—Preaching in the Presbyterian
 Church next Sunday morning and
 evening, by Rev. Hickling.

—Rev. Hicks will occupy the pulpit
 of the M. E. Church next Sunday
 evening.

—Presbyterian Sabbath School at
 3 p. m.; M. E. Sabbath School at 10
 a. m.

—Marcus Brown Esq., of Titus-
 ville, was here on business Monday.

—Mrs. L. R. Freeman, of Warren,
 is a guest of Hon. E. L. Davis' family.

—During the absence of Mr. Craig
 to Monongahela City, during the past
 week, A. H. Siggins, Esq., of Frank-
 lin, had charge of the station.

—Mr. C. M. Cott, of Columbus, O.,
 spent the past week in town with his
 wife and children, who are at present
 visiting Mr. and Mrs. Roberts.

—The harvesting which had been
 progressing so finely was brought to a
 sudden stand still yesterday by the
 heavy rain. The day was chilly and
 disagreeable.

—Bass fishing isn't so bad about
 here just now, quite a number having
 been caught lately. One man caught
 a five-pound salmon below the dam
 last Saturday.

—Miss Kate Heber, sister of our
 enterprising hardware merchant,
 Henry Heber, has come to keep house
 for him, he having fitted up a suite of
 rooms over the store.

—The construction train with a
 large gang of men is stationed at this
 place at present. They are at work
 on the switches, leveling them up, and
 putting them in good order generally.

—Mrs. J. S. Hood, whom we re-
 ported in a critical condition last
 week, has been gaining in health for
 the past two days, and her physician
 feels much encouraged at her improve-
 ment.

—Wm. Boggs Esq., a prominent
 attorney of Bradford, was in town
 Monday in the interest of some of the
 extensive operators of that region. He
 is of the firm belief that Forest will be
 the next big oil field.

—An exchange puts a solemn truth
 in a novel and pungent way when it
 says that "some men wear their best
 trousers out in the knees in winter,
 getting religion, and the seats of their
 pants out in summer, backsiding."

—One of Mr. Lawrence's hens, on
 his farm across the creek, laid an egg
 of the following immense dimensions
 on Monday last, and then suspended
 business for the season: weight 3 1/2
 ounces; size, 7x7 1/2 inches in circum-
 ference.

—A son of Dr. Proper of Titusville,
 who is visiting the Judge's family
 here, had his collar bone broken while
 wrestling with his cousin Floyd last
 Saturday. Dr. Morrow attended him,
 and he is able to walk about the
 streets.

—Mr. Henderson, our popular
 barber, has given his shop a thorough
 overhauling, and with the application
 of some very tasty wall paper and the
 calomine brush has made it look as
 neat as a new pin. Call and get a
 good shave or hair cut.

—Mr. Brockway, of James-
 town, N. Y., and a very pleasant gen-
 tleman, is enjoying a weeks recreation
 among Forest county friends. Being
 a prominent member of the A. O. U.
 W., his Tionesta brethren are making
 his visit a pleasant one.

—On Monday last Mary, youngest
 daughter of C. F. Cropp, who lives on
 the Tubbs Run road about three miles
 from this place, fell from the upper to
 the lower barn floor, a distance of 16
 feet, and sustained rather serious,
 though probably not fatal, injuries.
 Dr. Coburn attended her and thinks
 she will recover without further
 trouble.

—A four-foot rattlesnake was slain
 in Mr. Robinson's yard one day last
 week. This is getting uncomfortably
 close, but we suppose the snake made
 a mistake and discovered it when it
 was too late. There ought to be a
 bounty on these reptiles.

—The campaigning season is almost
 upon us. The number throughout the
 country will not fall anyways short of
 former years, judging from newspaper
 reports. The Lickingville meeting
 will begin some time during the latter
 part of this month; we have not
 learned the exact date.

