LOCAL AND MISCELLANEOUS.

Condensed Time Table Tionesta Station.

Table with columns NORTH and SOUTH, listing train numbers and times.

—Preaching in the Presbyterian Church next Sunday morning and evening, by Rev. Hickling.

—Presbyterian Sabbath School at 3 p. m.; M. E. Sabbath School at 10 a. m.

—Mrs. B. E. Berlin, of Knapps Creek, N. Y., is paying her mother, Mrs. Pease, a visit this week.

—The cider mills are now chewing up what few "little rouns" of apples that were left over from the fall pickling. Apple butter will be scarce.

—Baldwin's Official Railway Guide, which grows so steadily in popular favor, is issued for October. Its time tables are always authentic and can be relied upon.

—The sports of Braceville have arranged for a grand hunt to take place to-day, Wednesday. Squirrels are said to be abundant in that section, and doubtless many will be slaughtered.

—Mrs. Jennie Purse, of Alton, McKean County, Pa., was entertained by her friend, Mrs. J. L. Craig during the past week, and while here had the pleasure of meeting many of her former friends.

—The fact that corn husks stick tight to the ears; that the little ground squirrels work until late in the evening laying up their store, and the large crop of new marriages during the season, all presage a hard winter.

—Republicans, now is the time to put in your best ticks for the whole ticket. Stir up your apathetic neighbor, if you have one, and let us roll up an old-fashioned majority for our Republican ticket, which is by far the best in the field.

—The Buffalo, Pittsburgh & Western Railroad have filed a bill in equity for possession of the track now used by the New York, Pennsylvania & Ohio, between Oil City and Franklin, which track and right of way the former company claims to own.

—The jail birds were so enthused on Tuesday that they illuminated their offices.—Clarion Democrat. The funny part of the Democrat's item lies in the fact that on that evening the Democrats had a big meeting in Clarion, and it's no wonder the jail birds enthused.

—A quick and effectual method to destroy plantain and other weed pests on lawn, is to cut the plant off at the crown and drop on the top of the root two or three drops of kerosene. The lawn will not be defaced by digging, and the work is at once and completely done.

—Last week in clipping a political item from one of the Brookville papers, upon which we made some comments, we credited the item to the Republican when it should have been the Democrat. The error was detected after part of our edition was worked off and corrected.

—Rev. Riley, formerly of East Brady, Pa., recently located at Braceville, this county, where he has a nice dwelling in course of erection. The reverend gentleman is a warm friend of ex-Sheriff Brace, who has given him charge of the lumber yard at that place. He is a staunch Republican, and makes friends wherever he goes.

—Will. Klinefiver, who has for several years acted as foreman of the REPUBLICAN, has gone the way of nearly all the world, that is, gone and got married. The bride is Miss Flora L. Weary, who has for several months past been a resident of Tionesta, where she gave instructions in instrumental music. "Billy" is a fine young man, and has an excellent young lady to match him, and the both have our best wishes for a long life, full of prosperity and happiness.

—Croup, it is said, can be cured in one minute, and the remedy is simply allom and sugar. The way to accomplish the deed is to take a knife or a grater, and shave off in small particles about a teaspoonful of alum; then mix it with twice that amount of sugar, to make it palatable, and administer it as quickly as possible. Almost instantaneous relief will follow.—Ex.

—William Nugent, an old resident of Jenks township, this county, and well known to many of our citizens, died on Thursday last, 19th inst. He was nearly 68 years of age and lived a bachelor life, his niece keeping house for him of late years. To her he willed all his personal effects, we understood. He was a brother of Thomas Nugent, who survives him, and is yet quite active, mentally.

—From a letter written to a Jenks township friend, and which we were allowed to peruse, we are glad to learn that our old friend Thomas Porter, who now resides in Nebraska, is succeeding admirably in his new home. The climate he says is very salubrious and well adapted to farming. His corn crop was excellent, and he put up eighty tons of hay this season; the potato crop was a large one, and although they had had no rain for more than sixty days the crops were in no way affected thereby. Mr. Porter's many old friends will be pleased to learn of his success.

—The Wilksbarre Union Leader exposed one of the leading swindling dodges played upon the farmers in the eastern part of the state: Sharp No. 1 goes to a farmer and makes him an offer for his farm at a high figure, which is usually accepted, and \$50 or so deposited to bind the bargain. Then Mr. Sharp's friend comes along and offers \$1,000 or more in advance of the first price. Then the farmer goes to No. 1, and by paying a good round sum, say \$500, secures a release. The enterprising fellow that wanted the land so badly at the highest figure neglects to come around, and the farmer is about \$450 out, which, of course, is divided by the sharps.

—An important business change took place in our town during the past week. Mr. Henry Heber, who has for the past six months been conducting the hardware store in the Einstein building has disposed of his entire stock to Mr. Ed. Heibel, who will hereafter conduct the business at his stand opposite the Lawrence House. While we should have been pleased to have had Mr. Heber remain with us, yet the cherry seems to have been too small for two bites, as it were, hence this change. Mr. Heibel will do well with his now complete stock, out of which he can furnish anything in the line of hardware at a very reasonable price, and we bespeak for him a large patronage. Mr. Heber made many friends during his short stay in Tionesta, who will wish him prosperity in his future undertakings.

