LOCAL AND MISCELLANEOUS.

Condensed Time Table Tionesta Station.

Table with columns for NORTH and SOUTH, listing train numbers and times.

—Preaching in the Presbyterian
Church next Sunday morning and
evening, by Rev. Hickling.

—Rev. Hicks will occupy the pulpit
of the M. E. Church next Sunday
evening.

—Presbyterian Sabbath School at
3 p. m.; M. E. Sabbath School at 10
a. m.

—Dr. Sadler cures all discharges
from the ears.

—There will be a general moving
hereabouts during the next week.

—Oil Market closed last night at
95c., and opened this morning at
95c.

—Our genial friend Geo. Stephens
of Titoville, paid us a pleasant call
yesterday afternoon.

—Supt. Hillard is at present en-
gaged in holding the annual spring
examinations of teachers.

—Dr. Sadler, the Oculist of Pitts-
burgh, will be at Tidouite Wednesday
and Thursday, April 4th and 5th. It

—Dan. W. Agnew has arrived in
town with a number of rigs and will
forthwith embark in the livery busi-
ness.

—Dr. Sadler pays "Exclusive" at-
tention to all diseases of the Eye, Ear,
Throat, and Catarrh. It

—Mr. J. P. Lawson of Corry,
formerly section foreman at this place,
was in town yesterday and shook
hands with his many old friends.

—Ministers and Justices are re-
quested to send us notices of all mar-
riages and deaths in their localities.
We publish them free of charge.

—After May first no two cent stamps
on bank checks. We'll wait till then
before giving ours; but will accept
them at any time on account, two
cents and all.

—Mrs. Ann Stow, of Cincinnati,
who has been visiting this winter with
her daughter in Pleasantville, Mrs.
Dr. Blaine, was the guest of her sister,
Mrs. May, during the week.

—M. W. Tate Esq., has lately had
his law office overhauled, and with
the new and handsome wall paper
and carpets his is as pleasant an office
as you would find in a hundred.

—Mr. W. A. Eagles has rented and
moved into the Winans house, lately
occupied by Mr. Hoskins. The man-
sion on Vine St., vacated by Mr. E.
will soon be occupied by the subscri-
ber.

—The serious illness of Mrs. Vought
for the past month has caused the
friends much alarm, so much indeed
that they have telegraphed to Carman,
Minn., summoning her son Luther to
her bed-side.

—Acting Postmaster General Hat-
ton has ordered all post offices to close
business from 2 to 5 o'clock this
(Wednesday) afternoon, out of respect
for the death and burial of Postmaster
General Howe.

—A few flocks of pigeons have been
observed circulating around in the
vicinity of Guiton's and the beech woods.
These are probably scouts sent out to
see what the prospects are for beechnuts
this spring.

—Now and then there comes a
warm, pleasant day, which, if you could
find worms, would be good for catching
suckers. They—the suckers, not the
worms—make very nice eating this
time of year.

—Miss Myrtle Nellis, of President,
attended examination yesterday. Miss
Nellis has good recommendations as a
teacher and lady, and if we have to
import any teachers we would lose
nothing by importing such as she.

—Alex. Dale has disposed of his
furniture establishment to Messrs. S.
H. Haslet & Son, who have moved the
stock to their spacious room over the
store, and will hereafter conduct the
business. They expect soon to bring
on a large stock of goods in that line
and propose to sell on very small mar-
gins. We bespeak for them a large
patronage.

—H. L. Miller of Lineville, attended
examination here yesterday. He was
accompanied by two gentlemen, one a
teacher, and the other desirous of be-
coming a member of the "forlorn hope."

—Professor Bell, resigned his posi-
tion as principal of the borough school
last week. The term lacks but one
month of being completed, and we
understand the directors will make no
effort to procure a teacher for that
length of time.

—Encourage newspaper reading
among your children, and you will
soon discover what a fondness they
will have for their family journal, and
how rapidly they will improve. The
newspaper is the poor man's library,
and every family should be provided
with a good newspaper.

—Hon. E. L. Davis, of Tionesta,
was in town Wednesday and Thursday
of last week. As representative of
"Little Forest" he is one of the most
active and able members of the
House. He thinks the final adjourn-
ment of the Legislature is in the
distant future.—Warren Mail.

—Will. Klinefister and his wife re-
turned from their trip to Minnesota
last Saturday, fully satisfied that that
is a little bit the coldest clime on top
of ground. Billy contracted a very
severe cold while out there, which took
about twenty pounds of flesh off his
body and came near finishing him en-
tirely.