—The farm of Mrs. P. Danse, in
 Jenks twp., this county, will be for
 rent on the first of September to a
 farmer tenant who can give satisfac-
 tory reference. A house, suitable for
 a small family, on the place. Apply
 to or correspond with Mrs. P. Danse,
 4 Eighth St., Pittsburgh, Pa.

—The Western Pennsylvania River
 Improvement Association will meet in
 Chamber of Commerce Rooms, Pitts-
 burgh, Pa., at 2 p. m., sharp, Monday,
 August 7th, 1882, to elect officers for
 the ensuing year, as required by the
 Constitution, and to transact other
 business of great importance, but no
 set speeches. A full attendance is
 requested.

—Martin Beck, of the Mansion
 House, Tytersburg, and James Rutter,
 of the Tytersburg and Clarion stage
 line, had a warm dispute one day last
 week, during which, it is alleged,
 Martin attempted to enforce his views
 by the persuasion of a revolver. The
 case will come up for hearing at the
 August term of Court.—Clarion Jack-
 sonian.

—The Clarion Republican says of
 the little road now running through
 the eastern portion of this county:
 "The extension of the Pittsburgh,
 Bradford & Buffalo Railway to Kane,
 is being pushed forward to completion
 as fast as possible. A large force is
 working on both ends of the line, and
 it is expected the same will be ready
 for the locomotive early in September."

—Grand preparations are being
 made for the re-union of the 83d
 regiment, Pennsylvania volunteers, to be
 held here in September, says the War-
 ren Ledger, and we hope the veterans
 of this gallant regiment, as well as all
 old soldiers in this section are making
 preparations to attend. An effort is
 being made to secure excursion rates
 on the B. P. & W. R. R., for all who
 wish to attend. Tuesday, Sept. 12, is
 the date.

—Some persons do not know that
 the oleander, so much prized for its
 flowers, is a deadly poison. A very
 small quantity of the leaves have been
 known to kill a horse. The flowers
 have produced death in those persons
 who have carelessly picked and ate
 them. The branches, divested of their
 bark and used as skewers, have poi-
 soned the meat roasted on them and
 killed seven out of twelve people who
 partook of it.—Ee.

—The duties of the genuine dye-in-
 the-wool simon-pure editor are multi-
 farious and multitudinous. His work
 is not only to "do a little writin'," as
 is sometimes supposed, but to cull,
 glean, to select, to discriminate, to
 decide, to foresee, to observe, to grasp,
 to explain, to elucidate, to inflate, to
 boil down, "to be, to do, and to suffer,"
 and several hundred other verbs, with
 a large number of districts yet to hear
 from.—Warren Ledger.

—J. N. Craft, cashier of the Ex-
 change Bank of Franklin, is short in
 his accounts some \$65,000. It is the
 old story: He stood high in the
 people's estimation, was an exemplary,
 christian gentleman, but dabbled in
 oil and lost. Kept on dabbling, ex-
 pecting to get even, but got in still
 deeper. The stockholders are indi-
 vidualy liable and represent over
 \$3,000,000 of capital, consequently the
 depositors will lose nothing.

—We take pleasure in calling at-
 tention to the new furniture "ad." of
 A. H. Dale, in this issue. Our young
 friend Alex. has succeeded the late
 Mr. Partridge in the furniture busi-
 ness, and branches out in the right
 way, by letting the public know what
 he is doing and what he will do. He
 has a splendid stock of furniture of
 the latest styles and designs, and has
 made a wonderful reduction in prices.
 We wish him deserved success and
 hope our citizens will see the advan-
 tage of patronizing home industry by
 giving him their custom.

—Liver diseases, headache, and
 constipation, caused by bad digestion,
 quickly cured by Brown's Iron Bitters.

—As will be seen by a glance at
 Mr. Heber's Hardware "ad.," he has
 purchased the hardware stock of
 Messrs. Haslet & Sons, and G. W.
 Bovard, who bespeak for him a con-
 tinuance of the patronage heretofore
 extended to them in that line. Mr.
 Heber is daily adding to his already
 large stock, and there is nothing in
 the hardware line that he cannot fur-
 nish at very reasonable prices. Give
 him a call.

