says: "Thus far this year Clarion

furnished the institution with more
patients than any other county in the
district." There is considerable food
for reflection in the above.

ice-gorge at "crooked chute," above
Newtown gave way, and much of the
lumber and timber that had been
lodged therein was carried away. It
was hoped that the gorge might melt
away gradually, which would have
enabled the owners to save a large
amount of the lumber, especially the
timber, lodged there, but as it is now
there is little left to be saved, and
that which has gone is hardly worth
picking up. The bridge at Newtown,
which had been badly racked by the
late flood, was completely destroyed
on Sunday morning, which will put
the citizens there to much inconven-
ience. At Salmon creek, we learn
many of the citizens were driven
again out of their houses, but no seri-
ous damages were sustained. Except
the carrying away of loose stuff that
had lodged along the banks of the
stream no damage is reported.

—Hickory township has lost one of
her oldest and best citizens in the
death of Mr. Geo. Guenther, which oc-
curred on Thursday night Feb. 15th,
1883, after an illness of several months.
Mr. Guenther came to this country
from Germany about the year 1854,
and being an industrious man he soon
accumulated enough to purchase a
good farm in Hickory twp., which he
has occupied ever since, and which is
now one of the finest in the township.
He reared a fine family, among which
is one son, all of whom have grown
up and become useful ornaments to
society. He was an energetic, frugal
and honorable citizen, highly esteemed
by his neighbors, and he died leaving
behind a large circle of friends who will
long revere his memory. His age
was about 56 years. The funeral,
which was largely attended, took place
on last Sabbath.

News from the Cooper or Gusher
district is a very scarce article just at
present. From what we can learn,
however, business is very active, and
by the time spring arrives things will
be in a booming state.
A twenty-four-hour gauge on the
producing wells of the district, (exclu-
sive of Balltown), taken by a Derrick
reporter, shows up as follows:

SPRING ELECTIONS.
The annual spring elections for
township and borough officers were
held yesterday. In this place the con-
test was devoid of all interest so far
as any outward show was concerned.
There was no contest on any of the
offices except those of councilmen and
school directors, upon which there was
considerable cutting and slashing, as it
were. A caucus was held on Monday
evening and a full ticket placed in
nomination, but as these caucuses
don't seem to be very binding on the
voters who take part in them, the reg-
ular ticket was somewhat scratched.
Not enough, however, to affect it to any
visible degree, excepting in the office
of inspector of elections, J. D. Hulings
being elected in the place of David
Breneman. There was an attempt to
spring a point on one of the school
director nominees, but it fell short of
the mark. The council elected is the
youngest that has ever had charge of
affairs in the borough, and some one
has had the temerity to call it the
"baby council;" however this may be,
the boys will, we believe, do well, and
as they have, in the newly elected bur-
gess, Judge Irwin, one who will be a
father to them, and keep a fatherly
watch over his children, the citizens
need have no grave apprehensions for
the future welfare of the town. We
give below the ticket as elected yester-
day.

Our neighbors of Tionesta township

Hoover being elected on the opposi-

SPECIAL ANNOUNCEMENT.
We take pleasure in announcing
that we have perfected arrangements
with the publishers of the American
Farmer that enable us to club that
magazine with the FOREST REPUBLICAN
at the low price of \$1.75 per year, a
trifle over the price of the REPUBLICAN
alone. This is beyond question
the first time that a reliable agricul-
tural paper has been offered at so cheap
a price, and we trust all our subscribers
will avail themselves of this unusual
opportunity of securing a first class
agricultural magazine. The Ameri-
can Farmer is beyond doubt worth
three times the price, at which we
place it. Try it. It is a monthly
publication.
—New Process flour, \$1.25 per sack,
at Wm. Smearbaugh & Co's. 3t
—Farmers and others desiring a
gentle, lucrative agency business, by
which \$5 to \$20 a day can be earned,
send address at once, on postal, to H.
C. Wilkenson & Co., 195 and 197 Ful-
ton street, New York.
