—Joshua Heath, of Jenks township, met with an accident a few days ago, which resulted in the fracture of one of his legs. He was cutting logs when a tree fell upon him, resulting as above. About a year ago he had the same leg broken in the same place, which makes the injury the more complicated and painful.

—We had the pleasure of meeting Mr. C. A. Shultz the other day, and found him in the happiest mood over the prospects of the Forest county oil fields. Mr. S. was one of the pioneer operators in the Cooper district, this county, and the discovery of that rich field is largely, or mainly, due to his indomitable pluck and perseverance.

—Shultz has abiding faith in the oil territory and we hope his expectations may be realized.

—The Rev. H. W. Roberts has been preaching in the First Church next Sunday morning evening, by Rev. Hicking.

—Rev. Hicks will occupy the pulpit of the M. E. Church next Sunday evening.

—Presbyterian Sabbath School at 3 p. m.; M. E. Sabbath School at 10 a. m.

—Lent begins early this year—on the 7th of February.

—The Sharon Eagle says: "It is hard to learn (?) a boy that whistling is not strictly necessary in a printing office."

—Judge Dale was taken suddenly and rather violently ill on Monday, but is now much better, glad to report.

—Oil market closed last night at \$1.00, and opened this morning at 97c. At eleven this morning it was \$1.00 1/2.

—Skating on the river has been very fine for the past two days, which the boys and girls have been enjoying hugely.

—County Surveyor Whittekin lit down on our town a few hours Monday. He is at present engaged in the new Oldorado of Forest county.

—Mrs. J. Y. Saul became suddenly ill on Monday, after returning from the funeral of Mrs. Sullinger. At last accounts her condition was improving.

—Our thanks are due Representative Davis for a copy of the Times Almanac, one of the best and most authentic publications extant. Also for other valuable documents.

—Mr. Chas. Newlon, of Bolivar, N. Y., stopped in town over Sunday, on his way to his former home, East Brady. He paid the REPUBLICAN office a pleasant call on Monday.

—Robert Huddleson received a severe injury by having a heavy stick of timber fall on his right foot last Friday, while at work at East Hickory. He thinks some of the bones were broken.

—"Golden Days" for February has arrived. It is by far the best magazine for young folks that is now published, and is always looked for anxiously by its subscribers. James Elverson, Publisher, Phila., Pa.

—We had a pleasant call from Mr. J. W. Cook, of Allegheny City, last week one day. Mr. Cook is interested in a large saw mill in the above county and expects to get a supply of timber from this section in the spring.

—Some vandal has got or otherwise made way with Col. Thomas's handsome dog "Curly," and she is justly indignant. She valued the dog very highly, and the person mean enough to perpetrate such a cowardly act ought to suffer severely.

—Mr. H. W. Roberts has been spending the past few days in town with his parents and friends. "Hab" is looking well, and is the same old boy. He is still in the employ of the B. & W. Ry, and expects to be for some time to come.

—A new five-cent nickel of a new design, a little larger and thinner than the present coin, has been authorized and will be at once coined. On its face is a head of "Liberty," surrounded by thirteen stars, and on the reverse side is a wreath surrounding a Roman numeral representing the denomination of the coin.

—The spring elections take place two weeks from next Tuesday, and it is time the candidates for township and borough officers were being looked up. Good men are wanted and it is hoped they will be found. A Borough or township run at loose ends by incompetent officials is a thing to be deplored by all tax-payers and they have it in their hands to avert such a misfortune, by taking hold of it at the right time.

—The hill and stopped. Mr. Perry hurried down to where his horses lay and got them up on their feet, and, strange to say, found them, beyond a few scratches, cuts, and bruises, but little the worse for their adventure. With the exception of a broken cock-eye the harness was not injured.

[Our correspondent gives the following additional particulars of an accident of which we made brief mention last week:]

Richard Sutton, son of David Sutton of Minister, a small boy met with a severe accident on Saturday last. A yoke of oxen which had been used the day in hauling had been fastened with which they had been dragging was fastened by one end to the ring in the yoke, the other end, terminating in a large hook dragging on the ground. Dickie ran after the oxen with the intention of driving them back from water; near where the oxen were standing two small sticks of timber were lying parallel with the yoke, close beside it, and about a foot apart from each other. When the oxen turned around to go back they clambered over these sticks near their ends and strated to walk up the road alongside the timber sticks, the chain had fallen between the sticks when they climbed over them. Little Dickie had stepped in between these sticks as the oxen turned around. As the chain was being dragged along, it was caught by and drawn in under the edge of one of the sticks. Little Dickie's foot was caught between the chain and the stick. As the chain was drawn from under the stick the hook caught in a hole in the side of his boot and penetrated his foot about the middle on the outside tearing the flesh away from the bone and completely tearing out the little toe. Dr. Morrow was sent for and found it necessary to amputate the toe at the first joint. At last accounts Dick was getting along nicely.

**Forest City.**

As most of our citizens will hardly know where to locate the above "city" I will offer an explanation:

Forest City was begun about two weeks ago at the junction of two bark roads near the county line, on the western end of warrant 2735, in Forest county.

The one "bark road" led to the Murphy well on warrant 3198 and the other to the Brenneman well on warrant 2735. County Surveyor Whittekin was employed last week in surveying out the streets of the new town, and straightening things out generally, and subdividing a portion of the territory into town lots of 25x100 feet. Lots sold at from \$2.00 to \$2.50 per foot front. Mr. G. W. Agnew is Superintendent of the town lots, of whom they can be bought. There are now about 20 houses up and by the end of the present week there will be 50 houses completed. A good hotel and several restaurants are fixtures well appreciated by the hungry oil men.

Several new wells are going down. One on Shaunon & Co.'s lease, on the southwest corner of warrant 2735; one on warrant 3198, by Murphy & Co., and one by Mrs. Agnew & Rogers. One-half mile east of Forest City, at the Reed and Brenneman well, is "Gusher City," a collection of probably ten houses, several of which are restaurants, a grocery, and of course, the other necessaries.

DOG TOWN.

A few notes from here will perhaps be acceptable. We are rather new in this place.

Our town has streets—Main and Dograce.

Saturday last a log-pile gave way, and some stopped in the house of Mr. Burdick, making a hole in it large enough for a team to pass through. No damage was done except to a sewing machine, which was broken into a thousand pieces or more. The logs had been piled about 50 feet high.

More anon, OBSERVER.

STAR TWINKLINGS.

Star people are all alive and the great star is on the move.

J. N. Heath is in eus midst, looking well.

Rev. E. Beatty is holding a revival in the church on the Hill.

Nearly all of our boys are in the woods at present, but they will be home as soon as it breaks up.

Our school is in a flourishing condition. Good for the young.
