KANSAS LETTER.

After a long silence I write a few

lines. We are now having the most

delightful weather. Spring has come

in reality, and the prospect for a boun.

tiful crop is as good as it was this time

last year. In this (McPherson, the

banner wheat county of Kansas) there

is a greater acreage sown than there

was last year, and the wheat looks

splendid. Last year this county pro-

duced the enormous number of 3,500,-

000 bushels of as good wheat as ever

was grown. You may think I exag-

gerate, but I do not; it is true. So

far this spring the weather has been

all that could be desired ; rain comes

just when it is needed. Other grain is

looking well. A great deal of corn

has been planted and there will still

be a greater amount planted. There

will be an abundance of fruit also, if

the late frest did not injure it. This

county is perhaps one of the grandest

farming counties in the State, and the

farmers are, as a rule, thrifty, making

a good living. A man told me to-day

that last year he had six thousand

bushels of wheat and sold it at 75 cts.

crep. Land is not dear, but reasona-

Every thing moves along so quietly these pleasant days that it is almost impossible to collect items of interest. Mr. Andrews and Mr. Shawkey have eaclosed their lots with a nest fence, which adds very much to the appearance of the place.

The bark peelers are begining to gather around us. Soon the sound of their axes can be heard from early morn till late at night.

The contractors on J. M. Kepler's well continue to fish for the lost bit. They expect to be able to start the drill in a day or two.

Mrs. W. A. Dusenbury, of Newtown, was calling on friends in Kellettville Friday afternoon.

'A Dangerous Counterfeit.

There are daugerous counterfeits in circulation purporting to be "Walnut Leaf Hair Restorer." The strongest evidence of its great value is the fact that parties knowing its great efficacy try to imilate it. Each bottle of the genuine has a fac simile of a walnut leaf-blown in the glass; and a Green Leaf on the outside wrapper. The "Restorer" is as barmless as water, while it possesses all the properties necessary to restore life vigor, growth and color to the hair.