—And still the mania rages. Last Saturday our very efficient and wide-awake County Superintendent, J. E. Hillard, was taken with the complaint, and in company with one of Tionesta's finest young ladies, Miss May Shawkey, daughter of Prothonotary Shawkey, drove to Pleasantville and engaged the parson, who ministered to their wants in elegant style at the residence of one of Mr. H.'s intimate friends. The Professor's friends in Forest county are legion, and all of them will rejoice to congratulate him upon this most sensible step. The fact is he never really does anything but what there is sense in, yet this seems to us the most sensible of all. The happy young bride's many friends will also wish her joy and contentment in her new sphere of life. Here's our right hand, Professor, and when thy locks are silver grey may you still be happy in the love and companionship of your new young wife, is the sincere wish of your friend, the editor.

—To strengthen and build up the system, a trial will convince you that Brown's Iron Bitters is the best medicine made.

Little Hickory.

Our school has closed and the teacher has gone home to commence another term for the winter.

The Mt. Tabor debating society is still holding weekly meetings; all who take part feel greatly benefitted by it. Mr. A. W. Albaugh will realize about six hundred bushels of potatoes this fall.

Our martial band is reorganizing; some of the boys have sent for several new nickel-plated drums, and we dare say their music will be hard to beat.

Lots of fellows can have a girl apiece, but they are scarce who can have two or three and travel in peace. Don't it Billy?

Mr. and Mrs. Bailly of Franklin, Pa., have been the guests of Mr. Thomas Powell's and friends.

Miss Jennie M. Hogue, of Centreville, Pa., will teach the Little Hickory school this winter.

Mr. Elias Albaugh is death on coons. He invented some ingenious way of trapping and has succeeded in capturing five or six in a few days.

Mr. Robert Stanford is staying with his daughter, Mrs. Elias Albaugh, at present. He is undoubtedly the oldest "Pennykite" in this county. He was born in Armstrong county in 1793. He is the father of fourteen children, of whom eight are now living; has sixty-five grand-children, and 50 great-grand-children. He had one son in the Mexican war and three in the late rebellion. He looks as young and hearty and is as active as most men of seventy, and can walk several miles apparently with great ease.

Mr. Jonathan Albaugh fell heir to the "arm chair." He says he won't do anything this winter but sit by the stove and toast his shins.

Forest Oil Notes.

Forest county seems to be playing the most important part in oil circles to-day, and the attention of operators and oil men generally seems directed in this course on account of the numerous "wild-cats" that are going down at present.

Wolcott & Co., at their Peters Run well, are still thumping away at a depth of 1600 feet or more.

The Derrick of Monday gives the following news concerning Forest county developments, which is doubtless correct:

FOREST COUNTY WILDCATS. Forest county is the paradise of the wildcat operator at present. It is the only place where he has reasonable chances of striking a pool. Being located between Clarion and Venango on the south, southeast and west, Warren county on the north, and McKean county on the northeast, the operator necessarily presumes something will be found in its borders. Numerous wells have been drilled in the county with no good results further than one well at Balltown and another on the Cooper tract on the southwest extension of the Sheffield belt. All other ventures have proven failures. Dry holes have been drilled about Marienville, along the Clarion county line, between Balltown and Hickory, and along the river. There still remain wide areas which have not been touched by the drill, and where the desired new field may be opened. From the amount of wildcat wells which have been drilled, it cannot be expected that a large field will be discovered, such as that of McKean, Allegany or Butler. At best nothing but pools, or narrow belts, or spots like those of Bullion, Byrom Centre, Cherry Grove or Clarendon can be looked for. The wildcat wells now being drilled will either discourage the wildcat operator from further efforts until winter has passed, or open up what the trade has been expecting for the past twelve years, a Forest county field.

The Balltown Oil Company's well on warrant 4821, north of the Balltown developments, was cased last week. It is located to test the supposed connection between the Grandin well and the Cherry Grove district.

Hancock & Kennedy's well on warrant 5,213, is expected to reach the sand level next Wednesday. The owners of this well live at Kane, and one of them was home last week. The next day the holders of oil in that vicinity came in and sold their balances, which lead those who knew of the circumstances to infer that the Kane producers had obtained a "pointer." It is situated six miles southwest of the Kelly & Grandin well at Balltown,

and east of the Grace & Co.'s failure on 5,211.—On the Berlin farm, near the Hancock & Kennedy well, McKean Bros., Knott & Co., are drilling.—The Tionesta Oil Company has reached a depth of about 1,000 feet on warrant 5,211.—Neely & Smiles are drilling a wildcat well somewhere in Forest county, but its precise location is not known. The only indication that they are drilling, is that a cable went over the narrow gauge road from Foxburg, Clarion county, to this farm, three weeks ago. Its destination was not discovered.—There are more drilling in the vicinity of the Shannon well on the Cooper tract, and the Blue Jay district than elsewhere. On warrant 3193, Murphy & Co. have not yet cased, and on the same warrant Grace & Co. have a rig up. This adjoins the Cooper tract on the west.—Shultz & Co. are spudding on division 7, of the Cooper tract.—On the Fox farm, Shultz & Co. have reached a depth of 1,600.—Ash & Co. are drilling on the Stewart lot at a depth of 900 feet.—Anchor Oil Company's well, division C, Cooper tract, will reach the sand in the early part of the present week.

