A WATERLOO DEFEAT FOR THE REPUBLICANS.

The indications this (Wednesday) morning are that the Democrats have carried the State by pluralities ranging from 10,000 to 15,000. However unpleasant this news may prove to our renders, the fact remains, and must be told. We had hoped against hope that the result might prove otherwise, and for the past two weeks that hope seemed almost a forlorn one and was virtually given up by the Republicans all over the State. The old adage that "a house divided against itself must fall," is amply verified in the result of this State's election. The dissensions in our ranks as every one knows, was the cause, and while it was not a defeat of Republicanism, the candidates of the party were defeated all the same, and the State government passes into the bands of the Democracy. Pennsylvania is as much Republican to-day as it ever was, and on a united vote cau always be counted on to roll up its forty thousand majority, and when the next election comes around you can make your bets that she will be found in the Republican column. The Democrats saw the advantage to be gained by the split in our party and were prompt in taking it. There is no denying the fact, either, that the Ohio defeat stimulated the Democracy and depressed the Republicans, who became apathetic and stayed at home as the vote shows. New York Republicans labored under the same difficulty, with the exception that they had but one ticket in the field. They were badly divided, however, while every wing of the Democracy was united on the ticket. Indiana is close, yet will show a Republican majority when the returns are in of perhaps 2,000 to 5,000.

Massachusetts elects the entire Republican ticket except Ben. Butler, who has at least got to be Governor by the aid of the few Greenback voters still left in that State fused with the Democrats.

Rhode Island is Republican all over, while New Hampshire still reshe belongs, in the Republican column.

Nebraska goes Republican by 20,-000 to 25,000 majority. Good for Nebraska.

California, upon which the Democrats counted so much gives a majori ty for the Republicans reaching nearly 10,000.

Connecticut, a Democratic State generally, elects a Republican legislature, while the Democrats elect their Governor by about 2,000.

It is impossible at this writing to give anything definite as to the complexion, politically, of the next Congress, but that it will be close is hardly a question. Both parties claim a majority.

The returns do not indicate that our State has changed in the political complexion of her legislature, and it will be Republican by about the same majority as heretofore,

Altogether the defeat is rather a severe one, but it will only serve to make the Republicans more active in the future, and don't you forget it they will win.

Forgotten, But Not Gone!

HEADQUARTERS OF SALT RIVER) November 8, 1882. 5 To Dr.

Dear Sir :- I have just arrived at the above place, and make haste to inform you that your services will not be needed. I have concluded not to go to Harrisbung this winter. Hoping that I may have better success at the next contest, and believing that I can depend on you should an opportunity ever happen to present itself. I remain your fraternal friend.

LITTLE FOREST, YOU'RE A DAISY

As will be seen by the returns published elsewhere the Republicans of little Forest have swept the field as usual, having elected their entire ticket by largely increased majorities. Although the vote was exceedingly light, reaching but a little over 900 out of a registry of 1300, the stay-at-homes seemed about equally divided among the three parties. Mr. Davis, we are pleased to state, received more than double the majority he did two years ago, which is a complete vindication and a bandsome endorsement of his course while in the Legislature two years ago. We predict that his future course will still be more acceptable to his constituents, and that he will endeavor still more to please the people for the handsome compliment they have just paid him. Our friend T. J. VanGieson received a very handsome vote, over which he has reason to feel elated, and we predict that he will make a good officer. Mr. Tate no doubt feels flattered over the vote he received, as he should, and which would have doubtless been larger had his nomination been made earlier. Mr. tains her position in Republican ranks. H. O. Davis cur new Jury Commis-Also Minnesota, which stays where sioner was boomed in with a rousing majority. Altogether the Republicans did themselves proud and are correspondingly jubiliant over the results.

THANKSGIVING.

In conformity with custom, the an-

nual observance of which is justly held in konor by the people, I Chester A. Arthur, President of the United States do hereby set apart Thursday, the 30th day of November next, as a day when public thanksgiving be given. The blessings demanding our gratitude are numerous and varied; for the peace and amity which subsist between this republic and all nations of the world for the freedom from eternal discord and violence; for increasing friendship between different sections of the land of liberty, justice and constitutional government; for the devotion of the people to our free institutions and their cheerful obedience to mild laws; for the constantly increasing strength ot the republic while extending its privileges to our tellow men who come to us; for improved means of internal communication and increased facilities of intercourse with other untions; for the general prevailing health of the year; for the prosperity of all our industries, a liberal return for the mechanics affording a market for the abundant harvests of the husbandmen; for the preservation of the national faith and credit, and for the wise and generous provision to effect it; for the moral education of our youth; for influence upon conscience of restraining and transforming religion, and for the joys of home. For these and many other blessings we should give thanks. Wherefore I do recomend that the day above designated be observed through out the country as a day of national thanksgiving and prayer, and that the people, ceasing from their daily labors and meeting in accordance with their several forms of worship, draw near to the throne of Almighty God, offering to Him praise and gratitude for the manifold goodness which He has vouschafed to us, and prayers that His blessings and His mercies continue. And I do further recomend that the day thus appointed be made a special occasion for deeds of kindness and and charity to the suffering and needy so that all who dwell within the land may rejoice and be glad in this season of national thanksgiving.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the city of Washington this twentyfifth day of October, in the year of our Lord one thousand eight hundred and eighty-two, and of the ludependence of the United States the one hundred and seventh. CHESTER A. ARTHER,

By the President. FREDRICK T. FRELINGHUYSEN,

See stary of State.

That's a common expression and has a world of meaning. How much suffering is summed up in it.

The singular thing about it is, that pain in the back is occasioned by so many things. May be caused by kidney disease, liver complaint, consumption, cold, rheumatism, dyspepsia, over-work, nervous debility, &c.

Whatever the cause, don't neglect it. Something is wrong and needs prompt attention. No medicine has yet been discovered that will so quickly and surely cure such diseases as Brown's Iron BITTERS, and it does this by commencing at the foundation, and making the blood pure and rich.

Logansport, Ind. Dec. 1, 1880. Logansport, Ind. Dec. 1, 1880.
For a long time I have been a sufferer from stomach and kidney disease. My appetite was very poor and the very small amount I did eat disagreed with me. I was annoyed very much from non-recention of trine. I tried many remedies with no success, until I used Brown's Iron Bitters. Since I used that my stomath does not bother me any. My appetite is simply immense, My kidney trouble is no more, and my general health is much, that I fed like a new man. After the use of flrown's Iron Bitters for one month, I have gained twenty pounds in weight.

Leading physicians and clergymen use and recommend Brown's Iron Brr-TERS. It has cured others suffering as you are, and it will cure you.