—Last week Mr. and Mrs. Hoskins
broke up house keeping, intending to
leave Tionesta before long. They
have not selected an abiding place as
yet, but when they do it will doubtless
be somewhere in the oil regions. We
are sorry to lose such agreeable neigh-
bors from our midst, and wish them a
pleasant future in whatever communi-
ty they may cast their lot.

—Last week it became public that
Postmaster McKay, owing to contin-
ued illness, had resigned the office
subject to the appointment of Mr.
Chas. Bonner, who it is said was to
turn over any surplus to Mr. M. after
deducting actual running expenses. A
petition was circulated which was very
largely signed asking for the appoint-
ment of Mr. C. M. Arner, who had the
misfortune, two years ago of losing one
of his legs. How the matter will ter-
minate cannot be told at present.

—We are informed that during a
public meeting at the Court House
last Monday evening, some of the boys,
who are old enough to know better,
acted in a manner very unbecoming
boys of their age. We are requested
by Sheriff Clark to state that another
such a demonstration will not be
allowed to go unpunished, and that
the perpetrators will be taken to the
lock-up if caught in the act of disturb-
ing meetings. This is pretty severe,
boys, and we'd advise you to mend
your ways.

—A gentleman named John Fam-
iliar, of Union City, Pa., drove into
the barn at the Lawrence House on
Monday evening, and while alighting
from the buggy his hand, which he
had placed upon one of the wheels,
slipped, allowing him to fall with his
face upon an old sewing machine
which stood in the barn, and bruising
the face and cutting the upper lip
quite badly. Dr. Morrow put in a
couple of stitches and thought the
injury would heal without further
trouble.

—We learn with regret that Col.
J. H. Dewees, who occupied a respon-
sible position in the Pension Depart-
ment at Washington, was last week
notified that his services were no
longer required. The Colonel was
promoted several months ago, and
about two months since sent for his
family to come on, and they had just
become nicely settled when the blow
fell upon his head. No good reason
has been assigned for the removal, but
it is supposed that some of the civil
service gentlemen had a relative to
put in.

—Representative Davis came home
last week and returned to Harrisburgh
on Monday. He has succeeded in
getting through the House the bill
requiring assessors to assess the land in
the county where the mansion house
is situated where county lines divide
the tract or farm. The bill he thinks,
will undoubtedly get through the
Senate without much difficulty. The
deer bill has passed second reading by
a decisive majority, and Mr. Davis is
confident of its passage finally. This
bill takes off the month of December
from the deer-killing season, and adds
the month of September, which will be
hailed with satisfaction by our sports-
men.

—Dr. Sadler, the renowned Oculist
and Aurist, of Pittsburgh, will make
this section another of his periodical
visits, and will be found at Tidouite
next Wednesday and Thursday, April
4 and 5. Those in need of treatment of
the eye or ear should make a note of
this fact, as it is not often that patients
have an opportunity of consulting
such eminent skill without going a
great ways from home. Those who
expect to go to Pittsburgh when the
spring rafting comes will have an ex-
cellent opportunity of consulting the
Doctor in case they have need of the
services of an oculist or aurist. He
will be found after May 1st at 258
Penn Avenue.

Fatal Accident.

The early freight train up last
Saturday morning brought with it the
remains of John Foyer, who had met
with an accident near Oleopolis that
caused his instant death. Foyer had
been a brakeman on this road off and
on for 10 or 12 years past, and was
well known to many of our citizens.
It seems he was running on the tops of
the cars as the train was nearing Ole-
opolis when he either slipped or stub-
bled and fell between the cars, no less
than six of which passed over his body,
diagonally, completely severing it.
He was horribly mangled, his entrails
being scattered for several feet along
the track, and his death was evidently
instantaneous, as he never gasped after
the train-men reached him. His man-
gled remains were placed in a box
and conveyed to his home in Tidouite,
where his parents reside. He was a
brother of the boy who was killed at
that place some time last summer by
attempting to jump on a moving train.

Neiltown Notes.

A little child of John Wilds' was
buried on Sunday last. It died of
pneumonia of the lungs.

Mr. Howell, who lived near Neiltown,
was buried on Friday last.

Our blacksmith shop is going again.
The teachers' examination here on
last Saturday, in addition to the meet-
ing of the board of directors, caused
quite a gathering of folks, especially
school ma'ams. Teachers were hired
by the Board for the coming spring
and summer term. Of the six teach-
ers employed by the Board two held
professional certificates, and one a
permanent certificate.