—Mr. M. Manderville, formerly
 superintendent of the Pittsburgh,
 Bradford & Buffalo railway, is build-
 ing an extensive hub and spoke fac-
 tory at Marionville, Forest county.
 Mr. M. is also erecting a dozen or so
 dwelling houses and intends to build
 up quite a colony in that locality.
 He has secured sufficient timber land
 to keep the factory running on a large
 scale for twenty years, and with the
 abundant capital he has to put into
 the business, can undoubtedly make it
 one of the representative industries of
 the county.—Derrick.

BIG BLAZE ON BEAVER.

Brace's Saw Mill Burned—Loss
 About \$15,000.

On Sunday morning last about 6
 o'clock the citizens of Braceville,
 Hickory township, were aroused from
 their slumbers by an alarm of fire
 which proved to be the immense lum-
 ber mill of Mr. Brace. Almost in a
 moment of time the entire populace
 were on the ground doing all they
 could to stay the flames, which had
 already spread to nearly every portion
 of the structure, and had gained such
 headway that a glance was sufficient
 to show that to attempt to save the
 mill or any of its contents was worse
 than useless. The only thing left for
 the people to do was to save as much
 of the lumber piled about the premises
 as possible. This they succeeded in
 doing in a remarkable degree, as only
 about 15,000 feet were destroyed.
 There are over 2,000,000 feet of lum-
 ber piled on the ground, a great deal
 of which is very dry, and if the fire
 had gotten a fair start in this the loss
 would have been very great. At the
 time our informant left the place
 the heat was still too great to ascertain
 to what extent the boilers and engine
 were damaged; all the other machioery
 —an immense amount of it—is sup-
 posed to be totally ruined.

The origin of the fire is not known,
 and it is strongly suspected that it is
 the work of incendiarism. Work on
 the mill was shut down on Saturday
 afternoon at five o'clock, and it is
 firmly believed that all the fire in the
 arch was out before ten o'clock that
 night. The night watch was about the
 mill until after four o'clock Sunday
 morning, his usual time of leaving, and
 saw no sign of sparks from which a
 fire could ensue.

The total loss is estimated at \$15,-
 000, with an insurance of only \$5,000.
 This is a severe blow to Mr. Brace,
 who lately became the sole owner of
 the property; but we learn that he
 will rebuild the mill forthwith, and
 that in less than six weeks the work
 of sawing lumber will be resumed. There
 is yet a vast amount of timber on the
 tract which will amply repay the
 building of another mill. The tem-
 porary suspension will throw a num-
 ber of men out of employment.

Attention Soldiers.

HEADQUARTERS G. A. R. }
 PHILAD'IA, Pa., July 31, '82. }
 Orders will be issued for the muster
 of your Post on Wednesday, Aug. 9,
 when the Dep'y Com'r returns and
 makes a selection. Delay in the mat-
 ter was unavoidable.
 THOS. J. STEWART, A. A. Gen'l.
 To S. D. IRWIN, Sec'y.

NOTICE is given to all Soldiers of
 the last war, in the vicinity, to be in
 attendance at said time to be mustered
 in, at Odd Fellows Hall, Tionesta, Pa.,
 Wednesday evening, Aug. 9, 1882.
 Soldiers will report accordingly.

By Order of Chairman,
 Attest, S. D. IRWIN, Sec'y.
 [Democrat and Commonwealth copy.]

—Not a drink, not sold in bar-
 rooms, but a reliable non-alcoholic
 tonic medicine, useful at all times,
 and in all seasons, is Brown's Iron
 Bitters.

—Inaction of the stomach or lungs,
 Peruna cures. But when of the liver
 or kidneys, Manalin does.

Oil News.

