OTHER than Republican hearts have 7th. The Labor Tribune pathetically remarks :

A. Armstrong has obeyed the behest of labor. He bows to its will now. When it asked assistance at his hands he gave it; when he asked assistance in return it was denied. That is all the difference."

THE United States Senate, after the fourth of March, 1883, will stand as follows: Republicans, 38; Democrats, 36; Independents (Mahone and Riddleberger), 2. This is on the supposition that Colorado has elected a Republican and Tennessee a Democratic Legislature, which seems probable. The Illinois Legislature may return David Davis instead of a Republican. In any event the Senate will be close. The lower House of Coagress will be largely Democratic and will stand as follows: Republicans, 132; Democrats, 193. The political status of the Pennsylvania Legislature will be as follows this winter : Senate-Republicans 29, Democrats 21; House-Republicans 91, Democrats 110.

IN THE general rush last week we neglected to speak of the efficient services of Chairman Brockway in the campaign which culminated on the seventh inst. It was up hill work this fall to get out the vote, there being few county officials to elect, yet Mr. Brockway, by persistent offort, sucresult shows a largely increased ma-

jority for the Republicans, which is largely due to Mr. B.'s efforts and did his duty well, in fact we don't beto him a hearty vote of thanks.

nve or six thousand short of that polled for Wolfe last year. Thousands of professed independents voted direct for Pattison, fearing that Beaver would pull through and rob them of the revenge they were bound to have, thus making the Democratic plurality much greater than it would have otherwise been. The result shows clearly that with a united vote Pennsylvania would have given 25,000 to 30,000 Republican majority. GOVERNOE HOYT in his letter to Wharton Barker said he knew the"brutal revenges that would be practiced," was the first example of his own prediction last night when the howling mob of Democrats headed by a band of music called at the Executive mansion to congratulate him on the defeat of the Republican party that elevated him to power. What high feather the Governor must have been in as the recipient of the congratulations of the poker room keeper of Wilkes-Barre, and the unwashed Democracy of Harrisburg. - Telegraph.

The Harrisburg Telegraph sums up

The Result.

the result as follows: "After nearly a quarter of a century of Republican role, during which time the people of this Commonwealth have enjoyed a flood of prosperity never equaled babeen touched by the ingratitude of fore in the history of the country, the those who wielded the ballot on the Democratic party has been called to assume the administration of the State, not by a majority of the voters but by "For more than twenty years Thomas a meager plurality in view of the divisions and dissensions in the Republican ranks. In Massachusetts those who assumed to administer politics on high moral issues have given way to Gen Butler and his followers; and elsewhere throughout the country the spirit of dissatisfaction, not with the Republican party, but amongst Republicans with each other, has brought on a disastrous defeat of the party. In none of the States have the Republicans stood up to the party better than in Pennsylvania.

> THE Independent vote in Forest county fell off one-third this year. Last year the party polled 3 votes and this year 2.

THE proposition to contest the election of Cleveland, Governor elect of N. Y., has been abandoned.

> -Press Comments.

Norristown Herald : Young man, if another rebellion breaks out, and you have aspirations for a high office, don't go to war and lose a leg in the defense of your country. Stay at home and sympathize with the traitceeded admirably, we think, and the ors, and sorehead Republicans will help you into office.

Williamsport Bulletin: What a rush and a scramble there will be for close attention to the canvass. He places on "the hill," at Harrisburg, when Pattison is inaugurated. But, lieve any one could have done better | come to think of it, the Democrts and and few as well, and on behalf of their assistants are opposed to the the party in Forest county we extend spoils system. Of course they are!

New York Herald : Republican faction fights may this year give the PATTISON'S plurality in this State Democrats a majority in Congress and will be about 38.000. Stewarts vote a number of Governors; but unless will not be much over 45,000 if it this faction fighting continues for two reaches that figure. His vote will fall years longer the result of Tuesday will guarantee nothing for 1884.
