joyce, G. W. Robinson, W. A. Grove, T. B. Cobb and Wm. Blum, the latter having been appointed since last meeting by the Court, to fill the vacancy caused by the death of A. H. Partridge.

C. M. Shawkey was elected Secretary for the ensuing year.

Minutes of the previous meeting read and approved.

Motion by Robinson that council receive, from now until June 3, proposals for building a culvert across Elm St., at Tate's office, thirty feet long; size to be 2 feet square; bottom to be of 2-inch oak plank, put in crosswise; the sides to be of two tiers of stone, each tier to be 1 foot high and of stone 18 inches wide, to be covered with stone 4 feet long and 10 inches thick; the mouth of culvert to be flared. Carried.

Motion that council receive from now until June 3, proposals for stone sewer, 18 inches square, clear inside, walls 15 inches thick, flag bottom, to be covered with stone two and one-half feet long and at least 8 inches thick per foot, from the river to the low ground on the back of Mrs. Hunter's lot. Also for fifteen inch sewer from foot of the hill near lower corner of Wolcott's lot to the upper side of Elm street, of same sides bottom and top as first mentioned sewer. Carried.

Bill of Sheriff Clark for one dollar for lodging two tramps, presented, and upon motion bill approved and order drawn for amount.

Bill of Justice Shawkey for \$2.25 for fees in appointment of Councilman Blum by the court, presented, and upon motion bill approved and order drawn for amount.

Motion that John Muenzenberger be appointed collector for cash tax. Carried.

Motion that William F. Blum be appointed to fill the vacancy in the sidewalk committee in south ward. Carried.

Motion that council adjourn to meet on first Saturday in June. Carried.

At a previous meeting the Street Committee was empowered to secure a suitable person for Street Commissioner. The committee has secured the services of Geo. W. Walters, who will probably commence work in a few days.

The Late Albert H. Partridge.

The funeral of A. H. Partridge, whose death we briefly noticed last week, took place in Jamestown, N. Y., his former home, on Friday of last week, and was attended by a large number of friends of the deceased at that place, as well as many from Tionesta, among whom were quite a number of the Workmen of Forest Lodge, of which Mr. Partridge was a member. Both of the Jamestown Lodges were largely represented and took a prominent part in the ceremonies. Rev. Ransom Harvey, of the Baptist Church, conducted the services, which were very appropriate and impressive. The remains were interred in the beautiful Lake View Cemetery. The deceased had been in ill health about three months, but at first no alarm was felt as to the probable results. As time passed on, however, he became worse, and about six weeks ago he was taken to Jamestown, where the best medical skill was procured. His physicians there pronounced him in a critical condition from the first, stating that he was suffering from paralysis or softening of the brain. Notwithstanding this alarming intelligence, his many friends here hoped against hope that he might recover, but that hope was changed to deep grief when the news came of his death.

The death of Mr. Partridge just in the prime of life is a very sad blow to his family, his friends and the community. Few, if any of Tionesta's citizens would be more keenly missed by us all than is he. Ever kind and obliging; ever ready to do a favor for or assist a friend; never denying an accommodation that was in his power to bestow; going about and pursuing his business in a peaceable way—always even-tempered and ever jovial, he had a warm friend in every one who knew him. As a member of society Mr. Partridge was honored and esteemed, and enjoyed the confidence of his fellow citizens in a high degree. He was married to Miss Jennie, daughter of Judge J. G. Dale, which union always seemed a happy one and was blessed with four children, all of whom survive. And with them and their relatives, it is needless to say, the community sympathizes and mourns deeply. Mr. Partridge was aged 41 years, 9 months and 7 days.

Grand Jury Presentments.

The District Attorney, through the press, desires to call to notice of those concerned to the following matters of public importance contained in the general, or "Omnibus Bill," of the last Grand Jury, and cites all findings of a public nature excepting matters referring to the County Buildings, and under charge of the County Commissioners, as they are furnished a copy by the Clerk of the Quarter Sessions under the Act of Assembly.

1st. With regard to the township line between Kingsley and Howe townships, there is much dispute as to the location, especially where said line crosses the Tionesta and Balthow road, and the grand jury requests the County Commissioners to employ a competent surveyor to survey and locate said line to prevent further dispute and contention.

They also report a nuisance existing on the public road leading from the mouth of Tubbs Run to the Hickory road; said nuisance being a slaughter house erected on said road about a quarter of a mile of the mouth of the run, where the entrails and refuse of animals are left exposed to poison the air.

They also report a political pole standing on the grounds of Henry Zuedell, in close proximity to the public road leading from Tionesta to Balthow, as dangerous to the traveling public and advise its removal.

The grand jury also recommend a re-view of the public road on Tionesta creek between Sylvester Setley's and White's Rock, as it appears by evidence before said grand jury that the public money is being expended where there is no legal road.

RESOLUTIONS, In Memory of the Late Albert H. Partridge.

The following Resolutions were passed by Forest Lodge, No. 184, A. O. U. W., of Tionesta, Pa., of which Albert H. Partridge was a member:

Resolved, That in the demise of Brother Partridge the Lodge has lost an excellent member, beloved by us all. With the Workmen, as with the world he was an active and useful member of society, and we desire to bear record of his virtues and excellencies which were many. Assured we are that his pleasant memory is not confined to any mere human organization, for he was as much beloved by the people of the county as by his brother Workmen, that he habitually met in the halls to aid by his presence and advice. He loved his community, dwelt here, and spent his useful days here, and many a heart beats in sympathy with his friends and relatives, who are assured that they mourn not his loss alone.

Resolved, That these resolutions be entered upon the books of the Lodge, and be published in the county papers, and copies be forwarded to his kindred.

By order of the Lodge, T. J. VANGIESEN, C. A. HILL, GEO. M. KEPLER, Committee.