Oliver Amsbury has gone up into
the Bradford oil country.

Our directors will put good furni-
ture into some of our houses in need
of such, right away.

The school at West Hickory will be
moved nearer the station this spring.
A new house will be built at West
Hickory the coming summer.

SCATTERED NOTES.

Mrs. Bromley, of Stewart's Run,
has been very low for some time past.
She is not much better yet.

It appears that the papers have
married Miss Zahniser, our school
ma'am as taught at Stewart's Run, to
the wrong man. His, the man whose
good fortune it is to be the husband of
our friend, initials are J. G., whereas
D. H. is the way the papers had it.

OIL NOTES.

The Murphy well, on 3194, Balltown
district, struck the sand unawares last
Thursday, and before the drillers had
time to remove the engine, forge, &c.,
the gas caught fire and burned the
rig down. The fire was finally exting-
uished when it was found the well
was flowing at a 100-barrel rate, which
it has continued ever since. This well
is about 80 rods north of the Porkey
well, on the same run, and it insures
the striking of one or two other good
wells that have lately been located
there, among them the "Big K." Of
this new strike the Derrick of yester-
day says: "Murphy's Porcupine well
was flowing at the rate of ninety-five
barrels yesterday, making a flow of
5 minutes through one lead pipe, every
55 minutes. The well is connected
with a twelve hundred-barrel tank.
The rig was completed this afternoon,
and the well will be opened as soon
as another tank, which is now on the
way, can be put up and the tools taken
out of the hole. It is probable it will
be opened by Wednesday. So far this
well is making a better record than
the Grandin gusher did, but its friends
do not estimate it at more than three
hundred barrels when opened."

D. W. Clark, of this place, should-
ered his implements yesterday morn-
ing, and started for Tubbs Run where
he will locate a well. He thinks it
will occupy a place on or near the
road leading to Cropp's, about three-
quarters of a mile from the mouth of
the run. He assures us that drilling
will commence just as soon as it is
possible to get the rig up and machin-
ery in place. What a bonanza this
well would be to Tionesta if she should
be a good one.

The drillers on the well on the Wal-
ters farm, near Newmansville, were
obliged to shut down on account of
the strong vein of gas struck. They
are down over 700 feet, and the gas is
so strong that it blows everything out
of the hole.

A company in which our townsman
O. W. Proper is interested, has rig
stuff about all on the ground for a well
near Russell's mill, in Kingsley town-
ship.

Hancock & Kennedy are drilling
their Watson farm well on Whig Hill
deeper. Work is progressing rapidly,
and with good luck they will strike
the sand this week. They have only
to go 175 feet to get the same sand
level as at Balltown, and that's what
they are heading for.

It is entirely different from all
others. It is as clear as water, and,
as its name indicates, is a perfect Veg-
etable Hair Restorer. It will imme-
diately free the head from all dandruff,
restore gray hair to its natural
color, and produce a new growth
where it has fallen off. It does not in
any manner affect the health, which
Sulphur, Sugar of Lead, and Nitrate
of Silver preparations have done. It
will change light or faded hair in a
few days to a beautiful glossy brown.

SPECIAL ANNOUNCEMENT.

We take pleasure in announcing
that we have perfected arrangements
with the publishers of the American
Farmer that enable us to club that
magazine with the FOREST REPUBLICAN
at the low price of \$1.75 per year, a
trifle over the price of the REPUBLICAN
alone. This is beyond question
the first time that a reliable agricul-
tural paper has been offered at so cheap
a price, and we trust all our subscribers
will avail themselves of this unusual
opportunity of securing a first class
agricultural magazine. The American
Farmer is beyond doubt worth
three times the price, at which we
place it. Try it. It is a monthly
publication.

L. P. DUKEHART.

Supt. of B. & O. R. Co.'s Hotels (Con-
ductor of the Baltimore and Ohio Rail-
road for 28 years and previously a Bru-
ce) writes: "Cumberland Md., Dec. 18,
1881; I have used but one bottle of Peruna
between myself and son. He had Dipht-
heritic Sore Throat, and is now well. As
to myself, it has entirely relieved the
dullness in my head, which has been of
long standing—the result of Chronic Ma-
laria. I never took anything in my life
that gave me such great satisfaction. My
wife is now taking it also." Ask your
Druggist for the "Ile of Life" and how to
cure them—a book.
