Announcements. COUNTY SURVEYOR.

We are authorized to announce H. C. Whittekin, of Tionesta, as a candidate for county surveyor, subject to Republican usages.

A DEMOOCRAT'S OATH.

The legislative apportionment bill gives three members to Northumberland county. There is 53,123 population in that county, and about 1,-500 Democratic majority. The Constitution : "Every county containing less than five ratios shall have one representative for every full ratio and an additional representative when the surplus exceeds half a ratio." The population of the State by the last censos was 4,282,786. The Constitution says: "The members shall be apportioned among the several counties on a ratio obtained by dividing the population of the State by two hundred." A ratio therefore, is 21,414; two full ratios, 43,828; one-half a ratio 10,797. In order therefore, to be entitled to three members, a county must have 53,535 population. The county of Northumberland is therefore 412 short of the number fixed by the Constitution as requisite for such representation. Democratic members of the Heuse took a solemn oath to obey this Constitution. They are reformers, elected on a tidal wave of reform and placed in power by the salfrighteous Independents. This is but one of the iniquitous features of the bill they have passed. Is this reform? Is it not a plain, palpable violution of the solemn oath they took, as members of the House? A thousand Republicans of Erie county, in' a blind fury against alleged evils in their party, went back on their candidates and helped put this horde into power. Erie county has almost 75,000 population, but by this Democratic reform measure she is only given the same representation as the Democratic county of Northumberland, with 53,123 population. The exact population of Erie is 74,682. The three ratios for three members amount to 64,242, the surplus then is 10,430, 268 short of half a ratio, which would entitle her to the four members she new has.

But because she is short 268 in populon, she is deprived of a member aile Northumberland county is short .12 in population, but is given an extra member. Every apportionment A first class Wagon Maker. Good bill passed by the House contains features of this character to an extent never before known. If members can reconcile such work with their solemn oaths, to say nothing of decent regard for th, interest of the people who have they are queer cattle .- Harrisburg Co. Telegraph.

Five Millios five cent coins of the new patters having been distributed among the public, the first justallment of the revised edition, with the omitted word "cents" now superscribed on them, have made their appearance in some places. Such of the original pieces as shall not be gradually drawn back out of circulation and recoined or washed with gold by the sharpers to delude ignorant people into taking them for half eagles, will be kept as curiosities, after a while, and as memetoes of official obstinacy and stupidity in making a coin without stamping on it the depomination which it was meant to belong. Meanwhile the oldfashioned nickles continue to give general satisfaction, as they always did, so far as convenience of size is concerned, despite their inartistics,

-[Sun, THE unveiling of the statue of Prof-Ly Henry Thursday at Washington was the occasion of a grand pageant. Prof. Henry's contributions to science in electricity, electro-magnetism, meteorology, capillarity, accoustics and other branches of physics places him in the front rank of the scientists of his day and generation. His successor as secretary of the Smithsonian Instiution is Prof. Spencer F. Braid, who was born and raised in Reading. The stately bronze to the memory of Henry, the work of W. W. Story, is a meritorious addition to the many magnificent statues and monuments which adorn the public parks at the National Capital.

List of Letters.

The following letters remain uncalled for in Tionesta P. O., April 24, 1883:

W. Brown. Miss Emma Clark, B. Costello. Mrs. G. W. Hicks. Jeorge Hilseman. Susannah Myers. Mrs. Margret Mealy. Otis C. Thompson. Such as are uncalled for at the expiration of thirty days will be sent to the Dead Letter Office.

C. M. ARNER, P. M.

-Those wishing early cabbagy and tomato plants can get them of D. G. Baker, who will have 40 500 ready for transplanting as soop as the proper S 11 time arrives.

-J. W. Massh & Co., Contesville I Pa., says; "Every bottle of Brown's Iron Bitters we have sold has given satisfaction."

--George Hueget, Wrightsville Pa., says: "Browns Iron Bitters has entirely cured me of nervousness and sick headache."

gent, igo St., Buffalo, N. Y. t Tionesta Pa.

THE kid-glove democratic club of Chicago gave a banquet Friday night and Carter H. Harrison, Mayor of the city, was down on the program for the concluding toast. Bayard, Hurlburt Springer and other great lights of the party aired their free trade views and it was about two o'clock in the mornhour, the character of the champagne or the monotony of the free-trade speeches he had been forced to listen to, which so strangely affected the daughty Mayor is not known, but certain it is that he treated that hightoned crowd to a kind of eloquenece they were cot expecting. Mayor Harrison was to respond to the toast "Public Offices a Public Trust", but instead of so doing, he proceeded to make a rattling protection speech, in which he denounced free trade as the enemy of working men. He told his astonished hearers if they persisted in their freetrade doctrine, they would split the democratic party and drive thousands of working people out of it while they would not win from the republican party a single one of its adherents. He told them it was imand are working every day for these sages. It is needless to add that the Mayor's speech was not applauded, and it is also unnecessary to say that he is not now very prominent as a

Suatched from the Grave.

My wife was at the brink of the grave, She had been given up to die by three of Allegheny City's best physicians. They all pronounced her disease Con-sumption. Her finger-nails and lips were blue; was pulseless at the wrist; we were blue; was pulseless at the wrist; we were all called to witness her death. At this moment a neighbor brought in Dr. HARTMAN, who prescribed a teaspoolul of Peruna every hour. She improved from the first dose, and in a week she was up, and now (less than six months) she is well. San pare 30 in the "Ulla of Ulla" is well. See page 30 in the "Ills of life" a book you can get gratis from your Druggist, If not, address Dr. HABTMAN, Osborn, Ohio. T. S. EBERLEIN, South Chicage III chicago, Ill.

Influence of the Soil on Health.

The influence of the soil upon health of those living upon it, is brought out very plainly during the prevalence of epidemic diseases. That malurial diseases originate adherents. He told them it was im-possible to change a policy of govern-ment which is fixed in the minds of the people when they have living wages,