Nothing new concerning the devel-
 opments in this county, noted last
 week, has come to our notice. Han-
 cock & Co., who are getting ready to
 put down the well on Whig Hill, have
 had some difficulty in getting a rig
 builder, but they will probably have
 their rig up within the next week,
 when drilling will commence forth-
 with.

Grove, Hart & Co.'s well on Beaver
 was down over 800 feet last week, and
 drilling was suspended for a short
 time, that being the depth their first
 contract called for. Drilling was to
 commence again right away, and
 doubtless has ere this. It will be put
 down 1600 to 1800 feet unless the
 sand is struck at a less depth. They
 will not be more than two weeks in
 finishing the well if the present rate of
 speed is kept up.

The Tionesta Oil Co.'s well on 5211,
 which was kept a mystery so long, is
 dry and has been abandoned.

The Derrick, in its July report has
 the following concerning Forest
 county developments: "In the other
 districts of Warren county there is
 nothing to call for special comment.
 The well on tract 5211, Forest county,
 caused some little excitement in July,
 on account of reports that it was flow-
 ing. The well has since been aban-
 doned. It was drilled to a depth of
 1,800 feet with no encouraging show
 of oil. Last night there was a report
 that the Blue Jay oil company's well,
 on the Cooper tract, was in the sand
 and showing large, but up to the pres-
 ent writing it has not been confirmed.
 This well is located on the west end of
 the Cooper tract, and directly west of
 the Blue Jay wells."

HICKORY'S LOCAL INSTITUTE.

A Most Successful Session that was Enjoyed by all who Attended.

THURSDAY MORNING.

The Hickory Local Institute met at the
 M. E. Church on the 27th inst. Opened
 at 10 o'clock a. m., by Prof. Hillard read-
 ing a portion of the scripture and repeat-
 ing the Lord's Prayer, the teachers join-
 ing. The Supt. then stated the object of
 the meeting, requesting the teachers to
 organize and conduct the Institute, he
 wished to be considered as a teacher, not in
 his official capacity.

Mr. Sallado was then elected to the
 chair. Miss Copeland led a class drill in ph-
 netics. Prof. Hillard proposed the ques-
 tion, "Should the School Day be Length-
 ened or Shortened?" Opened by Miss
 Anna Hullings. Mr. A. J. Sallado was in
 favor of the present custom of six hours,
 thinking "custom made law." Prof.
 Hillard gave the instruction of the De-
 partment to be that the school directors
 have the power to fix the length of day.
 He was followed by Mr. Miller, Miss Ella
 Leech, Miss Kate Guenther and E. E.
 Zuendal, who were quite satisfied with
 having the day shortened for primary
 schools. Singing. Adjourned for dinner.

After dinner, singing, "Cool Silvan's
 Shady Hill." Discussion on the phonetic
 drill. Mr. Fulton thought he liked words
 pronounced as he had been accustomed to
 hear them. The Supt. said, "we were to
 be guided in our pronunciation by stan-
 dard works;" proceeded to give a very
 terse and instructive thesis on phonics,
 letters, etc.; concluded by urging the
 teachers to keep to the subject under dis-
 cussion, with an honest view of getting at
 the truth. "The object of our meetings is
 to get at the natural way of each branch
 taught to our pupils."

Prof. Sallado, on Primary Reading.
 Word method. First presenting object or
 picture, then word, only teaching one new
 word at a time, till that word was thor-
 oughly learned. Followed by Mr. Hill-
 ard, Miss Painter, Miss Jennie Leech and
 Mr. Miller; the method as presented with
 some modifications.

Mental Arithmetic by Supt. Hillard;
 Giving a very nice method of making
 ready calculators. Plainly illustrating to
 the teachers the advantage of proceeding
 carefully, step by step.
 Discussion, Question: "How should
 Outline Maps be used in the school
 room?" Opened by Mr. Miller, followed
 by Miss Copeland, Mr. Fulton, Prof.
 Hillard, Miss Mays and Mr. Zuendel.
 The question being misunderstood they
 did not arrive at a very satisfactory or
 harmonious method.

