-The Tionesta postmastership is about settled, Mr. Calvin M. Arner having received the documents advisieg him of his appointment to the position. Mr. Arner has forwarded his bond to the department for approval and we presume as soon as he receives his commission will take charge of the office.

-Some of the river roads which have been impassable most of the winter on account of the ice, are again becoming passable, but need a little attention from the proper authorities -- The Oil City Blizzard suggests that until the regular time comes for working on the roads. "A stitch in time sa "es nine" is an old adage that applies admirably to this case.

-Mr. M. L. Vought, obeying the summons of a telagram to come home, panied by his son Mac. who has arrived in town from Carman, Minn. been attending school at that place on Saturday last, meeting with a hearty welcome among his many friends. Luther reports the Tionesta boys in that section in good health and spirits, and seems much taken with Gieson until the family arrives and the "land of blizzards and No. 1 hard." Mrs. Vought has improved very much sinco Luther's return. -The New Bethlehem Vindicator changed hands, recently Mr. J. J. Shick, being the new proprietor. The retiring editor Mr. J. F. Dale, -Williamsport has been selected frankly confessed that he was not equal to the task, and said he was thoroughly cured of the belief that anybody could edit a paper successing will begin July 10th and continue fully. An honest confession is good for the soul, they say, and we hope this may be the case with Mr. D., while Mr. Shick who is a practical printer, has our best wishes for abundant success. -The editor of the Clarion Jacksonian has made the following discovery: It will be seen by reference to the census statistics given elsewhere that the aggregate valuation of farms obviate any recurrence of a similar in this county is put at \$10,375,428, while the assessed valuation of all real estate in the county-farms, houses and lots, out-lots, and everything assessable in the line of real estate-is only \$3,128,201. What a vast difference it evidently makes to the average tax-payer whether it is an assessor or a census enumerator who asks how much his real estate is worth. -The Clarion correspondent of the Derrick writes the following under date of April 2, which will prove a sad surprise to the friends of the subject of the item: Patrick Graham, ex-Treasurer of this county, and a member of the lumber firm of Buzzard, Ritts & Co., while walking along the street here to-day was suddenly stricken down with paralysis. He fell to the pavement and was taken up and car- time to prevent serious harm. We are pleased to state that Mr. May's ried to the Jones House, where he still remains, being unable to be taken home. His left side is paralyzed. No man in Clarion County has more friends, and he is one of the most successful business men of the place.

-Capt. Knox, has sold his millproperty at the mouth of Tionesta

of the town demands it, to remedel the same and start a sash and door factory, and if they don't do this they will at least get out and keep in stock a good supply of dressed lumber, so that builders will not be put to the trouble of sending away for anything of the kind. Just why a first class

sash and door factory would not be a paying institution is Tionesta, where lumber of all kinds is easily had, is a thing we cannot understand, and we are not willing to admit, by any means, that it would not be. We hope to see it booming before the summer is very far advanced. There's money in it, and the owners would not have to depend entirely on this place for their customers.

# Council Minutes.

Council met on Monday evening Present, the Burgess and all members of the Council. It was moved and carried that the property owners on Elm St., from the Tietsworth property to the Tionesta House property be notified to commence building sidewalks on the east side of the street within ten days. ### OIL NOTES.

There is nothing 'specially new to sport this week in the matter of new developments. In fact the Murphy well at Balltown is about the only one that has caused any excitement to the trade, and it is undoubtedly a good

Monday's Derrick contains the following regarding late operations in and about

#### BAWLLTOWN.

"Murphy's well at Balltown is nearly as much of a mystery as ever. The owners seem anxious to have the trade know that it is declining rapidly. Nearly all the information obtained comes from the owners, the scouts being guarded and uncertain in their messages. Some of the acouts say they think the well has been drilled deeper without improving it. If this proves to be true there is very little to fear from this latest addition to the producing fields. By our correspondent's telegram it was doing 400 barrels Saturday. Other messages put it as 150 barrels, and there were rumors that it had stopped flowing entirely. There is only one thing on which all seem to agree, that the well is flowing by heads .---- The Anchor Oil Company made the purchase of an interest in this well and the adjoining property on Friday .---- Nothing further has been heard from the Haucock & Kennedy well, and it is generally believed to be wholly dry .---- Harry Dufur is

starting a well on tract 5,268. Forest County. Its location is southwest of Balltown .---- Welch & Co.'s well an tract 5,236 is expected to reach the sand to day. Its location is a little

northeast of Grandin gusher. It would give a surpres to the trade if it should fail to get oil, as it is generally expected to be a good well."

There is nothing late from the Searls well, on the Walters farm, near the Clarion county line, except that it is still gassing very strong, and is thought to be down nearly, if not quite by the Burgess and all the councilmen 1000 teet. It is needless to say that it is a mystery ; even the walking-beam being boarded up.

The Wolcott well, near Nebraska, has evidently been abanded, as we hear nothing from it any more.

-George Williams, Wrightsville Pa. says: "Browns Iron Bitters restor ed me to health when reduced to condition of great debility."

-Fresh Clover and Timony see A ferry is being put up at Trunkey- at Robinson & Bonner's. Call earl Walnut Leaf Hair Restorer.

It is entirely different, from all others. It is as clear an iwater, and, as its name indicates, is a perfect Vegetable Hair Restorer. It will immadiately free the head from all dandruff, restore gray hair to its natural color, and produce a new growth where it has fallen off. It does not in any manner affect the health, which Sulpher, Sugar of Lead, and Nitrate of Silver preparations have done. It will change light or faded hair in a few days to a beautiful glossy brown. # SPECIAL ANNOUNCEMENT.

We take pleasure in announcing that we have perfected arrangements with the publishers of the American Farmer that enable us to club that magazine with the FOREST REPUBLI-CAN at the low price of \$1.75 per year, a trifle over the price of the REFUBLI CAN alone. This is beyond question the first time that a reliable agricultural paper has been offered at so cheap a price, and we trust all our subscribers will avail themselves of this unusual opportunity of securing a first class agricultural magazine. The American Farmer is beyond doubt worth three times the price, at which we place it. Try it. It is a monthly publication.
