-Rev. Hicks will occupy the pulpit of the M. E. Church next Sunday evening.

-Presbyterian Sabbath School at 3 p. m.; M. E. Sabbath School at 10

-Buckwheat cakes and fresh pork will soon figure largely in the morning

-That was a refreshing shower yesterday afternoon. It didn't rain, but

-- Mr. and Mrs. Geo. W. Warden returned from their wedding tour on Thursday of last week, and are now pleasantly settled in their new home at East Hickory.

-Mrs. W. R. Dunn of Crookston, Minn., is visiting her parents in Allegheny City, and we presume will pay Tionesta friends a visit before she returns to her western home.

-Although the oyster has been in season for nearly a month, nary an oyster has seen this market. It's probably as well, for they'd hardly keep long enough to get "swallowed."

-A large delegation of Tionesta folks, old and young, attended the grove meeting at Whig Hill last Sunday, and the day being a very pleasant one, all report an enjoyable occa-

-The beechnut crop will be larger this year in Forest county than since the fall of '78, according to all reports. Then look out for pigeous, unless, as was the case last fall, they are plenty in other sections.

-We learn from the Clarion Democrat that Judge Cook of this county, offers to furnish free the lumber for a Du Bois dam in the Clarion river, if the Government or the river improvement association will put one in.

-Mrs. J. S. Hood, who has been a sufferer for so long, is now in a very critical condition, her physicians having pronounced her past recovery. This news will be received with profound sorrow by her many friends.

-Mr. S. H. Haslet is taking in some of the western country at present. He will stop a few days with his brother-in-law, Alex. Gordon Esq., at Elkhart, Ind., and then proceed to Minnessota, where he will be for some

-Our Democratic friend across the way didn't hear that there was an election held in Maine last week judging from his last issue. Our Greenback friend across the run found it out in time to make a six or eight line mention of the fact.

-Charlie Hinton did some good work in mowing down the unsightly weeds along the gutters of our principal streets. In two weeks more it would have been dangerous for stranger to traverse the streets alone for fear of getting lost in the weeds.

-The oil market is booming once more. 85 cent oil is not to be succeed at when we consider that less than ten days ago it was in the fifties. "Oh!" say the fellows who didn't have the sand to buy when it was down, "if we'd only knowed it." Jes

-Mr. Jas. K. Clark, who occupies a position in the Pension Office at Washington, has sent for his family to come ou, and they accordingly depart for there this week. We are glad to state that the removal is only temporary, and that Mr. Clark expects to make Tionesta his home some day.

-George Klump, who met with a painful accident while at work on a timber job in Harmony township, last Wednesday, is able to hobble around a little on crutches. His right hip was dislocated by a tree falling on him, and it is only a piece of good luck that he was not destroyed entirely. It will be some time before he is able to work offering at greatly reduced prices. An

Lawrence House in first class shape They speak very highly of Mr. K.'s and will have them in running order pleasant and affable manner of entertainment, and will doubtless not be has long felt the need of a good slow to accept another such invitation

-Baldwin's Railway Guide for September has reached us, and as usual is replete with railroad matters of the most authentic character; its time tables are strictly accurate and very comprehensive. It should be in the hands of all travelers and tourists. Sold on the trains at the nominal sum of 10 cents per copy.

-In stating last week that Messrs. Reck & Matha had taken a contract of outting and delivering a large number of logs at the Salmon Creek mills, we should have said the contract was obtained from Prothonotary Shawkey, who has now the contract of making all the lumber at that place, which is a guarantee that there will be a big run from Salmon Creek next present. The printers were not forgot-

-Chairman Brockway has notified the members of the Republican County Committee by letter that a meeting will be held in this place next Monday evening. It is hoped that there will be a good turnout as the meeting will be a very important one. The campaign will soon be opened all along the lines, and the Republicans of Forest county want to be prepared to fall into line when the battle opens. The meeting will be held in the office of Hon. E. L. Davis.

-Miss Maude Davis departed for Boston on Monday, where she expects to complete her musical course begun last winter. Her stay will be of several months' duration, and will doubtless become very tedious, but her many young friends will wish her a pleasant and profitable time. Carl, youngest son of Dr. Coburn, accompanied Miss Davis, and will receive musical training at the same Conservatory. He is already quite an adept in music for a little fellow, and doubtless will succeed well.

-Ex-Sheriff Brace was in town a few hours on business last Thursday. We are pleased to learn that he has become a permanent citizen of our county, having moved his family to Braceville, where he will give his entire attention to his extensive lumbering interests. His new mill is up and as soon as all the machinery arrives and can be put in position the buzz of the saws will again make music for the industrious citizens of Beaver Valley. Mr. Brace is highly esteemed by his employes, who are glad to have him among them as permanent citizen.

-Mr. Cook, a wealthy citizen of Philadelphia, who died in 1864, bequeathed some six thousand acres of wild land lying in Kingsley township, near Balltown, Forest county, to the Penusylvania Hospital and to the Pennsylvania Institution for the Instruction of the Blind. A recent strike of a good oil well on the land has awakened attention to the gift, and it is thought that the wild land will be a mine of wealth to the two institutions. Heretofore it has yielded barely sufficient to pay the taxes .-Clarion Democrat.

-It has been suggested that in case the fire engine project proves successful-and by all means it should-the county should place a reservoir in the Court House yard for the protection of the county buildings. This would certainly be a step in the right direction, because under existing circumstances there would be no possibility of saving either the magnificent court house nor the jail if a fire should get any headway whatever. The matter will probably be brought before the grand jury next week, and if so, we careful consideration.

