Mrs. Faith, Postmistress at Davis, Indiana county, Pa., has come to grief. She is now confined in jail for stealing a package of silk that was passing through the mail, and for otherwise tampering with the mails.

The passage of the Free Pipe bill and the anti-discrimination bill is the cause of much good feeling in the oil country, and the success is mainly due to the unceasing efforts of the oil region members.

The river has been in fair rafting stage since about the 20th of last May. And still it continues to rain, on an average, about every other day. This morning the river is raising at the rate of about an inch an hour.

W. J. Roberts is tearing down the old building next the Partridge block, and will use most of the lumber in building a barn. It will help the appearance of the surrounding property wonderfully when once removed.

The saw mill of Robinson & Bonner, at the mouth of the creek is putting in full time these days, and the amount of lumber now being turned out, is something unusual, and gives to the lower end of town quite a business-like air.

It is said that the Colorado potato beetle has failed to put in its usual appearance at this season of the year, and hopes are entertained that its career has been run. If this is the case our farmers should be happy and potatoes plenty.

Young Brownell's body was found on Sunday, 3d inst.,—we learned just after going to press last week—about three miles below where it went down. The remains were taken to Russellville, Warren county, his former home, for interment.

From the Clarion Democrat we learn that on the 5th inst., Mr. C. F. Cropp of Tubbs Run, this county, was married to Mrs. Mary Etta Henry, of Beaver Clarion county, Pa. Christopher has the best wishes of his friends for future success and happiness.

The Clearfield Journal comes to us now in a bran new out-fit, new and handsome heading, and materially enlarged. It is now a good looking as well as one of the sprightliest newspapers that graces our table, and may it continue indefinitely in its present prosperity.

Tionesta is making no general preparations to celebrate the coming Fourth preferring to wait till September, when the reunion of the 83d Regiment takes place here. That will be the biggest time Tionesta has ever seen, and the citizens of the whole county will doubtless take part.

Invitations are issued for the marriage of Mr. Charles Bonner and Miss May Kelly, both of this place. The happy event will take place at the residence of brides parents tomorrow, Thursday evening at 6 o'clock. The REPUBLICAN extends hearty congratulations and best wishes to the estimable young couple.

The new school board of this borough met on Monday evening for the purpose of effecting an organization. G. W. Robinson was elected President; J. H. Dingman, Secretary, and A. B. Kelly, Treasurer. Another meeting will be held on Saturday evening next when the tax levy for the ensuing year will be made. We learn that the new school building project is again agitating the minds of our citizens, and that it is probable the preliminary matters connected with building of a suitable structure will be arranged ere long.

Last Saturday, while assisting in letting an empty wagon down the embankment near the creek bridge for the purpose of leading it with lumber, the wagon became unmanageable and threw Joe Landers, son of J. R., against a tree, to which he clung, while one of the wheels struck him on the leg, bruising it severely and tearing the flesh considerably between the hip and knee.

Miss Julie E. Toohy, teacher of Allender School makes the following report for the month ending June 6: No. of pupils enrolled males 6, females 12; average attendance for month males 4, females 8; percent. of attendance males 80, females 80.

Mr. Arner, our popular Postmaster, will occupy his new quarters about the first of July, he having received his "permit" from Uncle Sam to move the office. The new office will be nicely fitted up, and will contain about 100 lock and 240 call boxes, all new and of the latest improved pattern. They are from the factory of John McLane, Milford, N. H., and will be a credit to our town.

We were in error in stating that the full month of December had been taken off the deer season. It was so passed in the House, but when the bill got into the Senate the wisecracks of that body added fifteen days more, making the season extend to the 15th of December. This is not as good as we had hoped it would be, but as a half loaf is better than no loaf at all, we'll have to be in a measure satisfied.

The tenth annual Inter-State Picnic and Exhibition under the auspices of the Patrons of Husbandry of Pennsylvania, Maryland, West Virginia, New Jersey and Delaware will open at Williams' Grove, Cumberland Co., Pa., on Monday, August 25th. Excursion rates at reduced fare will be arranged over all the principal roads in Pennsylvania and adjoining States. For further particulars address R. H. Thomas, Mechanicsburg, Pa.

By a collision of a couple of hand-cars on the railroad near Hunter, two miles below this place, on Sunday last, Charles Gustafson, the section boss at this station was quite seriously injured. Both cars passed over his body diagonally, bruising his chest and left arm badly; his physician believes that he may be internally injured, but thinks by careful nursing he will recover. Another of the party, named Anderson was also hurt, but not so badly but that he can be about.

Robinson & Bonner are raising the second story of their store building, intending to make the ceiling of the main store-room two feet higher, which will add greatly to its appearance, and afford them much more comfortable quarters. They also purpose remodeling the upper story. It is rumored that this firm will also commence the erection before long of a building 24x48, to be occupied by a drug store. Improvement seems to be the order of the day in Tionesta, all of which is gratifying to note.

