

BUTLER says that Cleveland will not do us a candidate in 1884. What does Candidate Cleveland think of Candidate Butler?

COMMENTS of the season. Wallace to Randall: "I am sure you are the best man for Speaker the party could have. What kind of a United States Senator do you think I would make?"

VOORHIES and Pendleton have become suggestively silent on the subject of civil service reform since the elections. Civil service reform is like repentance, a good thing for the other fellow.

THE Memphis Appeal thinks the Democratic party has no room for hide-bound high-tariff men, and the sooner they leave it and go over to the Republican party the better it will be for both organizations.

THE Williamsport Bulletin says: "Although Garfield has many warm admirers here, not one of them all appeared at common council chamber to meet Maj. J. M. Wood, commissioner of the Garfield monument fund."

RUSSIA threatens a war with Austria while its debt is \$2,800,000,000. The czar may contemplate this movement partly in the hope thereby to find amusement for those of his subjects who are expert in the production of dynamite bombs.

THE Patriot assures the business men of the country that there is no present danger from a Democratic House, as the Republican Senate "will still be a complete check upon the Democratic House." There is some satisfaction in that thought.

IT is hinted about that Col. Bayne is the father of the scheme to organize the State Senate in opposition to the Republicans. The object is to "set up" a committee on contested seats who will throw out Senator McNeill. There is a good deal of Stalwart method about it.

THE Commonwealth complains of the "gall" displayed by the Democrat in claiming Patton's election to Congress by the Democrats, &c., but the latter paper does not display half the "gall" the Commonwealth does in claiming Butler of Mass., and Begole, of Mich., as Nationals. In all these elections the Greenbackers only figured as catspaws, and well the Democrats knew it.

GOVERNOR PATTON wants a quiet inauguration, without parade or show, a regular Quaker installation, and we honor him for it. Let us return as fast as we can get back to the simple ways of our fathers. But, then, we need not be too utterly too, and there's no need, as one of our contemporaries suggests, that Governor Patton should tramp up to Harrisburg in light-marching order, with his wardrobe done up in a bundle and carried on a stick across his shoulder.

IT is now demonstrated beyond a doubt that the next Congress will contain from ten to twelve Greenback Congressmen.

Leaving out Brumm, who was elected almost solely by Republicans, and votes almost exclusively with that party, and ditto Patton, who will invariably be found with the Democrats, if anywhere, we ask you to name a single Greenbacker in the next Congress. Come, now; just one. If there are twelve it will be easy to give the name of one.

THE operatives of the Steel Works were induced by Maj. Bent to vote against Mr. Barr for Congress, and as a compensation the Steel Works are reported to be about to reduce production and wages in view of the fact that the entire iron and steel interests of the country have been jeopardized and prostrated by the success of the Democratic party. The Telegraph warned working men before the election that this would be the case, but they voted against the Telegraph's advice, and as they will find to their cost, against their own interest.

THE Labor County Committee of Allegheny county held a meeting last Saturday evening, at which it was expressed as the sense of the committee, that a continuance of a distinct Labor party for future political contests would be suicidal.

THE Philadelphia Record (Dem.) says the Democratic party "comes into power only as the choice of two evils," and that they "are in the position of the spavied which ran away with the bone while the bull-dogs were fighting over it. If they can make their accidental prosperity inure to the public advantage they may possibly persuade voters to let them keep the bone." A comfortable sort of reflection for the Democrat who has been imagining that his party was restored to power as a recognition of its worth, is it not?

JOHN KELLY's organ, the New York Star, serves notice on the Republicans that they must not seek to steel Democratic thunder by abolishing the internal revenue system, and that it is "vastly more important to the country to revise the tariff than to get rid of the revenue tax." That is just what might have been expected from such a source. Tammany wants to retain internal revenue taxation, and thus retain the offices against that day when they are to be filled by Democrats; at the same time it is willing to cripple American industries by a reduction of the tariff duties.

THE official Greenback vote in Pennsylvania at the late election was 19,475. Armstrong, for Governor, who was endorsed by the Labor Union, had 23,414.—Republican. We would like to know where you got your "official" figures setting forth that the Greenback vote was only 19,475.—Commonwealth.

Well, sir, if you consult the official vote published in nearly all the papers of the State last week, you will find that Mr. Howard, G. B. candidate for Lieut.-Gov., had just 19,475 votes. As Mr. Armstrong received quite a number of Labor Union votes his can't be counted as the Greenback vote. We hope you will feel better now.

UNTIL within a few days Commissioner Baum was disposed to make no recommendation in his forthcoming annual report looking to a reduction in internal revenue taxes. It is believed, however, that he has reconsidered the matter and will advise such reduction as will leave the aggregate income of the Government from this source at about \$100,000,000 per annum. It is known that the President, while he is firmly opposed to any proposition looking to the abolition of this time of the entire system, believes that the time has come when substantial relief can safely be accorded the taxpayers of the country, and that a portion of this relief should come from the reduction of internal revenue taxation. With this view the members of the Cabinet are in entire accord, and the President, in his forthcoming message to Congress, will recommend the abolition of all internal revenue taxes except those upon tobacco in its various forms, and upon distilled spirits and fermented liquors, and except also the special tax upon the manufacturers of and dealers in such articles, with a reduction in the tax upon whiskey and tobacco upon the basis of the bill which passed the House of Representatives at the last session of Congress.

MANHOOD

How Lost! How Restored! Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure of Spermatorrhea or Seminal Weakness, Involuntary Seminal Losses, Impotency, Menstrual and Physical Inequality, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits induced by self-indulgence or sexual extravagance.

The celebrated author, in this Admirable Essay, clearly demonstrates, from a thirty years' successful practice that the alarming consequences of self-abuse may be radically cured; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

This lecture should be in the hands of every youth and every man in the land. Sent under seal, in a plain envelope, to any address, post paid, on receipt of six cents or two postage stamps. Address the Publishers, THE CULVERWELL MEDICAL CO., 41 Ann St., N. Y., N. Y., P. O. Box 450.