Music, "Columbia, the Gem of the
 Ocean."
 Class drill in Phonetics by Miss Copel-
 and. Discussed by Prof. Hillard and
 Miss Copeland.

Drawing, by Prof. Hong, of Tidoute.
 The Prof. first gave a talk on the value of
 this branch, to all industries, the house-
 keeper, the farmer, the carpenter, the
 lawyer, the inventor, the teacher, etc.
 Then his method of teaching which was
 much appreciated.

Music, "Whiter than Snow." Ad-
 journed.
 EVENING SESSION.
 Opened by the young ladies singing,
 "Memories of Earth."
 Miss Anna Guenther read an essay on,
 "Special Preparation necessary to suc-
 cessful Teaching," showing thought on
 the subject.
 Solo by Prof. Hillard, "My Father's old
 Hickory Cane."
 Prof. Hong delivered his lecture on
 "Does it pay to Educate?" So plainly did
 he present facts and statistics with so for-

cible illustrations that the citizens and
 teachers felt they had been instructed and
 filled with a new enthusiasm for the cause.
 Discussion, Question: "Should we have
 Free Text Books?" A. J. Sallado, Mr.
 Miller, Ella Leech, Miss Mays.
 W. O. Fulton, Miss Copeland and Prof.
 Hillard spoke almost unanimously in
 favor of them. Music. Adjourned.

Friday morning commenced at usual
 hour, the Supt. reading Bible and repeat-
 ing Lord's Prayer. Music.

Phonics taken up by Miss Copeland,
 Followed by Language by Miss Anna
 Guenther. Music.

Mental Arithmetic by Supt. Hillard, on
 method of Addition & Subtraction.
 Discussion of methods by Messrs. Sallado,
 Fulton, Hillard, Misses Guenther, Ella
 Leech, Copeland, Painter, and Mr. Miller.

Industrial Drawing by Prof. Hong.
 This exercise was enjoyed by both teach-
 ers and people. Music. Adjourned till
 half-past one.

AFTERNOON SESSION.

Song by the teachers.
 Mr. A. J. Sallado gave his method of
 teaching writing, which is certainly an
 improvement on the way it is usually
 taught. It is to be hoped his enthusiasm
 may prove contagious. Followed by
 Prof. Hong and Rev. Small: Prof. Hong
 giving new term—"A Penner." Rev. Gil-
 leland was then introduced to speak on
 the subject; he declined, saying he was
 not a writer.

Prof. Hong instructed the Institute in
 methods of teaching Geography, illustrat-
 ing the use of school apparatus in the
 hands of a skillful teacher; giving practi-
 cal hints from Froebel's plan of play,
 and telling the interest he had awakened
 with a class of little folks in the map of
 Penn'a, by drawing and relating some
 interesting story of each county. He spoke
 plainly and earnestly upon the right use
 being made of school property, referring
 several times to the grossly improper use
 made of Maps as window curtains, car-
 pets, and "putting out of doors with cross
 dogs."

Followed by Miss Ella Leech on Read-
 ing; method of teaching discussed by
 Miss Painter, Mr. Miller, Prof. Hong,
 Rev. Gilleland. Music, recess, music.
 W. O. Fulton, on "Spelling," writing
 being his favorite method.
 Supt. Hillard on "Mental Arithmetic."
 Nothing short of a complete and logical
 solution, written neatly, using good lan-
 guage should be considered satisfactory.

Rev. Gilleland spoke at some length on
 teachers being careful in their appearance,
 manners, especially in their language;
 asserting, "we teach more by example
 than precept."
 After a few earnest words in regard to
 our work by Supt. Hillard we adjourned.

EVENING SESSION.

Music. Essay by Miss Ella Leech:
 "The