Bad Smashup. A very damaging wreck, though not attended by any fatal results, occurred about forty rods above the station at this place last night about half past twelve o'clock. During the rain storm—one of terrific severity—a large boulder rolled down the embankment and lodged on the track. An extra freight train—Mike Liddy, conductor,—was coming down but the engineer did not discover the impediment in time to check the train. Upon striking the boulder the engine jumped the track, sliding along the side next the hill for a distance of several rods and then ran into the bank. And the crash came which piled ten freight cars in such a tangled mass as to be scarcely recognizable. Five of the cars were landed over the bank and some of them in the river, while five more were piled up in a conglomeration and confused mass, some being turned completely over on their backs, as it were. The tender of the engine was also thrown over the bank and badly smashed up. The only person injured was the engineer, D. P. Pierce, who received a very bad fracture of the right leg below the knee, and was somewhat bruised about the side, but not internally injured. The fireman and two brakemen were in the engine cab at the time but

luckily escaped any injury, having remained with the engine until she stopped. A large gang of men is at work this morning cleaning up the wreck which will require at least another day, the track being torn up considerably for some little distance. It was one of those accidents which are entirely unavoidable and can be blamed on no one. Passengers will be obliged to transfer until the debris is cleared away.

OIL NOTES. The Tionesta Oil Co.'s latest venture at Beaver Valley is another duster, and it is said they were ready to pull the casing last week. Whether the indications for oil were sufficient to induce the operators to try it again is not known.

The Kepler & Dufer well on Salmon has resolved itself into a mystery. Tom King has charge of it, and that means that no fellow will find out what it is—wet or dry—till the owners feel disposed to give it away.

The tools still remain in the Tubbs Run well, and it is feared that a new hole will have to be drilled in order to ascertain whether there is any oil there or not.

AT BALLTOWN. The Porcupine Oil Co.'s No. 6, located near the east line of 3194 was drilled through the sand Saturday, and is reported a duster, and orders given to plug the hole and draw the casing. It is thought this failure will condemn the territory to the northeast, and cuts off any prospect for oil in the Briody & Bardall well, which is located in advance of the failure.

Two important wells are expected in this week; these are, Grandin's No. 9 and Balltown Co.'s No. 7.

The Derrick says: A week ago Saturday the production of the Cooper tract was 5,011 barrels. Last Saturday it was 4,840 barrels. Meanwhile it had declined to 4,100 barrels and advanced again. This was in consequence of the large amount of shooting the latter part of the week. The above production is from seventy-eight wells. The production of the Balltown district Friday night was 1,800 barrels from a total of seventy wells.

SPECIAL ANNOUNCEMENT. We take pleasure in announcing that we have perfected arrangements with the publishers of the American Farmer that enable us to club that magazine with the FOREST REPUBLICAN at the low price of \$1.75 per year, a trifle over the price of the REPUBLICAN alone. This is beyond question the first time that a reliable agricultural paper has been offered at so cheap a price, and we trust all our subscribers will avail themselves of this unusual opportunity of securing a first class agricultural magazine. The American Farmer is beyond doubt worth three times the price, at which we place it. Try it. It is a monthly publication.

A Dangerous Counterfeit. There are dangerous counterfeits in circulation purporting to be "Walnut Leaf Hair Restorer." The strongest evidence of its great value is the fact that parties knowing its great efficacy try to imitate it. Each bottle of the genuine has a fac simile of a walnut leaf—blown in the glass; and a Green Leaf on the outside wrapper. The "Restorer" is as harmless as water, while it possesses all the properties necessary to restore life vigor, growth and color to the hair. Purchase only from responsible parties. Ask your druggist for it. Each bottle warranted. JOHNSTON, HOLLOWAY & CO., Philadelphia, and HALL & RUCKEL, New York, wholesale agents.

Twenty Years a Great Sufferer from constipation. Had swallowed a pair-bushel of Pills, and drank over a barrel of Cathartic and laxative slops. Had every Patent medicine recommended in such cases, and had been treated by all the very best physicians in Philadelphia, and was finally told by her consulting physician that she was now too weak for Cathartic Medicine, or injections, and that she must die. She then took Chamberlain's Colic, Cholera and Diarrhoea Remedy, and was cured. See list-page of the "Hills of Life." Get the book from your Druggist, or address Dr. Hartman, Oshorn O., for one.

A BLESSING. The pain in all his joints became intense; fever, with its deteriorating effects, was now added, and he became rapidly reduced to the semblance of a skeleton while vitality reached its lowest possible condition, and his sufferings were of such indescribable character that those who most loved him sometimes thought it would be better if he were called away. At this time, physicians well-known in this city (Pittsburg), informed his parents that he was in imminent danger of total Paralysis, and directly afterward they announced to his sorrowful mother that they could give no hopes of his recovery. At this juncture the use of Peruna commenced and in six weeks Wm. Lincoln Curtis was well and at work. Read page 23 or Dr. Hartman's "Hills of Life;" get it from your Druggist.