-- Wm. Smearbaugh & Co. have just received Peaches, Pairs, Cooking and Eeating Apples of superior quality, 1t

-Robinson & Bonner have just received a fresh stock of men's, boys' and youths' clothing, which they are examination is requested.

-Mr. Joe Zuver, a former resident by the last of next week. 'The town billiard room, especially for the accommodation of the traveling public. Strangers coming to town to stay a day or two often find that time hangs beavy on their hands, and they naturally inquire for a pleasant billiard room where they can while away a pleasant hour. The game of williards is as harmless as croquet, and if this wasn't the case one would not find it in the homes of many of the first families of the country. No game furnishes a pleasanter or healthier pass

-We have the pleasure this week of noting the happy event of the marriage of Mr. S. R. Cogan to Miss Anna Hulings, both or our town, which took place at the bride's home last Saturday, only the near relatives being ten on this occasion, but received a very liberal supply of the delicious cake, and if the wedded life of the happy couple is always as sweet as the cake, and we have every reason to believe it will be, their lot will be a joyous one indeed. Mr. Cogan departed for Chicago on Monday, where he has accepted a position in an extensive wholesale furniture establishment, and if the place suits him he will send for his bride and they will make that their former home. May their pathway always be smooth and full of sunshine.

-Nicholas Gilfert, of Lickingville, Clarion county, whose safe was blown pen last fall and bonds and money stolen to the amount of over \$5,000. was knocked down one night last week and terribly beaten by a highwayman, only a few steps from his house, right in the town of Lickingville. The robber took Gilfert's pocketbook containing about \$50 and fled, eluding pursuit. This happened the night before he was to go to Clarion to appear against two of the thieves that robbed his safe, who were recently captured near Bradford. He has not been able to be out since, but is growing better. A night or two ago a man was seen prowling around the premises, and was driven away by Mr. Gilfert's son, who fired a shot at the prowler. It would seem from this that the gang are bent on putting Mr. Gilfert out of the way.

-The plan spoken of in this paper a week or two ago, to distribute a number of Borough lots, is still under way, and the enterprise which is a laudable one, is meeting with considerable favor from many of our best citizens. When everything is in readiness, and the tickets are placed on sale, a plot of the lots, which have been surveyed and laid out in regular order, will be securely sealed and placed on deposit in May, Park & Co.'s bank : then the tickets are numbered and placed in envelopes, these numbers to correspond with the numbered lots on the plot, and then you pays your money and takes your choice. As soon as there are 205 tickets sold at \$100 each the sealed plot will be opened, and warranty deeds of the lots made out to the owners. The plan is fair, as any one will see who will take the trouble to examine into it, and you are liable to get a lot for \$100 that you could not buy for one cent less than \$400 from Mr. Sickles, the present owner. Plots of this property may be seen by calling at May, Park & Co.'s Bank, at the REPUBLICAN office, or on D. S. Knox.

Oil News.

The Shannon well on the Cooper tract is no longer a mystery, but a good producer. The last reports put the production at from 100 to 125 barrels, which is by no means an ordinary well, although it may seem so since we have been in the habit of reading about 2000 and 3000 barrel gushers almost daily. These, strikes, however, are no longer heard of, and we must now come back to 100 barrel wells and be satisfied with them. This well is supposed to be in the Sheffield average producers will probably be opened up in that vicinity.

It is rumored that the Balltown Brush Camp well will be opened to the public next week some time, but whether this is the case or not seems to be a mystery. We have reason to believe, however, that it will not be kept a secret much longer. A shot was put into the old No. 3, on the Balltown property, last week, and the indications are that she will make a small producer.

We haven't heard a word from the Cornwell venture, at Root & Watson's mills, for nearly two weeks, but presume it must be nearly down, as they have had no bad luck that we have learned of in that time.

Wolcott & Co. are pegging away at the well on Peters Run, a mile up the creek from here, and are down about 800 feet or more. They will finish in ten days or two weeks-no preventing providence.

Some of our hunters went out the other morning, and after a short time one of them come in and said they had a bear up a tree, and wanted some one to go and shoot him as they had only one revolver in the crowd. The expert hunter, Joe, made ready and got out and made for the tree that contained the bear, and shot! what? a hedgehog! Large stories about their drawing their jackknives, etc., are in circulation.

-Peterson's Megazine for October is unusually brilliant, if we can say that of a magazine that is always exceptionally good. It has two colored patterns, a specialty with it, no other lady's book giving them at all; a very fine steel-engraving, "The Woodland Bath;" a beautifully colored steel fashion-plate, with the latest styles, among others, of weddingdresses. It is but two dollars a year, much less than is asked for any other of equal merit. Now is the time to begin getting up clubs for 1883. Address, Chas. J. Peterson, 306 Chestnut

Walnut Leaf Hair Restorer.

It is entirely different from all others. It is as clear as water, and, as its name indicates, is a perfect Vegetable Hair Restorer. It will immedistely free the head from all dandruff, restore gray hair to its natural color, and produce a new growth where it has fallen off. It does not in any manner affect the health, which sand, and a rather extensive field of Sulpher, Sugar of Lead, and Nitrate of Silver preparations have done. It will change light or faded hair in a few days to a beautiful glossy brown. Ask your druggist for it. Each bottle is warranted. SMITH, KLINE & CO., Wholesale Agents, Philadelphia, and C. N.