I Will Pay Cash for Cross-Ties, Chestnut or Oak, any where on the line of the Buffalo, Pittsburgh & Western Railway. Oct. 25, '82. T. B. COBB.

Walnut Leaf Hair Restorer.

It is entirely different from all others. It is as clear as water, and, as its name indicates, is a perfect Vegetable Hair Restorer. It will immediately free the head from all dandruff, restore gray hair to its natural color, and produce a new growth where it has fallen off. It does not in any manner affect the health, which Sulphur, Sugar of Lead, and Nitrate of Silver preparations have done. It will change light or faded hair in a few days to a beautiful glossy brown. Ask your druggist for it. Each bottle is warranted. SMITH, KLINE & CO., Wholesale Agents, Philadelphia, and C. N. CRITTENTON, New York. July 14-82.

SHERIFF'S SALE.

BY VIRTUE of a writ of A. J. Fiori of Forest county and to me directed, there will be exposed to sale by public vendue or outcry, at the Court House, in the borough of Tionesta, on FRIDAY, NOVEMBER 3, A. D. 1882, at 10 o'clock, a. m., the following described real estate, to-wit:

MARCUS BRUNSON for use of Geo. E. Barger vs. FREEMAN H. ELLSWORTH, et al. Fi. Fa. No. 4, December Term, 1882.—Miles W. Tate, Attorney.—All that certain piece of land situated in the Township of Kingsley, County of Forest, Pennsylvania, bounded and described as follows, to-wit: Beginning at the northeasterly corner of Tract No. 5212, the same is laid out and designated on a map of said county made by S. D. Irwin adjoining the line of Hickory Township, and running thence southerly along the dividing line of subs. No. 5212 and 5217, and adjoining lots to the southeast corner of lot No. 5213; and thence along the dividing line between 5212 and 5214, two-thirds of a mile; thence in the easterly direction and a parallel with said line of lot No. 5214 to a point in the Township line of Hickory Township aforesaid, distant two-thirds (2/3) of a mile from the place of beginning; and thence northeasterly along said Township line two-thirds (2/3) of a mile to the place of beginning. Excepting and reserving out of the same a certain tract of land heretofore conveyed to George and Edward Ellsworth, consisting of fifty acres situated in the north east corner of Lot No. 5213. Containing about 800 acres, and being a part of the same premises conveyed to the

by J. B. Agnew, Sheriff of Forest county, aforesaid.

ALSO, All that equal undivided one-half part of a certain piece or parcel of land, situated in Kingsley township, known, laid down and designated on said Irwin's map as lot No. 5217, bounded northwesterly by lot No. 5218, northwesterly by lot No. 5234, southeasterly by lot No. 5216, and southwesterly by lot No. 5212, containing 1168 acres more or less, with all and singular the appurtenances.

ALSO, excepting and reserving the following from the above described land to-wit: Beginning at the northeast corner of tract No. 5212; thence in a southeasterly direction along the line dividing Tracts 5212 and 5215 two-thirds of a mile to a point in said line, in a northeasterly direction along a line parallel with a line dividing Tract 5212, distant from the northeast corner of said Tract 5212, two-thirds of a mile; thence along said northeasterly line to the place of beginning. Containing four hundred and twenty-seven (427) acres, being the easterly portion of Tract 5212 and being the part of said Tract formerly owned by J. O. Swooley & Co.

Taken into execution and to be sold as the property of Freeman H. Ellsworth at the suit of Marcus Brunson.

TERMS OF SALE.—The following must be strictly complied with when the property is stricken down:

1. When the plaintiff or other lien creditors become the purchaser, the costs on the writ must be paid, and a list of liens with the amount thereof on the property sold, together with such lien creditor's receipts for the amount of the proceeds of the sale or such portion thereof as he may claim, must be furnished the Sheriff.

2. All bids must be paid in full.

3. All sales not settled immediately will be continued until 2 o'clock p. m., of the day of sale, at which time all property not settled for will again be put up and sold at the expense and risk of the person to whom first sold.

MANHOOD

How Lost! How Restored!

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure of Spermatorrhoea or Seminal Weakness, Impotency, Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits induced by self-indulgence or sexual extravagance &c.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice that the alarming consequences of self-abuse may be radically cured; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be may cure himself cheaply, privately, and radically.

This lecture should be in the hands of every youth and every man in the land. Sent under seal, in a plain envelope, to any address, post paid, on receipt of six cents or ten cents in stamps. Address the Publishers, THE CULVERWELL MEDICAL CO., 41 Ann St., N. Y., N. Y., P. O. Box 450.
